Lodes – Standard tools, bespoke solutions

Balancing innovative technical know-how and the essence of Italian design, Venice-based Lodes has been designing and producing *lighting solutions* for interiors and exteriors since 1950. Thanks to the use of materials of the highest quality, Lodes’ products are *premium lighting* that prioritise the *relationship with the user* and suit most needs and moods – with proprietary LED modules as well as versatile standard light sources.

Lodes – Strumenti universali per soluzioni personalizzate

Coniugando design contemporaneo e tecnologia di punta, l’azienda veneziana Lodes progetta e produce *soluzioni d’illuminazione* d’arredo d’interni ed esterni dal 1950. Grazie all’impiego di materiali di altissima qualità, i prodotti Lodes sono soluzioni illuminotecniche di eccellenza che privilegiano *l’interazione con l’utente finale* e in grado di soddisfare ogni esigenza e mood d’arredo anche grazie a esclusivi moduli LED e a fonti luminose standard particolarmente versatili.

MASTERY
Originating in founder’s passion for glass, Lodes represents a three-generation evolution from pure passion to brilliant lighting solutions. Today, Lodes favours durable materials that can be moulded at will, to suit specific design visions and best serve each project. Glass and metal celebrate the company’s manufacturing know-how and its high-quality essence.

MAESTRIA

Nata dalla passione per il vetro del fondatore, Lodes racconta un percorso evolutivo attraverso tre generazioni, dalla pura passione alle soluzioni illuminotecniche più originali. L’azienda veneziana opta per materiali durevoli da plasmare a piacimento in funzione delle specifiche esigenze di design di ogni singolo progetto. È così che il vetro e il metallo celebrano il know-how produttivo e la qualità di Lodes.

Designers

The collaborations with international designers consolidate the company's commitment to distinctive decorative design, continuous development, and experimentation. Lodes' workshop is the place where technical know-how meets new creative perspectives, where designers' creative ideas are shaped and elaborate sketches give life to new product stories.

Le collaborazioni con designer internazionali consolidano l'impegno dell'azienda a creare soluzioni decorative uniche, frutto di continue ricerche e sperimentazioni. L'officina Lodes è il luogo di incontro tra know-how tecnico ed estro in cui le idee creative dei designer prendono forma e schizzi elaborati generano inedite narrazioni di prodotto.

MARCO DESSÍ
Studio *Marco Dessí* is a multidisciplinary design studio based in Vienna. The studio's approach is practical and collaborative, where design is understood as an interactive process. Dessí's studio is not committed to any particular style, preferred material or unified formula, but rather regards designing as a trade characterised by a deep understanding of materials, processes and how the two are linked. The way in which an object is produced has a direct influence over its aesthetic appearance and the story that it tells. In his work, *Marco Dessí* values transparency in terms of a consistent link between the process of designing and the actual conditions of production. ● EN

Marco Dessí è uno studio di design multidisciplinare con sede a Vienna. Adottando un approccio pratico e collaborativo, lo studio concepisce il design come un processo interattivo. Lo studio Dessí non si ispira ad uno stile specifico né predilige un materiale o si basa su una formula universale, bensì si dedica alla progettazione come attività caratterizzata da una profonda comprensione dei materiali, dei processi e del legame tra tali elementi. Il modo in cui un oggetto viene prodotto incide direttamente sulla sua estetica e sulla storia che racconta. Per questo, nei propri lavori *Marco Dessí* fa della trasparenza il nesso coerente tra il processo di progettazione e le effettive condizioni produttive. ● IT

CHIA-YING LEE

Chia-Ying Lee was born in Taiwan and became a designer in new media and industrial design after study. She graduated from the Interaction Design Institute Ivrea in 2006. After working for PEGA Design & Engineering, she set up studio if in 2011. Her work is a blend of design, art and technology embodied in physical forms, from products to installations. Studio if also runs small production of her works for stores and galleries in Europe and Asia. Her projects have won various awards including “IF China Product Design Award”, “Taiwan Excellence Award” and “SDA Best Design of The Year”. She was selected as one of the IFFS Asian Star Talents in 2015. That same year she designed for Lodes. ● EN

Chia-Ying Lee è nata a Taiwan e, dopo gli studi, è diventata progettista di design industriale e new media. Laureata all'Interaction Design Institute di Ivrea nel 2006, ha lavorato per PEGA Design & Engineering, per poi fondare lo studio if nel

2011. Il suo lavoro è una fusione di design, arte e tecnologia incarnata in forme fisiche, dai prodotti alle installazioni. Lo studio if realizza anche piccole produzioni delle sue opere per negozi e gallerie in Europa e Asia. I suoi progetti hanno vinto diversi premi tra cui “IF China Product Design Award”, “Taiwan Excellence Award” e “SDA Best Design of The Year”. Nel 2015 è stata selezionata tra i talenti asiatici all'IFFS. Nello stesso anno ha progettato per Lodes. ● IT

DIMA LOGINOFF

Dima Loginoff was born in 1977 in Moscow, where in 1997 he graduated from the College of Hairdresser's Art and then worked as a designer for over 10 years. In 2008 he graduated with distinction from the International Design School in Moscow and the Rhodex International Interior Design School in London. Over time he has received important awards including the “Grand Prix Award” in 2007, the “Young Designer of the Year-2010” by Elle Magazine, the “Twelve Golden” by the Russian magazine Interior + Design, several publications in magazines around the world. Today, in addition to new projects, *Dima Loginoff* teaches in specialisation courses and holds design seminars. For Lodes she designed the acclaimed suspension lamp. ● EN

Dima Loginoff è nato nel 1977 a Mosca, dove nel 1997 si è laureato al College of Hairdresser's Art e poi ha lavorato come stilista per oltre 10 anni. Nel 2008 si è laureato con merito alla International Design School di Mosca e alla Rhodex International Interior Design School di Londra. Nel tempo ha ricevuto importanti riconoscimenti tra cui il “Grand Prix Award” nel 2007, il “Young Designer of the Year-2010” di Elle Magazine, il “Twelve Golden” della rivista russa Interior + Design, diverse pubblicazioni su riviste di tutto il mondo. Oggi, accanto a nuovi progetti, *Dima Loginoff* insegna in corsi di specializzazione e tiene seminari di design. Per Lodes ha progettato l'acclamata sospensione. ● IT

VITTORIO MASSIMO

Architect *Vittorio Massimo* was born in Treviso in 1981. In 2007 he began a three-year collaboration with John Pawson Architects in London and with MZC+ in Treviso until 2017. Meanwhile, he continues his professional activity with private commissions and participates and wins several awards in national and international competitions. In 2020 the project for the Maison 203 showroom was included in the first list of architectures nominated for the Archdaily best building of the year award and in 2021 he was among the winners of the Big See award with the same project. He works in parallel in product design and lighting design, and in 2014 he won the Chicago Athenaeum Good Design Award. ● EN

L'architetto *Vittorio Massimo* nasce a Treviso nel 1981. Dal 2007 inizia una collaborazione di tre anni con lo studio John Pawson Architects e con lo studio MZC+, che prosegue fino al 2017. Parallelamente segue la propria attività professionale con incarichi privati e partecipando e vincendo diversi premi in concorsi nazionali e internazionali. Nel 2020 il progetto per lo showroom Maison 203 rientra nella prima lista di architetture nominate per il premio di miglior edificio dell'anno per Archdaily e nel 2021 è tra i vincitori, con lo stesso progetto, del Big See award. Lavora parallelamente nell'ambito del design di prodotto e nel lighting design, e nel 2014 vince il Chicago Athenaeum Good Design Award. ● IT

NEEDS STUDIO
Needs is an Italian product design studio founded in 2020 by Davide Gerlin, Marco Brunato, and Matteo Coracin. Their vision of design is focused on the ability to find solutions to customer needs, maintaining a style that is a bridge between the nature of the brand and their sensitivity. Their method leads them to investigate first what it may be logical to enter the market for a specific brand, a product research that is influenced and matures on each project, a result that is not only the outcome of a clear style but rather a mixture of points of view. *Needs'* goal is to create objects that are identifiable in their uniqueness, that speak of the brand for which they were shaped, and that reflect the values of the studio. ● EN

Needs è uno studio italiano di product design fondato nel 2020 da Davide Gerlin, Marco Brunato e Matteo Coracin. La loro visione del design è focalizzata sulla capacità di trovare soluzioni alle esigenze del cliente, mantenendo uno stile che fa da ponte tra la natura del brand e la sensibilità dello studio. Il loro metodo li porta ad indagare cosa può essere inserito nel mercato per un determinato brand. Una ricerca di prodotto che viene maturata per ogni progetto, originando un risultato che è il frutto di una fusione di punti di vista. L'obiettivo di *Needs* è creare oggetti che siano identificabili nella loro unicità, che parlino dell'azienda per cui sono stati plasmati, rispecchiando i valori dello studio. ● IT

LUCA NICHETTO
Multidisciplinary designer *Luca Nichetto* was born in 1976 in Venice. He studied at the city’s Istituto Statale d’Arte and Università IUAV di Venezia, graduating in 1998. Luca setup Nichetto Studio in 2006 in Venice. Five years later he moved to Stockholm to start his family and open a second studio. He has lectured at several universities and has sat on juries for international design competitions. His work is often featured in exhibitions worldwide and has been the subject of retrospectives worldwide. Nichetto’s projects have earned him an array of awards for designs that range from products, accessories and furniture to architecture, exhibition design and branding. ● EN

Il designer multidisciplinare *Luca Nichetto* nasce a Venezia nel 1976. Intraprende gli studi all’Istituto Statale d’Arte della città per poi iscriversi all’Università IUAV, dove si laurea nel 1998. Nel 2006 fonda Nichetto Studio a Venezia e cinque anni dopo si trasferisce a Stoccolma, dove mette su famiglia e apre il secondo studio. Le sue opere, spesso esibite in prestigiose esposizioni di respiro internazionale, sono state oggetto di mostre retrospettive in tutto il mondo. I progetti firmati Nichetto hanno ricevuto numerosi riconoscimenti nell’ambito del design, spaziando dai prodotti, agli accessori e complementi d’arredo fino all’architettura, agli allestimenti espositivi e al branding. ● IT

PATRICK NORGUET
Patrick Norguet approaches objects and design from a graphical perspective. A “hands-on” approach of industry and design studies in Paris (ESDI) mark the unusual profile of this constructive rebel. Drawing inspiration from everything that surrounds him, *Patrick Norguet* does not follow trends but seeks to give shape to products whose relevance and modernity would withstand the test of time: “A well-designed object, an object created through generous collaboration is timeless.” From consumer products to luxury objects, *Patrick Norguet* leaves an impression of authenticity and elegance. Today, he is an essential figure on the international design scene. ● EN

