

Spider,
Design by Andrea Tosetto

Model Spider

Spider is a round suspension lamp resembling an eye that can look into any part of the room. By adjusting the angle of the diffuser, the light beam emitted by the LED light can be directed towards any specific point. When installed on the different clusters available, it can create numerous lighting patterns, from functional to decorative, which can be dimmed at will. Available also as ceiling light. In *Spider*, the simplicity of the looks underscores the versatility of its performance.

Spider	Light source	Diffuser: Metal	Code
	LED 3000 K 10 W 980 lm 120 V CRI 92 MacAdam 3-Step LED included	Matte White – 9010	16020 1030U
		Matte Black – 9005	16020 2030U
		Matte Champagne	16020 4530U
