DIESEL LIVING WITH LODES

2022 LIGHTING ASSORTMENT

DIESEL®
LIVING
WITH
LODES

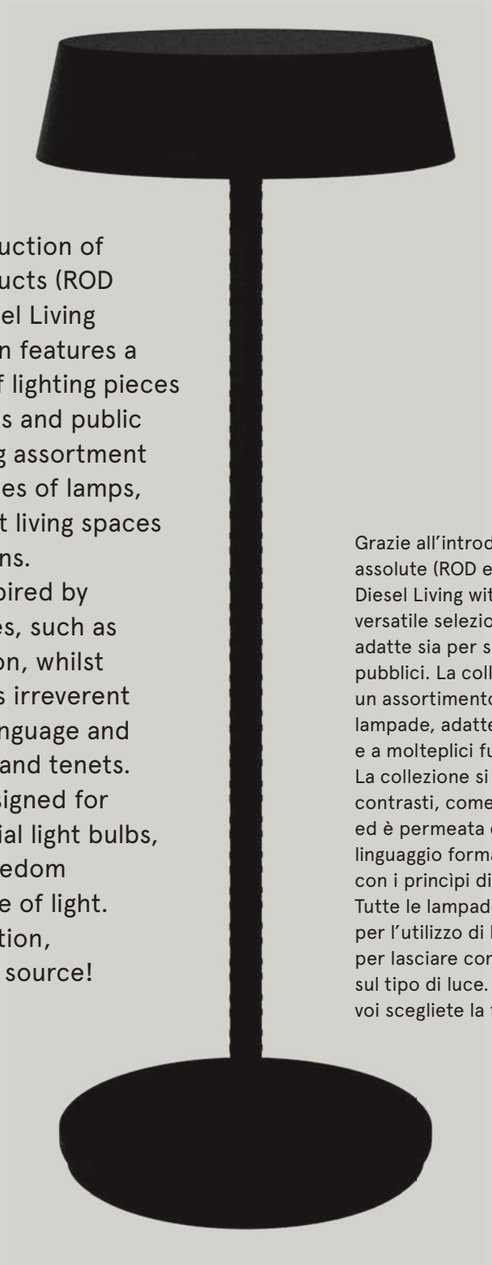

DIESEL LIVING

A versatile collection of lamps for homes and public interiors celebrates the partnership between Diesel Living and Lodes. The unmistakable Diesel style takes on new dynamic and contemporary forms, telling new stories of light. A mix of functionality and casual style is combined with Diesel's creative intuition, bringing an irreverent lifestyle touch to a wide range of lamps.

Una collezione versatile di lampade d'arredo d'interni, per la casa e per il contract, che celebra la partnership tra Diesel Living e Lodes. L'inconfondibile linguaggio Diesel assume oggi nuove forme dinamiche e contemporanee per raccontare inedite storie di luce. Un mix di funzionalità e stile casual viene associato all'intuizione creativa di Diesel, conferendo un tocco di lifestyle irriverente ad un'ampia gamma di lampade.

2022 LIGHTING ASSORTMENT

Thanks to the introduction of two brand new products (ROD and Spring), the Diesel Living with Lodes collection features a versatile selection of lighting pieces for residential spaces and public interiors. The lighting assortment now offers ten families of lamps, all suited to different living spaces and multiple functions.
The collection is inspired by contrasting opposites, such as reality and perception, whilst imbued with DIESEL's irreverent directional design language and Lodes' distinctive brand tenets.
All the lamps are designed for the use of commercial light bulbs, leaving complete freedom of choice on the type of light.
We provide the emotion, you choose the light source!

Grazie all'introduzione di due novità assolute (ROD e Spring), la collezione Diesel Living with Lodes presenta una versatile selezione di lampade decorative adatte sia per spazi interni residenziali che pubblici. La collezione propone ad oggi un assortimento di ben dieci famiglie di lampade, adatte a differenti spazi abitativi e a molteplici funzioni d'uso.
La collezione si ispira ad antitetici contrasti, come la realtà e la percezione, ed è permeata dall'irriverente e direzionale linguaggio formale di DIESEL combinato con i princìpi distintivi del brand Lodes.
Tutte le lampade sono predisposte per l'utilizzo di lampadine commerciali, per lasciare completa libertà di scelta sul tipo di luce. Noi offriamo l'emozione, voi scegliete la fonte luminosa!

CANOPY SYSTEMS

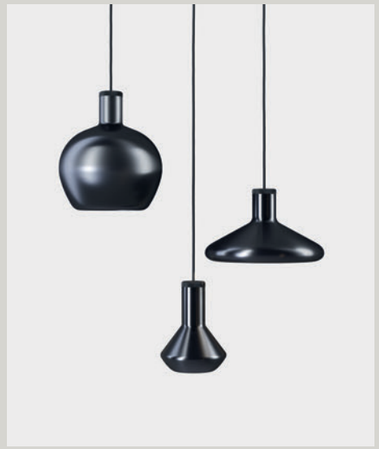

The freedom offered by Lodes' canopies brings to life the concept of "standard bespoke" which characterises the collection, a selection of products which are universal yet particular to each client's needs. Smart functional solutions as well as stand-out decorative elements, canopies provide an array of possibilities to personalise any living spaces, whether residential or public.

La libertà offerta dai rosoni Lodes dà vita al concetto di "standard su misura" che contraddistingue la collezione: una selezione di prodotti che, nonostante il carattere universale, rispondono alle esigenze specifiche di ogni cliente. I rosoni Lodes si presentano come soluzioni funzionali e insieme elementi decorativi differenzianti che garantiscono una miriade di possibilità di personalizzazione degli spazi abitativi, residenziali e pubblici.

Single Canopies

Lodes offers canopies to suit every project. Single canopies are ideal for highlighting the corner of a room or enhancing single light sources. They can also be used to create multiple custom combinations on high ceilings or in spaces which do not allow lights to be grouped in a cluster.

Lodes propone rosoni in grado di adattarsi ad ogni progetto. I rosoni singoli si prestano ad enfatizzare gli angoli di una stanza o a valorizzare singoli corpi luce. Inoltre, possono essere impiegati per creare composizioni multiple personalizzate su soffitti molto alti o in situazioni che non consentono l'utilizzo di cluster.

Multiple Canopies

For an impactful lighting effect multiple canopies, round or rectangular, are functional systems to create suspended compositions with a variable but predefined number of holes. Alternatively, radial systems are an innovative way to separately manage various suspension cables starting from one single canopy, this is a particularly useful way to illuminate spaces with irregular ceilings.

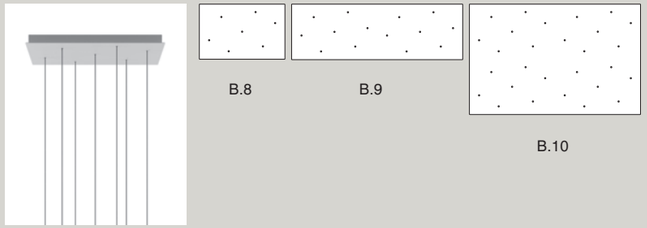

Per un'illuminazione di grande impatto, i rosoni multipli, rotondi o rettangolari sono sistemi funzionali che permettono di creare composizioni sospese con un numero di fori variabile ma predefinito. In alternativa, i sistemi radiali rappresentano una soluzione innovativa per gestire separatamente diversi cavi di sospensione a partire da un unico rosone, rivelandosi particolarmente utili per illuminare ambienti con soffitti irregolari.

- C.3 **12 Lights Radial**
- C.4 **28 Lights Radial**

Meanwhile, track systems offer various possibilities of in-line composition with a variable number of lamps depending on the preferred type of installation, for example in projects which require height-aligned or staggered suspensions.

I sistemi a binario offrono molteplici possibilità di composizione in linea con un numero variabile di lampade a seconda del tipo di installazione desiderato, ad esempio in caso di progetti che prevedono sospensioni allineate in altezza o sfalsate.

D. Track

- D.1 **Short Lights Track**
- D.2 **Long Lights Track**

Lodes product configurator

Create truly unique combinations of light fixtures with Lodes' canopies! Select a lamp, choose your canopy and create your bespoke composition.

Crea combinazioni di luci veramente uniche con i rosoni Lodes! Seleziona una lampada, scegli il tuo rosone e crea la tua composizione personalizzata.

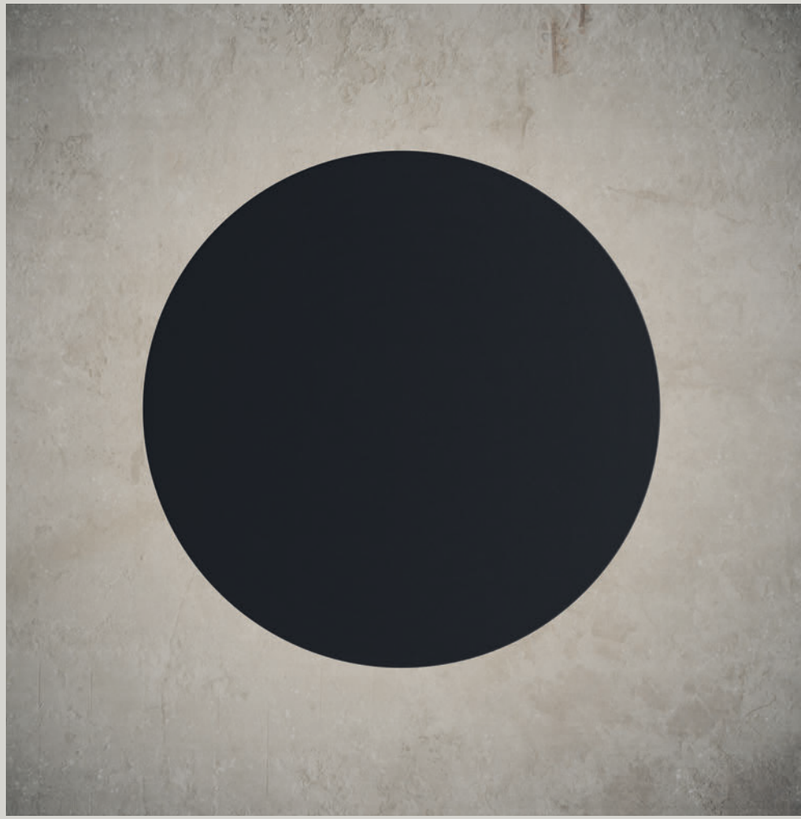

ROD

ROD, View of the base

ROD’s design concept originates from the form of a construction ROD. The slender stem connects two imaginary blocks of cement, rising from the base and supporting the shade, which hosts the LED light source. To adjust the level of light, the user can simply touch the top of the shade.

Il concetto di design di ROD ha origine dalla forma di un’asta da costruzione. Lo stelo sottile collega due blocchi immaginari di cemento, che salgono dalla base e sostengono il paralume, che ospita la sorgente luminosa a LED. Per regolare il livello di luce, l’utente può semplicemente toccare la parte superiore del paralume.

ROD

Small yet robust, the lamp is portable and rechargeable via a C-type-USB port, which is protected by a rubber cap. This specific feature allows the light to be protected from dust, dirt and splashes, making ROD a perfect choice for use within hospitality venues as well as residential settings. Available in Moss Gray, Soft Pink, Ivory and Dark Asphalt, this new table lamp has a color to suit every mood.

Di piccole dimensioni ma robusta, la lampada è portatile e ricaricabile tramite una porta USB di tipo C, protetta da un tappo di gomma. Questa caratteristica specifica permette alla luce di essere protetta da polvere, sporcizia e schizzi, rendendo ROD una scelta perfetta per l'uso all'interno di luoghi hospitality così come in contesti residenziali. Disponibile in Moss Gray, Soft Pink, Ivory e Dark Asphalt, questa nuova lampada da tavolo ha una finitura che si adatta ad ogni mood.

Spring is an arm lamp that reinterprets a classic with a contemporary twist and an added lifestyle touch. The lamp is characterized by the tubular element of the metal arm that bends back on itself, creating a circle reminiscent of a spring. Inspired by a safety pin that gives the lamp a distinctive look thanks to its minimal and elegant graphic sign, Spring recalls the world of fashion.

Spring è una lampada a braccio che reinterpreta un classico in chiave contemporanea, con l'aggiunta di un tocco lifestyle. L'elemento tubolare del braccio in metallo che caratterizza la lampada si piega su sé stesso, creando così un cerchio che ricorda una molla: Spring si ispira ad una spilla da balia che, grazie ad un segno grafico minimale ed elegante, connota in modo distintivo la lampada richiamando il mondo fashion.

SPRING

Spring ceiling, Deep black

SPRING

Spring, Deep black

SPRING

Spring comes in wall and ceiling mounted versions. The wall mounted lamp is available in two different versions: large, with an arm over 2 meters long, and medium, with a shaft measuring over 1 meter. Conversely, in the ceiling mounted version the light point is over 1 meter away from the ceiling. Available in a single Deep Black finish, Spring fully meets the needs of the user, who can direct the light at will by orienting the lampshade, equipped with an E27 bulb socket.

Spring è disponibile in due versioni: a parete oppure a soffitto. La lampada a parete è disponibile in due differenti dimensioni: mentre la large è dotata di un braccio lungo più di 2 metri, la medium ha un'asta che misura oltre un metro. Diversamente nella versione a soffitto, il decentramento del punto luce dista oltre un metro dal soffitto.
Disponibile in un'unica finitura Deep Black, Spring incontra pienamente le esigenze dell'utente che può direzionare la luce orientando a piacimento il paralume dotato di una sorgente luminosa che prevede una lampadina con attacco E27.

CAGE

The contrast between the delicacy of the blown glass of the elegant glossy diffuser and the hardness of the steel of the outer cage with its irregular structure makes Cage unique and gives it an elegantly vintage touch.
The diffuser is available in two colors, white and bronze, which can be combined as desired with the metal cage in white or black finishes. In the bronze version, the light source gives it a double soul: when switched off, the shiny surface of the glass reflects the geometries of the cage; when switched on, the reflection disappears and the color of the glass becomes warmer.
Cage Large, with a diameter of 46 cm, is a suspension lamp of great effect.
The Small version, 27.5 cm in diameter, lends itself to multiple compositions with a metropolitan taste.