Patrick Norguet si avvicina agli oggetti e al design da una prospettiva grafica. Un approccio “pratico” agli studi industriali e di design a Parigi (ESDI) segna il profilo insolito di questo ribelle costruttivo. Traendo ispirazione da tutto ciò che lo circonda, *Patrick Norguet* non segue le tendenze, ma

cerca di dare forma a prodotti la cui attualità e modernità possano resistere alla prova del tempo: “Un oggetto ben progettato, un oggetto creato grazie a una collaborazione generosa è senza tempo”. Dai prodotti di consumo agli oggetti di lusso, il designer lascia un’impressione di autenticità ed eleganza. È oggi una figura essenziale nel panorama del design internazionale. ● IT

SNØHETTA
Snøhetta has grown to become one of the most internationally renowned Architecture & Design practices globally. The practice began as a collaborative architectural and landscape workshop in 1989 and has remained true to its multi-disciplinary way of thinking until this day. Museums, product developments, reindeer observatories, visual universes and virtual landscapes all get the same care and attention. Since then, *Snøhetta* has introduced specialised disciplines to enhance our capabilities and reach. These disciplines act at the forefront of sustainable and social innovation. Even with a primarily international approach and staff, *Snøhetta* has maintained a strong and unified culture that is well-rooted within the Nordic model. ● EN

Snøhetta si è affermato tra gli studi di architettura e design più rinomati a livello internazionale. Nato nel 1989 come laboratorio collaborativo di architettura e del paesaggio, lo studio è rimasto sempre fedele al proprio approccio multidisciplinare. Dai musei, agli sviluppi di prodotto, dagli osservatori di renne agli universi visivi fino ai paesaggi virtuali, ogni elemento merita la stessa cura e attenzione. Da allora *Snøhetta* ha introdotto specifiche discipline che, perseguendo lo scopo di potenziare capacità e possibilità, aprono la strada all’innovazione. Nonostante il carattere internazionale, *Snøhetta* ha mantenuto una solida cultura unificata ben radicata nel modello nordico. ● IT

STUDIO ITALIA DESIGN
Very often teamwork generates winning ideas. This has been the experience for *Studio Italia Design*, a creative workshop that brings together different intuitions and gives shape to the ideas of the company’s own people-technical and creative staff, insiders who know the sector deeply. The results of the synergy of craft, curiosity and speed, contaminated by the endless energy of Andrea Tosetto, are firmly established success stories, like the suspension lamp *Sky–Fall*, or the *A–Tube* and *Puzzle* collections. ● EN

Dal lavoro di squadra nascono molto spesso idee vincenti. È questa l’esperienza di *Studio Italia Design*, un laboratorio creativo che accoglie le intuizioni e dà forma alle idee delle persone dell’azienda, tecnici, creativi, conoscitori del settore. I risultati della sinergia di mestiere, curiosità e velocità, contaminati dall’energia inesauribile di Andrea Tosetto, sono storie di successo ormai consolidate, come la lampada a sospensione *Sky–Fall* e le collezioni *A–Tube* e *Puzzle*. ● IT

ANDREA TOSETTO
Andrea Tosetto studied at the Art High School and at the Accademia delle Belle Arti in Venice. At the age of 18, he joined the company founded by his father Angelo in 1950, which he soon took over. Andrea marks the transition of the company from the classical lines of that time to an innovative and more contemporary language. His dynamic entrepreneurial style and lively creative vein come to life in refined products that enhance the craftsmanship method. Andrea succeeded in emphasising the company’s know-how, focusing on the internalisation of production processes and on the use of quality materials with a strong bond with the Venetian territory. *Kelly* and *Nautilus*, are just some of Andrea’s creations for Lodes. ● EN

Andrea Tosetto si forma al Liceo Artistico e all’Accademia delle Belle Arti di Venezia. A 18 anni entra a far parte dell’azienda fondata dal padre Angelo nel 1950, di cui presto prenderà le redini. Andrea segna il passaggio dell’azienda dalle linee classiche dell’epoca ad un linguaggio innovativo e più contemporaneo. Il suo stile imprenditoriale dinamico e la sua vena creativa vivace prendono forma in prodotti curati che esaltano il sistema di lavorazione artigianale. Andrea ha saputo dare protagonismo al saper-fare dell’azienda, mirando all’internalizzazione dei processi di produzione e all’utilizzo di materiali di qualità con un forte legame con il territorio veneziano. *Kelly* e *Nautilus*, sono solo alcune delle creazioni di Andrea per Lodes. ● IT

PIO & TITO TOSO

Pio and Tito are brothers, born in 1973 and 1971 in Venice, where they graduated in Architecture in 1998. In 1996 they founded their design studio *Pio & Tito Toso*. The Studio works on architecture projects in Italy and abroad, and takes parts in numerous contests. In the field of industrial design the Toso brothers boast projects with the most qualified lighting and furniture companies. The list of awards they received includes Design Plus Award 2016, Red Dot Design Award 2015, Red Dot Design Award 2012 Good Design Award 2009, I.Dot selection 2006–2007, Young & design 2005. They have participated in exhibitions in Europe and the United States. ● EN

I fratelli Pio e Tito nascono nel 1973 e nel 1971 a Venezia dove si laureano in architettura nel 1998. Nel 1996 aprono lo studio di progettazione *Pio & Tito Toso*. Lavorano nel campo dell’architettura realizzando numerosi progetti sul territorio nazionale ed internazionale e partecipano a vari concorsi. Nel campo del design industriale vantano collaborazioni con le aziende più qualificate nell’illuminazione e nell’arredo. La lista dei riconoscimenti che hanno ricevuto include Design Plus 2016, Red Dot Design Award 2015, Red Dot Design Award 2012, Good Design Award 2009, selezione I.Dot 2006–2007, Young & design 2005. Hanno partecipato a mostre in Europa e Stati Uniti. ● IT

YOY
Established in 2011, YOY is a design studio by Naoki Ono and Yuki Yamamoto, based in Tokyo and working internationally. They design mainly furniture, lighting and interiors around the theme of “between space and objects”. The products pursue aspects of design that go beyond ease of use and functionality. YOY first presented their independent works at Milan Design Week 2012 and have since participated in the event for eight consecutive years. Their works have now been commercialized by European and American brands. Their works are sold all over the world including MoMA, and they have received several international awards. ● EN

Fondato nel 2011 da Naoki Ono e Yuki Yamamoto, YOY è uno studio di design con sede a Tokyo e operante a livello internazionale. Il tema centrale che caratterizza il loro design, è l’analisi del rapporto “tra spazio e oggetto”

nel progettare arredi, illuminazione e spazi interni. I prodotti perseguono aspetti del design che vanno oltre la facilità d’uso e la funzionalità. Gli YOY hanno presentato per la prima volta i loro lavori alla Milano Design Week del 2012 e da allora hanno partecipato all’evento per otto anni consecutivi. I loro lavori sono stati messi in vendita da brand europei e americani. I loro lavori sono venduti in tutto il mondo, incluso il MoMA, e hanno ricevuto numerosi premi internazionali. ● IT

NIKA ZUPANC
After graduating with honour in 2000 at the Academy of Fine Arts and Design, Department of Industrial design in Ljubljana, the Slovenian product and interior designer *Nika Zupanc* became a globally recognised name with the launch of her first object in 2007. In 2008, she established her own eponymous studio in her hometown of Ljubljana and since works as an independent designer constantly involved in projects that grow out of distinctive interpretations of modern culture, contemporary design and available technological options. Her visual language comes from deep within and is about “communicating the things that cannot be told.” ● EN

Dopo essersi laureata con lode nel 2000 presso Academy of Fine Arts and Design, in Industrial Design a Lubiana, la product e interior designer slovena *Nika Zupanc* è diventata un nome riconosciuto a livello mondiale con il lancio del suo primo oggetto prodotto su larga scala nel 2007. Nel 2008 ha fondato l’omonimo studio nella sua città natale, Lubiana, e da allora lavora come designer indipendente, costantemente coinvolta in progetti che nascono da interpretazioni distintive della cultura moderna, del design contemporaneo e delle varie tecnologie disponibili. Il suo linguaggio visivo nasce dal profondo e si propone di “comunicare le cose che non possono essere raccontate”. ● IT

Canopy Systems

1	Recessed Micro	Low voltage
2	Single	Line & Low voltage
3	Wall Standard	Line voltage

The freedom offered by Lodes’ canopies brings to life the concept of “standard bespoke” which characterises the collection, a selection of products which are universal yet particular to each client’s needs. Smart functional solutions as well as stand-out decorative elements, canopies provide an array of possibilities to personalise any living spaces, whether residential or public.

La libertà offerta dai rosoni Lodes dà vita al concetto di “standard su misura” che contraddistingue la collezione: una selezione di prodotti che, nonostante il carattere universale, rispondono alle esigenze specifiche di ogni cliente. I rosoni Lodes si presentano come soluzioni funzionali e insieme elementi decorativi differenzianti che garantiscono una miriade di possibilità di personalizzazione degli spazi abitativi, residenziali e pubblici.

Single canopies

Single

Lodes offers canopies to suit every project. *Single canopies* are ideal for highlighting the corner of a room or enhancing single light sources. They can also be used to create multiple custom combinations on high ceilings or in spaces which do not allow lights to be grouped in a cluster.

Lodes propone rosoni in grado di adattarsi ad ogni progetto. I *rosoni singoli* si prestano ad enfatizzare gli angoli di una stanza o a valorizzare singoli corpi luce. Inoltre, possono essere impiegati per creare composizioni multiple personalizzate su soffitti molto alti o in situazioni che non consentono l’utilizzo di cluster.

Cluster suspension lamps:

Multiple canopies

Round and Rectangular

For an impactful lighting effect *multiple canopies*, *round* or *rectangular*, are functional systems to create suspended compositions with a variable but predefined number of holes.

Per un’illuminazione di grande impatto, i *rosoni multipli*, *rotondi* o *rettangolari* sono sistemi funzionali che permettono di creare composizioni sospese con un numero di fori variabile ma predefinito.

1	3 Lights Round	Line & Low voltage
2	5 Lights Round	Line & Low voltage
3	7 Lights Round	Line & Low voltage
4	9 Lights Round	Line & Low voltage
5	14 Lights Round	Line & Low voltage
6	24 Lights Round	Line & Low voltage
7	36 Lights Round	Line & Low voltage
8	7 Lights Rectangular	Line & Low voltage
9	14 Lights Rectangular	Line & Low voltage
10	28 Lights Rectangular	Line & Low voltage

Multiple canopies

Radial

Alternatively, *radial systems* are an innovative way to separately manage various suspension cables starting from one single canopy, this is a particularly useful way to illuminate spaces with irregular ceilings.

