

Elara,
Design by Nika Zupanc

Model Elara large

The name *Elara* connotes astronomy and Greek mythology, and its geometric design mimicks the trajectory of the planets within the universe. Inspired by astral motion, the lamp is characterised by two metal rings, one of which can be set at various angles to produce fluidity and movement, as well as a small sphere at the bottom of the lamp that contains the light source. The central ring can be positioned to reach different heights and angles, allowing users to experiment with casting light and shadows. The light source emits a glow that can illuminate an entire room. Additionally, when the lamp is off, users can direct the bi-emission sphere – up or down – according to the need for light.

Elara large	Light source	Structure: Metal		Code 2700 K	Code 3000 K
	2700 K	Glossy Black – 9005	Matte Black – 9005	20622 2227	20622 2230
	32 W				
	2100 lm–side I	Polished Gold	Matte Gold	20622 5027	20622 5030
	800 lm–side II				
	220–240 V				
	CRI 90				
	MacAdam 3-Step				
	or				
	3000 K				
	32 W				
	2260 lm–side I				
	845 lm–side II				
	220–240 V				
	CRI 90				
	MacAdam 3-Step				
	LED and driver included				
Net weight: 1.87 kg		CE	IP20	Energy Saving	Dim Triac
Connectable directly to a 4" Standard J-Box					EAC

Energy efficiency class

2700 K **D** + **E** 3000 K **D** + **F**

Ecodesign Regulation

The LED-only light source contained in this fixture must only be replaced by the manufacturer, its support service or similarly qualified personnel.

The LED driver contained in this fixture must only be replaced by the manufacturer, its support service or similarly qualified personnel.