Il contrasto fra la delicatezza del vetro soffiato dell'elegante diffusore lucido e la durezza dell'acciaio della gabbia esterna dalla struttura irregolare rende Cage inconfondibile e le dona un tocco elegantemente vintage.
Il diffusore è disponibile in due colori, white e bronze, che possono essere combinati a piacere con la gabbia metallica nelle finiture white oppure black. Nella versione bronze, la fonte luminosa le regala una doppia anima: da spenta la superficie lucida del vetro riflette le geometrie della gabbia, da accesa il riflesso scompare e il colore del vetro diventa più caldo.
Cage Large, con un diametro di 46 cm, è una lampada a sospensione di grande effetto.
La versione Small, con i suoi 27,5 cm di diametro, si presta a composizioni multiple dal gusto metropolitano.

FLASK

Inspired by the unique shapes of glass bottles used in science labs, Flask features a metallic surface that reveals its glass nature when lit. Its shape recalls an object with an industrial flavor in which the marked contrast between the lightness of blown glass and the material quality of the metal finish are combined. The piece is further enhanced by the contrast between the matt metallic outer and the glossy inner surface that glows and dances with the light.

Ispirata alle singolari forme delle bottiglie di vetro utilizzate nei laboratori scientifici, Flask è caratterizzata da una superficie metallica che, una volta accesa, rivela la sua vera natura di vetro.
La sua forma ricorda un oggetto dal sapore industriale in cui il forte contrasto visivo tra la leggerezza del vetro soffiato e la matericità della finitura metallica convivono.
La lampada è ulteriormente valorizzata dalla contrapposizione tra la superficie esterna metallizzata opaca e l'interno lucido che, quando la lampada è accesa, si illumina con una inaspettata danza di luce.

Flask A, B, C
Metallic Black

FLASK

When the lamp is lit, Flask reveals a light source that floats in the glass body with an inner glossy surface that glows to create a daring visual effect. The neck of the lamp has been designed to remain dark at all times, thus enhancing the silhouette of the piece and its industrial surface. At the top end, a black silicone cap with the DIESEL logo seals the lamp and gives it an extremely industrial touch.
Available in three shapes and with two finishes – metallic black and mineral sand – that evoke industrial worlds, Flask is a decorative piece that also lends itself to cluster compositions to create vibrant light installations with an extremely contemporary effect.

Flask B, Metallic black

Accesa, la sospensione Flask rivela una sorgente luminosa che sembra fluttuare nel corpo di vetro, illumina la superficie interna lucida e crea un audace effetto visivo. Il collo della lampada è stato invece progettato per rimanere sempre spento, valorizzando così la linea del prodotto e la sua superficie industriale. All'estremità superiore, un tappo in silicone nero con logo DIESEL sigilla la lampada e le conferisce un tocco estremamente industriale.
Con tre forme disponibili e due finiture che evocano mondi industriali - metallic black e mineral sand - Flask è un pezzo decorativo che si presta anche a composizioni su cluster per creare vibranti installazioni di luce dall'effetto estremamente contemporaneo.

FORK

Fork is a steel “fork” holding a diffuser inspired by casual fashion, camping tents and an informal and gritty lifestyle. An always current concept interpreted in table, floor and suspension versions, for every environment and moment of everyday life.

Fork è una “forchetta” di acciaio su cui posa un diffusore ispirato alla moda casual, alle tende da campeggio, a uno stile di vita informale e grintoso. Un concetto sempre attuale declinato nelle versioni da tavolo, terra e sospensione, per ogni ambiente e momento della vita quotidiana.

Fork table, Ivory/Gray and Anthracite/Ivory

FORK

Just like when you turn on a lamp inside a camping tent, the light inside the diffuser highlights the patchwork structure and enhances the texture of the canvas with visible stitching as in jeans. The linen cotton diffuser, available in ivory and gray, creates a warm and soft lighting effect. 360° adjustable thanks to the gunmetal colored brass eyelets in strong material contrast with the softness of the fabric, the diffuser allows the light beam to be directed at will.

Come quando si accende una lampada dentro a una tenda da campeggio, la luce all'interno del diffusore evidenzia la struttura a patchwork ed esalta la texture della tela con le cuciture a vista come nei jeans. Il diffusore in cotone-lino, disponibile in ivory e gray, crea un effetto luminoso caldo e soffuso. Orientabile a 360° grazie agli occhielli in ottone color canna di fucile in forte contrasto materico con la morbidezza del tessuto, il diffusore permette di dirigere il fascio di luce a piacere.

Fork Small, Round Cluster System,
composition of 7 lights,
Ivory/Ivory and Anthracite/Gray

FLOOR FORK

The metal structure supporting the diffuser is available in two colors, ivory or anthracite. The rod, with its characteristic tilt, swivels on the base, allowing the light to be projected in complete freedom.

La struttura in metallo che regge il diffusore è disponibile in color ivory o anthracite. L'asta, con l'inclinazione che da sempre la caratterizza, gira sulla base e permette di condividere il fascio di luce in assoluta libertà.

TABLE FORK

The metal structure proposes the same lines, colors and functions of the floor lamp but in a Small version, perfect for any space.

La struttura in metallo ripropone linee, colori e funzioni della lampada da terra ma in versione Small, perfetta per qualunque spazio.

SUSPENSION FORK

In the Large version, Fork is a single suspension lamp with great character thanks to the adjustable diffuser suspended from a supporting cable. The Small version gives its best in multiple canopy compositions, with diffusers that scrutinize the space creating lively plays of light.

In versione Large, Fork è una sospensione singola di grande carattere grazie al diffusore orientabile sospeso ad un cavo portante. La versione Small dà il meglio di sé in composizioni su rosone multiplo, con i diffusori che scrutano lo spazio con vivaci giochi di fasci luminosi.

Gask, Transparent

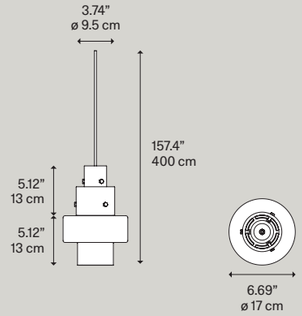

Gask is a perfect mix of materials in apparent sensory contrast – glass, steel, brass – which create an ideal blend. The steel mount has a black matt finish, rough and textured with a strong industrial flavor, and is joined to the diffuser with visible brass bolts. The subtle diffuser in blown glass, in transparent or army green finishes, intentionally declares the presence of the light source inside.

Gask è un mix perfetto di materiali in apparente contrasto sensoriale - vetro, acciaio, ottone - che creano una miscela ideale. La montatura in acciaio ha una finitura nera opaca, ruvida e materica dal sapore fortemente industriale, ed è unita al diffusore con bulloni a vista in ottone. Il delicato diffusore in vetro soffiato, nelle finiture transparent o army green, dichiara deliberatamente la presenza della fonte luminosa al suo interno.

GLASS DROP

Like a drop of incandescent material, Glass Drop seems to represent the magical and elusive nature of blown glass at the instant it is both fluid and solid, just before it takes shape.

Come una goccia di materiale incandescente, Glass Drop sembra rappresentare la magica e sfuggente natura del vetro soffiato nell'istante in cui è al tempo stesso fluido e solido, poco prima di prendere forma.

Glass Drop, White

Nella versione chrome, ha una superficie che da spenta riflette come uno specchio, mentre da accesa sembra che la luce sciolga il metallo rivelando il proprio colore: una lampada che cambia personalità con un semplice tocco sull'interruttore. Glass Drop è disponibile anche in una candida versione white che offre un'estrema versatilità di ambientazione.

Glass Drop è particolarmente d'effetto in composizioni multiple, come un gioiello composto da tanti pendenti che coniuga funzionalità e armonia del segno.

GLASS DROP

In the chrome version, its surface reflects like a mirror when turned off, while when turned on the light seems to dissolve the metal revealing its color: a lamp that changes personality with a simple touch of the switch.
Glass Drop is also available in a pure white version that offers extreme versatility of setting.

Glass Drop is particularly striking in multiple compositions, like a piece of jewelry consisting of many pendants that combines functionality and design harmony.

PIPE

Shapes reminiscent of large factory pipes, dematerialized and lightened by their fabric nature. These are the Pipe lamps, which stand out due to their large size and the warm light diffused over the entire surface.

Forme che ricordano le grandi tubature di una fabbrica, smaterializzate e alleggerite dalla loro natura tessile.
Sono le lampade Pipe, che si caratterizzano per le dimensioni importanti e la luce calda diffusa su tutta la superficie.

PIPE

Pipe was born from Diesel's research in the world of fabrics and is available in bleached raw linen or with printed patterns. The irregular weave transforms into a luminous décor, adding further emotion to the fabric and revolutionizing the traditional lampshade.

Available in two sizes, Medium and Large, Pipe is an architectural presence that can be used alone or in groups of several elements, to illuminate, characterize and even define a space.

Pipe Large, White

Pipe nasce dalla ricerca Diesel nell'universo dei tessuti ed è disponibile in lino grezzo sbiancato o con decoro stampato. La trama irregolare si trasforma in un decoro luminoso, aggiungendo ulteriore emozione al tessuto e rivoluzionando il paralume tradizionale.

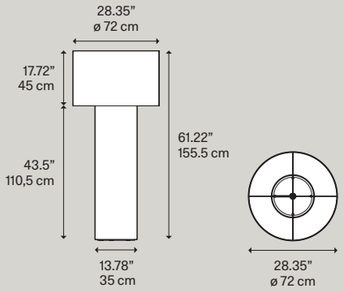

Disponibile in due dimensioni, Medium e Large, Pipe è una presenza architettonica che può essere utilizzata da sola o in gruppi di più elementi, per illuminare, caratterizzare e anche definire uno spazio.

URBAN CONCRETE

Urban Concrete 60, Pink dust

Taking inspiration from the bollards found in the urban landscape, Urban Concrete is a lighting piece balancing clean lines and solid surfaces with a dome crowned by a lifting hook.

Ispirata ai dissuasori che emergono dal paesaggio urbano, Urban Concrete è una lampada che coniuga linee pulite e superfici solide in una forma a cupola sormontata da un gancio di sollevamento.

URBAN CONCRETE

Whilst the spun metal dome evokes a cement block and creates an illusion of heaviness, Urban Concrete is extremely light and flexible. Thanks to the contrast between the three cement finishes – soft gray, tough gray and pink dust – and the pure white of the diffuser's internal surface, Urban Concrete gives a touch of material appeal and sophistication to any interior.
Available in four sizes (25, 50, 60, and 80 cm), Urban Concrete is designed for different uses and interiors, both domestic and public. The 25 cm dome is suspended from one single power cable and can also be installed on multiple canopies to create pop compositions and unique clusters through a dynamic interplay between solidity and simplicity.

Mentre la cupola in metallo tornito richiama un blocco di cemento e crea un'illusione di gravità, Urban Concrete è in realtà una lampada a sospensione molto leggera e duttile. Grazie al contrasto tra le tre finiture in cemento - soft gray, tough gray e pink dust - e il bianco candido della superficie interna del diffusore, Urban Concrete conferisce un tocco di matericità e raffinatezza a qualsiasi interno.

Disponibile in quattro dimensioni (25, 50, 60 e 80 cm), Urban Concrete è pensata per diversi usi e tipologie di interni domestici e pubblici. La cupola da 25 cm è sospesa ad un singolo cavo portante e può essere installata anche su rosoni multipli per creare composizioni pop e cluster unici, con un gioco di equilibri tra solidità e semplicità.

An extremely graphic lamp, Vinyl is made up of a metal plate with a circular engraved texture reminiscent of a music record, emulating sound vibrations whilst dividing the light in a captivating manner to the human eye.

Lampada estremamente grafica, Vinyl è formata da una superficie metallica con un motivo circolare inciso simile ad un disco in vinile che sembra emulare le vibrazioni sonore mentre scompone la luce in modo accattivante all'occhio umano.

VINYL

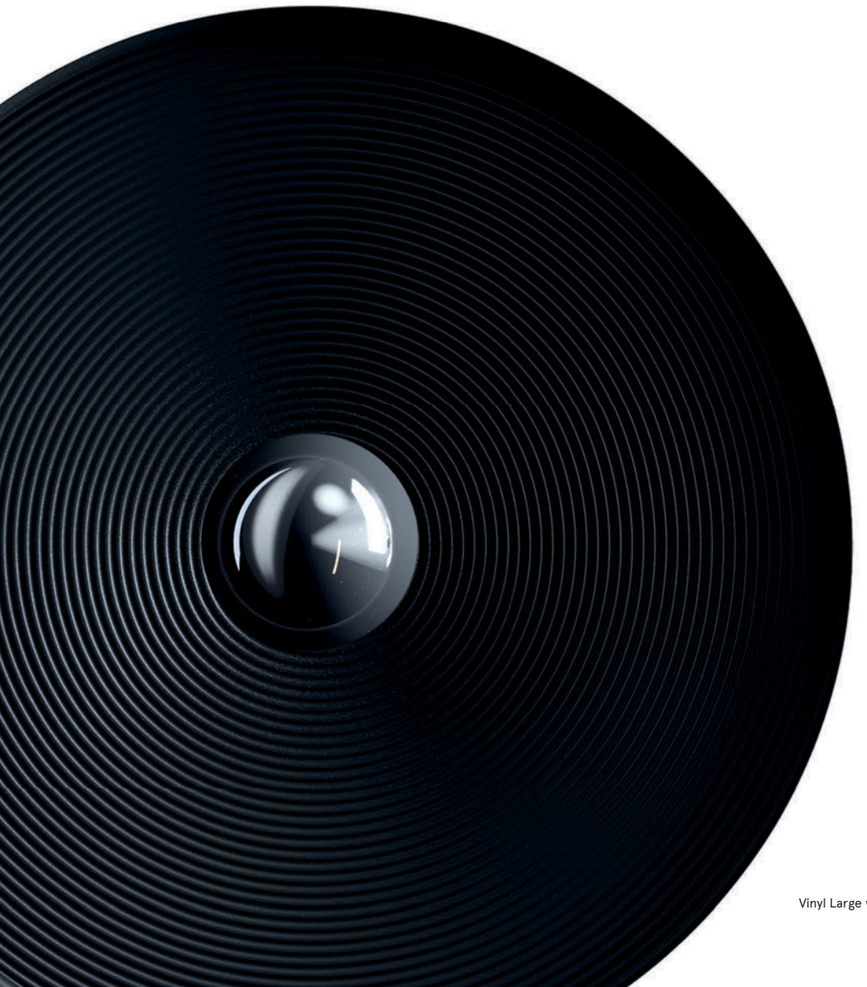

Vinyl Small, Large

VINYL

Vinyl is a versatile, spun metal ceiling and wall lamp, but it is also perfect as a suspension lamp. It is available in two sizes, 60 and 32 cm, and two finishes: silver and deep black.
For wall and ceiling versions it is recommended to use shielded light bulbs for an indirect, grazing light effect on the surface, which will seem to vibrate.
Its dynamic design makes this decorative lamp perfect for public spaces. Spin the vinyl and enjoy the light!

