DIESEL LIVING

A versatile range of lamps for homes and public interiors celebrates the partnership between Diesel Living and Lodes. Today, the unmistakable Diesel language takes new contemporary and dynamic forms and tells fresh stories through light. Rock and pop, fun and functional, casual and industrial, the Diesel creative intuition brings an irreverent lifestyle touch to a vibrant lighting collection.

Una collezione versatile di lampade d'arredo d'interni privati e pubblici celebra la partnership tra Diesel Living e Lodes. L'inconfondibile linguaggio Diesel assume oggi nuove forme dinamiche e contemporanee per raccontare inedite storie di luce. Rock e pop, giocosa e funzionale, casual e industriale, l'intuizione creativa di Diesel regala il suo tocco lifestyle irriverente a una frizzante gamma di lampade.

2021 LIGHTING ASSORTMENT

Comprising of three exclusive additions (Flask, Vinyl and Urban Concrete) as well as five renovated best sellers (Cage, Fork, Gask, Glass Drop and Pipe), the new Diesel Living with Lodes collection features a versatile selection of lighting pieces for residential spaces and public interiors. The collection is inspired by contrasting opposites, such as reality and perception, whilst imbued with DIESEL's irreverent directional design language and Lodes' distinctive brand tenets.

All lamps are designed for the use of commercial light bulbs, leaving complete freedom of choice on the type of light. We provide the emotion, you choose the light source!

Composta da tre novità esclusive (Flask, Vinyl e Urban Concrete) e da cinque best seller rinnovati (Cage, Fork, Gask, Glass Drop e Pipe), la nuova collezione Diesel Living with Lodes presenta una versatile selezione di articoli per l'illuminazione di spazi residenziali e di interni pubblici. La collezione si ispira ad antitetici contrasti, come la realtà e la percezione, ed è permeata dall'irriverente e direzionale linguaggio formale di DIESEL combinato con i principi distintivi del brand Lodes. Tutte le lampade sono predisposte per l'utilizzo di lampadine commerciali, per lasciare completa libertà di scelta sul tipo di luce. Noi offriamo l'emozione, voi scegliete la fonte luminosa!

CAGE

The contrast between the delicacy of the blown glass of the elegant glossy diffuser and the hardness of the steel of the outer cage with its irregular structure makes Cage unique and gives it an elegantly vintage touch. The diffuser is available in two colors, white and bronze, which can be combined as desired with the metal cage in white or black finishes. In the bronze version, the light source gives it a double soul: when switched off, the shiny surface of the glass reflects the geometries of the cage; when switched on, the reflection disappears and the color of the glass becomes warmer. Cage Large, with a diameter of 46 cm, is a suspension lamp of great effect. The Small version, 27.5 cm in diameter, lends itself to multiple compositions with a metropolitan taste.

Il contrasto fra la delicatezza del vetro soffiato dell'elegante diffusore lucido e la durezza dell'acciaio della gabbia esterna dalla struttura irregolare rende Cage inconfondibile e le dona un tocco elegantemente vintage. Il diffusore è disponibile in due colori, white e bronze, che possono essere combinati a piacere con la gabbia metallica nelle finiture white oppure black. Nella versione bronze, la fonte luminosa le regala una doppia anima: da spenta la superficie lucida del vetro riflette le geometrie della gabbia, da accesa il riflesso scompare e il colore del vetro diventa più caldo. Cage Large, con un diametro di 46 cm, è una lampada a sospensione di grande effetto. La versione Small, con i suoi 27,5 cm di diametro, si presta a composizioni multiple dal gusto metropolitano.

FLASK

Inspired by the unique shapes of glass bottles used in science labs, Flask features a metallic surface that reveals its glass nature when lit. Its shape recalls an object with an industrial flavor in which the marked contrast between the lightness of blown glass and the material quality of the metal finish are combined. The piece is further enhanced by the contrast between the matt metallic outer and the glossy inner surface that glows and dances with the light.

Ispirata alle singolari forme delle bottiglie di vetro utilizzate nei laboratori scientifici, Flask è caratterizzata da una superficie metallica che, una volta accesa, rivela la sua vera natura di vetro.

La sua forma ricorda un oggetto dal sapore industriale in cui il forte contrasto visivo tra la leggerezza del vetro soffiato e la matericità della finitura metallica convivono. La lampada è ulteriormente valorizzata dalla contrapposizione tra la superficie esterna metallizzata opaca e l'interno lucido che, quando la lampada è accesa, si illumina con una inaspettata danza di luce.

FLASK

When the lamp is lit, Flask reveals a light source that floats in the glass body with an inner glossy surface that glows to create a daring visual effect. The neck of the lamp has been designed to remain dark at all times, thus enhancing the silhouette of the piece and its industrial surface. At the top end, a black silicone cap with the DIESEL logo seals the lamp and gives it an extremely industrial touch.

Available in three shapes and with two finishes – metallic black and mineral sand – that evoke industrial worlds, Flask is a decorative piece that also lends itself to cluster compositions to create vibrant light installations with an extremely contemporary effect.

Accesa, la sospensione Flask rivela una sorgente luminosa che sembra fluttuare nel corpo di vetro, illumina la superficie interna lucida e crea un audace effetto visivo. Il collo della lampada è stato invece progettato per rimanere sempre spento, valorizzando così la linea del prodotto e la sua superficie industriale. All'estremità superiore, un tappo in silicone nero con logo DIESEL sigilla la lampada e le conferisce un tocco estremamente industriale. Con tre forme disponibili e due finiture che evocano mondi industriali – metallic black e mineral sand – Flask è un pezzo decorativo che si presta anche a composizioni su cluster per creare vibranti installazioni di luce dall'effetto estremamente contemporaneo.

FORK

Fork is a steel "fork" holding a diffuser inspired by casual fashion, camping tents and an informal and gritty lifestyle. An always current concept interpreted in table, floor and suspension versions, for every environment and moment of everyday life.

Fork è una "forchetta" di acciaio su cui posa un diffusore ispirato alla moda casual, alle tende da campeggio, a uno stile di vita informale e grintoso. Un concetto sempre attuale declinato nelle versioni da tavolo, terra e sospensione, per ogni ambiente e momento della vita quotidiana.