In alternativa, i *sistemi radiali* rappresentano una soluzione innovativa per gestire separatamente diversi cavi di sospensione a partire da un unico rosone, rivelandosi particolarmente utili per illuminare ambienti con soffitti irregolari.

1	1-4 Lights Radial	Line & Low voltage
2	5-12 Lights Radial	Line & Low voltage
3	13-28 Lights Radial	Line & Low voltage

Track

Meanwhile, *track systems* offer various possibilities of in-line composition with a variable number of lamps depending on the preferred type of installation, for example in projects which require height-aligned or staggered suspensions.

I *sistemi a binario* offrono molteplici possibilità di composizione in linea con un numero variabile di lampade a seconda del tipo di installazione desiderato, ad esempio in caso di progetti che prevedono sospensioni allineate in altezza o sfalsate.

1	Short Lights Track	Line & Low voltage
2	Long Lights Track	Line & Low voltage

Configurator

Jefferson, Recessed Micro

JIM, 14 Lights Round

Random Solo, Single

Lodes’ product configurator offers endless opportunities to create personalised canopy lighting. Users of the configurator tool can choose a *suspension lamp* and combine this with a *canopy*, to create a piece that works with a multitude of decorative and functional lighting requirements.

Il configuratore di prodotto Lodes offre infinite possibilità per creare un’illuminazione personalizzata con i rosoni Lodes. Il configuratore permette di selezionare una *lampada a sospensione* e di combinarla con un *rosone* a scelta per creare un pezzo unico in grado di soddisfare una varietà di bisogni e desideri decorativi e funzionali.

Nostalgia, 7 Lights Rectangular

Random, Long Lights Track

Random Solo, 5 Lights Round

Spider, 5-12 Lights Radial

The product configurator highlights the creative and practical potential of *Lodes' canopies*. *Canopies* are available as either single or multiple systems. These highly functional lighting options can be installed in any part of a room regardless of power source and the design conceals electrical joints. *Lodes' canopies* are also a stand-out decorative element which gives individual light fixtures an original look and makes combinations of light fixtures truly unique. The variety of the range provides an array of possibilities to personalise any living space, whether residential or public.

The product configurator embodies the Lodes concept of “*standard bespoke*”, products which are universal yet particular to each client’s needs. This ensures that, having started from the standard elements, users of the tool can build a personal composition to suit their creative and technical requirements.

Il configuratore di prodotto evidenzia il potenziale creativo e pratico dei *rosoni Lodes*. I *rosoni* sono disponibili sia come elementi singoli che come sistemi multipli. Elementi di illuminazione altamente funzionali, i *rosoni* possono essere installati in qualsiasi parte della stanza indipendentemente dalla fonte di alimentazione e sono progettati in modo da nascondere i collegamenti elettrici. I *rosoni Lodes* sono anche un elemento decorativo che dona alle lampade singole un aspetto originale e rende le combinazioni davvero uniche. La varietà della gamma offre un ampio ventaglio di possibilità per personalizzare qualsiasi ambiente abitativo, sia esso residenziale o pubblico.

Il configuratore di prodotto dà forma al concetto Lodes di “*standard su misura – standard bespoke*”, prodotti universali ma particolari alle esigenze di ciascun cliente. Questo fa sì che, a partire da elementi standard e grazie al configuratore, gli utenti possano creare la composizione su misura che meglio soddisfa le loro esigenze creativi e tecnici.

Elara

The name Elara connotes astronomy and Greek mythology, and its geometric design mimicks the trajectory of the planets within the universe. Inspired by astral motion, the lamp is characterised by two metal rings, one of which can be set at various angles to produce fluidity and movement, as well as a small sphere at the bottom of the lamp that contains the light source.

The central ring can be positioned to reach different heights and angles, allowing users to experiment with casting light and shadows. Elara features a dimmer controlled with the wall-mounted power switch, allowing users to modulate the intensity of the light to create their ideal lighting scheme.

Available in two sizes, medium (Ø 60 cm) and large (Ø 80 cm), Elara suits a range of environments, such as over a dining table in a residential setting, or as part of a larger installation in public spaces like a hotel lounge or restaurant.

Il nome Elara richiama l'astronomia e la mitologia greca, e il suo design geometrico imita la traiettoria dei pianeti nell'universo. Ispirata al movimento astrale, la lampada è caratterizzata da due anelli metallici, uno dei quali può essere posizionato a varie angolazioni per produrre fluidità e movimento, e da una piccola sfera all'estremità inferiore della lampada che contiene la sorgente luminosa. L'anello centrale può essere posizionato in modo da raggiungere diverse altezze e angolazioni, consentendo agli utenti di sperimentare la proiezione di luci e ombre. Inoltre, Elara è dimmerabile mediante dimmer comandato dall'interruttore a parete, che consente di modulare l'intensità della luce per creare il proprio schema di illuminazione ideale. Disponibile in due dimensioni, medium (Ø 60 cm) e large (Ø 80 cm), Elara si adatta ad una vasta gamma di ambienti, come ad esempio sopra un tavolo da pranzo in un ambiente residenziale, o come parte di un'installazione più grande in spazi pubblici come la lounge di un hotel o un ristorante.

Elara medium and large,
FINISHES Black and Gold

Le nom Elara évoque l'astronomie et la mythologie grecque, et son design géométrique la trajectoire des planètes dans l'univers. S'inspirant du mouvement astral, la lampe se caractérise par deux anneaux métalliques : un pouvant être positionné à différents angles, créant ainsi fluidité et mouvement, et par une petite sphère à l'extrémité inférieure de la lampe qui abrite la source lumineuse. L'anneau central peut être positionné pour atteindre différents angles et hauteurs, permettant aux utilisateurs d'expérimenter la projection de lumière et d'ombre. De plus, Elara est dimmable au moyen d'un gradateur contrôlé par l'interrupteur mural qui permet de moduler l'intensité de la lumière pour créer un éclairage idéal. Disponible en deux tailles, medium (Ø 60 cm) et large (Ø 80 cm), Elara s'adapte à une vaste gamme d'environnements, par exemple suspendue au-dessus d'une table dans une habitation, ou comme élément d'un agencement plus important tel qu'un hall d'hôtel ou un restaurant. ● FR

Der Name Elara erinnert an die Astronomie und die griechische Mythologie, und so ahmt das geometrische Design der Leuchte die Flugbahn der Planeten im Universum nach. Inspiriert von diesen astralen Bewegungen besteht die Leuchte aus zwei Metallringen, von denen einer in verschiedenen Winkeln positioniert werden kann, um eine fließende Bewegung zu erzeugen, sowie aus einer kleinen Kugel am unteren Ende der Leuchte, welche die Lichtquelle enthält. Der zentrale, horizontale Ring kann in verschiedenen Höhen und Winkeln positioniert werden, so dass die Benutzenden mit der Projektion von Licht und Schatten experimentieren können. Darüber hinaus ist Elara über einen an der Wand angebrachten Dimmer stufenlos regelbar, so dass die Lichtintensität je nach Bedarf angepasst werden kann, um individuellen Beleuchtungskonzepten gerecht zu werden. Erhältlich in zwei Größen, Medium (Ø 60 cm) und Large (Ø 80 cm), eignet sich Elara für eine Vielzahl von Umgebungen, wie z. B. über einem Esstisch im Wohnbereich oder als Teil einer größeren Installation in öffentlichen Räumen, wie einer Hotel-Lounge oder einem Restaurant. ● DE

Elara medium » Suspension lamp NEW LAMP

Elara large » Suspension lamp NEW LAMP

El nombre Elara evoca la astronomía y la mitología griega y su diseño geométrico imita la trayectoria de los planetas en el universo. Inspirada en el movimiento astral, la lámpara se caracteriza por dos anillos metálicos, uno de los cuales se puede colocar en distintos ángulos para crear fluidez y movimiento, y una pequeña esfera en el extremo inferior de la lámpara que contiene la fuente luminosa. El anillo central se puede colocar de forma que alcance distintas alturas y ángulos y permite a los usuarios experimentar la proyección de luces y sombras. Además Elara puede ajustarse con un regulador que controla el interruptor de pared y permite modular la intensidad de la luz para crear un esquema de iluminación ideal propio. Disponible en dos tamaños, medium (mediano) (Ø 60 cm) y large (grande) (Ø 80 cm), Elara se adapta a una amplia gama de ambientes, como por ejemplo encima de una mesa de comedor en un entorno residencial, o como parte de una instalación más grande en espacios públicos como el salón de un hotel o un restaurante. ● ES

Название Elara напоминает нам об астрономии и греческой мифологии, ее геометрический дизайн имитирует траектории движения планет во вселенной. Лампа, вдохновленная движением звезд, имеет два металлических кольца, одно из которых может устанавливаться под разными углами, создавая текучесть и мобильность, и небольшую сферу на нижней стороне лампы, содержащей внутри источник освещения. Центральное кольцо можно располагать на различной высоте и под разными углами, что позволяет пользователям экспериментировать с проекцией света и тени. Дополнительно к этому, Elara может регулироваться с помощью диммера, управляемого настенным выключателем, позволяющего регулировать интенсивность света и создавать собственную идеальную схему освещения. Elara выпускается двух размеров, средний (Ø 60 см) и большой (Ø 80 см), и адаптируется к самым разнообразным помещениям, она может быть подвешена над

обеденным столом в жилом помещении или может стать частью более крупной инсталляции в общественных пространствах, таких как холл отеля или ресторан. ● RU

Elara一名呼应天文学和希腊神话,同时它的几何设计还仿照宇宙中的行星运行轨迹。受星体运动的启发,两只金属圆环是这款灯的特色所在,其中一只能够以不同角度定位,从而产生流动性和运动性,并使灯体下端形成一个容纳光源的小球体。中心圆环通过定位可达到不同高度和角度,允许用户尝试光与影的投射。此外,Elara可通过由壁式开关控制的调光器进行调光,使您能够在调整光线强度后营造理想的照明解决方案。Elara提供medium中号(Ø 60厘米)和large大号(Ø 80厘米)两种尺寸,适用于各种环境,例如居家环境中的餐桌上方或是在酒店休息室和餐厅等公共空间中作为大型装置的组成部分。● ZH

IVY

IVY is a minimal, geometric lighting piece composed of a die-cast zinc alloy ring hanging on a black cable, which gives power to a made to measure LED module. The product sheds an even, rounded light beam through its thin and curved methacrylate diffuser. Designed with single and double cables, IVY responds to the need for flexibility, an increasingly contemporary theme in architectural practice and restoration, allowing the luminaire to be released from its ceiling derivation. Imagining the repetition and clustering of several lamps suggested the name IVY, while the ring reminds of a precious pendant on a necklace.