Vinyl Large wall, Deep black

Vinyl Large suspension, Deep black

Vinyl è una versatile lampada da soffitto e da parete in metallo tornito, perfetta anche come elemento a sospensione. È disponibile in due dimensioni, 60 e 32 cm di diametro, e due finiture: silver e deep black.
Per le varianti a parete e soffitto si consiglia l'utilizzo di lampadine a calotta schermata per un effetto di luce indiretta e radente alla superfice, che sembrerà vibrare.
Il suo segno dinamico rende questa lampada decorativa perfetta per gli spazi pubblici. Fate girare il vinile e godetevi la luce!

CANOPY SYSTEMS

Our canopies are smart functional solutions as well as stand-out decorative elements for suspension lamps or wall fixtures.
The variety of our canopy range provides an array of possibilities to personalise any living spaces, whether domestic or public.

I nostri rosoni sono soluzioni funzionali e insieme elementi decorativi differenzianti per lampade a sospensione o a parete.
La varietà della nostra gamma di rosoni offre una miriade di possibilità di personalizzazione degli spazi abitativi, domestici e pubblici.

Single Canopies

Single canopies are ideal for highlighting the corner of a room or enhancing single light sources. They can also be used to create multiple custom combinations on high ceilings or in situations which do not allow lights to be grouped in a cluster.

Rosoni Singoli

I rosoni singoli si prestano ad enfatizzare gli angoli di una stanza o a valorizzare i singoli corpi luce. Possono inoltre essere utilizzati per creare composizioni multiple personalizzate su soffitti molto alti o nelle situazioni che non permettono l'utilizzo di cluster.

Round and Rectangular Cluster Systems

Our multiple canopies, round or rectangular, are functional systems to create suspended compositions with a variable but predefined number of holes.

Sistemi Cluster Rotondi e Rettangolari

I nostri rosoni multipli, rotondi o rettangolari, sono sistemi funzionali per creare composizioni sospese con un numero di fori variabile ma predefinito.

Radial Systems

Radial systems are an innovative way to separately manage various suspension cables starting from one single canopy–particularly useful to illuminate rooms with irregular ceilings.

Sistemi Radiali

I sistemi radiali sono un modo innovativo per gestire separatamente diversi cavi di sospensione a partire da un unico rosone – particolarmente utili per illuminare ambienti con soffitti irregolari.

Track Systems

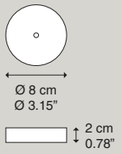

Track systems offers various possibilities of in-line composition with a variable number of lamps depending on the preferred type of installation, i.e. height-aligned or staggered suspensions.

Sistemi a Binario

I sistemi a binario offrono varie possibilità di composizione in linea con un numero variabile di lampade a seconda del tipo di installazione desiderato, ossia sospensioni allineate in altezza o sfalsate.

DIESEL LIVING

pag. 2-3

DEU

Eine vielseitige Kollektion von Leuchten für die Inneneinrichtung, das Haus und den Contract-Bereich, die die Partnerschaft zwischen Diesel Living und Lodes zelebriert. Der unverkennbare Stil von Diesel nimmt nun neue dynamische und zeitgenössische Formen an, um auf diese Weise neuartige Lichtgeschichten zu erzählen. Eine Mischung aus Funktionalität und lässigem Stil wird mit dem kreativen Gespür von Diesel kombiniert und verleiht einer breiten Palette von Leuchten einen freigeistigen Lifestyle-Touch.

ESP

Una colección versátil de lámparas de decoración de interiores, para la casa y el contract, que celebra la colaboración entre Diesel Living y Lodes. El inconfundible lenguaje Diesel hoy adopta nuevas formas dinámicas y contemporáneas para contar historias de luz inéditas. Una combinación de funcionalidad y estilo casual se asocia con la intuición creativa de Diesel y aporta un toque de estilo de vida irreverente a una amplia gama de lámparas.

FRA

Une collection polyvalente de lampes d'ameublement d'intérieur, pour la maison et le contract, qui célèbre le partenariat entre Diesel Living et Lodes. Le langage emblématique de Diesel adopte désormais de nouvelles formes dynamiques et contemporaines qui narrent des histoires de lumière inédites. Un mix de fonctionnalité et de style casual s'unit à l'intuition créative de Diesel, octroyant une touche de lifestyle irrévérencieuse à une vaste gamme de lampes.

RUS

Универсальная коллекция декоративных светильников для украшения интерьера, предназначенная для жилых и коммерческих помещений, торжественно отмечающая партнерство компаний Diesel Living и Lodes. Яркий индивидуальный стиль Diesel принимает невиданные ранее динамичные и современные формы, рассказывающие нам новую историю света. Соединение функциональности и повседневного стиля в сочетании с творческой интуицией Diesel привносит дерзкие и смелые стилистические детали в широкий ассортимент светильников.

CHI

一个可居家使用并可定制使用的多功能室内饰灯系列,礼赞Diesel Living和Lodes之间的合作伙伴关系。明确无误的Diesel语言,如今采用充满动态感和当代感的全新形式讲述前所未有的灯光轶事。功能性和休闲风格的结合邂逅了Diesel的创意直觉,为品种繁多的灯具凭添一丝洒脱不羁的生活方式。

2022 LIGHTING ASSORTMENT

pag. 4

DEU

Dank der Einführung von zwei brandneuen Produkten (ROD und Spring) bietet die Kollektion Diesel Living with Lodes eine vielseitige Auswahl an dekorativen Leuchten, die sowohl für Wohnräume als auch für öffentliche Einrichtungen geeignet sind. Die Kollektion bietet nun ein Sortiment von zehn Leuchtenfamilien, die für verschiedene Wohnbereiche und mehrere Funktionen geeignet sind.
Die Kollektion ist inspiriert von kontrastierenden Gegensätzen wie Realität und Wahrnehmung, und durchdrungen von DIESELs unbeschwerter und richtungsweisender Designsprache in Kombination mit den unverwechselbaren Markengrundsätzen von Lodes. Alle Leuchten sind für die Verwendung von handelsüblichen Leuchtmitteln ausgelegt, so dass die Wahl der Lichtquelle völlig frei bleibt. Wir bieten die Emotion, ihr wählt die Lichtquelle!

ESP

Gracias a la incorporación de dos novedades exclusivas (ROD y Spring), la colección Diesel Living with Lodes presenta una selección versátil de lámparas decorativas apropiadas tanto para espacios interiores residenciales como públicos. La colección ofrece actualmente una variedad de nada menos que diez familias de lámparas apropiadas para distintos espacios habitables y con múltiples funciones de uso.
La colección se inspira en contrastes antitéticos, como la realidad y la percepción, y está impregnada del lenguaje formal y direccional de DIESEL combinado con los principios distintivos de la marca Lodes. Todas las lámparas están preparadas para utilizar bombillas comerciales, para dejar total libertad de elección sobre el tipo de luz. ¡Nosotros ofrecemos la emoción, vosotros elegís la fuente luminosa!

FRA

Grâce à l'arrivée de deux nouveautés absolues (ROD et Spring), la collection Diesel Living with Lodes présente une sélection polyvalente de lampes décoratives adaptées aux espaces intérieurs résidentiels et publics. La collection propose un assortiment de pas moins de dix familles de lampes qui épousent les différents espaces de vie et les multiples fonctions d'utilisation. L'inspiration de cette collection puise dans des contrastes antithétiques, tels que la réalité et la perception, et s'imprègne du langage irrévérencieux, formel et directionnel de DIESEL qui rejoint les principes distinctifs de la marque Lodes. Les lampes sont toutes conçues pour l'utilisation d'ampoules commerciales, ainsi l'utilisateur peut librement choisir le type de lumière souhaité. Nous offrons de l'émotion, à vous de choisir la source de lumière!

2022 АССОРТИМЕНТ СВЕТИЛЬНИКОВ
Благодаря появление двух абсолютных новинок (ROD и Spring), коллекция Diesel Living with Lodes представляет универсальную подборку декоративных светильников, подходящих для внутренних жилых и общественных помещений. Коллекция предлагает ассортимент, состоящий из десяти семейств светильников, подходящих для различных жилых помещений с многоцелевыми функциями использования.
Коллекция вдохновляется яркими контрастами между реальностью и восприятием, она пронизана смелым и острым формальным языком DIESEL в сочетании с отличительными принципами бренда Lodes. Все светильники позволяют использование коммерческих лампочек, гарантируя полную свободу при выборе типа освещения. Мы предлагаем эмоции, вы выбираете источник освещения!

CHI

2022 照明品类
由于引入了两款新颖极致的产品(ROD和Spring),Diesel Living with Lodes系列提供适用于住宅和公共室内空间的多种饰灯选择。该系列目前提供足足十个灯具系列,适用于不同生活空间和多种使用功能。
该系列之灵感源自对立的对比,就像现实和感知一般,同时被DIESEL那洒脱不羁和直观定向的形式语言所渗透,融合于Lodes品牌的独特原则。所有灯具均为使用市面有售的灯泡而设计,使您能够完全自由地选择灯光类型。我们奉送情感,你们选择光源!

ROD

pag. 10

DEU

Das Designkonzept von ROD geht auf die Form einer Konstruktionsstange zurück. Die schlanke Stange verbindet zwei imaginäre Zementblöcke, die aus dem Sockel ragen und den Schirm tragen, in dem sich die LED-Lichtquelle befindet. Um die Lichtstärke zu regulieren, kann der Benutzende einfach die Oberseite des Schirms berühren. Die kleine, aber robuste Leuchte ist tragbar und kann über einen USB-C-Anschluss, der durch eine Gummikappe geschützt ist, aufgeladen werden. Dank dieser besonderen Eigenschaft ist die Leuchte vor Staub, Schmutz und Spritzwasser geschützt, was ROD zur perfekten Wahl sowohl für den Gastronomie- als auch den Wohnbereich macht.
Erhältlich in den Farben Moss Gray, Soft Pink, Ivory und Dark Asphalt, bietet diese neue Tischleuchte für jede Stimmung die passende Farbe.

ESP

El concepto de diseño de la lámpara ROD nace de la forma de una varilla de las empleadas en la construcción. Su estilizada barra conecta dos bloques de cemento imaginarios, mientras se eleva desde la base y sostiene la pantalla en la que se aloja la fuente luminosa LED. Para ajustar el nivel de luz, el usuario simplemente debe tocar la parte superior de la pantalla.
Pequeña pero robusta, se trata de una lámpara portátil que se puede recargar a través de un puerto USB de tipo C, que está protegido por una tapa de goma. Esta característica brinda a la lámpara protección frente al polvo, la suciedad y las salpicaduras, lo que convierte a la ROD en la elección perfecta para usar tanto en establecimientos hoteleros como en entornos domésticos.
Disponible en gris musgo, rosa suave, marfil y asfalto oscuro, esta nueva lámpara de mesa ofrece un color para cada personalidad.

FRA

Le concept de design de ROD s'inspire de la forme d'une tige de construction. La tige élancée unit deux blocs de ciment imaginaires, s'élevant de la base et soutenant l'abat-jour qui abrite la source de lumière LED. Pour régler la luminosité, l'utilisateur n'a qu'à toucher le haut de l'abat-jour.
Petite mais robuste, la lampe est portable et rechargeable par un port USB de type C, protégé par un capuchon en caoutchouc. Cette caractéristique spécifique permet à la lumière d'être à l'abri de la poussière, de la saleté et des éclaboussures. ROD devient ainsi le choix idéal pour les lieux d'accueil et résidentiels.
Disponible en Moss Gray, Soft Pink, Ivory et Dark Asphalt, cette nouvelle lampe de table affiche une couleur pour chaque mood.

RUS

Происхождение этой модели спрятано “под землей”: Cage был спроектирован под влиянием формы шахтерских фонарей, защищенных металлической клеткой, которая превращается в декоративный элемент и дает лампе ее название.
Контраст между хрупкостью выдувного стекла элегантного полированного диффузора и твердостью стали наружной клетки с неравномерной структурой делает Cage неповторимым элементом, характеризующимся элегантным винтажным видом.
Диффузор выпускается в двух вариантах цвета: white и bronze; они могут сочетаться по желанию с металлической клеткой с отделкой white или black. В бронзовом варианте источник света создает двойной эффект: при выключенной лампе блестящая поверхность стекла отражает геометрию клетки, при включении отражение исчезает, а цвет стекла становится теплее.
Cage Large, диаметром 46 см - это подвесная лампа, производящая огромный эффект. Версия Small, диаметром 27,5 см, подходит для создания множественных композиций в урбанистическом стиле.

CHI

这款灯件的起源在“地下”: Cage的灵感源自矿工和工人用的探照灯,它受护于一只金属笼,这只笼子继而成为此处的装饰性元素以及这款灯件的命名要素。
闪亮灯罩所用的吹制玻璃之优雅,与结构不甚规则的外笼钢体之硬度形成对比,造就了Cage的独具一格,并为其赋予一丝典雅的复古气息。
灯罩提供两种颜色, white(白色) 和bronze(青铜色),可按喜好与white(白色)或black(黑色)饰面的金属笼相搭配。青铜色版本中,光源为其赋予双重灵魂:关灯时,玻璃的光亮表面会反射出笼子的几何形状,亮灯时,反射会消失且玻璃色彩也会愈发变暖。
Cage Large, 直径46 厘米,是一款效果极佳的悬吊灯。Small版本,以其27,5厘米的直径,可形成具有都市风情的多样组合。

SPRING

pag. 20

DEU

Spring ist eine Leuchte mit Auslegerarm, die einen Klassiker zeitgemäß neu interpretiert und ihm einen Hauch von Lifestyle verleiht. Das röhrenförmige Element des Metallarms, das die Leuchte charakterisiert, biegt sich in sich selbst und bildet so einen Kreis, der an eine Feder erinnert: Spring ist von einer Sicherheitsnadel inspiriert, die dank eines minimalen und eleganten grafischen Elements, das unverkennbar einen Bezug zur Modewelt herstellt, die Leuchte kennzeichnet.
Spring ist in zwei Ausführungen erhältlich: für die Wand oder die Decke. Die Wandleuchte ist in zwei verschiedenen Abmessungen erhältlich: Die Ausführung "Large" ist mit einem Auslegerarm von mehr als 2 Metern Länge ausgestattet, die Ausführung "Medium" mit einem Stab von mehr als einem Meter. Anders als bei der Deckenversion ist die Verlagerung des Lichtpunktes mehr als einen Meter von der Decke entfernt.
Erhältlich in einer einzigen Ausführung, Deep Black, entspricht Spring voll und ganz den Bedürfnissen des Benutzenden, indem das Licht durch die Ausrichtung des mit einer Leuchtmittelfassung E27 ausgestatteten Schirms nach Belieben gelenkt werden kann.

