

## Volum, Design by Snøhetta

### Model Volum 22

*Volum* is an exclusive series of glass lamps that are poetically simple yet complex in their technical execution. The four blown glass globes with glossy white finish come in different sizes measuring 14, 22, 29 and 42 cm in diameter. Thanks to their inherently distinct shapes, they intuitively complement one another to form unique compositions.

Enhanced by a fluid and discreet design, each *Volum* globe features a glossy white diffuser that lets light pass through evenly like glass does. The collection includes several functions: suspension cluster suspension, ceiling, wall and table versions, further exploring the concept of 360°