IVY è una lampada dalle linee minimaliste e geometriche costituita da un anello in lega di zinco pressofuso sospeso ad un cavo nero che aziona un modulo a LED realizzato su misura. Il prodotto emette un fascio di luce uniforme e omogeneo attraverso il sottile diffusore curvo in metacrilato. Dotata di cavi singoli e doppi, IVY risponde alla crescente esigenza di flessibilità nell’attuale contesto delle attività architettoniche e di ristrutturazione, consentendo di riposizionare la lampada rispetto alla fonte di alimentazione a soffitto. L’idea della ripetizione e del raggruppamento di più lampade ha ispirato il nome IVY, dall’inglese “edera”, mentre l’anello richiama il prezioso ciondolo di una collana.

IVY V, Examples of composition

IVY est un élément d'éclairage minimaliste et géométrique fait d'un anneau en alliage de zinc moulé sous pression, suspendu à un câble noir qui alimente un module LED sur mesure. Le produit diffuse un faisceau lumineux uniforme et arrondi grâce à son diffuseur en méthacrylate fin et incurvé. Conçu avec des câbles simples et doubles, IVY répond au besoin de flexibilité, un thème de plus en plus contemporain dans la pratique architecturale et la restauration, permettant au luminaire d'être libéré de sa dérivation de plafond. Le nom IVY, anglais pour « lierre », s'inspire du regroupement de plusieurs lampes en cluster, tandis que l'anneau rappelle le précieux pendentif d'un collier. 

IVY ist ein minimalistisches, geometrisches Beleuchtungsobjekt, bestehend aus einem Ring aus druckgegossener Zinklegierung, aufgehängt an einem schwarzen Kabel, das ein maßgefertigtes LED-Modul mit Strom versorgt. Das Produkt wirkt einen gleichmäßigen, runden Lichtstrahl durch seinen dünnen und gebogenen Methacrylat-Diffusor. Entworfen mit einzelnen und doppelten Kabeln ist IVY die Antwort auf das Bedürfnis nach Flexibilität, ein zunehmend aktuelles Thema in der architektonischen Praxis und Restoration, das es der Leuchte ermöglicht, sich von ihrer Deckenableitung zu lösen. Die Vorstellung von der Wiederholung und Cluster mit mehreren Leuchten inspirierten zu dem Namen IVY, englisch für „Efeu“, während der Ring an einen kostbaren Anhänger einer Halskette erinnert. ● DE

IVY es un elemento de iluminación minimalista y geométrico compuesto de un aro de aleación de cinc fundido que cuelga de un cable negro, el cual alimenta a un módulo LED hecho a medida. La lámpara proyecta un haz de luz redondeado y homogéneo a través de su fino y curvado difusor de metacrilato. Diseñada con cables individuales y dobles, IVY responde a la necesidad de flexibilidad: una temática cada vez más de actualidad en la arquitectura y la restauración, que permite liberar el punto de luz de su derivación en el techo. El nombre IVY, «hiedra» en inglés, sugiere la repetición y la agrupación de varias lámparas, mientras que su aro recuerda al colgante de un collar.

IVY – это минималистичный геометрический осветительный элемент, состоящий из литого под давлением кольца, выполненного из цинкового сплава, подвешенного на черном кабеле, подающем питание к индивидуально изготовленному светодиодному модулю. Лампа излучает ровный круглый световой луч, проходящий через тонкий и изогнутый диффузор из метакрилата. Спроектированная с использованием одинарных и двойных кабелей, лампа IVY отвечает потребности в универсальности, все более актуальной в современной архитектуре и реконструкциях, позволяя освободить светильник от связи с потолком. Образ повторяющихся и объединенных в кластер ламп подсказал название IVY, что в переводе с английского означает “плющ”, само кольцо напоминает драгоценный кулон на колье.

IVY是一款极简几何照明件,由一只悬挂于一根黑色线缆上的压铸锌合金圆环组成,线缆可为定制型LED模块供电。该产品通过其细薄而弯曲的甲基丙烯酸酯罩散发均匀的圆形光线。采用单线缆和双线缆设计,IVY回应了对灵活性的需求,这是建筑实践与装修中一个日趋现代的主题,可将灯具重新定位于一个与位于天花板的电源处有所不同 的地方。IVY之今建立在更多对灯件的重复和组串的想象中,而圆环则令人们忆起项链上的精美吊坠。

A–Tube Nano

A–Tube Nano is a suspension light which interprets light in its simplest form by creating a thin luminous line in the living spaces. At the lower end of the lightweight aluminium structure, a transparent methacrylate diffuser houses an LED module whose light creates a soft, welcoming atmosphere. The three sizes and seven statement finishes, including the new Terra, allow to create clusters of evocative lighting. Black cable version now available.

A–Tube Nano è una lampada a sospensione che interpreta la luce nella sua forma più essenziale disegnando una sottile linea luminosa nello spazio abitativo. All’estremità inferiore della leggera struttura in alluminio, un diffusore in metacrilato trasparente ospita un modulo LED la cui luce crea un’atmosfera morbida e avvolgente. Le tre dimensioni e le sette distinte finiture, con la nuova tonalità Terra, permettono di realizzare suggestive composizioni su cluster.

Светильник A-Tube в форме тонкой изящной трубки является необыкновенно универсальным и доступен с разными размерами и с тремя типами отделки. Его можно крепить непосредственно к потолку, повесить отдельно или использовать в качестве эффектных кластерных композиций. [► RU](#)

外形简洁，可将光线照射到想要的地方。A-Tube呈管状且细长，是一种多功能灯，有不同尺寸和三种颜色可供选择。它可以直接吸顶安装，可以单独悬吊安装，也可以组合吊式安装。 [► ZH](#)

Rain

Rain falls from the ceiling like a drop of spring rain, with a linear movement that accentuates the curvaceous conical forms of its body. A metal suspension lamp with an LED light source – simple and effective, elegant and extremely bright, to be used either independently or as a scenic composition.

Rain scende dal soffitto come una goccia di pioggia primaverile, con un movimento lineare che accentua le sinuose forme coniche del suo corpo. Una sospensione in metallo con sorgente luminosa a LED – semplice ed efficace, elegante ed estremamente luminosa, da usare da sola o in composizioni scenografiche.

Rain, une goutte de pluie printanière descend du plafond, avec un mouvement linéaire qui accentue les sinueuses formes coniques de son corps. Une suspension en métal avec source lumineuse LED – simple et efficace, élégante et très lumineuse, à utiliser seule ou en compositions scénographiques. ● FR

Rain kommt von der Decke herab wie ein Regentropfen im Frühling, mit einer linearen Bewegung, die die geschwungenen, konischen Formen des Korpus betont. Eine Aufhängung aus Metall mit LED-Lichtquelle, einfach und effizient, elegant und besonders stark leuchtend, einzeln oder in wirkungsvollen Kombinationen zu verwenden. ● DE

Rain cae como una gota de lluvia primaveral del techo, con un movimiento lineal que acentúa las sinuosas formas cónicas de su cuerpo. Colgante de metal con fuente luminosa LED, simple y efectiva, elegante y extremadamente brillante, para usarla sola o en composiciones escénicas. ● ES

Светильник Rain спускается с потолка подобно капле весеннего дождя, прямолинейность падения которой оттеняет изгибы конических форм его корпуса. Металлический подвесной светильник с источником света LED – простой и эффективный, элегантный и необыкновенно яркий, для использования отдельно или в композициях со сценическим эффектом. ● RU

Rain就如从天花板上滴下的一滴春雨，以线性运动加重了其主体的弯曲圆锥形的外形。具有LED光源的金属悬架简单有效，优雅且非常明亮，可单独使用或在场景中组合使用。● ZH

Spider

Spider is a round suspension lamp resembling an eye that can look into any part of the room. By adjusting the angle of the diffuser, the light beam emitted by the LED light can be directed towards any specific point. When installed on the different clusters available, it can create numerous lighting patterns, from functional to decorative, which can be dimmed at will. Now available in the new Terra finish and as ceiling light. In Spider, the simplicity of the looks underscores the versatility of its performance.

Spider è una lampada a sospensione sferica che ricorda un occhio che può guardare in qualsiasi punto della stanza. Regolando l'angolo del diffusore si può infatti dirigere il fascio di luce a LED su un particolare punto di interesse, mentre montata sui diversi cluster disponibili può creare molteplici schemi di luce, dal funzionale al decorativo, dimmerabili a piacere. Disponibile ora nella nuova finitura Terra e nella versione a soffitto. In Spider, la semplicità della forma esalta la versatilità delle prestazioni.

Spider est une suspension sphérique qui fait penser à un œil qui peut regarder n'importe où dans la pièce. En réglant l'angle du diffuseur, vous pouvez en effet diriger le faisceau de lumière LED vers un point d'intérêt particulier, tandis que montée sur les différents clusters disponibles, elle peut créer plusieurs schémas d'éclairage, du fonctionnel au décoratif, variables à souhait. Maintenant disponible dans la nouvelle finition Terra et en version plafonnrière. Dans Spider, la simplicité de la forme met en valeur la polyvalence des performances. ●FR

Spider ist eine kugelförmige Hängeleuchte, die an ein Auge erinnert, das jeden Punkt im Raum erblicken kann. Durch Einstellen des Winkels des Diffusors kann der LED-Lichtstrahl tatsächlich auf eine spezielle Stelle gerichtet werden, während durch die Kombination zu unterschiedlichen verfügbaren Clustern verschiedene Lichtschemata erstellt werden können - von funktionell bis dekorativ und nach Belieben dimmbar. Jetzt in der neuen Ausführung Terra und in der Deckenversion erhältlich. Bei Spider betont die Einfachheit der Form die vielseitigen Leistungen. ●DE

Spider es una lámpara colgante esférica que recuerda un ojo que puede mirar a cualquier punto de la habitación. Regulando el ángulo del difusor, de hecho, se puede dirigir el haz de luz de LED en un punto particular de interés, mientras que instalada en los diferentes sistemas cluster disponibles puede crear múltiples esquemas de luz, desde el funcional al decorativo, regulable a gusto. Ahora disponible en el nuevo acabado Terra y en la versión de techo. En Spider, la simplicidad de la forma exalta la versatilidad de las prestaciones. ●ES

Spider – это сферический подвесной светильник, напоминающая глаз, который может смотреть в любую точку помещения. Регулируя угол диффузора, можно направлять пучок светодиодного света на конкретную точку, а при установке в различных кластерах – создавать разнообразные схемы освещения, от функционального до декоративного, с возможностью регулировки яркости. Сейчас лампа выпускается с новой отделкой Terra и в форме потолочного плафона. Простота формы Spider подчеркивает его универсальность. ●RU

Spider是一款球形吊灯，像一只眼睛，可以望向房间里的每一个角落。调节灯罩的角度，可以把LED灯的光束调向特定角度，如安装在不同的组合吊上，可营造多重光幕，可满足从功能性到装饰性的需求，并根据喜好调光。吸顶灯版本的大地色饰面如今也可提供。Spider的简单造型彰显了其性能的广泛用途。●ZH

Kelly Cluster

Kelly Cluster spectacularly reinterprets the creative intuition of the family of Kelly lights in a sculptural and extremely compact sphere, mounted on a canopy and allowing multiple different compositions at will. A suspension lamp in metal, characterised by its lightness and vibrancy thanks to the unique laser cuts that create captivating plays of light and shadow, it is available in four different finishes bringing any space to life.