Fork table, Ivory/Gray and Anthracite/Ivory

FORK

Just like when you turn on a lamp inside a camping tent, the light inside the diffuser highlights the patchwork structure and enhances the texture of the canvas with visible stitching as in jeans. The linen cotton diffuser, available in ivory and gray, creates a warm and soft lighting effect. 360° adjustable thanks to the gunmetal colored brass eyelets in strong material contrast with the softness of the fabric, the diffuser allows the light beam to be directed at will.

Fork Small, Round Cluster System,
composition of 7 lights,
Ivory/Ivory and Anthracite/Gray

Come quando si accende una lampada dentro a una tenda da campeggio, la luce all'interno del diffusore evidenzia la struttura a patchwork ed esalta la texture della tela con le cuciture a vista come nei jeans. Il diffusore in cotone-lino, disponibile in ivory e gray, crea un effetto luminoso caldo e soffuso. Orientabile a 360° grazie agli occhielli in ottone color canna di fucile in forte contrasto materico con la morbidezza del tessuto, il diffusore permette di dirigere il fascio di luce a piacere.

FLOOR FORK

The metal structure supporting the diffuser is available in two colors, ivory or anthracite. The rod, with its characteristic tilt, swivels on the base, allowing the light to be projected in complete freedom.

La struttura in metallo che regge il diffusore è disponibile in color ivory o anthracite. L'asta, con l'inclinazione che da sempre la caratterizza, gira sulla base e permettere di condividere il fascio di luce in assoluta libertà.

TABLE FORK

The metal structure proposes the same lines, colors and functions of the floor lamp but in a Small version, perfect for any space.

La struttura in metallo ripropone linee, colori e funzioni della lampada da terra ma in versione Small, perfetta per qualunque spazio.

SUSPENSION FORK

In the Large version, Fork is a single suspension lamp with great character thanks to the adjustable diffuser suspended from a supporting cable. The Small version gives its best in multiple canopy compositions, with diffusers that scrutinize the space creating lively plays of light.

In versione Large, Fork è una sospensione singola di grande carattere grazie al diffusore orientabile sospeso ad un cavo portante. La versione Small dà il meglio di sé in composizioni su rosone multiplo, con i diffusori che scrutano lo spazio con vivaci giochi di fasci luminosi.

GASK

Gask is a small suspension lamp with a big presence. It looks like it came out of a 1920s emporium or a warehouse for work tools, but also recalls ziggurats, the sacred terraced pyramids of ancient Mesopotamia.

Gask è una piccola lampada a sospensione dalla grande presenza. Sembra uscita da un emporio degli anni Venti o da un magazzino di strumenti di lavoro, ma ricorda anche le ziggurat, sacre piramidi a terrazze dell'antica Mesopotamia.

Gask, Transparent

Gask è un mix perfetto di materiali in apparente contrasto sensoriale – vetro, acciaio, ottone – che creano una miscela ideale. La montatura in acciaio ha una finitura nera opaca, ruvida e materica dal sapore fortemente industriale, ed è unita al diffusore con bulloni a vista in ottone. Il delicato diffusore in vetro soffiato, nelle finiture transparent o army green, dichiara deliberatamente la presenza della fonte luminosa al suo interno.

Gask è una lampada impattante sia singolarmente che in composizioni multiple su rosone, anche intercalando le due diverse finiture in un gioco di trasparenze e opacità. Con il suo sapore retrò che incontra il senso pratico della modernità, Gask combina perfettamente i richiami al passato e lo stile di vita contemporaneo.

GASK

Gask is a perfect mix of materials in apparent sensory contrast – glass, steel, brass – which create an ideal blend. The steel mount has a black matt finish, rough and textured with a strong industrial flavor, and is joined to the diffuser with visible brass bolts. The subtle diffuser in blown glass, in transparent or army green finishes, intentionally declares the presence of the light source inside.

Gask is a lamp with an impact, both individually and in multiple canopy compositions, also by interspersing the two different finishes in a play of transparencies and opacity. With its retro flavor that meets the practical sense of modernity, Gask perfectly combines references to the past and contemporary living.

Like a drop of incandescent material, Glass Drop seems to represent the magical and elusive nature of blown glass at the instant it is both fluid and solid, just before it takes shape.

Come una goccia di materiale incandescente, Glass Drop sembra rappresentare la magica e sfuggente natura del vetro soffiato nell'istante in cui è al tempo stesso fluido e solido, poco prima di prendere forma.

GLASS DROP

Glass Drop, Chrome

Nella versione chrome, ha una superficie che da spenta riflette come uno specchio, mentre da accesa sembra che la luce sciogla il metallo rivelando il proprio colore: una lampada che cambia personalità con un semplice tocco sull'interruttore. Glass Drop è disponibile anche in una candida versione white che offre un'estrema versatilità di ambientazione.

Glass Drop è particolarmente d'effetto in composizioni multiple, come un gioiello composto da tanti pendenti che coniuga funzionalità e armonia del segno.

GLASS DROP

In the chrome version, its surface reflects like a mirror when turned off, while when turned on the light seems to dissolve the metal revealing its color: a lamp that changes personality with a simple touch of the switch.

Glass Drop is also available in a pure white version that offers extreme versatility of setting.

Glass Drop is particularly striking in multiple compositions, like a piece of jewelry consisting of many pendants that combines functionality and design harmony.

Shapes reminiscent of large factory pipes, dematerialized and lightened by their fabric nature. These are the Pipe lamps, which stand out due to their large size and the warm light diffused over the entire surface.

Forme che ricordano le grandi tubature di una fabbrica, smaterializzate e alleggerite dalla loro natura tessile. Sono le lampade Pipe, che si caratterizzano per le dimensioni importanti e la luce calda diffusa su tutta la superficie.

PIPE

PIPE

Pipe was born from Diesel's research in the world of fabrics and is available in bleached raw linen or with printed patterns. The irregular weave transforms into a luminous décor, adding further emotion to the fabric and revolutionizing the traditional lampshade.