ESP

Spring es una lámpara de brazo que reinterpreta un clásico en clave actual añadiendo un toque de estilo. El elemento tubular del brazo de metal que caracteriza a la lámpara se pliega sobre sí mismo y de este modo crea un círculo que recuerda un muelle: Spring se inspira en un imperdible que, gracias a un signo gráfico minimalista y elegante, connota de forma característica la lámpara evocando el mundo de la moda.
Spring está disponible en dos versiones: de pared o de techo. La lámpara de pared está disponible en dos medidas distintas: mientras que la grande está dotada de un brazo de más de dos metros de largo, la mediana tiene una barra que mide más de un metro. Por el contrario en la versión de techo, el desplazamiento del punto de luz dista más de un metro del techo.
Spring, disponible en un solo acabado, Deep Black, satisface plenamente las necesidades del usuario que puede dirigir la luz orientando a su gusto la pantalla dotada de una fuente luminosa que prevé una bombilla con casquillo E27.

FRA

Spring est une lampe à bras dont la réinterprétation contemporaine d'un classique ajoute une touche lifestyle. L'élément tubulaire du bras en métal qui caractérise la lampe se replie pour créer un cercle qui rappelle un ressort : Spring s'inspire d'une épingle à nourrice qui, grâce à un signe graphique minimal et élégant, distingue la lampe en évoquant le monde de la mode.
Spring est disponible en deux versions : murale ou plafonnier. L'applique est disponible en deux tailles : tandis que la grande a un bras de plus de 2 mètres, la moyenne a une tige de plus d'un mètre. Contrairement à la version plafonnier, la décentralisation du point lumineux se trouve à plus d'un mètre du plafond.
Disponible en une seule finition Deep Black, Spring répond amplement aux besoins de l'utilisateur qui peut diriger la lumière en orientant le chapeau de la lampe, équipé d'une source lumineuse comprenant une ampoule à culot E27.

RUS

Spring - это светильник на кронштейне, переосмысливающий классику в современном ключе, с привнесением особого стиля. Трубчатый элемент металлического кронштейна, характеризующего данный светильник, складывается, образуя круг, напоминающий пружину: Spring черпает вдохновение в форме английской булавки, которая, благодаря минималисткой и элегантной графике, отличает лампу и напоминает зрителю о мире моды.
Светильник Spring выпускается в двух вариантах: настенный и потолочный. Настенный светильник имеет два размера: большой с кронштейном длиной более 2 метров, а средний с кронштейном длиной более метра. В потолочной версии смещение световой точки относительно центра составляет более одного метра от потолка.
Светильник Spring выпускается с единственным вариантом цветовой отделки Deep Black и полностью отвечает потребностям пользователя, который может направлять свет по желанию, ориентируя абажур, оснащенный источником света, предусматривающим установку лампочки с цоколем E27.

CHI

Spring是一款摇臂灯,它以当代手法重新诠释经典,为生活方式凭添一丝趣致。金属摇臂的管状原件是这款灯件的特色所在,它可自行折叠，从而形成一个近似于一只弹簧的圆圈。Spring的灵感汲取自一只安全别针,简约优雅的图形标志使这款灯件以独一无二的方式与时尚界交相呼应。
Spring提供两个版本:壁式或吸顶式。壁灯版本提供两种不同尺寸:大号灯配有长度超过2米的摇臂,而小号灯配备的则是一根一米多长的灯杆。吸顶灯版本则大相径庭,拥有距离天花板一米多的光点分散装置。
提供唯一的深黑色饰面,Spring可完全满足用户需求,用户可按个人喜好通过定向灯罩来引导光线,灯罩内所配光源包含一只带有E27灯头的灯泡。

CAGE

pag. 30

DEU

Ihr Ursprung befindet sich "unter Tage": Cage ist inspiriert von den Lampen der Bergleute und Arbeiter, geschützt durch einen Metallkäfig, der hier zum dekorativen Element wird und der Leuchte ihren Namen verleiht.
Der Kontrast zwischen der Zartheit des mundgeblasenen Glases, des eleganten glänzenden Diffusors und der Härte des Stahls des äußeren Käfigs mit seiner unregelmäßigen Struktur, macht Cage unverwechselbar und verleiht ihr einen eleganten Vintage-Touch.
Der Diffusor ist in zwei Farben erhältlich, white und bronze, die beliebig mit dem Metallkäfig in white oder black Ausführung kombiniert werden können. In der Version Bronze verfügt die Lichtquelle über einen doppelten Kern: im ausgeschalteten Zustand reflektiert die glänzende Glasoberfläche die Geometrie des Käfigs, im eingeschalteten Zustand verschwindet die Reflexion und die Farbe des Glases verströmt ein wärmeres Licht.
Cage Large, mit einem Durchmesser von 46 cm, ist eine Hängeleuchte von großer Wirkung. Die Version Small, mit ihren 27,5 cm Durchmesser, eignet sich für zahlreiche Kompositionen mit metropolitanem Charakter.

ESP

Su origen es "underground": Cage se inspira en las lámparas de los mineros y los obreros, protegidas por una jaula metálica, que en este caso se convierte en un elemento decorativo y le da el nombre a la lámpara.
El contraste entre la delicadeza del vidrio soplado del elegante difusor brillante y la dureza del acero de la jaula externa de estructura irregular hace que Cage sea inconfundible y le da un toque elegantemente vintage.
El difusor está disponible en dos colores, white (blanco) y bronze (bronce), que pueden combinarse como se prefiera con la jaula metálica en los acabados white (blanco) o black (negro). En la versión bronze le regala a la fuente de luz dos aspectos distintos: cuando está apagada la superficie brillante del vidrio refleja las geometrías de la jaula y cuando está encendida el reflejo desaparece y el color del vidrio es más cálido.
Cage Large, con un diámetro de 46 cm, es una lámpara colgante con un gran efecto. La versión Small, con 27,5 cm de diámetro, se presta a múltiples composiciones de estilo metropolitano.

FRA

Son origine est « underground » : Cage s'inspire des lampes des mineurs et des ouvriers, protégées par une petite cage en métal qui devient ici un élément de décoration et donne son nom à la lampe.
Le contraste entre la délicatesse du verre soufflé de l'élégant diffuseur brillant et la dureté de l'acier de la cage à structure irrégulière rend Cage unique et lui octroie une touche élégamment vintage.
Le diffuseur est disponible en deux couleurs, white et bronze, à combiner au choix avec la cage en métal dans les finitions white ou black. Dans la version bronze, la source lumineuse lui octroie un double caractère : éteinte, la surface brillante du verre reflète les géométries de la cage, éclairée, le reflet disparaît et la couleur du verre devient plus chaude.
Cage Large, avec son diamètre de 46 cm, est une lampe à suspension de grand effet. La version Small, avec ses 27,5 cm de diamètre, est idéale pour des compositions multiples au style métropolitain.

RUS

Происхождение этой модели спрятано "под землей": Cage был спроектирован под влиянием формы шахтерских фонарей, защищенных металлической клеткой, которая превращается в декоративный элемент и дает лампе ее название.
Контраст между хрупкостью выдувного стекла элегантного полированного диффузора и твердостью стали наружной клетки с неравномерной структурой делает Cage неповторимым элементом, характеризующимся элегантным винтажным видом.

Cage Large, 直径46 厘米,是一款效果极佳的悬吊灯。Small版本,以其27,5厘米的直径,可形成具有都市风情的多样组合。

FLASK

pag. 38

DEU

Inspiriert von den einzigartigen Formen von Glasflaschen, die in wissenschaftlichen Labors verwendet werden, weist Flask eine metallische Oberfläche auf, die durch die Beleuchtung den Glascharakter offenbart.
Die Form erinnert an ein Objekt mit industriellem Flair, bei dem der visuelle Kontrast zwischen der Leichtigkeit des mundgeblasenen Glases und der Solidität der metallischen Oberfläche koexistieren. Das Objekt wird durch den Kontrast zwischen der matten metallischen Außenfläche und der glänzenden Innerseite, die mit dem Licht leuchtet und tänzerisch mit ihm zusammen spielt, noch verstärkt.
Wenn die Lampe leuchtet, enthüllt das Design von Flask eine im Glaskörper schwebende Lichtquelle, mit einer inneren glänzenden leuchtenden Oberfläche, die mit den Reflexen der anderen in der Nähe platzierten Lampen einen gewagten visuellen Effekt erzeugt. Der Lampenhals wurde so gestaltet, dass er bei eingeschaltetem Licht dunkel bleibt, wodurch die Silhouette des Objekts und seine industrielle Oberfläche hervorgehoben werden. Am oberen Ende versiegelt eine schwarze Silikonkappe mit DIESEL-Logo die Lampe und verleiht ihr einen extrem industriellen Touch.
Mit drei verfügbaren Formen und zwei Ausführungen, die an industrielle Welten erinnern: metallic black und mineral sand, kann Flask auch in Clustern platziert werden. Flask ein dekoratives Objekt, das sich auch für Cluster-Kompositionen eignet, um lebendige Lichtinstallationen mit einem äußerst zeitgenössischen Effekt zu schaffen.

ESP

Inspirada en las formas únicas de las botellas de vidrio utilizadas en los laboratorios científicos, Flask se caracteriza por una superficie metálica que revela su auténtica naturaleza de vidrio cuando está encendida.
Su forma simula un objeto caracterizado por una textura industrial en el que conviven el contraste visualmente llamativo entre la ligereza del vidrio soplado y la solidez del acabado metálico. La lámpara se ve realzada por el contraste entre la superficie exterior metálica mate y el interior brillante que, cuando está encendida, se ilumina con una inesperada danza de luz.
Cuando está encendida la lámpara de suspensión Flask revela una fuente de luz flotante en el cuerpo de vidrio, ilumina la superficie interior reluciente para crear un efecto visual atrevido. Por otro lado, el cuello de la lámpara se ha diseñado para que siga siendo oscuro realzando así la silueta de la pieza y su superficie industrial. En el extremo superior un tapón de silicona negra con el logotipo DIESEL cierra la lámpara y le da un toque sumamente industrial.
Con tres formas disponibles y dos acabados que evocan ambientes industriales - metallic black (negro metalizado) y mineral sand (arena mineral)- Flask es una pieza decorativa que también se presta a composiciones en serie para crear vibrantes instalaciones de luz con un efecto sumamente actual.

FRA

S'inspirant des formes uniques des flacons en verre utilisés dans les laboratoires scientifiques, Flask présente une surface métallique qui révèle sa nature en verre lorsqu'il est allumé.
Sa forme rappelle un objet à texture industrielle dont le fort contraste visuel entre la légèreté du verre soufflé et la matéricité de la finition métallique cohabitent. La lampe est encore davantage mise en valeur par le contraste entre la surface extérieure métallisée mate et l'intérieur brillant qui s'illumine dans une danse spontanée de lumière.
Éclairée, la suspension Flask révèle une source lumineuse qui fluctue dans le corps de verre, illumine la surface interne brillante et crée un effet visuel audacieux. Le col de la lampe a été conçu pour rester sombre, mettant ainsi en valeur la forme de la pièce et sa surface au style industriel. À l'extrémité supérieure, un bouchon en silicone noir affichant le logo DIESEL scelle la lampe et lui octroie un look fortement industriel.
Avec trois formes disponibles et deux finitions évoquant des mondes industriels - metallic black et mineral sand - Flask est une pièce décorative qui se prête également à des compositions sur cluster pour créer des installations vibrantes de lumière à l'effet extrêmement contemporain.

RUS

Вдохновленная уникальной формой стеклянных флаконов, используемых в научных лабораториях, Flask имеет металлическую поверхность, которая при освещении раскрывает ее стеклянную природу.
Форма светильника напоминает промышленный предмет, с выраженным зрительным контрастом между легкостью дутого стекла и материальностью металлической отделки. Красота светильника дополнительно подчеркивается контрастом между матовой металлической наружной стороной и глянцевой внутренней поверхностью, играющей световыми бликами, когда светильник включен.
Горящий подвесной светильник Flask открывает источник света, как будто плавающий внутри стеклянного корпуса, который освещает блестящую внутреннюю поверхность и создает смелый визуальный эффект. Верхняя часть лампы была спроектирована таким образом, чтобы всегда оставаться неосвещенной, подчеркивая линии лампы и ее промышленную поверхность. Черный силиконовый колпачок с логотипом DIESEL закрывает лампу сверху и подчеркивает индустриальный стиль.
Предлагаются три варианта формы и два варианта отделки: metallic black и mineral sand. Flask - это декоративный элемент, который можно помещать в кластерные композиции, чтобы создавать вибрирующие световые инсталляции, отличающиеся выраженной современностью.