Kelly Cluster riformula brillantemente l'intuizione creativa della famiglia di lampade Kelly in una sfera sculturale ed estremamente compatta che, montata su rosone, permette di realizzare composizioni multiple a piacere. Lampada a sospensione in metallo, leggera e vivace grazie ai particolari tagli a laser che creano affascinanti giochi di luci e ombre, è disponibile in quattro diverse finiture in grado di far risaltare qualsiasi ambiente.

* Recessed backplate disponibile su richiesta.

JIM

Immediate function, uncomplicated style, durable materials, modular at will. Inspired by the abat-jours of the ateliers of the early 1900s, JIM is a system of suspension lamps with distinctive shapes and a versatile composition that suits any interiors and living environment. JIM’s versatility is further enhanced by the colour range: the four different finishes for the shades can be combined with the two different suspension hook hues as desired.

Immediatezza di funzione, semplicità delle linee, materiali durevoli, componibilità a piacere. Ispirato ai paralumi degli atelier di artisti dell’inizio del 1900, JIM è un sistema di lampade a sospensione dalle forme distintive e dalla composizione versatile che si adatta a qualsiasi interno e ambiente abitativo. La versatilità di JIM è ulteriormente valorizzata dalla gamma cromatica: le quattro diverse finiture disponibili per i paralumi possono essere combinate a piacere con le due diverse tonalità del gancio a cui è sospesa la lampada.

Immédiateté de fonction, simplicité des lignes, matériaux durables, modularité en fonction des goûts personnels. S'inspirant des abat-jours des ateliers d'artistes du début du XXe siècle, JIM est un système de lampes à suspension arborant des formes distinctives et une composition polyvalente qui s'adapte à tous les styles d'habitation. La gamme chromatique souligne encore plus la polyvalence de JIM : les quatre différentes finitions disponibles pour les diffuseurs peuvent s'assortir, au choix, aux deux différentes tonalités du crochet de soutien. ●FR

Unmittelbarkeit der Funktion, Einfachheit der Linien, haltbare Materialien, Modularität nach Belieben. Inspiriert an den Lampenschirmen der Künstlerateliers der frühen 1900er Jahre, ist JIM ein Hängeleuchtensystem mit unverwechselbaren Formen und vielseitiger Gestaltungsmöglichkeit, das sich an jedes Interieur und jede Wohnumgebung anpasst. Die Vielseitigkeit von JIM wird durch die Farbpalette noch verstärkt: Die vier verschiedenen erhältlichen Ausführungen der Lampenschirme können beliebig mit den zwei verschiedenen Farbtönen des Hakens, an dem die Leuchte aufgehängt wird, kombiniert werden. ●DE

Inmediatez de función, líneas sencillas, materiales duraderos y modularidad sin límites. Inspirado en las pantallas de los ateliers de artistas de principios del siglo XX, JIM es un sistema de lámparas colgantes con formas características y composición versátil que se adapta a cualquier interior y ambiente. La versatilidad de JIM la valoriza aún más la gama cromática: los cuatro acabados distintos disponibles para las pantallas se pueden combinar sin límites con los dos tonos del gancho en el que se cuelga la lámpara. ●ES

Немедленно доступная функциональность, несложный стиль, прочные материалы, модульность по желанию. Лампа воспроизводит стиль абажуров творческих ателье начала 1900-х. JIM представляет собой систему подвесных ламп особой формы, с универсальной композицией, подходящей для любых внутренних интерьеров и дизайна жилья. Универсальность JIM дополнительно расширена благодаря диапазону цветов: четыре различных тональности абажуров сочетаются по желанию с двумя разными подвесными крюками. ●RU

功能即时、风格简洁、材料耐用、组合随意。灵感源于二十世纪初期艺术家工坊中的灯罩,JIM是一款形状独特且组合多样的悬吊灯系统,适宜于任何室内装饰与家居环境。JIM的通用性以其色彩范围之广越发增值:灯罩的四种不同饰面可按喜好与悬灯钩的两种不同色调相搭配。●ZH

Volum

Volum is an exclusive series of glass lamps that are poetically simple yet complex in their technically execution. The four blown glass globes with glossy white finish come in different sizes measuring 14, 22, 29 and 42 cm in diameter. Thanks to their inherently distinct shapes, they intuitively complement one another to form unique compositions. Following last year's launch of the *Volum* suspension lamp, the collection has been revisited to include new ceiling, wall and table versions, further exploring the concept of 360° lighting. Enhanced by a fluid and discreet design, each *Volum* globe is closed by a methacrylate lid that lets light pass through evenly like glass does. In the new ceiling, wall and table versions, *Volum* features a glossy white diffuser and a silicone base that illuminates when the light is on.

Volum è una serie esclusiva di lampade in vetro poeticamente semplici seppur complesse nella loro realizzazione tecnica. Le quattro sfere in vetro soffiato, caratterizzate da una finitura bianca lucida, hanno dimensioni diverse che misurano 14, 22, 29 e 42 cm (diametro). Grazie alle loro forme intrinsecamente distinte si completano intuitivamente per creare composizioni uniche. Dopo il lancio della lampada a sospensione *Volum* lo scorso anno, la collezione è stata rivisitata per includere nuove lampade da soffitto, da parete e da tavolo, che esplorano ancor meglio il concetto di Illuminazione dello spazio a 360°. Valorizzata da un design fluido e discreto, ciascuna sfera *Volum* è chiusa da una calotta in metacrilato che lascia passare la luce in modo uniforme come il vetro. Nelle nuove versioni da soffitto, da parete e da tavolo, *Volum* è dotata di un diffusore con finitura bianca lucida e da una base in silicone che si illumina quando la luce è accesa.

Volum est une série exclusive de lampes en verre, d'une simplicité poétique mais complexes dans leur conception technique. Les quatre sphères en verre soufflé, caractérisées par une finition blanc brillant, présentent un diamètre différent de 14, 22, 29 et 42 cm. Grâce à leurs formes intrinsèquement différentes, elles se complètent intuitivement pour créer des compositions uniques. Après le lancement de la suspension *Volum* l'année passée, la collection a été repensée pour inclure de nouveaux plafonniers, appliques et lampes de table, qui explorent davantage le concept d'éclairage de l'espace à 360°. Sublimée par un design fluide et discret, chaque sphère *Volum* est close par une calotte en méthacrylate qui laisse passer la lumière aussi uniformément que du verre. Dans les nouvelles versions de plafonniers, d'appliques et de lampes de table, *Volum* est équipé d'un diffuseur avec finition blanc brillant et d'une base en silicone qui s'illumine lorsque la lumière est allumée. [► FR](#)

Volum ist eine exklusive Serie von Glasleuchten, die poetisch einfach und doch komplex in ihrer technischen Umsetzung sind. Die vier mundgeblasenen Glaskugeln, die sich durch eine glänzende weiße Ausführung auszeichnen, haben unterschiedliche Abmessungen von 14, 22, 29 und 42 cm (Durchmesser). Dank ihrer von Natur aus unterschiedlichen Formen ergänzen sie sich intuitiv und ermöglichen es somit, einzigartige Kompositionen zu kreieren. Nach der Einführung der Hängeleuchte *Volum* im vergangenen Jahr wurde die Kollektion überarbeitet, um neue Decken-, Wand- und Tischleuchten einzuschließen, die das Konzept der 360°-Beleuchtung noch besser erkunden. Aufgewertet durch ein harmonisches und diskretes Design, wird jede *Volum*-Kugel von einer Methacrylatkappe umschlossen, die das Licht gleichmäßig wie Glas durchscheinen lässt. In den neuen Decken-, Wand- und Tischversionen ist *Volum* mit einem Diffusor in glänzend weißer Ausführung und einem Silikonsockel ausgestattet, der bei eingeschaltetem Licht leuchtet. [► DE](#)

Volum es una serie exclusiva de lámparas de vidrio poéticamente simples a pesar de ser complejas por lo que respecta a su ejecución técnica. Las cuatro esferas de vidrio soplado, caracterizadas por un acabado blanco brillante, tienen distintos tamaños que miden 14, 22, 29 y 42 cm (diámetro). Gracias a sus formas intrínsecamente distintas se completan intuitivamente para crear composiciones únicas. Tras el lanzamiento de la lámpara colgante *Volum* el año pasado, la colección se ha renovado para incluir nuevas lámparas de techo, pared y sobremesa que exploran aún mejor el concepto de iluminación del espacio a 360°. Valorizada con un diseño fluido y discreto, cada esfera *Volum* se encuentra dentro de una carcasa de metacrilato que deja pasar la luz de manera uniforme como el vidrio. En las nuevas versiones de techo, pared y sobremesa, *Volum* cuenta con un difusor con acabado blanco brillante y una base de silicona que se ilumina cuando la luz está encendida. [► ES](#)

Volum – это эксклюзивная серия стеклянных светильников, поэтически простых и, одновременно, сложных в техническом исполнении. Четыре сферы из выдувного стекла с блестящей белой отделкой имеют разные размеры: 14, 22, 29 и 42 см (в диаметре). Благодаря своим характерным формам эти сферы интуитивно дополняют друг друга, создавая уникальные композиции. После выпуска подвесной лампы *Volum* в прошлом году коллекция была доработана и дополнена новыми потолочными, настенными и настольными светильниками, которые ярче раскрывают концепцию освещения пространства на 360°. Каждая сфера *Volum*, отличающаяся текучим и сдержанным дизайном, закрыта куполом из метакрилата, равномерно пропускающим свет, также, как и стекло. Новые варианты потолочных, настенных и настольных светильников *Volum* оборудованы диффузором с блестящей белой отделкой и силиконовым основанием, светящимся при включенном свете. [► RU](#)

*Volum*是一款独一无二的玻璃灯系列，其技术构造在诗意般简约的同时亦是完备无缺的。四只吹制玻璃球体以亮光白色饰面为其特征，具有分别为14、22、29和42厘米(直径)的不同尺寸。得益于其本质上各不相同的形状，它们能够直观地相互补充，以创造独特的组合。继去年推出的*Volum*悬吊灯后，该系列受到了重审，以包含能够进一步拓展360度空间照明理念的全新吸顶灯、壁灯和台灯。流畅谨慎的设计为其赋予价值，每只*Volum*球体都被一只甲基丙烯酸酯盖帽所封闭，使光线能够像玻璃一样均匀穿过。在全新吸顶灯、壁灯及台灯版本中，*Volum*配有一个有着亮光白色饰面和硅胶底座的漫射器，灯打开时便会亮起。 [► ZH](#)

Random

A lightweight, blown glass suspension light, Random is made up of three round diffusers of different sizes which form one simple, eye-catching whole. Each diffuser has an LED light source which emits warm white light. When grouped together on a cluster, Random light fixtures form a poetic composition like soap bubbles, enhanced by the glossy coloured finishes which add a touch of character and originality.