Available in two sizes, Medium and Large, Pipe is an architectural presence that can be used alone or in groups of several elements, to illuminate, characterize and even define a space.

Pipe Large, White

Pipe nasce dalla ricerca Diesel nell'universo dei tessuti ed è disponibile in lino grezzo sbiancato o con decoro stampato. La trama irregolare si trasforma in un decoro luminoso, aggiungendo ulteriore emozione al tessuto e rivoluzionando il paralume tradizionale.

Disponibile in due dimensioni, Medium e Large, Pipe è una presenza architettonica che può essere utilizzata da sola o in gruppi di più elementi, per illuminare, caratterizzare e anche definire uno spazio.

Taking inspiration from the bollards found in the urban landscape, Urban Concrete is a lighting piece balancing clean lines and solid surfaces with a dome crowned by a lifting hook.

Ispirata ai dissuasori che emergono dal paesaggio urbano, Urban Concrete è una lampada che coniuga linee pulite e superfici solide in una forma a cupola sormontata da un gancio di sollevamento.

URBAN CONCRETE

Urban Concrete 25, Round Cluster System, composition of 36 lights,
Pink dust, Tough gray, Soft gray

URBAN CONCRETE

Whilst the spun metal dome evokes a cement block and creates an illusion of heaviness, Urban Concrete is extremely light and flexible. Thanks to the contrast between the three cement finishes – soft gray, tough gray and pink dust – and the pure white of the diffuser's internal surface, Urban Concrete gives a touch of material appeal and sophistication to any interior.

Available in four sizes (25, 50, 60, and 80 cm), Urban Concrete is designed for different uses and interiors, both domestic and public. The 25 cm dome is suspended from one single power cable and can also be installed on multiple canopies to create pop compositions and unique clusters through a dynamic interplay between solidity and simplicity.

Urban Concrete 50, Tough gray

Mentre la cupola in metallo tornito richiama un blocco di cemento e crea un'illusione di gravità, Urban Concrete è in realtà una lampada a sospensione molto leggera e duttile. Grazie al contrasto tra le tre finiture in cemento – soft gray, tough gray e pink dust – e il bianco candido della superficie interna del diffusore, Urban Concrete conferisce un tocco di matericità e raffinatezza a qualsiasi interno.

Disponibile in quattro dimensioni (25, 50, 60 e 80 cm), Urban Concrete è pensata per diversi usi e tipologie di interni domestici e pubblici. La cupola da 25 cm è sospesa ad un singolo cavo portante e può essere installata anche su rosoni multipli per creare composizioni pop e cluster unici, con un gioco di equilibri tra solidità e semplicità.

An extremely graphic lamp, Vinyl is made up of a metal plate with a circular engraved texture reminiscent of a music record, emulating sound vibrations whilst dividing the light in a captivating manner to the human eye.

Lampada estremamente grafica, Vinyl è formata da una superficie metallica con un motivo circolare inciso simile ad un disco in vinile che sembra emulare le vibrazioni sonore mentre scompone la luce in modo accattivante all'occhio umano.

VINYL

VINYL

Vinyl is a versatile, spun metal ceiling and wall lamp, but it is also perfect as a suspension lamp. It is available in two sizes, 60 and 32 cm, and two finishes: silver and deep black.

For wall and ceiling versions it is recommended to use shielded light bulbs for an indirect, grazing light effect on the surface, which will seem to vibrate.

Its dynamic design makes this decorative lamp perfect for public spaces. Spin the vinyl and enjoy the light!

Vinyl Large wall, Deep black

Vinyl Large suspension, Deep black

Vinyl è una versatile lampada da soffitto e da parete in metallo tornito, perfetta anche come elemento a sospensione. È disponibile in due dimensioni, 60 e 32 cm di diametro, e due finiture: silver e deep black. Per le varianti a parete e soffitto si consiglia l'utilizzo di lampadine a calotta schermata per un effetto di luce indiretta e radente alla superficie, che sembrerà vibrare.

Il suo segno dinamico rende questa lampada decorativa perfetta per gli spazi pubblici. Fate girare il vinile e godetevi la luce!

DEU

Ihr Ursprung befindet sich “unter Tage”: Cage ist inspiriert von den Lampen der Bergleute und Arbeiter, geschützt durch einen Metallkäfig, der hier zum dekorativen Element wird und der Leuchte ihren Namen verleiht. Der Kontrast zwischen der Zartheit des mundgeblasenen Glases, des eleganten glänzenden Diffusors und der Härte des Stahls des äußeren Käfigs mit seiner unregelmäßigen Struktur, macht Cage unverwechselbar und verleiht ihr einen eleganten Vintage-Touch. Der Diffusor ist in zwei Farben erhältlich, white und bronze, die beliebig mit dem Metallkäfig in white oder black Ausführung kombiniert werden können. In der Version Bronze verfügt die Lichtquelle über einen doppelten Kern: im ausgeschalteten Zustand reflektiert die glänzende Glasoberfläche die Geometrie des Käfigs, im eingeschalteten Zustand verschwindet die Reflexion und die Farbe des Glases verströmt ein wärmeres Licht. Cage Large, mit einem Durchmesser von 46 cm, ist eine Hängeleuchte von großer Wirkung. Die Version Small, mit ihren 27,5 cm Durchmesser, eignet sich für zahlreiche Kompositionen mit metropolitanem Charakter.

ESP

Su origen es “underground”: Cage se inspira en las lámparas de los mineros y los obreros, protegidas por una jaula metálica, que en este caso se convierte en un elemento decorativo y le da el nombre a la lámpara. El contraste entre la delicadeza del vidrio soplado del elegante difusor brillante y la dureza del acero de la jaula externa de estructura irregular hace que Cage sea inconfundible y le da un toque elegantemente vintage. El difusor está disponible en dos colores, white (blanco) y bronze (bronce), que pueden combinarse como se prefiera con la jaula metálica en los acabados white (blanco) o black (negro). En la versión bronze le regala a la fuente de luz dos aspectos distintos: cuando está apagada la superficie brillante del vidrio refleja las geometrías de la jaula y cuando está encendida el reflejo desaparece y el color del vidrio es más cálido. Cage Large, con un diámetro de 46 cm, es una lámpara colgante con un gran efecto. La versión Small, con 27,5 cm de diámetro, se presta a múltiples composiciones de estilo metropolitano.

