

Radial System
Model Up to 4 Lights Radial - Low Voltage

Lodes’s radial system is an innovative structure which allows to manage different individual suspension cables separately starting from one canopy. This system is, therefore, useful for building multiple ceiling or wall compositions with an unusual shape or to increase the potential of a single wall or ceiling light point. It also allows to efficiently and elegantly illuminate irregular ceilings or with beams.

Up to 4 Lights Radial - Low Voltage

Net weight: 0.77 lbs Parcels: 1

Structure: Metal

Matte White – 9010	R10L04 4000MU
Matte Black – 9005	R10L04 2000MU

Code

IP20