Leggerissima lampada a sospensione in vetro soffiato, Random è composta da tre diffusori sferici di dimensioni diverse che formano un'entità semplice e vivace. Ogni diffusore è dotato di una sorgente luminosa a LED che fornisce una calda luce bianca. Raggruppate su cluster le lampade Random danno vita a composizioni poetiche come giochi di bolle di sapone, che le finiture lucide sfumate arricchiscono di carattere e originalità.

Suspension très légère en verre soufflé, Random est composée de trois diffuseurs sphériques de différentes tailles formant une entité simple et vivante. Chaque diffuseur est équipé d'une source lumineuse LED qui fournit une lumière blanche chaude. Regroupées en cluster, les lampes Random donnent vie à des compositions poétiques telles que des jeux de bulles de savon, dont les finitions douces et ombragées enrichissent le caractère et l'originalité. FR

Random ist eine ultraleichte Hängeleuchte aus geblasenem Glas und besteht aus drei kugelförmigen Diffusoren in unterschiedlicher Größe, die eine einfache und lebhafte Einheit bilden. Jeder Diffusor verfügt über eine LED-Lichtquelle, die warmweißes Licht abstrahlt. In Clustern angeordnet, lassen die Leuchten Random poetische Kombinationen entstehen, die einem Spiel aus Seifenblasen ähneln und denen die glänzenden, nuancierten Ausführungen Charakter und Originalität verleihen. DE

Lámpara muy ligera colgante de vidrio soplado, Random está compuesta de tres difusores esféricos de diferentes dimensiones que forman una entidad simple y dinámica. Cada difusor está equipado con una fuente luminosa de LED que proporciona una luz blanca cálida. Reagrupadas en grupos de lámparas colgantes Random dan vida a composiciones poéticas como juegos de pompas de jabón, que los acabados brillantes matizados enriquecen con carácter y originalidad. ES

Random – это легкий подвесной светильник из выдувного стекла, состоящий из трех сферических диффузоров разных размеров, которые образуют простую и живую композицию. Каждый диффузор оснащен светодиодным источником теплого белого света. Объединенные в кластеры лампы Random дают жизнь восхитительным композициям, таким как игра мыльных пузырей, а глянцевая отделка придает им своеобразный характер и оригинальность. RU

Random是一款非常轻盈的吹制玻璃吊灯，由三个不同尺寸的球形灯罩组成，形成简单活泼的整体。每一个灯罩都配有一个LED光源，提供白色的温暖灯光。集中在组合吊上，Random灯可形成诗意的组合，如同肥皂泡的嬉戏，光亮的色泽丰富了个性与原创性。 ZH

Random Solo

Five perfect spheres floating in the air like gentle glass bubbles. Random Solo revisits the concept of the Random suspension lamp by parting the original three-piece cluster and adding two new blown glass spheres. The five sizes and seven different finishes available offer ample styling freedom, both as individually suspended light points and in lightweight and lively combinations on clusters. The fingerprint resistant frosted white finish magically changes the perception of the sphere and its volume, opening new opportunities for interior decoration, while the new Glossy Bronze finish is synonymous with alluring beauty, that inspires stability and infuses calmness to any living environments.

Cinque sfere perfette che fluttuano nell'aria come leggere bolle di vetro. Random Solo rivisita il concetto della lampada a sospensione Random separando l'originale cluster a tre elementi e aggiungendo due nuove sfere in vetro soffiato. Le cinque dimensioni e le sette diverse finiture disponibili offrono ampia libertà di arredamento, sia come punti luce sospesi singolarmente che in leggere e vivaci composizioni multiple su cluster. La finitura bianca satinata resistente alle impronte digitali cambia magicamente la percezione della sfera e del suo volume, aprendo nuove opportunità per la decorazione d'interni, mentre la nuova finitura Glossy Bronze è sinonimo di bellezza affascinante, ispira stabilità e infonde calma a qualsiasi ambiente abitativo.

Random Solo Cinq sphères parfaites fluctuant dans l'air comme de suaves bulles de verre. Random Solo revisite le concept de la suspension Random en séparant le cluster original de trois pièces et en ajoutant deux nouvelles sphères en verre soufflé. Les cinq tailles et les sept finitions différentes désormais disponibles permettent une grande liberté de style, tant comme points lumineux suspendus individuellement qu'en combinaisons légères et animées sur des cluster. La finition blanche givrée résistante aux traces de doigts change comme par magie la perception de la sphère et de son volume, permettant de nouvelles opportunités pour la décoration d'intérieur, alors que la nouvelle finition Glossy Bronze évoque la beauté séduisante et la stabilité, pour insuffler de la douceur à tous les espaces de vie. ●FR

Random Solo Fünf perfekte Kugeln, die wie leichte Glasblasen in der Luft schweben. Random Solo überarbeitet das Konzept der Hängeleuchte Random, für das das originelle Cluster mit drei Elementen aufgeteilt wurde, um zwei neue Kugeln aus mundgeblasenem Glas hinzuzufügen. Die fünf Größen und sieben verschiedenen Ausführungen bieten große Gestaltungsfreiheit, sowohl als einzeln aufgehängte Lichtpunkte als auch in leichten und lebhaften Kombinationen auf Clustern. Die gegen Fingerabdrücke resistente satinierte weiße Ausführung verändert auf magische Weise die Wahrnehmung der Kugel und ihres Volumens und eröffnet neue Möglichkeiten für die Innenraumgestaltung, während die neue Ausführung Glossy Bronze ein Synonym für verführerische Schönheit ist, die Stabilität vermittelt und Ruhe in jede Wohnumgebung einfließen lässt. ●DE

Las cinco perfectas esferas de la lámpara Random Solo flotan en el aire como delicadas burbujas de vidrio. Random Solo revisa el concepto de la lámpara colgante Random mediante una división del grupo de lámparas colgantes original y el añadido de dos nuevas esferas de vidrio soplado. Los cinco tamaños y los siete acabados distintos disponibles ofrecen una amplia libertad de diseño, tanto como puntos de luz colgantes individuales como en combinaciones ligeras y animadas en grupos de lámparas colgantes. El característico y resistente acabado blanco escarchado cambia mágicamente la percepción de la esfera y su volumen y da pie a nuevas oportunidades para la decoración de interiores, mientras que el nuevo acabado en bronce brillante es sinónimo de una belleza seductora que inspira estabilidad e infunde calma a cualquier entorno habitable. ●ES

Random Solo Пять идеальных сфер, парящих в воздухе подобно нежным стеклянным пузырям. Random Solo по-новому осмысливает концепцию подвесного светильника Random, разделив оригинальный кластер, состоящий из трех частей, и добавляя к нему две новые сферы из дутого стекла. Пять размеров и семь имеющихся различных отделок предлагают огромную свободу по оформлению декора, как в качестве индивидуально подвешенных световых точек, так и в легких и ярких комбинациях в кластерах. Морозно-белая отделка, устойчивая к следам от пальцев, магически изменяет восприятие сферы и ее объема, открывая новые возможности для оформления интерьера, а новая отделка Glossy Bronze является синонимом манящей красоты, вдохновляя стабильность и вселяя спокойствие в любое помещение для жизни. ●RU

Random Solo 那五个完美的球体就像柔和的玻璃泡泡一般漂浮于空中。Random Solo重新审视了Random悬吊灯的理念,将最初的三件式底盘分开而来并添加了两个新的吹制玻璃球体。五种尺寸和七种不同饰面提供了充足的造型自由度,既可作为单独悬吊的照明点,亦可作为轻盈活泼的底盘组合。耐指纹的磨砂白色饰面神奇地改变了球体及其体积的感觉,为室内装饰开辟了崭新机遇,而全新的亮光青铜饰面则是迷人之美的代名词,可为任何生活环境注入稳定平和的感觉。●ZH

Jefferson

The Jefferson suspension lamp designed by Luca Nichetto is reminiscent of music and iconic images in psychedelic works of art from the 1960s. The vortex motif decorating the diffuser is embellished by the timeless classicism of Bohemian crystal, which diffuses evocative atmospheres of light. Dynamic in its many sizes and multiple compositions, Jefferson's elegance keeps up with the excellent performance of LED interior lighting.

La lampada a sospensione Jefferson disegnata da Luca Nichetto rimanda alla musica e alle immagini iconiche in opere d'arte psichedeliche degli anni Sessanta. Il motivo a vortice che decora il diffusore è impreziosito dalla classicità senza tempo del cristallo di Boemia, che diffonde suggestive atmosfere di luce. Dinamica nelle diverse dimensioni e in composizioni multiple, l'eleganza di Jefferson non rinuncia alle eccellenti prestazioni della luce interna a LED.