CHI

受科学实验室中使用的玻璃瓶之独特形状的启发,Flask的特点在于有着一块在亮灯时便会显露其玻璃本质的金属表面。
它的形状令人联想起具有工业风情的物件,吹制玻璃的亮度与金属饰面的坚固度之间形成的强烈视觉对比共存于此。哑光金属外表和光泽明朗的内壁之间的对立性进一步提升了这款灯件,点亮灯光时,会闪耀令人惊叹的光舞魅影。
亮灯后, Flask 悬吊灯会显露一个仿佛漂浮在玻璃灯体中的光源,照亮其光滑的内表并营造出一种大胆醒目的视觉效果。灯件颈部被设计为亮灯时保持黑暗,从而增强着作品及其工业表面的线条感。顶端处,一只带有DIESEL 徽标的黑色硅胶帽将灯件密封,并为其赋予一丝工业感十足的情调。
提供三种形状和两种呼应着工业世界的饰面 – metallic black(金属黑) 和 mineral sand(矿物砂) – Flask 是一件也可安装于组合吊上进行搭配组合的装饰性作品,从而创造富有当代感且活力四射的照明装置。

FORK

pag. 48

DEU

Fork ist eine "Gabel" aus Stahl, auf der ein Diffusor platziert wird, der von lässiger Mode, Campingzelten und einem informellen und entschlossenen Lebensstil inspiriert ist. Ein Konzept, das in der Tisch-, Boden- und Hängeversion immer auf dem neuesten Stand ist, für jede Umgebung und jeden Moment des täglichen Lebens.
Wie beim Einschalten einer Lampe im Inneren eines Campingzeltes hebt das Licht im Inneren des Diffusors die Patchwork-Struktur hervor und verstärkt die Textur der Leinwand mit sichtbaren Nähten wie bei Jeans. Der Baumwoll-Leinen-Diffusor, erhältlich in ivory und gray, kreiert einen warmen und weichen Lichteffekt. Der Diffusor ist um 360° verstellbar, dank der brünierten Messingösen, die in starkem Materialkontrast zur Weichheit des Gewebes stehen, und ermöglicht es, den Lichtstrahl nach Belieben einzustellen.

FORK STEHLEUCHTE
Die Struktur aus Metall, die den Diffusor stützt, ist in ivory o anthracite erhältlich. Die Haltestange, die diese Leuchte immer schon charakterisierte, ist an der Base drehbar und ermöglicht es somit, den Lichtstrahl in absoluter Freiheit zu regulieren.

FORK TISCHLEUCHTE
Die Metallstruktur schlägt die Linien, Farben und Funktionen der Stehleuchte vor, hier jedoch in der Version Small, perfekt für jeden Raum.

FORK HÄNGELEUCHTE
In der Ausführung Large ist Fork eine Hängeleichte mit Einzelaufhängung von großem Charakter, dank des schwenkbaren Diffusors, der an einem tragenden Kabel aufgehängt ist. Die Version Small entfaltet ihr Potenzial bei Kompositionen mit mehrflammigen Baldachinen, deren Diffusoren den Raum mit lebhaften Lichtspielen erforschen.

ESP

Fork es un "tenedor" de acero sobre el que se apoya un difusor inspirado en la moda casual, las tiendas de campaña y un estilo de vida informal y decidido. Un concepto siempre actual articulado en las versiones de mesa, suelo y suspensión, para cualquier ambiente y momento de la vida cotidiana.
Como cuando se enciende una lámpara dentro de una tienda de campaña, la luz del interior del difusor destaca la estructura de retales y acentúa la textura de la tela con las costuras a la vista como en los vaqueros. El difusor de algodón y lino, disponible en color ivory (marfil) y gray (gris), crea un efecto luminoso cálido y tenue. El difusor, que se puede orientar a 360° gracias a los ojales de latón de color gris bélico que crean un gran contraste matérico con la suavidad de la tela, permite orientar el haz de luz como se quiera.

FORK SUELO
La estructura de metal que sujeta el difusor está disponible en color ivory (marfil) o anthracite (antracita). La varilla, con la inclinación que la caracteriza desde siempre, gira sobre la base y permite compartir el haz de luz con total libertad.

FORK MESA
La estructura de metal reitera líneas, colores y funciones de la lámpara de suelo pero en versión Small, perfecta para cualquier espacio.

FORK COLGANTE
En la versión Large, Fork es una lámpara colgante individual de gran carácter gracias al difusor orientable suspendido en un cable portante. La versión Small da lo mejor de sí misma en composiciones con florón múltiple, con los difusores que exploran el espacio con alegres juegos de haces de luz.

FRA

Fork est une "fourchette" d'acier sur laquelle est posé un diffuseur s'inspirant au style casual, aux tentes de camping, à un style de vie informel et dynamique. Un concept toujours actuel décliné dans les versions de table, de sol et suspension, pour chaque milieu et moment de la vie quotidienne.
Comme dans une tente, la lumière du diffuseur souligne la structure en patchwork et met en valeur la texture de la toile avec coutures visibles, comme celles des jeans. Le diffuseur en coton-lin, disponible en ivory et gray, crée un effet lumineux chaud et diffus. Orientable à 360° grâce aux œillets en laiton couleur bronze, en fort contraste matérique avec la souplesse du tissu, le diffuseur permet d'orienter le faisceau lumineux comme bon nous semble.

FORK SOL
La structure en métal qui soutient le diffuseur est disponible en couleur ivory ou anthracite. La tige, avec l'inclinaison qui la distingue depuis toujours, pivote sur la base et permet de partager le faisceau de lumière en toute liberté.

FORK TABLE
La structure en métal repropose les lignes, les couleurs et les fonctions de la lampe de sol mais en version Small, idéale pour tous les espaces.

FORK SUSPENSION
En version Large, Fork est une suspension unique de grand caractère grâce au diffuseur orientable suspendu à un câble portant. La version Small s'exprime au mieux dans les compositions sur patères multiples, avec les diffuseurs qui scrutent l'espace dans des jeux espiègles de faisceaux lumineux.

FORK

pag. 51

RUS

Fork - это стальная “вилка”, на которую помещается диффузор, созданный под вдохновением повседневного стиля, походных палаток, смелого и неформального образа жизни. Всегда актуальная концепция, выпускаемая в настольной, напольной и подвесной версиях, подходит для любых помещений и жизненных ситуаций.

Как лампа, горящая внутри походной палатки, свет внутри диффузора подчеркивает лоскутную структуру и текстуру полотна, со швами наружу, как на джинсах. Льняной-хлопчатобумажный абажур выпускается в вариантах ivory и gray, и создает теплый и рассеянный световой эффект. Светильник может ориентироваться под углом 360°, благодаря латунным шарнирам цвета бронзы, резко контрастирующими с мягкостью ткани, и позволяет по желанию направлять луч света.

FORK НАПОЛЬНЫЙ
Металлическая структура, поддерживающая диффузор, выпускается в двух вариантах цвета, ivory или anthracite. Стержень с характерным наклоном вращается на основании и позволяет направлять луч света по желанию.

FORK НАСТОЛЬНЫЙ
Металлическая конструкция версии Small воспроизводит линии, цвета и функции напольного торшера, и идеально подходит для любого помещения.

FORK ПОДВЕСНОЙ
Версия Large Fork - это одинарный подвесной светильник, отличающийся ориентируемым диффузором, подвешенным на несущем шнуре. Версия Small лучше всего подходит для множественных композиций на потолочном креплении, включающих в себя несколько диффузоров, создающих яркую игру световых лучей.

CHI

Fork是一款将灯罩置放在上的钢“叉”形灯件, 灵感源自休闲时尚、野营帐篷以及不拘小节的生活风尚。它是一种日益趋向于台式、落地式与悬吊式版本的理念,可针对每种环境与日常时刻。
就像您点亮野营帐篷中的灯件时一样,灯罩内的光线会突出其拼凑而出的结构,并通过如同牛仔裤上那样的可见针脚线来增强帆布的质感。棉麻灯罩,提供ivory (象牙色)和 gray(灰色)两种颜色, 营造一种温暖饱满的光亮效果。凭借与面料的柔软性形成强烈对比的枪筒色黄铜孔眼,灯罩可360度调转,使您能够随意引调光束。

FORK 落地灯
举持灯罩的金属结构供有ivory (象牙色)或anthracite (无烟煤色)两种颜色。 一贯以倾斜为其特征的灯架,可在底座上旋转,使您能够在绝对自由的情况下分享光束。

FORK 台灯
金属结构重塑其线条感,拥有与落地灯同样的颜色与功能,但版本为Small型号,可完美搭配任何空间 。

FORK 悬吊灯
Large版本的Fork 是一款特征显著的单盏悬吊灯,这得益于悬吊在一条电源缆线上的可调转式灯罩。Small 版本经在多样底盘上组合后效果更佳, 灯罩会以生动活泼的光束游戏令周围空间熠熠生辉。

GASK

pag. 58

DEU

Gask ist eine kleine Hängeleuchte mit großer Präsenz. Sie erweckt den Eindruck, als käme sie aus einem Emporium der 1920er Jahre oder einem Lagerhaus für Werkzeuge, aber sie erinnert auch an die Zikkurat, die heiligen terrassenförmigen Pyramiden des alten Mesopotamiens.
Gask ist ein perfekter Mix aus Materialien, die scheinbar in einem sensorischen Kontrast stehen - Glas, Stahl, Messing -, jedoch eine perfekte Kombination bilden. Der Stahlrahmen hat eine mattschwarze, raue und materielle Oberfläche mit ausgeprägtem industriellem Flair und ist mit dem Diffusor mit freiliegenden Messingbolzen kombiniert. Der zarte Diffusor aus mundgeblasenem Glas, in den Ausführungen transparent oder army green, deklariert bewusst die Präsenz der Lichtquelle im Inneren.
Gask ist eine Leuchte, die sowohl in einflammigen als auch mehrflammigen Baldachinen einen Impakt erzeugt, der durch die Kombination der beiden unterschiedlichen Oberflächen in einem Spiel von Transparenz und Opazität, noch verstärkt wird. Mit ihrem Retro-Flair, das dem praktischen Sinn für Modernität entspricht, vereint Gask in perfekter Weise Bezugnahmen auf die Vergangenheit und den gegenwärtigen Lebensstil.

ESP

Gask es una pequeña lámpara colgante de gran presencia. Parece que haya salido de un emporio de los años 20 o de un almacén de herramientas de trabajo, pero a la vez recuerda los zigurats, las pirámides sagradas escalonadas en terrazas de la antigua Mesopotamia.
Gask es una mezcla perfecta de materiales aparentemente en contraste sensorial – vidrio, acero y latón – que crean una mixtura ideal. El armazón de acero tiene un acabado negro mate, áspero y sólido de estilo sumamente industrial, y está unido al difusor con bulones a la vista de latón. El delicado difusor de vidrio soplado, en los acabados transparent (transparente) o army green (verde militar), declara deliberadamente la presencia de la fuente de luz en el interior.
Gask es una lámpara impactante tanto por sí sola como en composiciones múltiples en florón, incluso intercalando los dos acabados distintos en un juego de transparencias y opacidad. Con su estilo retro unido al sentido práctico de la modernidad, Gask combina perfectamente las evocaciones al pasado y el estilo de vida actual.

FRA

Gask est une lampe à suspension de petite taille mais de grande présence. Elle semble arriver tout droit d’un magasin des années Vingt ou d’un atelier. Elle fait également penser aux ziggourats, à savoir les pyramides à terrasses de l’ancienne Mésopotamie.
Gask est un mix parfait de matériaux en contraste sensoriel apparent - verre, acier, cuivre - qui créent une union idéale. La monture en acier présente une finition noir mat, rugueuse et matérique au style fortement industriel et s’unit au diffuseur au moyen de boulons apparents en cuivre. Le diffuseur délicat en verre soufflé, dans les finitions transparent ou army green, déclare délibérément la présence, à l’intérieur, de la source lumineuse.
Gask est une lampe impactante, tant individuellement qu’en composition multiple sur patère, qui peut aussi intercaler les deux finitions dans un jeu de transparences et d’opacité. Avec son style rétro qui s’unit au sens pratique de la modernité, Gask conjugue parfaitement les références du passé et le style de vie contemporain.

RUS

Gask - это маленький подвесной светильник, производящий большой эффект. Кажется, что он взят из универсального магазина 20-х годов или со склада рабочих инструментов, он также напоминает зиккураты, священные террасные пирамиды древней Месопотамии.

Gask представляет собой идеальное сочетание материалов, обладающих выраженным сенсорным контрастом - стекла, стали, латуни - которые создают идеальную композицию. Стальная рама имеет матовую черную отделку, шершавую и материальную, с выраженным индустриальным стилем, и соединена с диффузором с помощью латунных болтов, помещенных на виду. Изящный диффузор из дутого стекла, с отделкой transparent или army green, подчеркивает источник света, находящийся внутри.

Gask - это эффектная лампа, используемая как по отдельности, так и в композиции из нескольких ламп, с установкой на потолочном креплении, используя две разных отделки, чередуя прозрачность и матовость. Gask сочетает в себе ретро-стиль с практичной современностью, отсылки к прошлому и современный образ жизни.

CHI

Gask 是一款效果显著的小型悬吊灯。仿若出自一座20年代的商场或是一座储放工作用具的仓库,但亦可令人联想至古代美索不达米亚地带神圣的金字塔形梯田神塔。

Gask是一系列具有明显感官对比的材料之完美结合– 玻璃、钢、黄铜– 共同创造出一种完美融合。钢制框架的饰面为哑黑色,粗糙且具有强烈的工业风情,并通过肉眼可见的黄铜螺栓与灯罩相连。精致的吹制玻璃灯罩,拥有transparent(透明色) 或army green(军绿色)两种饰面, 刻意凸显其内部光源的存在。

无论是单盏还是组合于底盘上,亦或是在透明与哑光的游戏中穿插两种不同饰面, Gask 都是一款具有冲击力的灯件。以其怀旧气息邂逅现代之中的实用感, Gask将回顾往昔与当代生活风尚完美结合。

GLASS DROP

pag. 64

DEU

Wie ein Tropfen glühenden Materials scheint Glass Drop die magische und schwer fassbare Natur des mundgeblasenen Glases in dem Moment darzustellen, in dem es sowohl flüssig als auch fest ist, kurz bevor es Gestalt annimmt.
In der Ausführung chrome hat sie eine Oberfläche, die im ausgeschalteten Zustand wie ein Spiegel reflektiert, während sie im eingeschalteten Zustand so aussieht, als ob das Licht das Metall auflöst und die Farbe des Lichts zum Vorschein bringt: eine Leuchte, die ihre Persönlichkeit mit einer einfachen Berührung des Schalters verändert. Glass Drop ist auch in einer hellen Version white erhältlich, die extrem vielseitige Gestaltungsmöglichkeiten bietet.
Glass Drop ist besonders eindrucksvoll in mehreren Kompositionen, wie ein aus vielen Anhängern zusammengesetztes Juwel, das Funktionalität und Harmonie im Zeichen vereint.