FRA

Son origine est « underground » : Cage s’inspire des lampes des mineurs et des ouvriers, protégées par une petite cage en métal qui devient ici un élément de décoration et donne son nom à la lampe. Le contraste entre la délicatesse du verre soufflé de l’élégant diffuseur brillant et la dureté de l’acier de la cage à structure irrégulière rend Cage unique et lui octroie une touche élégamment vintage. Le diffuseur est disponible en deux couleurs, white et bronze, à combiner au choix avec la cage en métal dans les finitions white ou black. Dans la version bronze, la source lumineuse lui octroie un double caractère : éteinte, la surface brillante du verre reflète les géométries de la cage, éclairée, le reflet disparaît et la couleur du verre devient plus chaude. Cage Large, avec son diamètre de 46 cm, est une lampe à suspension de grand effet. La version Small, avec ses 27,5 cm de diamètre, est idéale pour des compositions multiples au style métropolitain.

RUS

Происхождение этой модели спрятано “под землей”: Sage был спроектирован под влиянием формы шахтерских фонарей, защищенных металлической клеткой, которая превращается в декоративный элемент и дает лампе ее название. Контраст между хрупкостью выдувного стекла элегантного полированного диффузора и твердостью стали наружной клетки с неравномерной структурой делает Sage неповторимым элементом, характеризующимся элегантным винтажным видом. Диффузор выпускается в двух вариантах цвета: white и bronze; они могут сочетаться по желанию с металлической клеткой с отделкой white или black. В бронзовом варианте источник света создает двойной эффект: при выключенной лампе блестящая поверхность стекла отражает геометрию клетки, при включении отражение исчезает, а цвет стекла становится теплее. Sage Large, диаметром 46 см - это подвесная лампа, производящая огромный эффект. Версия Small, диаметром 27,5 см, подходит для создания множественных композиций в урбанистическом стиле.

CHI

这款灯件的起源在“地下”: Cage的灵感源自矿工和工人用的探照灯,它受护于一只金属笼,这只笼子继而成为此处的装饰性元素以及这款灯件的命名要素。闪亮灯罩所用的吹制玻璃之优雅,与结构不甚规则的外笼钢体之硬度形成对比,造就了Cage的独具一格,并为其赋予一丝典雅的复古气息。灯罩提供两种颜色, white(白色) 和bronze(青铜色),可按喜好与white(白色)或black(黑色)饰面的金属笼相搭配。青铜色版本中,光源为其赋予双重灵魂:关灯时,玻璃的光亮表面会反射出笼子的几何形状,亮灯时,反射会消失且玻璃色彩也会愈发变暖。Cage Large, 直径46 厘米,是一款效果极佳的悬吊灯。Small版本,以其27,5厘米的直径,可形成具有都市风情的多样组合。

DEU

Inspiriert von den einzigartigen Formen von Glasflaschen, die in wissenschaftlichen Labors verwendet werden, weist Flask eine metallische Oberfläche auf, die durch die Beleuchtung den Glascharakter offenbart. Die Form erinnert an ein Objekt mit industriellem Flair, bei dem der visuelle Kontrast zwischen der Leichtigkeit des mundgeblasenen Glases und der Solidität der metallischen Oberfläche koexistieren. Das Objekt wird durch den Kontrast zwischen der matten metallischen Außenfläche und der glänzenden Innerseite, die mit dem Licht leuchtet und tänzerisch mit ihm zusammen spielt, noch verstärkt. Wenn die Lampe leuchtet, enthüllt das Design von Flask eine im Glaskörper schwebende Lichtquelle, mit einer inneren glänzenden leuchtenden Oberfläche, die mit den Reflexen der anderen in der Nähe platzierten Lampen einen gewagten visuellen Effekt erzeugt. Der Lampenhals wurde so gestaltet, dass er bei eingeschaltetem Licht dunkel bleibt, wodurch die Silhouette des Objekts und seine industrielle Oberfläche hervorgehoben werden. Am oberen Ende versiegelt eine schwarze Silikonkappe mit DIESEL-Logo die Lampe und verleiht ihr einen extrem industriellen Touch. Mit drei verfügbaren Formen und zwei Ausführungen, die an industrielle Welten erinnern: metallic black und mineral sand, kann Flask auch in Clustern platziert werden. Flask ein dekoratives Objekt, das sich auch für Cluster-Kompositionen eignet, um lebendige Lichtinstallationen mit einem äußerst zeitgenössischen Effekt zu schaffen.

ESP

Inspirada en las formas únicas de las botellas de vidrio utilizadas en los laboratorios científicos, Flask se caracteriza por una superficie metálica que revela su auténtica naturaleza de vidrio cuando está encendida. Su forma simula un objeto caracterizado por una textura industrial en el que conviven el contraste visualmente llamativo entre la ligereza del vidrio soplado y la solidez del acabado metálico. La lámpara se ve realizada por el contraste entre la superficie exterior metálica mate y el interior brillante que, cuando está encendida, se ilumina con una inesperada danza de luz. Cuando está encendida la lámpara de suspensión Flask revela una fuente de luz flotante en el cuerpo de vidrio, ilumina la superficie interior reluciente para crear un efecto visual atrevido. Por otro lado, el cuello de la lámpara se ha diseñado para que siga siendo oscuro realzando así la silueta de la pieza y su superficie industrial. En el extremo superior un tapón de silicona negra con el logotipo DIESEL cierra la lámpara y le da un toque sumamente industrial. Con tres formas disponibles y dos acabados que evocan ambientes industriales - metallic black (negro metalizado) y mineral sand (arena mineral)- Flask es una pieza decorativa que también se presta a composiciones en serie para crear vibrantes instalaciones de luz con un efecto sumamente actual.

