

IVY V,
Design by Vittorio Massimo

Model 12 Lights Central

IVY is a minimal, geometric lighting piece composed of a ring hanging on a cable, which gives power to a made to measure LED module. Designed with single and double cables (IVY I and IVY V respectively), IVY responds to the need for flexibility, an increasingly contemporary theme in architectural practice and restoration, allowing the luminaire to be released from its ceiling derivation.

12 Lights Central