ESP

Como una gota de material incandescente, Glass Drop parece representar la naturaleza mágica y escurridiza del vidrio soplado en el instante en que es al mismo tiempo líquido y sólido.
En la versión chrome (cromo) tiene una superficie que cuando está apagada refleja como un espejo, mientras que cuando está encendida parece que la luz funda el metal revelando el color de la luz: una lámpara que cambia de personalidad simplemente tocando el interruptor. Glass Drop también está disponible en una cándida versión white (blanca) que ofrece una gran versatilidad de ambientación.
Glass Drop tiene un gran efecto en composiciones múltiples, como una joya formada por muchos colgantes que une funcionalidad y armonía.

FRA

Comme une goutte de matériau incandescent, Glass Drop semble représenter la nature magique et éphémère du verre soufflé à l'instant où il est fluide et solide à la fois, juste avant de prendre forme.
Dans la version chrome, la surface reflète comme un miroir à lumière éteinte, tandis qu'à lumière éclairée, elle semble dissoudre le métal en révélant sa couleur : une lampe qui change de personnalité en effleurant simplement l'interrupteur. Glass Drop est également disponible dans une version candide white qui offre une polyvalence extrême d'adaptabilité à tous les types d'espaces.
Glass Drop est de grand effet dans les compositions multiples, comme un joyau composé de pendentifs, dans un binôme de fonctionnalité et d'harmonie.

RUS

Как капля раскаленного стекла, Glass Drop олицетворяет волшебную и неуловимую природу дутого стекла в тот момент, когда оно является одновременно жидким и твердым, непосредственно перед тем, как принимает определенную форму.
В версии chrome в выключенном состоянии поверхность отражает предметы, как зеркало, а когда лампа включена, кажется, что свет растворяет металл, открывая его тональность: эта лампа меняет свой вид при простом нажатии выключателя. Glass Drop выпускается также в белоснежном варианте white, прекрасно адаптируемом к любому интерьеру.
Glass Drop создает особенно сильный эффект, когда используется в множественных композициях, как ювелирное украшение, состоящее из множества подвесок, сочетающих в себе функциональность и гармонию.

CHI

仿若一滴白炽物质, Glass Drop 仿佛代表着吹制玻璃在即将成形之前的同时,以液态或固态呈现的神奇玄妙的本质。
chrome(铬色)版本, 有着在关灯时会像一面镜子般反射的表面,而在亮灯时,光线似乎在对其颜色的拾捡中融化着金属: 是一款只需轻触开关便可转变个性的灯件。Glass Drop还供有一款率真的white (白色)版本,为周围环境赋予极致的多用性。
Glass Drop在多样组合时效果更佳,就像一颗由许多吊坠组成的珠宝,且兼具标志的多用性与和谐性 。

PIPE

pag. 72

DEU

Formen, die an große Fabrikrohre erinnern, entmaterialisiert und erleichtert durch ihren textilen Charakter. Dies sind die Pipe Leuchten, die sich durch ihre beachtliche Größe und das warme, über die gesamte Fläche gestreute Licht auszeichnen.
Pipe entstand aus der Forschung von Diesel in der Welt der Stoffe und ist in gebleichtem Rohleinen oder mit gedrucktem Dekor erhältlich. Die unregelmäßige Webart verwandelt sich in ein leuchtendes Dekor, das dem Stoff weitere Emotionen verleiht und den traditionellen Lampenschirm revolutioniert.
Erhältlich in zwei Größen, Medium und Large, ist Pipe eine architektonische Präsenz, die allein oder in Gruppen von mehreren Elementen eingesetzt werden kann, um einen Raum zu beleuchten, zu charakterisieren und sogar zu definieren.

ESP

Formas que recuerdan las grandes tuberías de una fábrica, desmaterializadas y más ligeras gracias a su naturaleza textil. Son las lámparas Pipe, que se caracterizan por el gran tamaño y la luz cálida que se difunde por toda la superficie.
Pipe nace de la investigación Diesel en el mundo de las telas y está disponible de lino en bruto blanqueado o con adorno impreso. La trama irregular se transforma en un adorno luminoso añadiendo más emoción a la tela y revolucionando la pantalla tradicional.
Disponible en dos tamaños, Medium y Large, Pipe es una presencia arquitectónica que puede utilizarse sola o en grupos de varios elementos para iluminar, caracterizar e incluso definir un espacio.

FRA

Des formes qui rappellent les grands conduits des usines, dématérialisés et allégés par leur nature textile. Ce sont les lampes Pipe qui se caractérisent de par leurs dimensions importantes et la chaude lumière diffuse sur toute la surface.
Pipe provient de la recherche Diesel dans l'univers des tissus et est disponible en lin brut blanchi avec impression. La trame irrégulière se transforme en décoration lumineuse, pour encore plus d'émotion et un abat-jour complètement revisité.
Disponible en deux dimensions, Medium et Large, Pipe se veut une présence architecturale à utiliser seule ou à plusieurs éléments regroupés, pour illuminer, caractériser, voire définir un espace.

RUS

Формы, напоминающие большие фабричные трубы, дематериализованные и облегченные благодаря текстилю. Светильники Pipe отличаются большими размерами и теплым светом, рассеянным по всей поверхности.
Pipe была разработана фирмой Diesel, проводящей исследования в текстильной области.
Этот светильник выпускается из выбеленного необработанного льна или ткани с нанесенным декоративным узором. Неровная текстура превращается в световой узор, добавляя дополнительную красоту ткани и преобразуя идею традиционного абажура.
Выпускаемый в двух размерах, Medium и Large, светильник Pipe - это архитектурный элемент, который можно использовать отдельно или в групповых композициях, состоящих из нескольких частей, чтобы освещать, придавать характер и подчеркивать пространство.

CHI

形状令人联想起工厂中的大型管道,以其织物本质而达到非物质化与轻便化。它们是Pipe灯件, 其特征体现于重要的尺寸及遍布整个表面的温暖散射光线上。
Pipe 诞生于Diesel 在织物领域中的研究下,供有漂白粗亚麻或印花装饰两种版本。不规则的纹理转换为一种明朗的装饰,为织物凭添更多情感并革新了传统灯罩。
提供两种尺寸,Medium 和 Large,Pipe是一款可单独使用或是多种元素组合使用的建筑体系灯件,能够为一块空间照明、添彩并定义 。

URBAN CONCRETE

pag. 78

DEU

Inspiriert von den Pollern, die in der Stadtlandschaft zu finden sind, ist Urban Concrete ein Beleuchtungskörper, der mit einer von einem Haken gekrönten Kuppel klare Linien und feste Oberflächen ausbalanciert.
Während die Metallkuppel eine Illusion von Schwere erzeugt, ist Urban Concrete sehr leicht und verleiht mit seinen drei Oberflächen - soft gray, tough gray und pink dust - und der weißen Innenfläche jedem Interieur einen Hauch von Robustheit und Raffinesse.
Erhältlich in vier Größen (25, 50, 60 und 80 cm), ist Urban Concrete für unterschiedliche Verwendungszwecke und Interieurs im privaten und öffentlichen Bereich konzipiert. Die 25-cm-Kuppel ist an einem einzigen tragenden Kabel aufgehängt und kann auch auf mehrflammigen Baldachinen installiert werden, um einzigartige Pop- und Cluster-Kompositionen mit einem ausgewogenen Verhältnis zwischen Solidität und Schlichtheit zu kreieren.

ESP

Inspirada en los bolardos que se encuentran en el paisaje urbano, Urban Concrete es una lámpara que busca el equilibrio en las líneas limpias y las superficies sólidas con una cúpula coronada por un gancho de elevación.
Si bien la cúpula de metal torneado evoca un bloque de hormigón y crea una ilusión de pesadez, en realidad Urban Concrete es una lámpara colgante muy ligera y dúctil. Gracias al contraste entre los tres acabados de hormigón - soft gray (gris suave), tough gray (gris fuerte) y pink dust (rosa pálido) - y el blanco cándido de la superficie interna del difusor, Urban Concrete le da un toque de solidez y sofisticación a cualquier interior.
Disponible en cuatro tamaños (25, 50, 60 y 80 cm), Urban Concrete se ha concebido para diferentes usos y tipos de interiores domésticos y públicos. La cúpula de 25 cm cuelga de un solo cable portante y también se puede instalar en múltiples florones para crear composiciones opuestas y grupos únicos con un juego de equilibrios entre solidez y simplicidad.

FRA

S`inspirant des bornes que l'on trouve dans le paysage urbain, Urban Concrete est une lampe qui conjugue les lignes épurées et les surfaces solides avec un dôme surmonté d'un crochet de levage.
Alors que le dôme en métal tourné rappelle un bloc de ciment et crée une impression de lourdeur, Urban Concrete est en réalité une lampe à suspension très légère et ductile. Grâce au contraste entre les finitions en ciment - soft gray, tough gray et pink dust - et le blanc candide de la surface intérieure du diffuseur, Urban Concrete présente une touche de matéricité et de raffinement dans tous les espaces intérieurs.
Disponible en quatre tailles (25, 50, 60 et 80 cm), Urban Concrete est conçue pour différents emplois et typologies d'intérieurs domestiques et publics. La coupole de 25 cm est suspendue à un unique câble portant et peut être installée sur des patères multiples pour créer des compositions pop et des clusters uniques, dans un jeu d'équilibre entre solidité et simplicité.

RUS

Этот светильник создан под вдохновением бетонных столбов, которыми усеян городской ландшафт. Urban Concrete представляет собой светильник, уравновешивающий чистые линии и прочные поверхности с куполом, увенчанным подъемным крюком.
Точеный металлический купол напоминает бетонный блок и создает иллюзию тяжести, в действительности Urban Concrete - это очень легкий и универсальный подвесной светильник.
Благодаря контрасту бетонной отделки - soft gray, tough gray и pink dust - и белоснежной внутренней поверхности диффузора, Urban Concrete придает изысканность и материальность любому интерьеру.
Urban Concrete имеет четыре варианта размеров (25, 50, 60, и 80 см) и предназначен для различных применений в домашних и общественных помещениях. Купол размером 25 см подвешен к одинарному несущему шнуру, он может устанавливаться на множественные потолочные крепления для создания контрастных композиций и уникальных кластеров, характеризуемых прочностью и простотой.

CHI

灵感源自城市景观中的系缆柱,Urban Concrete是一款结合着干净线条与坚固表面的灯件,呈圆顶形且悬吊于一根吊钩上。
尽管弯转的金属圆顶会令人联想起混凝土块并营造一种沉重的错觉,但Urban Concrete 事实上却是一款非常轻巧坚韧的悬吊灯。凭借三种混凝土饰面之间的对比– soft gray(柔灰色)、 tough gray(坚灰色) 和 pink dust(尘粉色) – 以及灯罩内表的率真白色,Urban Concrete会为任何室内装饰凭添坚固性与精致感。
针对各种用途以及居家和公共室内环境,Urban Concrete提供四种不同尺寸 (25、50、 60和80 厘米)。25厘米的圆顶悬吊于单根电源线上,也可装置于多样底盘上,以一种介于坚固性与简约性之间的平衡游戏营造流行的组合与独特的群簇。

VINYL

pag. 90

DEU

Vinyl ist eine äußerst graphische Leuchte. Sie besteht aus einer Metallplatte mit einer kreisförmig eingravierten Textur, die an eine Schallplatte erinnert, Klangschwingungen emuliert und gleichzeitig das Licht auf fesselnde Weise für das menschliche Auge aufteilt.
Vinyl ist eine vielseitig einsetzbare Decken- und Wandleuchte aus Metall, die sich auch perfekt als Hängeelement eignet. Sie ist in zwei Größen mit 60 und 32 cm Durchmesser und in zwei Ausführungen erhältlich: silver und deep black.
Für Wand- und Deckenausführungen empfehlen wir die Verwendung von kuppelverspiegelten Leuchtmitteln, für einen indirekten Streiflicht-Effekt an der Oberfläche, die zu vibrieren scheint.
Ihr dynamisches Design macht diese dekorative Leuchte perfekt für öffentliche Räume. Leg Vinyl auf und genieße das Licht!

ESP

Lámpara sumamente gráfica, Vinyl está formada por una superficie metálica con un dibujo circular grabado similar a un disco de vinilo que parece evocar las vibraciones sonoras mientras descompone la luz de forma cautivadora para el ojo humano.
Vinyl es una lámpara versátil de techo y de pared de metal torneado perfecta también como elemento de suspensión. Está disponible en dos tamaños, 60 y 32 cm de diámetro, y dos acabados: silver (plateado) y deep black (negro intenso).
Para las variantes de pared y techo se recomienda utilizar bombillas con casquillo apantallado para conseguir un efecto de luz indirecta y paralela a la superficie que parecerá que vibra.
Su dinamicidad hace que esta lámpara decorativa sea perfecta para los espacios públicos. ¡girad el vinilo y disfrutad de la luz!

FRA

Extrêmement graphique, Vinyl se compose d'une plaque de métal avec texture gravée circulaire rappelant un disque de musique, émulant les vibrations sonores tout en divisant la lumière d'une manière captivante à l'œil humain.
Vinyl est une lampe polyvalente de plafond, de mur et de suspension en métal tourné. Disponible en deux tailles, 60 et 32 cm, et deux finitions : silver et deep black.
Pour les variantes murales et de plafond, l'utilisation d'ampoules à calotte est préconisée pour un effet de lumière indirecte et rayonnant en surface, qui donnera l'impression de vibration.
Grâce à son design dynamique, cette lampe décorative est parfaite pour les espaces publics. Faites tourner le disque et appréciez la lumière!

RUS

Графический светильник Vinyl изготовлен из металлической пластины с кольцевой выгравированной текстурой, напоминающей виниловую пластинку, создающую ощущение звуковых колебаний, деля свет и создавая завораживающий для человеческого глаза эффект
Vinyl - это универсальный потолочный и настенный светильник из выточенного металла, который также может использоваться в качестве подвесного элемента. Он выпускается в двух размерах, диаметром 60 и 32 см, и двух вариантах отделки: silver и deep black.
Для настенных и потолочных вариантов мы рекомендуем использовать лампы с экранированными цоколями для создания эффекта непрямого света, касающегося поверхности и создающего иллюзию вибрации.
Его динамичный дизайн делает данный светильник прекрасно подходящим для общественных помещений. Включите пластинку и наслаждайтесь светом!