FRA

S’inspirant des formes uniques des flacons en verre utilisés dans les laboratoires scientifiques, Flask présente une surface métallique qui révèle sa nature en verre lorsqu’il est allumé. Sa forme rappelle un objet à texture industrielle dont le fort contraste visuel entre la légèreté du verre soufflé et la matéricité de la finition métallique cohabitent. La lampe est encore davantage mise en valeur par le contraste entre la surface extérieure métallisée mate et l’intérieur brillant qui s’illumine dans une danse spontanée de lumière.

Éclairée, la suspension Flask révèle une source lumineuse qui fluctue dans le corps de verre, illumine la surface interne brillante et crée un effet visuel audacieux. Le col de la lampe a été conçu pour rester sombre, mettant ainsi en valeur la forme de la pièce et sa surface au style industriel. À l’extrémité supérieure, un bouchon en silicone noir affichant le logo DIESEL scelle la lampe et lui octroie un look fortement industriel. Avec trois formes disponibles et deux finitions évoquant des mondes industriels – metallic black et mineral sand – Flask est une pièce décorative qui se prête également à des compositions sur cluster pour créer des installations vibrantes de lumière à l’effet extrêmement contemporain.

Вдохновленная уникальной формой стеклянных флаконов, используемых в научных лабораториях, Flask имеет металлическую поверхность, которая при освещении раскрывает ее стеклянную природу. Форма светильника напоминает промышленный предмет, с выраженным зрительным контрастом между легкостью дутого стекла и материальностью металлической отделки. Красота светильника дополнительно подчеркивается контрастом между матовой металлической наружной стороной и глянцевой внутренней поверхностью, играющей световыми бликами, когда светильник включен. Горящий подвесной светильник Flask открывает источник света, как будто плавающий внутри стеклянного корпуса, который освещает блестящую внутреннюю поверхность и создает смелый визуальный эффект. Верхняя часть лампы была спроектирована таким образом, чтобы всегда оставаться неосвещенной, подчеркивая линии лампы и ее промышленную поверхность. Черный силиконовый колпачок с логотипом DIESEL закрывает лампу сверху и подчеркивает индустриальный стиль. Предлагаются три варианта формы и два варианта отделки: metallic black и mineral sand. Flask - это декоративный элемент, который можно помещать в кластерные композиции, чтобы создавать вибрирующие световые инсталляции, отличающиеся выраженной современностью.

受科学实验室中使用的玻璃瓶之独特形状的启发,Flask的特点在于有着一块在亮灯时便会显露其玻璃本质的金属表面。它的形状令人联想起具有工业风情的物件,吹制玻璃的亮度与金属饰面的坚固度之间形成的强烈视觉对比共存于此。哑光金属外表和光泽明朗的内壁之间的对立性进一步提升了这款灯件,点亮灯光时,会闪耀令人惊叹的光舞魅影。亮灯后, Flask 悬吊灯会显露一个仿佛漂浮在玻璃灯体中的光源,照亮其光滑的内表并营造出一种大胆醒目的视觉效果。灯件颈部被设计为亮灯时保持黑暗,从而增强着作品及其工业表面的线条感。顶端处,一只带有DIESEL 徽标的黑色硅胶帽将灯件密封,并为其赋予一丝工业感十足的情调。提供三种形状和两种呼应着工业世界的饰面 – metallic black(金属黑) 和 mineral sand(矿物砂) – Flask 是一件也可安装于组合吊上进行搭配组合的装饰性作品,从而创造富有当代感且活力四射的照明装置。

Fork ist eine “Gabel” aus Stahl, auf der ein Diffusor platziert wird, der von lässiger Mode, Campingzelten und einem informellen und entschlossenen Lebensstil inspiriert ist. Ein Konzept, das in der Tisch-, Boden- und Hängeversion immer auf dem neuesten Stand ist, für jede Umgebung und jeden Moment des täglichen Lebens. Wie beim Einschalten einer Lampe im Inneren eines Campingzeltes hebt das Licht im Inneren des Diffusors die Patchwork-Struktur hervor und verstärkt die Textur der Leinwand mit sichtbaren Nähten wie bei Jeans. Der Baumwoll-Leinen-Diffusor, erhältlich in ivory und gray, kriert einen warmen und weichen Lichteffekt. Der Diffusor ist um 360° verstellbar, dank der brünierten Messingösen, die in starkem Materialkontrast zur Weichheit des Gewebes stehen, und ermöglicht es, den Lichtstrahl nach Belieben einzustellen.
FORK STEHLEUCHTE
Die Struktur aus Metall, die den Diffusor stützt, ist in ivory o anthracite erhältlich. Die Haltestange, die diese Leuchte immer schon charakterisierte, ist an der Base drehbar und ermöglicht es somit, den Lichtstrahl in absoluter Freiheit zu regulieren.
FORK TISCHLEUCHTE
Die Metallstruktur schlägt die Linien, Farben und Funktionen der Stehleuchte vor, hier jedoch in der Version Small, perfekt für jeden Raum.
FORK HÄNGELEUCHTE
In der Ausführung Large ist Fork eine Hängeleichte mit Einzelaufhängung von großem Charakter, dank des schwenkbaren Diffusors, der an einem tragenden Kabel aufgehängt ist. Die Version Small entfaltet ihr Potenzial bei Kompositionen mit mehrflammigen Baldachinen, deren Diffusoren den Raum mit lebhaften Lichtspielen erforschen.

Fork es un “tenedor” de acero sobre el que se apoya un difusor inspirado en la moda casual, las tiendas de campaña y un estilo de vida informal y decidido. Un concepto siempre actual articulado en las versiones de mesa, suelo y suspensión, para cualquier ambiente y momento de la vida cotidiana. Como cuando se enciende una lámpara dentro de una tienda de campaña, la luz del interior del difusor destaca la estructura de retales y acentúa la textura de la tela con las costuras a la vista como en los vaqueros. El difusor de algodón y lino, disponible en color ivory (marfil) y gray (gris), crea un efecto luminoso cálido y tenue. El difusor, que se puede orientar a 360° gracias a los ojales de latón de color gris bélico que crean un gran contraste matérico con la suavidad de la tela, permite orientar el haz de luz como se quiera.
FORK SUELO
La estructura de metal que sujeta el difusor está disponible en color ivory (marfil) o anthracite (antracita). La varilla, con la inclinación que la caracteriza desde siempre, gira sobre la base y permite compartir el haz de luz con total libertad.
FORK MESA
La estructura de metal reitera líneas, colores y funciones de la lámpara de suelo pero en versión Small, perfecta para cualquier espacio.