La lampe à suspension Jefferson dessinée par Luca Nichetto fait référence à la musique et aux images emblématiques des œuvres d'art psychédélique des années soixante. Le motif vortex qui orne le diffuseur est rehaussé par le classicisme intemporel du cristal de Bohême, qui diffuse des atmosphères de lumière suggestives. Dynamique dans différentes tailles et dans de multiples compositions, l'élégance de Jefferson ne renonce pas aux excellentes performances de l'éclairage intérieur LED. ● FR

Die von Luca Nichetto entworfene Hängeleuchte „Jefferson“ erinnert an die Musik und die ikonischen Darstellungen in psychedelischen Kunstwerken der sechziger Jahre. Die Wirbel-Optik des Diffusors wird aufgewertet durch den klassisch-zeitlosen Stil des böhmischen Kristalls, das suggestive Lichtstimmungen erzeugt. Erhältlich in verschiedenen Größen und vielfältigen Kompositionen, verzichtet die Eleganz von Jefferson nicht auf die hervorragende Leistung der LED-Innenbeleuchtung. ● DE

La lámpara colgante Jefferson diseñada por Luca Nichetto hace referencia a la música y a las imágenes icónicas en obras de arte psicodélicas de los años sesenta. El motivo en espiral que decora el difusor está embellecido por el estilo clásico sin tiempo del cristal de Bohemia, que difunde atmósferas sugestivas de luz. Dinámica en los diferentes tamaños y en composiciones múltiples, la elegancia de Jefferson no renuncia a las excelentes prestaciones de la luz interna de LED. ● ES

Подвесной светильник Jefferson, дизайн Лука Никетто, вызывает в памяти музыку и культовые изображения на психоделических произведениях шестидесятых годов. Ценность вихревому украшению диффузора придает вечная классика богемского хрусталя, благодаря которому создается необыкновенная световая атмосфера. Элегантная и динамичная за счет различных размеров и множественных комбинаций модель Jefferson не отказывается от превосходных характеристик внутреннего светодиодного освещения. ● RU

Luca Nichetto受上世纪六十年代迷幻视觉艺术的音乐和图案的启发设计了吊灯Jefferson。灯罩上装饰的漩涡图案因波西米亚水晶的永恒古典主义更显精美珍贵，将迷人的光线散发开来。Jefferson吊灯具有不同尺寸和多种组成的动态变化，精美雅致的同时更良好利用了内置LED灯的出色性能。● ZH

Nostalgia

Nostalgia with its retro flair, Nostalgia elegantly tells of ancient glass blowing practices in three sinuous forms that can be combined at will. The perfection of the glass, the innovative LED technology and six elegant finishes make Nostalgia an extremely modern and versatile lamp that lends itself to the creation of captivating atmospheres, whether on or off. Now also available in a new version with black frame and cable for all finishes, this additional combination further expands the possibilities to personalize any living spaces: on its own to illuminate a table or to add a sophisticated touch to a bedroom, in linear groups above a counter or peninsula, or in cluster compositions to emphasise larger spaces with refined scenic effects.

Con il suo sapore retrò, Nostalgia racconta con eleganza antiche storie di vetro soffiato in tre forme sinuose che possono essere combinate a piacere. La perfezione del vetro, l'innovativa tecnologia LED e le sei raffinate finiture fanno di Nostalgia una lampada estremamente contemporanea e versatile che permette di creare atmosfere affascinanti sia da accesa che da spenta. Ora disponibile anche nella nuova versione con montatura e cavo nero per tutte le finiture, tale combinazione aggiuntiva amplia ulteriormente le possibilità di personalizzazione degli spazi abitativi: da sola per illuminare un tavolo o per conferire un tocco sofisticato alla stanza da letto, in gruppi lineari sopra un bancone o una penisola, oppure in composizioni su cluster per dare risalto a spazi più ampi con raffinati effetti scenografici.

Nostalgia small, medium and large, composition of 24 lights on a *round canopy*, FINISHES Clear and Glossy Smoke

Avec son côté rétro, Nostalgia raconte avec élégance les pratiques anciennes du soufflage du verre sous trois formes sinueuses à combiner à volonté. La perfection du verre, la technologie LED innovante et six finitions élégantes font de Nostalgia une lampe extrêmement moderne et polyvalente qui se prête à la création d'atmosphères captivantes, qu'elle soit allumée ou éteinte. Désormais disponible dans une nouvelle version avec monture et câble noirs pour toutes les finitions, cette combinaison supplémentaire augmente les possibilités de personnalisation de tous les espaces de vie : seule, pour éclairer une table ou ajouter une touche sophistiquée à une chambre, en groupes linéaires au-dessus d'un comptoir ou d'un îlot, ou dans des compositions en cluster pour mettre en exergue des espaces plus grands avec des effets scéniques raffinés. ●FR

Mit ihrem Retro-Flair, erzählt Nostalgia auf elegante Weise von alten Glasbläsertechniken in drei gewundenen Formen, die beliebig kombiniert werden können. Die Perfektion des Glases, die innovative LED-Technologie und die sechs eleganten Ausführungen machen Nostalgia zu einer äußerst modernen und vielseitigen Leuchte, mit der sich sowohl im eingeschalteten als auch im ausgeschalteten Zustand fesselnde Stimmungen erzeugen lassen. Jetzt auch in einer neuen Version mit schwarzem Gestell und Kabel für alle Ausführungen erhältlich, bietet diese zusätzliche Kombination noch mehr Möglichkeiten zur individuellen Gestaltung von Wohnräumen: einzeln zur Beleuchtung eines Tisches oder als raffinierter Akzent in einem Schlafzimmer, in linearen Gruppen über einer Theke oder Halbinsel oder in Cluster-Kompositionen, um größere Räume mit raffinierten szenischen Effekten zu betonen. ●DE

Con su estilo retro, la lámpara Nostalgia nos habla de las antiguas prácticas de soplado de vidrio con tres formas sinuosas que pueden combinarse según se desee. La perfección del vidrio, la innovadora tecnología LED y sus seis elegantes acabados hacen de Nostalgia una lámpara extremadamente moderna y versátil que se presta para la creación de atmósferas cautivadoras, tanto encendida como apagada. Ahora también disponible en una nueva versión con estructura y cables de color negro para todos los acabados, esta combinación adicional amplía aún más las posibilidades de personalizar cualquier espacio habitable: por sí sola para iluminar una mesa o aportar un toque de sofisticación a un dormitorio, en grupos lineales encima de una barra o una isleta, o en grupos de lámparas colgantes para hacer destacar espacios mayores con refinados efectos escénicos. ●ES

Nostalgia с ее ретро-стилем элегантно повествует о древнем искусстве выдувания стекла, отраженном в трех извилистых формах, которые можно сочетать по желанию. Совершенство стекла, инновационная светодиодная технология и шесть элегантных вариантов отделки делают Nostalgia современным и универсальным светильником, создающим волшебную атмосферу как во включенном, так и в выключенном состоянии. Эта дополнительная комбинация, доступная также в новой версии с черной рамой и кабелем для всех видов отделки, расширяет возможности индивидуального оформления любых жилых помещений: она может использоваться для освещения стола или вносить изысканный штрих в спальню, применяться в линейных группах над кухонной стойкой или полуостровом, или в кластерных композициях, подчеркивающих большие пространства изысканными сценическими эффектами. ●RU

以其怀旧复古的格调，Nostalgia用三种可随意组合的蜿蜒形状优雅地讲述了古老玻璃吹制的实践方式。玻璃的完美、LED技术的创新和六种优雅饰面使Nostalgia成为一款极为现代且功能多用的灯品，无论点亮时还是关闭时都有助于迷人氛围的营造。现还提供一个全新版本，带有黑色框架和适用于所有饰面的线缆，这种附加组合进一步扩展了将任何生活空间做到个性化的可能性：它可单独照亮桌子或为卧室凭添一份精致润色，通过位于吧台或半岛上方的流线型组合或通过底盘组合彰显具有精致场景效果的更大空间。●ZH

Sky–Fall

In Sky–Fall, the traditional glass processing techniques embrace the most advanced LED technologies. The shape of Sky–Fall captures the imagination in its reminiscence of ancient decanters in precious blown glass. Its function amazes thanks to the innovative double LED source that diffuses direct and indirect light. Available in two sizes and in five finishes, Sky–Fall decorates both when it is on and when it is off.

In Sky–Fall le tradizionali tecniche di lavorazione del vetro abbracciano le tecnologie LED più avanzate. La forma di Sky–Fall emoziona ricordando antichi decanter in prezioso vetro soffiato. La sua funzione stupisce grazie all’innovativa doppia sorgente a LED che diffonde luce diretta e indiretta. Disponibile in due dimensioni e in cinque finiture, Sky–Fall arreda sia da accesa che da spenta.

Chez Sky-Fall, les techniques traditionnelles d'ennoblissement du verre intègrent les technologies LED les plus avant-gardistes. La forme de Sky-Fall séduit car elle évoque d'anciens décanteurs en verre soufflé précieux. La double source LED innovante diffuse une lumière tant directe qu'indirecte, ce qui rend son fonctionnement pour le moins surprenant. Disponible en deux tailles et cinq finitions, désormais même dans la version température de couleur 3000 K, allumée ou éteinte, Sky-Fall devient un complément d'ameublement décoratif. ●FR

Bei Sky-Fall treffen traditionelle Glasverarbeitungstechniken auf fortschrittlichste LED-Technologien. Die Form von Sky-Fall begeistert und erinnert an alte Dekanter aus hochwertigem, geblasenem Glas. Die Funktion der Lampe beeindruckt dank der innovativen, doppelten LED-Lichtquelle, die gleichzeitig für direkte und indirekte Beleuchtung sorgt. In zwei Größen und mit fünf Oberflächen verfügbar, jetzt auch in der Ausführung mit Farbtemperatur 3000 K, ist Sky-Fall sowohl ein- wie auch ausgeschaltet ein schöner Einrichtungsgegenstand. ●DE

En Sky-Fall las tradicionales técnicas de elaboración del vidrio abrazan las tecnologías LED más avanzadas. La forma de Sky-Fall emociona recordando antiguos decantadores en precioso vidrio soplado. Su función impacta gracias a la innovadora doble fuente de LED que difunde luz directa e indirecta. Disponible en dos dimensiones y en cinco acabados, y ahora también en la versión con una temperatura de color de 3000 K, Sky-Fall decora tanto encendida como apagada. ●ES

Традиционная техника обработки стекла сочетается в Sky-Fall с наиболее совершенными светодиодными технологиями. Форма Sky-Fall захватывает воображение отсылкой к старинным декантерам из драгоценного дутого стекла. Он отличается поразительной функциональностью, благодаря инновационному двойному светодиодному источнику, который рассеивает прямой и непрямой свет. Светильник выпускается в двух размерах и пяти вариантах отделки, а теперь также в версии с цветовой температурой 3000 K. Sky-Fall украшает помещение как во включенном, так и в выключенном состоянии. ●RU

在Sky-Fall中,传统玻璃加工技术邂逅最为先进的LED技术。Sky-Fall的形状令人浮想联翩,忆起由珍稀吹制玻璃制成的古老醒酒器。它的功能令人叹为观止,这要归功于让直接与间接照明光线均可散射的创新型LED光源。提供两种尺寸和五个完成。现在还提供3000 K光色温版本, Sky-Fall在开启和关闭时都具有装饰性。●ZH

TRACK ► I binari sono utilizzabili solo con le sospensioni Sky–Fall che dovranno essere separate dai rosoni ed installate sui binari. Per ogni sospensione dovrà essere installato nel binario il rispettivo driver rimosso dal rosone originale.