CHI

一款图形感极强的灯具,Vinyl 由一块刻有类似于黑胶唱片的圆形图案的金属表面组成,仿佛在模拟声音震动的同时以迷人的方式将光线散入眼帘。
Vinyl是一款由车削金属制成的多功能天花板式和壁式灯件,也是作为悬吊式灯件的完美之选。提供两种尺寸,60和32 厘米的直径,以及两种饰面:silver (银色)和deep black (深黑色)。
针对壁式和天花板式版本,建议使用屏光球形灯泡,以期在表面上制造一种间射光线的效果,仿佛是在震颤一般。
它那具有动感的标志使这款装饰性灯件非常适合公共空间。转动唱盘并享受光线吧!

Art. 1 Recital

Unless otherwise provided for in a separate written agreement between the parties, every sale of products of Lodes S.r.l., VAT 02992370276 (hereinafter, “the Seller”) is governed by the following General Conditions of Sale that must be considered as an essential part of this agreement and shall be deemed to have been accepted by the Buyer even though the latter has not signed them. Any clause unilaterally added by the Buyer in the documentation signed by it and / or in its correspondence, being against or in any case in addition to the general conditions or to those specific expressly approved in writing by the Seller, shall be deemed as not written and shall be of no effect.

Art. 2 Completion of the sale, quantities and prices

The sale is deemed to be completed once the Seller gives the written order confirmation also by fax and / or email or when deliveries are commenced in cases where the immediate delivery of the supply is requested, also in consideration of changes occurred and then accepted by the customer. The prices agreed are understood for products delivered ex works of the Seller and do not include services and accessory charges (such as VAT, special packaging, transport and installation costs, and / or assemblages and so on).

Art. 3 Delivery, risk transfer and transport

Products are delivered to the Buyer at the Seller’s plant or at another place indicated in writing by the Seller, and the risk transfer takes place with the delivery of the goods to the first carrier or Buyer in the events of collection of goods directly carried out by the latter. The products always travel at the Buyer’s sole risk also when the carrier is selected and appointed by the Seller, being the latter freed from all responsibilities after having delivered the products to the carrier, this delivery is deemed to all effects being carried out directly by the said Buyer. The delivery terms agreed are to be understood as indicative. If the Seller is responsible for delay of delivery for a period of up to 60 days, the Buyer is not entitled either to refuse the supply or to request the termination of the agreement and / or the compensation for any damages. If the delay in delivery exceeds 60 days, the Buyer is entitled to request – by registered letter – the cancellation of the order and the reimbursement of the advances if paid. In any event, the Seller shall not be liable for and / or direct and indirect damages of any nature and for any reason due to the delay or the failure to carry out the supply.

Art. 4 Reservation of title

The Buyer acquires property rights over the goods with the full payment of the price invoiced of the supplies but it takes the risks thereof as of the delivery.

Art. 5 Productsfeatures and conditions of use

Unless otherwise expressly agreed in writing by the parties, the conditions for using of the products are those communicated or in any case resulting from the drawings and technical specifications of the Seller, if any, or as described in the website www.lodes.com/en/ in relation to products. The quality levels of products are the standard quality levels of the Sellers, indicated in the relevant specifications as described on the Seller’s website. It is always the Buyer’s responsibility to identify and notify the Seller of the conditions of use of products before technically defining them. Failing any particular instructions from the Buyer, the Seller considers as usual conditions of use those it considered or described in its designs and technical documentation.

Art. 6 Warranties

The products delivered are covered by a warranty for defects in material and manufacture for a period of 24 months as of the delivery if the Buyer is a natural person, otherwise the warranty period will be of 12 months as of the delivery. The Seller shall replace the products delivered in this warranty period being faulty due to factory defects or in alternative, at its discretion, pay the Buyer an amount equal to the price already invoiced of the said products, being expressly excluded and waived any other right or claim by the Buyer also as compensation for direct and / or indirect damages or cost repayment borne by it (such as recovery, technical assistance, recalling costs, etc.). The Seller will anticipate the delivery of the replaced product, invoicing it regularly. Successively, when the product arrive to the Seller’s warehouse, the latter will credit the amount of the defective product. The transport’s costs will be paid by the Seller. Should the defected item be returned in an inadequate non–original packaging, with damages connected to the transport, The Seller will not credit any amount to the Buyer, and it will return the product to the sender at his own expenses. If the replacement was made for alleged defects in material and manufacture, but after the control carried out by the Seller, it is considered (i) unfounded, due to the absence of defects; (ii) further damaged by insufficient packaging in the return transport (iii) spoiled by tampering made by the Buyer, all transportation costs and the entire value of the product will be charged to the latter. Any defectiveness or non–compliance of products shall be reported by the Buyer by writing to the Seller – in order to be valid – within 8 days from receipt of goods; any hidden defects shall be reported by the Buyer by writing to the Seller – always in order to be valid – within 8 days as of the relevant discovery. It being understood that the Seller will not be responsible for any defect even though hidden, being notified in writing, after 24 months of the delivery of goods. The warranty does not apply where the defects identified are due to the Buyer’s negligence and / or to the use of products being not compliant with the information and explanations in any case gave by the Seller, technical provisions, to incorrect design, application, assembly or manufacture of the facilities in which they are installed, to incorrect maintenance carried out by unauthorized personnel, to improper cleaning since it is made with materials and manners being not suitable, to incorrect storage, handling and transport, to improper or imprudent use, also in the event of electrical system and its capacity being not suitable, or to circumstances that in any case cannot be related to the production defectiveness by the Seller. Every single product of the Seller corresponds to the mark laid down by the European Community with Directive 93 / 68 (extension of Directive 73 / 23) to confirm, with a mark recognized all over Europe, that the lights have undergone the electrical safety test required by European standards EN–60598–1–2 II ed. + CEI EN 60598–1 IV ed. corresponding to Italian standards CEI 34–21 + CEI 34–23, electrical safety standards referred to by all institutions, including the IMQ. The products indicated with the logo UL and / or ETL corresponds to the standards UL 1598 / CAN / USA C22.2 No.250.0 o UL 153.

Art. 7 Buyer’s Obligations

The Buyer is required to immediately take delivery of the goods given by the Seller to the carrier, or – where otherwise agreed – to timely collect them at the Seller’s plant on the date on which the Seller communicates, by any means, that the goods are ready. Where the Buyer delays the collection of the production for a period exceeding 10 days, in addition to the payment of price it shall pay the Seller a proper compensation equal to 2% per day of the price invoiced for storing such products. The Buyer shall carry out the payments normally, in accordance with the terms and conditions specified in the invoice. For late payments it will be accrued by default without need of further notification interest under Legislative Decree no. 231 / 2002. In the event of payment delays, the Seller is entitled to immediately suspend any supply, even though it has concluded other agreements with the same Buyer. The failure to pay within the terms agreed will cause in any event the loss of favourable terms for the Buyer.

Art. 8 Replacement of the Product

If a product is returned for commercial reasons or for a mistake in the order made by the Buyer, the Seller will retain an amount equal to the 20% of the total price as cost for reconditioning the product. If the returned product had already been used and / or it has been returned in an inadequate original packaging, with consequent transport damages, the Seller will not credit to the Buyer any amount and it will return the product to the sender at his own expenses. Only the articles in the catalogue and in the price list in force at the time of the request will be taken into consideration. Transport’s costs are always charged to the Buyer. The repair of damaged products will be authorized only if the damage has been caused by the Buyer. The Buyer, once accepted repair costs, will take care of returning the damaged product to the Seller’s warehouse and it will pay the costs of transporting the repaired product.

Art. 9 Force majeure

If the Seller is unable to comply with the agreement due to force majeure or beyond its control events, the deadlines set for the supply are automatically extended for a period in which these effects continue. Where the obstacle to comply with the agreement is longer than 6 months, both parties may request the termination of the agreement and, in such event, the Seller repay the Buyer the advances received, if any, releasing itself from any additional obligation on it.

Art. 10 Agreement

In the event of execution of a specific agreement signed by the parties, the said agreement together with its Annexes provides for and summarizes the obligations validly undertaken by the parties and being binding for them. The fulfilment by the parties will be subject to effective evaluation of the actual performance of the contractual tasks and duties to be carried out in good faith, with honesty and fairness. These General Conditions of Sale shall apply to the agreement, unless otherwise provided in writing by the parties or expressly provided in the said agreement.

Art. 11 Privacy Policy

The Seller will use the data received from the Buyer in accordance with the provisions of the article 13 of EU Regulation 2016 / 679 of 27 April 2016 (GDPR). For more information are available at the following link: www.lodes.com / en / terms-and-conditions /.

Art. 12 Disputes

Any dispute which may arise concerning the signing, validity, interpretation, performance, amendment and termination of the agreement or of these General Conditions of Sale will be settled according to principles and rule set forth in Article 13 below.

Art. 13 Jurisdiction and Applicable Law

The Court of Milan, Italy, shall be held exclusively competent, being any other court of competent jurisdiction expressly excluded, and the Italian Law shall be applicable.

Art. 14 Website

These General Conditions of Sale are those indicated on the website www.lodes.com / en / and may be printed and reproduced on paper. The Seller undertakes to update the website www.lodes.com / en / by publishing on it the version of the General Conditions of Sale as amended from time to time.

Art. 1 Premessa

Salvo deroga risultante da apposito accordo scritto tra le parti, ogni compravendita di prodotti di Lodes S.r.l., P.IVA 02992370276 (di seguito: “Venditore”) è regolata dalle seguenti Condizioni Generali di Vendita che costituiscono parte essenziale del contratto e che si intendono pertanto accettate dal Compratore ancorché dallo stesso non sottoscritte. Qualsiasi clausola unilateralmente apposta dal Compratore nei documenti da lui sottoscritti e / o nella sua corrispondenza, che sia contraria o comunque in aggiunta alle seguenti condizioni generali od a quelle speciali espressamente approvate per iscritto dal Venditore, si intende come non scritta ed è priva di ogni effetto.

Art. 2 Perfezionamento della compravendita, quantitativi e prezzi

La compravendita si intende perfezionata con la conferma d’ordine scritta del Venditore anche a mezzo fax e / o posta elettronica o con l’inizio delle consegne per i casi in cui è stata richiesta l’immediata consegna della fornitura anche in presenza di modifiche intervenute e quindi accettate dal cliente. I prezzi concordati si intendono per prodotti consegnati franco stabilimento del Venditore e non comprendono prestazioni ed oneri accessori (quali IVA, imballo speciale, spese di trasporto, di installazione e / o montaggi e così via).

Art. 3 Consegna, trasferimento del rischio e trasporto

La merce viene consegnata al Compratore presso lo stabilimento del Venditore o in altro sito dallo stesso indicato per iscritto, ed il trasferimento del rischio avviene con la consegna della stessa al primo vettore o al Compratore nelle ipotesi di ritiro della merce da quest’ultimo direttamente eseguita. La merce viaggia sempre a rischio esclusivo del Compratore anche quando il vettore dovesse essere scelto ed incaricato dal Venditore, essendo quest’ultimo liberato da ogni responsabilità con la consegna dei prodotti al vettore, che ad ogni effetto si intende eseguita a mani dallo stesso Compratore. I termini di consegna pattuiti si intendono indicativi. In caso di ritardo nella consegna imputabile al Venditore per un periodo fino a 60 gg il Compratore non ha il diritto di rifiutare la fornitura, né di richiedere la risoluzione del contratto e / o il risarcimento di alcun danno. Se il ritardo nella consegna supera il termine di 60 gg il Compratore ha la facoltà di richiedere – con lettera raccomandata – l’annullamento dell’ordine e la restituzione degli anticipi eventualmente versati. Resta in ogni caso escluso qualsivoglia obbligo del Venditore di risarcimento danni diretti e / o indiretti di qualsiasi natura e per qualsiasi ragione, in dipendenza del ritardo ovvero della mancata esecuzione della fornitura.

Art. 4 Riserva di proprietà

Il Compratore acquista la proprietà della merce solo con il pagamento integrale del prezzo fatturato delle forniture ma ne assume i rischi dal momento della consegna.

Art. 5 Caratteristiche dei prodotti e condizioni di utilizzo

Salvo diverso ed espresso accordo scritto tra le parti, i parametri funzionali dei prodotti sono quelli espressi comunicati o comunque risultanti nei disegni e specifiche tecniche del Venditore se esistenti o su quanto indicato sul sito web www.lodes.com relativamente ai prodotti. I livelli di qualità dei prodotti forniti sono quelli standard del Venditore, evidenziati nelle relative specifiche o su quanto indicato e desumibile sul sito web del Venditore. È onere del Compratore individuare e comunicare al Venditore le condizioni di utilizzo dei prodotti prima della relativa definizione tecnica. In mancanza di indicazioni da parte del Compratore il Venditore considera condizioni di utilizzo quelle di prassi dallo stesso considerate o esplicitate nei propri disegni e documentazione tecnica.