FORK COLGANTE

En la versión Large, Fork es una lámpara colgante individual de gran carácter gracias al difusor orientable suspendido en un cable portante. La versión Small da lo mejor de sí misma en composiciones con florón múltiple, con los difusores que exploran el espacio con alegres juegos de haces de luz.

FRA

Fork est une “fourchette” d’acier sur laquelle est posé un diffuseur s’inspirant au style casual, aux tentes de camping, à un style de vie informel et dynamique. Un concept toujours actuel décliné dans les versions de table, de sol et suspension, pour chaque milieu et moment de la vie quotidienne. Comme dans une tente, la lumière du diffuseur souligne la structure en patchwork et met en valeur la texture de la toile avec coutures visibles, comme celles des jeans. Le diffuseur en coton-lin, disponible en ivory et gray, crée un effet lumineux chaud et diffus. Orientable à 360° grâce aux œillets en laiton couleur bronze, en fort contraste matérique avec la souplesse du tissu, le diffuseur permet d’orienter le faisceau lumineux comme bon nous semble.

FORK SOL

La structure en métal qui soutient le diffuseur est disponible en couleur ivory ou anthracite. La tige, avec l’inclinaison qui la distingue depuis toujours, pivote sur la base et permet de partager le faisceau de lumière en toute liberté.

FORK TABLE

La structure en métal repropose les lignes, les couleurs et les fonctions de la lampe de sol mais en version Small, idéale pour tous les espaces.

FORK SUSPENSION

En version Large, Fork est une suspension unique de grand caractère grâce au diffuseur orientable suspendu à un câble portant. La version Small s’exprime au mieux dans les compositions sur patères multiples, avec les diffuseurs qui scrutent l’espace dans des jeux espiègles de faisceaux lumineux.

Fork - это стальная “вилка”, на которую помещается диффузор, созданный под вдохновением повседневного стиля, походных палаток, смелого и неформального образа жизни. Всегда актуальная концепция, выпускаемая в настольной, напольной и подвесной версиях, подходит для любых помещений и жизненных ситуаций.

Как лампа, горящая внутри походной палатки, свет внутри диффузора подчеркивает лоскутную структуру и текстуру полотна, со швами наружу, как на джинсах. Льняной-хлопчатобумажный абажур выпускается в вариантах ivory и gray, и создает теплый и рассеянный световой эффект. Светильник может ориентироваться под углом 360°, благодаря латунным шарнирам цвета бронзы, резко контрастирующими с мягкостью ткани, и позволяет по желанию направлять луч света.

FORK НАПОЛЬНЫЙ

Металлическая структура, поддерживающая диффузор, выпускается в двух вариантах цвета, ivory или anthracite. Стержень с характерным наклоном вращается на основании и позволяет направлять луч света по желанию.

FORK НАСТОЛЬНЫЙ

Металлическая конструкция версии Small воспроизводит линии, цвета и функции напольного торшера, и идеально подходит для любого помещения.

FORK ПОДВЕСНОЙ

Версия Large Fork - это одинарный подвесной светильник, отличающийся ориентируемым диффузором, подвешенным на несущем шнуре. Версия Small лучше всего подходит для множественных композиций на потолочном креплении, включающих в себя несколько диффузоров, создающих яркую игру световых лучей.

Fork是一款将灯罩置放在上的钢“叉”形灯件,灵感源自休闲时尚、野营帐篷以及不拘小节的生活风尚。它是一种日益趋向于台式、落地式与悬吊式版本的理念,可针对每种环境与日常时刻。就像您点亮野营帐篷中的灯件时一样,灯罩内的光线会突出其拼凑而出的结构,并通过如同牛仔裤上那样的可见针脚线来增强帆布的质感。棉麻灯罩,提供ivory (象牙色)和 gray(灰色)两种颜色,营造一种温暖饱满的光亮效果。凭借与面料的柔软性形成强烈对比的枪筒色黄铜孔眼,灯罩可360度调转,使您能够随意引调光束。

FORK 落地灯

举持灯罩的金属结构供有ivory (象牙色)或anthracite (无烟煤色)两种颜色。一贯以倾斜为其特征的灯架,可在底座上旋转,使您能够在绝对自由的情况下分享光束。

FORK 台灯

金属结构重塑其线条感,拥有与落地灯同样的颜色与功能,但版本为Small型号,可完美搭配任何空间。

FORK 悬吊灯

Large版本的Fork 是一款特征显著的单盏悬吊灯,这得益于悬吊在一条电源缆线上的可调转式灯罩。Small 版本经在多样底盘上组合后效果更佳,灯罩会以生动活泼的光束游戏令周围空间熠熠生辉。

DEU

Gask ist eine kleine Hängeleuchte mit großer Präsenz. Sie erweckt den Eindruck, als käme sie aus einem Emporium der 1920er Jahre oder einem Lagerhaus für Werkzeuge, aber sie erinnert auch an die Zikkurat, die heiligen terrassenförmigen Pyramiden des alten Mesopotamiens.

Gask ist ein perfekter Mix aus Materialien, die scheinbar in einem sensorischen Kontrast stehen – Glas, Stahl, Messing –, jedoch eine perfekte Kombination bilden. Der Stahlrahmen hat eine mattschwarze, raue und materielle Oberfläche mit ausgeprägtem industriellem Flair und ist mit dem Diffusor mit freiliegenden Messingbolzen kombiniert. Der zarte Diffusor aus mundgeblasenem Glas, in den Ausführungen transparent oder army green, deklariert bewusst die Präsenz der Lichtquelle im Inneren.