Art. 6 Garanzie

I prodotti forniti sono coperti da garanzia per difetti di materiale e / o fabbricazione per un periodo di 24 mesi dalla consegna se il Compratore risulta essere una persona fisica, diversamente il periodo di garanzia sarà di 12 mesi dalla consegna. Il Venditore sostituisce i prodotti resi in detto periodo di garanzia e riconosciuti difettosi per vizi d’origine ovvero in alternativa ed a sua scelta accredita al Compratore una somma pari al prezzo già fatturato dei prodotti stessi, restando espressamente escluso e rinunciato qualsiasi diverso diritto o pretesa del Compratore anche a titolo di risarcimento danni diretti e / o indiretti o di rimborso di costi dallo stesso sostenuti (quali costo di riprese, di assistenza tecnica, di richiamo, ecc.). Il Venditore anticiperà l’invio del prodotto in sostituzione, fatturandolo regolarmente, andando poi ad accreditare l’importo alla riconsegna del prodotto difettoso reso. Le spese di trasporto saranno a carico del Venditore. Qualora l’articolo oggetto del reso venisse riconsegnato in un imballo non originale inadeguato con conseguenti danni da trasporto, il Venditore non accrediterà al Compratore alcun importo e rinvierà al mittente, a sue spese il prodotto. Qualora il reso venisse effettuato per presunti vizi d’origine ma dopo il controllo effettuato dal Venditore lo stesso venisse ritenuto (i) infondato, per assenza di vizi; (ii) ulteriormente danneggiato da insufficiente imballaggio nel trasporto di ritorno (iii) viziato da manomissione posta in essere dal Compratore, verranno addebitati a quest’ultimo tutti i costi di trasporto nonché l’intero valore del prodotto. Eventuali difettosità o non conformità dei prodotti devono essere segnalate dal Compratore per iscritto al Venditore – a pena di decadenza – entro e non oltre 8 gg dalla data di ricevimento della merce; eventuali difetti occulti devono essere segnalati dal Compratore per iscritto al Venditore – sempre a pena di decadenza – entro 8 gg dalla relativa scoperta. Resta inteso che il Venditore non sarà responsabile per alcun vizio ancorché occulto, comunicato per iscritto, oltre 24 mes i dalla consegna della merce. La garanzia non opera ove i difetti rilevati siano imputabili a negligenza del Compratore e / o ad impiego dei prodotti non conforme con le informazioni e le spiegazioni in ogni caso fornite dal Venditore, alle prescrizioni tecniche, ad errata progettazione, applicazione, montaggio o fabbricazione delle strutture ove sono installati, ad errata manutenzione operata da personale non autorizzato, a pulizia impropria in quanto effettuata con modalità o materiali non idonei, ad errato magazzinaggio, movimentazione e trasporto, ad uso improprio od incauto, anche in caso di impianto elettrico e portata dello stesso non idonea, ovvero a circostanze che comunque non possono ricollegarsi a difettosità di produzione da parte del Venditore. Ogni singolo prodotto del Venditore è conforme alla marcatura richiesta dalla Comunità Europea con la direttiva 93 / 68 (ampliamento della direttiva 73 / 23) per confermare con una marcatura riconosciuta in tutta Europa, che le lampade sono state sottoposte alle prove di sicurezza elettrica richieste dalle norme Europee EN–60598–1–2 II ed. + CEI EN 60598–1 IV ed. corrispondenti norme italiane CEI 34–21 + CEI 34–23, norme per la sicurezza elettrica a cui fanno riferimento tutti gli istituti, compreso l’IMQ. I prodotti indicati con il marchio UL e / o ETL sono conformi alla normativa UL 1598 / CAN / USA C22.2 No.250.0 o UL 153.

Art. 7 Obblighi del Compratore

Il Compratore è tenuto a prendere immediatamente in consegna i prodotti affidati dal Venditore al vettore, ovvero – se diversamente concordato – a puntualmente ritirarli presso lo stabilimento del Venditore alla data di comunicazione di merce pronta che potrà avvenire con ogni mezzo da parte del Venditore. Ove il Compratore ritardi il ritiro dei prodotti per un periodo superiore a 10 gg, oltre al pagamento del prezzo deve corrispondere al Venditore un adeguato compenso pari al 2% al giorno dell’importo fatturato per il magazzinaggio degli stessi. Il Compratore deve effettuare i pagamenti normalmente, con le modalità e nei termini precisati in fattura. Sui ritardati pagamenti decorreranno, di pieno diritto e senza necessità di costituzione in mora, gli interessi di cui al D.lgs. n. 231 / 2002. In caso di ritardo dei pagamenti il Venditore ha diritto a sospendere immediatamente ogni fornitura, anche se dipendente da altri contratti con lo stesso Compratore. Il mancato pagamento nei termini pattuiti comporta in ogni caso la decadenza del Compratore dal beneficio del termine.

Art. 8 Resi

In caso di reso commerciale o in caso di reso per errore del Compratore, il Venditore tratterrà un importo pari al 20% minimo del totale a titolo di costo di ricondizionamento dell’articolo. Qualora l’articolo oggetto del reso fosse già stato utilizzato e / o venisse riconsegnato in un imballo non originale inadeguato, con conseguenti danni da trasporto, il Venditore non accrediterà al Compratore nessun importo e rinvierà al mittente, a sue spese, il reso. Verranno presi in considerazione solamente gli articoli presenti nel catalogo e nel listino in vigore al momento della richiesta. Le spese di trasporto sono sempre a carico del Compratore. I resi per riparazione vanno autorizzati solo se la causa del danno è dipesa dal Compratore che dopo aver accettato il costo di riparazione si occuperà a proprie spese di rispedire l’articolo danneggiato in sede e si accollerà poi i costi relativi al trasporto del prodotto riparato.

Art. 9 Forza maggiore

Qualora il Venditore sia impossibilitato a rispettare il contratto per cause di forza maggiore o comunque indipendenti dalla sua volontà, i termini previsti per l’esecuzione della fornitura sono automaticamente prorogati per un periodo equivalente al perdurare degli effetti di tali cause. Qualora la causa impeditiva continui per più di 6 mesi entrambe le parti possono chiedere la risoluzione del contratto ed in tal caso il Venditore restituisce al Compratore gli anticipi eventualmente ricevuti, con esclusione di ogni e qualsiasi onere ulteriore a suo carico.

Art. 10 Contratto

In caso di sottoscrizione di apposito contratto lo stesso con i suoi allegati contiene e riassume le obbligazioni validamente assunte dalle parti e per esse vincolanti. L’adempimento delle parti sarà oggetto di valutazione dell’effettiva esecuzione dei compiti e doveri contrattuali, da effettuarsi in buona fede, onestà e con equità. Le presenti Condizioni Generali di Vendita si applicheranno al contratto salvo deroga risultante da atto scritto o in esso contratto esplicitamente prevista.

Art. 11 Trattamento dei Dati Personali

Il Venditore utilizzerà i dati ricevuti dal Compratore conformemente alle disposizioni vigenti in materia di Privacy secondo l’art. 13 del Regolamento Europeo 2016 / 679 (GDPR). Maggiori informazioni sono disponibili al seguente link: www.lodes.com / area-legale /.

Art. 12 Controversie

Qualora dovesse verificarsi una qualsivoglia controversia avente ad oggetto la formazione, validità, interpretazione, esecuzione, modifica e risoluzione del contratto o delle presenti Condizioni Generali di Vendita, questa sarà risolta secondo i principi e le regole indicate nell’articolo 13 che segue.

Art. 13 Foro competente e legge applicabile

Foro esclusivamente competente sarà quello di Milano con esplicita esclusione di ogni altro foro alternativamente competente, e la legge applicabile quella italiana.

Art. 14 Sito Web

Le presenti Condizioni Generali di Vendita, sono quelle risultanti sul sito web www.lodes.com e sono stampabili e riproducibili su supporto cartaceo. Il Venditore si impegna ad aggiornare il sito web www.lodes.com mediante la pubblicazione sullo stesso della versione di Condizioni Generali di Vendita di volta in volta modificata.

Limited Warranty
12 months
for United States Only

Coverage

Lodes S.r.l., with headquarter in 30020 Marcon (VE), Via Pialoi 32 Italy, VAT N.: 02992370276 (hereinafter, "WARRANTOR") warrants that each WARRANTOR PRODUCT will be free from defects in material and workmanship for a period of twelve months from the date of shipment / delivery of the PRODUCT (that can be identified by the "Studio Italia Design" or "Lodes" trademark, trade name, or logo affixed to them). The Limited Warranty is referred to herein as "the Limited Warranty." The PURCHASER's sole and exclusive remedy under this Limited Warranty for defects in the PRODUCT shall be the repair, replacement or refund of the purchase price, in WARRANTOR's sole discretion, of the defective PRODUCT, or components thereof.

Not Covered

This Limited Warranty also does not apply to, and WARRANTOR shall have no liability or responsibility in respect of, damages or expenses relating to:

- The failure to properly store, transport, install or use the PRODUCT as, for example, specified in any manuals or other literature supplied by WARRANTOR, on WARRANTOR's website, or in accordance with any applicable laws, codes, regulators or standards;

- Any PRODUCT purchased from any entity other than WARRANTOR;

- Alteration, change or modification of the PRODUCT, including its subcomponents, parts or assemblies;

- WARRANTOR also makes no warranty that a PRODUCT manufactured does not infringe the intellectual property or other proprietary rights of any third party;

- Accidents, misuse, abuse, abnormal use, improper use, negligent use, wilful misconduct, or use exceeding the recommended and permitted limits of the PRODUCT, and / or normal wear or deterioration;

- Any defect or non-conformity that has not been timely and promptly communicated in writing to WARRANTOR as set forth herein.

- Any damage, cost or expense caused by Act of God; or

- Loss of time, loss of use, inconvenience, loss of profits, lost business, lost business opportunities, damage to reputation, goodwill and any incidental or consequential damages arising out of or relating to the PRODUCT, or other matters not specifically covered hereunder.

Procedure

Upon delivery, PURCHASER shall, within one (3) business day, inspect the PRODUCT for conformity and visible defects. PURCHASER shall give WARRANTOR immediate written, specific and detailed notice of any non-conformities or defects regarding the PRODUCT. Upon receipt of the written notice of claim, WARRANTOR shall have the right to inspect the PRODUCT. In the event of a defect covered by this Limited Warranty, WARRANTOR will, at WARRANTOR's discretion, repair or replace the PRODUCT or any component of the PRODUCT or refund the purchase price for that particular PRODUCT. In the event that PURCHASER submits a warranty claim that, in the sole reasonable discretion of the WARRANTOR, is unfounded, the PURCHASER shall reimburse the WARRANTOR all reasonable costs incurred by the WARRANTOR in evaluating the warranty claim (i.e. travel, lodging, expert evaluations, etc.). WARRANTOR must approve, in advance and in writing, all repairs or replacements covered under or performed pursuant to this Limited Warranty. Any warranty repairs or service must be performed exclusively by WARRANTOR or other authorized representative of WARRANTOR or by another servicing facility pre-approved in writing by WARRANTOR. Acceptance of any Limited Warranty claim is not an admission that any PRODUCT or any of its component parts are defective.
The PURCHASER forfeits any rights it may have under this Limited Warranty if the PURCHASER does not follow the procedure described herein.
All requests and notices under this Limited Warranty shall be directed to:

Lodes S.r.l.,
Via Pialoi n. 32, 30020
Marcon (VE), Italy
E-mail: legal@lodes.com
Fax: +39 0414 56 73 37

Limitation of Damages

LIMITATION OF DAMAGES. Except as expressly provided by this Limited Warranty, WARRANTOR SHALL NOT BE RESPONSIBLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES ASSOCIATED WITH THE USE OR NON-USE OF THE PRODUCT OR A CLAIM UNDER THIS LIMITED WARRANTY, WHETHER THE CLAIM IS BASED ON CONTRACT, TORT OR OTHERWISE. The foregoing statements of warranty are exclusive and in lieu of all other remedies or damages. Some States do not allow the exclusion or limitation of incidental or consequential damages, so only in this case this limitation or exclusion may not apply to you.

This Limited Warranty shall be the sole and exclusive remedy available to the PURCHASER with respect to this PRODUCT. In the event of any alleged breach of any warranty or any legal action brought by the PURCHASER, based on breach of warranty, alleged negligence or other tortious conduct by WARRANTOR, the PURCHASER's sole and exclusive remedy will be the repair or replacement of any defective PRODUCT as stated herein. In no event shall the liability of the WARRANTOR exceed the purchase price of the PRODUCT.

Disclaimer

ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND ALL IMPLIED WARRANTIES ARISING FROM A COURSE OF DEALING, USAGE OF TRADE, BY STATUTE OR OTHERWISE, IS HEREBY STRICTLY LIMITED TO THE TERM OF THIS WRITTEN WARRANTY. This Limited Warranty shall be the sole and exclusive remedy available to the PURCHASER with respect to this PRODUCT. In the event of any alleged breach of any warranty or any legal action brought by the PURCHASER based on alleged negligence or other tortious conduct by WARRANTOR, the PURCHASER'S sole and exclusive remedy will be repair or replacement of defective materials or refund of the purchase price, as stated herein.

Transfer of
Limited Warranty

This warranty is made by WARRANTOR with only first PURCHASER of the PRODUCT and does not extend to any subsequent PURCHASER or any third parties. The unexpired portion of this Limited Warranty may not be transferred to any entity.

Applicable Law

This Limited Warranty shall be deemed to have been particularly negotiated between parties. The parties expressly acknowledge and irrevocably agree that any and all claims or disputes arising out of or otherwise relating to this Limited Warranty shall be decided exclusively by Court of Milan under Italian Law with the exclusion of any courts of any place. PURCHASER expressly waives any provision of law in the jurisdiction in which PURCHASER is located or any other potentially applicable law which conflicts with any provision of this Limited Warranty at any time.

Other Rights

Your acceptance of delivery of The PRODUCT constitutes your acceptance of the terms of this Limited Warranty. This Limited Warranty gives you specific legal rights, and you may also have other rights which vary from state to state. If any term or provision of this Limited Warranty is invalid or unenforceable under any local, state, or federal law, statute, judicial decision, regulation, ordinance, executive order or other rule of law, such term shall be deemed reformed or deleted, but only to the extent necessary to comply with such statute, regulation, ordinance, order or rule and the remaining provisions of this Limited Warranty shall remain in full force and effect.

Entire Agreement

This document alone contains the entire Limited Warranty given by WARRANTOR in respect of the PRODUCT. Nothing in WARRANTOR's product literature, marketing materials, advertisements and technical specifications expand or enlarge the scope of this Limited Warranty. There are no terms, promises, conditions or warranties regarding the PRODUCT other than those expressly contained herein. WARRANTOR specifically does not authorize any person, including but not limited to any dealer or other agent or employee of WARRANTOR, to extend the time, scope, terms or conditions of this Limited Warranty or to create or assume for WARRANTOR any other obligation or liability with respect to the PRODUCT or other products designed, manufactured or sold by WARRANTOR. All terms of this Limited Warranty are contractual and not mere recitals, and constitute material terms of this Limited Warranty. It is agreed and acknowledged that the provisions of this Limited Warranty allocate the risks between WARRANTOR and PURCHASER, that WARRANTOR's pricing reflects this allocation of risk, and but for this allocation and limitation of liability, WARRANTOR would not have entered into this Limited Warranty.

The agents, employees, and dealers of WARRANTOR Products are not authorized to make modifications to this limited warranty or make additional warranties binding on the WARRANTOR.

THIS DOCUMENT AND ALL PROVISIONS CONTAINED HAS BEEN SPECIFICALLY AGREED BETWEEN THE PARTIES.