Gask ist eine Leuchte, die sowohl in einflammigen als auch mehrflammigen Baldachinen einen Impakt erzeugt, der durch die Kombination der beiden unterschiedlichen Oberflächen in einem Spiel von Transparenz und Opazität, noch verstärkt wird. Mit ihrem Retro-Flair, das dem praktischen Sinn für Modernität entspricht, vereint Gask in perfekter Weise Bezugnahmen auf die Vergangenheit und den gegenwärtigen Lebensstil.

ESP

Gask es una pequeña lámpara colgante de gran presencia. Parece que haya salido de un emporio de los años 20 o de un almacén de herramientas de trabajo, pero a la vez recuerda los zigurats, las pirámides sagradas escalonadas en terrazas de la antigua Mesopotamia.

Gask es una mezcla perfecta de materiales aparentemente en contraste sensorial – vidrio, acero y latón – que crean una mixtura ideal. El armazón de acero tiene un acabado negro mate, áspero y sólido de estilo sumamente industrial, y está unido al difusor con bulones a la vista de latón. El delicado difusor de vidrio soplado, en los acabados transparent (transparente) o army green (verde militar), declara deliberadamente la presencia de la fuente de luz en el interior.

Gask es una lámpara impactante tanto por sí sola como en composiciones múltiples en florón, incluso intercalando los dos acabados distintos en un juego de transparencias y opacidad. Con su estilo retro unido al sentido práctico de la modernidad, Gask combina perfectamente las evocaciones al pasado y el estilo de vida actual.

FRA

Gask est une lampe à suspension de petite taille mais de grande présence. Elle semble arriver tout droit d’un magasin des années Vingt ou d’un atelier. Elle fait également penser aux ziggourats, à savoir les pyramides à terrasses de l’ancienne Mésopotamie.

Gask est un mix parfait de matériaux en contraste sensoriel apparent – verre, acier, cuivre – qui créent une union idéale. La monture en acier présente une finition noir mat, rugueuse et matérique au style fortement industriel et s’unit au diffuseur au moyen de boulons apparents en cuivre. Le diffuseur délicat en verre soufflé, dans les finitions transparent ou army green, déclare délibérément la présence, à l’intérieur, de la source lumineuse.

Gask est une lampe impactante, tant individuellement qu’en composition multiple sur patère, qui peut aussi intercaler les deux finitions dans un jeu de transparences et d’opacité. Avec son style rétro qui s’unit au sens pratique de la modernité, Gask conjugue parfaitement les références du passé et le style de vie contemporain.

Gask представляет собой идеальное сочетание материалов, обладающих выраженным сенсорным контрастом - стекла, стали, латуни - которые создают идеальную композицию. Стальная рама имеет матовую черную отделку, шершавую и материальную, с выраженным индустриальным стилем, и соединена с диффузором с помощью латунных болтов, помещенных на виду. Изящный диффузор из дутого стекла, с отделкой transparent или army green, подчеркивает источник света, находящийся внутри.

Gask - это эффектная лампа, используемая как по отдельности, так и в композиции из нескольких ламп, с установкой на потолочном креплении, используя две разных отделки, чередуя прозрачность и матовость. Gask сочетает в себе ретро-стиль с практичной современностью, отсылки к прошлому и современный образ жизни.

Wie ein Tropfen glühenden Materials scheint Glass Drop die magische und schwer fassbare Natur des mundgeblasenen Glases in dem Moment darzustellen, in dem es sowohl flüssig als auch fest ist, kurz bevor es Gestalt annimmt. In der Ausführung chrome hat sie eine Oberfläche, die im ausgeschalteten Zustand wie ein Spiegel reflektiert, während sie im eingeschalteten Zustand so aussieht, als ob das Licht das Metall auflöst und die Farbe des Lichts zum Vorschein bringt: eine Leuchte, die ihre Persönlichkeit mit einer einfachen Berührung des Schalters verändert. 一款图形感极强的灯具,Vinyl 由一块刻有类似于黑胶唱片的圆形图案的金属表面组成,仿佛在模拟声音震动的同时以迷人的方式将光线散入眼帘。 Vinyl是一款由车削金属制成的多功能天花板式和壁式灯件,也是作为悬吊式灯件的完美之选。 提供两种尺寸,60和32 厘米的直径,以及两种饰面:silver (银色)和deep black (深黑色)。 针对壁式和天花板式版本,建议使用屏光球形灯泡,以期在表面上制造一种间射光线的效果,仿佛是在震颤一般。 它那具有动感的标志使这款装饰性灯件非常适合公共空间。转动唱盘并享受光线吧!

Limited Warranty
12 months
for United States Only

Coverage
Lodes S.r.l., with headquarter in 30020 Marcon (VE), Via Pialoi 32 Italy, VAT N.: 02992370276 (hereinafter, "WARRANTOR") warrants that each WARRANTOR PRODUCT will be free from defects in material and workmanship for a period of twelve months from the date of shipment / delivery of the PRODUCT (that can be identified by the "Studio Italia Design" or "Lodes" trademark, trade name, or logo affixed to them). The Limited Warranty is referred to herein as "the Limited Warranty." The PURCHASER's sole and exclusive remedy under this Limited Warranty for defects in the PRODUCT shall be the repair, replacement or refund of the purchase price, in WARRANTOR's sole discretion, of the defective PRODUCT, or components thereof.

Not Covered
This Limited Warranty also does not apply to, and WARRANTOR shall have no liability or responsibility in respect of, damages or expenses relating to:

- The failure to properly store, transport, install or use the PRODUCT as, for example, specified in any manuals or other literature supplied by WARRANTOR, on WARRANTOR's website, or in accordance with any applicable laws, codes, regulators or standards;
- Any PRODUCT purchased from any entity other than WARRANTOR;
- Alteration, change or modification of the PRODUCT, including its subcomponents, parts or assemblies;
- WARRANTOR also makes no warranty that a PRODUCT manufactured does not infringe the intellectual property or other proprietary rights of any third party;
- Accidents, misuse, abuse, abnormal use, improper use, negligent use, wilful misconduct, or use exceeding the recommended and permitted limits of the PRODUCT, and / or normal wear or deterioration;
- Any defect or non-conformity that has not been timely and promptly communicated in writing to WARRANTOR as set forth herein.
- Any damage, cost or expense caused by Act of God; or
- Loss of time, loss of use, inconvenience, loss of profits, lost business, lost business opportunities, damage to reputation, goodwill and any incidental or consequential damages arising out of or relating to the PRODUCT, or other matters not specifically covered hereunder.

Procedure
Upon delivery, PURCHASER shall, within one (3) business day, inspect the PRODUCT for conformity and visible defects. PURCHASER shall give WARRANTOR immediate written, specific and detailed notice of any non-conformities or defects regarding the PRODUCT. Upon receipt of the written notice of claim, WARRANTOR shall have the right to inspect the PRODUCT. In the event of a defect covered by this Limited Warranty, WARRANTOR will, at WARRANTOR's discretion, repair or replace the PRODUCT or any component of the PRODUCT or refund the purchase price for that particular PRODUCT. In the event that PURCHASER submits a warranty claim that, in the sole reasonable discretion of the WARRANTOR, is unfounded, the PURCHASER shall reimburse the WARRANTOR all reasonable costs incurred by the WARRANTOR

in evaluating the warranty claim (i.e. travel, lodging, expert evaluations, etc.). WARRANTOR must approve, in advance and in writing, all repairs or replacements covered under or performed pursuant to this Limited Warranty. Any warranty repairs or service must be performed exclusively by WARRANTOR or other authorized representative of WARRANTOR or by another servicing facility pre-approved in writing by WARRANTOR. Acceptance of any Limited Warranty claim is not an admission that any PRODUCT or any of its component parts are defective. The PURCHASER forfeits any rights it may have under this Limited Warranty if the PURCHASER does not follow the procedure described herein. All requests and notices under this Limited Warranty shall be directed to:

Limitation of Damages
LIMITATION OF DAMAGES. Except as expressly provided by this Limited Warranty, WARRANTOR SHALL NOT BE RESPONSIBLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES ASSOCIATED WITH THE USE OR NON-USE OF THE PRODUCT OR A CLAIM UNDER THIS LIMITED WARRANTY, WHETHER THE CLAIM IS BASED ON CONTRACT, TORT OR OTHERWISE. The foregoing statements of warranty are exclusive and in lieu of all other remedies or damages. Some States do not allow the exclusion or limitation of incidental or consequential damages, so only in this case this limitation or exclusion may not apply to you.

This Limited Warranty shall be the sole and exclusive remedy available to the PURCHASER with respect to this PRODUCT. In the event of any alleged breach of any warranty or any legal action brought by the PURCHASER, based on breach of warranty, alleged negligence or other tortious conduct by WARRANTOR, the PURCHASER's sole and exclusive remedy will be the repair or replacement of any defective PRODUCT as stated herein. In no event shall the liability of the WARRANTOR exceed the purchase price of the PRODUCT.

Disclaimer
ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND ALL IMPLIED WARRANTIES ARISING FROM A COURSE OF DEALING, USAGE OF TRADE, BY STATUTE OR OTHERWISE, IS HEREBY STRICTLY LIMITED TO THE TERM OF THIS WRITTEN WARRANTY. This Limited Warranty shall be the sole and exclusive remedy available to the PURCHASER with respect to this PRODUCT. In the event of any alleged breach of any warranty or any legal action brought by the PURCHASER based on alleged negligence or other tortious conduct by WARRANTOR, the PURCHASER'S sole and exclusive remedy will be repair or replacement of defective materials or refund of the purchase price, as stated herein.

Transfer of
Limited Warranty
This warranty is made by WARRANTOR with only first PURCHASER of the PRODUCT and does not extend to any subsequent PURCHASER or any third parties. The unexpired portion of this Limited Warranty may not be transferred to any entity.

Applicable Law
This Limited Warranty shall be deemed to have been particularly negotiated between parties. The parties expressly acknowledge and irrevocably agree that any and all claims or disputes arising out of or otherwise relating to this Limited Warranty shall be decided exclusively by Court of Milan under Italian Law with the exclusion of any courts of any

place. PURCHASER expressly waives any provision of law in the jurisdiction in which PURCHASER is located or any other potentially applicable law which conflicts with any provision of this Limited Warranty at any time.

Other Rights
Your acceptance of delivery of The PRODUCT constitutes your acceptance of the terms of this Limited Warranty. This Limited Warranty gives you specific legal rights, and you may also have other rights which vary from state to state. If any term or provision of this Limited Warranty is invalid or unenforceable under any local, state, or federal law, statute, judicial decision, regulation, ordinance, executive order or other rule of law, such term shall be deemed reformed or deleted, but only to the extent necessary to comply with such statute, regulation, ordinance, order or rule and the remaining provisions of this Limited Warranty shall remain in full force and effect.

Entire Agreement
This document alone contains the entire Limited Warranty given by WARRANTOR in respect of the PRODUCT. Nothing in WARRANTOR's product literature, marketing materials, advertisements and technical specifications expand or enlarge the scope of this Limited Warranty. There are no terms, promises, conditions or warranties regarding the PRODUCT other than those expressly contained herein. WARRANTOR specifically does not authorize any person, including but not limited to any dealer or other agent or employee of WARRANTOR, to extend the time, scope, terms or conditions of this Limited Warranty or to create or assume for WARRANTOR any other obligation or liability with respect to the PRODUCT or other products designed, manufactured or sold by WARRANTOR. All terms of this Limited Warranty are contractual and not mere recitals, and constitute material terms of this Limited Warranty. It is agreed and acknowledged that the provisions of this Limited Warranty allocate the risks between WARRANTOR and PURCHASER, that WARRANTOR's pricing reflects this allocation of risk, and but for this allocation and limitation of liability, WARRANTOR would not have entered into this Limited Warranty.

The agents, employees, and dealers of WARRANTOR Products are not authorized to make modifications to this limited warranty or make additional warranties binding on the WARRANTOR.

THIS DOCUMENT AND ALL PROVISIONS CONTAINED HAS BEEN SPECIFICALLY AGREED BETWEEN THE PARTIES.