Flar

The name *Flar* evokes images of a flare or ‘flamboiemment’ in French – an intense blaze or burst of light. Inspired by traditional storm lanterns which use glass pipes to protect the flame, *Flar* comprises a 3D laser cut steel base which opens like a flower, leading to a charmingly imperfect blown glass diffuser available in two sizes, 45 and 60 cm. *Flar* features a dimmer controlled with the cable mounted power switch, allowing users to modulate the intensity of the light to create their ideal lighting scheme. The two sizes offer an opportunity to play with scale to create a unique composition for a hotel lounge or retail space.

Il nome *Flar* evoca l’immagine di uno sfavillio o “flamboiemment”, che in francese indica un intenso bagliore o squarcio di luce. Ispirata alle tradizionali lanterne antivento dotate di tubi in vetro per proteggere la fiamma, *Flar* si poggia su una base in acciaio, realizzata con la tecnologia del taglio laser 3D, che si schiude come un fiore e accoglie un diffusore in vetro soffiato dall’effetto piacevolmente imperfetto. Disponibile nelle due versioni da 45 e 60 cm, *Flar* è provvista di un varialuce regolabile dall’interruttore montato sul cavo, che consente all’utente di modulare l’intensità della luce in base alle proprie preferenze. Le due dimensioni offrono la possibilità di giocare con le proporzioni, creando così composizioni uniche nelle aree lounge degli hotel o nei punti vendita.

Flar, 3D laser cut base, FINISH Terra

Le nom *Flar* évoque un flamboiement (Flare en anglais) – une flamme intense ou un éclat de lumière. S'inspirant des lanternes tempête traditionnelles qui utilisent des cylindres de verre pour protéger la flamme, *Flar* se compose d'une base en acier découpée au laser 3D qui s'épanouit comme une fleur, portant à un diffuseur en verre soufflé d'une séduisante imperfection disponible en deux tailles, 45 et 60 cm. *Flar* dispose d'un variateur contrôlé par l'interrupteur d'alimentation monté sur câble, permettant à l'utilisateur de moduler l'intensité de la lumière pour créer l'éclairage idéal. Les deux tailles offrent la possibilité de jouer avec les variations pour une composition unique dans un hall d'hôtel ou un magasin. ● [FR](#)

Der Name *Flar* erinnert an eine Fackel oder 'flamboiement' im Französischen – ein intensives Aufflammen oder Ausbrechen von Licht. Inspiriert von traditionellen Sturmlaternen, die Glasrohre zum Schutz der Flamme verwenden, besteht *Flar* aus einer 3D-gelasierten Basis aus Stahl, die sich wie eine Blume öffnet und sich zu einem bezaubernden nicht perfekten Diffusor aus mundgeblasenem Glas entwickelt, der in zwei Größen erhältlich ist: 45 und 60 cm. *Flar* ist mit einem Dimmer ausgestattet, der über den am Kabel angebrachten Netzschalter gesteuert wird und es dem Benutzenden ermöglicht, die Intensität des Lichts zu modulieren, um das ideale Beleuchtungsschema zu schaffen. Die beiden Größen bieten die Möglichkeit, mit dem Maßstab zu spielen und eine einzigartige Komposition für eine Hotellounge oder einen Verkaufsraum zu schaffen. ● [DE](#)

El nombre *Flar* recoge ecos del término francés «flamboiement», una llamarada o un intenso estallido de luz. Inspirada por las tradicionales linternas de tormenta que empleaban tubos de vidrio para proteger la llama, *Flar* incluye una base de acero cortada con láser 3D y que se abre como una flor para dar paso a un difusor de vidrio soplado atractivamente imperfecto disponible en dos tamaños, 45 y 60 cm. *Flar* incorpora un regulador que se controla con el interruptor montado en el cable y permite a los usuarios modular la intensidad de la luz para crear su esquema de iluminación ideal. Los dos tamaños ofrecen la oportunidad de jugar con la escala para crear una composición única para el recibidor de un hotel o para una tienda. ● [ES](#)

Flar这个名字让人联想至耀斑之像或法语的‘flamboiement’一词—意为一股烈焰或一阵光耀。受到使用玻璃管保护火焰的传统防风灯启发,Flar包含一个3D激光切割钢底座,它像花朵一样张开,形成一个优美迷人的不完美式吹制玻璃灯罩,提供45厘米和60厘米两种尺寸。Flar具有一个使用安装在线缆上的电源开关进行控制的调光器,使用户能够调节光线强度,以创建理想的照明方案。两种尺寸提供延展发挥的机会,可为酒店休息室或零售空间创建独特组合。● [ZH](#)

Hover

The Hover table and floor lamps feature a lamp shade that looks as if it is detached from the base, connected seamlessly by a single cable that runs through the stem and comes out of the other end. The end result creates an illusion that the light source is almost weightless and floating in the air, like a balloon. Hover features a dimmer controlled by a power switch on the upper end of the stem; users can simply touch the top of the stem to modulate the intensity of the light. All typically external technical functions have been carefully incorporated within the lamp's internal structure. Additionally, the power supply comes in the form of a USB cable.

Available as a table or floor lamp, Hover suits different uses such as on a desk, side table or next to a sofa. The floor lamp could also be used for public spaces including an airport lounge, a hotel room or lobby.

Le lampade da tavolo e da terra Hover presentano un paralume che sembra separato dalla base, collegato perfettamente da un unico cavo che attraversa lo stelo per poi uscirne. Il risultato finale crea l'illusione che la sorgente luminosa sia quasi priva di peso e fluttui nell'aria, come un palloncino.

Hover è dotata di un dimmer controllato da un interruttore di alimentazione posto all'estremità superiore dello stelo; gli utenti possono semplicemente toccare la parte superiore dello stelo per modulare l'intensità della luce. Tutte le funzioni tecniche tipicamente esterne sono state accuratamente incorporate nella struttura interna della lampada. Inoltre, l'alimentazione è fornita grazie ad un cavo USB.

Disponibile come lampada da tavolo o da terra, Hover si adatta a diversi usi, come ad esempio su una scrivania, un tavolino o accanto ad un divano. La versione da terra può essere utilizzata anche in spazi pubblici come in una lounge di un aeroporto, in una camera di un hotel o una hall.

L'abat-jour des lampes de table et des lampadaires Hover semble séparé de la base et parfaitement relié par un câble unique qui traverse entièrement la tige. Le résultat final crée l'illusion d'une source lumineuse qui flotte dans l'air quasiment en apesanteur, comme un ballon. Hover est équipé d'un gradateur commandé par un interrupteur d'alimentation situé à l'extrémité supérieure de la tige ; les utilisateurs n'ont qu'à toucher le haut de la tige pour moduler l'intensité de la lumière. Toutes les fonctions techniques habituellement externes ont été soigneusement intégrées dans la structure interne de la lampe. En outre, l'alimentation est fournie via un câble USB. Disponible en lampe de table ou en lampadaire, Hover convient à différents usages, comme lampe de bureau, de table basse ou à côté d'un canapé. La version au sol peut également être installée dans des espaces publics tels qu'un lounge d'aéroport, une chambre d'hôtel ou un hall.

Die Tisch- und Stehleuchten Hover verfügen über einen Leuchtschirm, der vom Sockel getrennt zu sein scheint, verbunden auf perfekte Weise durch ein einziges Kabel, das durch den Schaft hindurch und aus ihm herausführt. Das Endergebnis erzeugt die Illusion, dass die Lichtquelle fast schwerelos ist und wie ein Ballon in der Luft schwebt. Hover ist mit einem Dimmer ausgestattet, der über einen Schalter am oberen Ende des Schaftes reguliert wird; die Benutzer können die Lichtintensität durch einfaches Berühren des oberen Endes des Schaftes einstellen. Alle typischen externen technischen Funktionen wurden sorgfältig in die innere Struktur der Leuchte integriert. Außerdem erfolgt die Stromversorgung über ein USB-Kabel. Erhältlich als Tisch- oder Stehleuchte, eignet sich Hover für verschiedene Verwendungszwecke, z. B. auf einem Schreibtisch, einem Beistelltisch oder neben einem Sofa. Die Bodenversion kann auch in öffentlichen Räumen wie einer Flughafenlounge, einem Hotelzimmer oder einer Empfangshalle eingesetzt werden.

Las lámparas de sobremesa y de pie Hover poseen una pantalla que parece separada de la base, conectada perfectamente por un solo cable que atraviesa la barra y luego sale. El resultado final da la sensación de que la fuente luminosa prácticamente no pesa y flota en el aire, como un globo. Hover está equipada con un regulador que controla un interruptor de alimentación situado en el extremo superior de la barra; los usuarios, simplemente tocando la parte superior de la barra, pueden regular la intensidad de la luz. Todas las funciones técnicas que normalmente están fuera se han incorporado minuciosamente en la estructura interna de la lámpara. Además, la alimentación se suministra gracias a un cable USB. Hover, disponible como lámpara de sobremesa o de pie, se adapta a distintos usos, como por ejemplo en un escritorio, una mesita o junto a un sofá. La versión de pie también se puede utilizar en espacios públicos como en la sala de un aeropuerto, una habitación de hotel o un vestíbulo.

Настольные лампы и торшеры Hover имеют абажур, который кажется отделенным от основания и соединенным одним кабелем, пересекающим стержень, а затем выходящим наружу. В результате возникает иллюзия невесомости источника света, парящего в воздухе, как воздушный шар. Hover оснащен диммером, управляемым выключателем, расположенным на верхнем конце стержня; пользователи могут отрегулировать интенсивность света, просто прикоснувшись к верхней части стержня. Все технические функции, обычно находящиеся снаружи, были встроены во внутреннюю структуру светильника. Питание также подается по кабелю USB. Hover выпускается в виде настольной лампы или торшера, и подходит для различного применения, на письменном столе, журнальном столике или рядом с диваном. Напольный вариант может также устанавливаться в общественных зданиях, например в зале аэропорта, в гостиничном номере или в холле.

Hover的台灯款和落地灯款均带有一个看似与底座分开的灯罩，但灯罩与底座之间却由一根从灯茎部位穿插而过的单根线缆完美连接。最终结果营造一种幻觉，光源仿佛几乎没有重量且会像气球一般漂浮于空中。Hover配有一部由位于灯茎上端的电源开关控制的调光器；用户只需轻触灯茎顶部便可调节光的强度。所有典型的外部技术功能均已巧妙整合至灯件的内部结构之中。此外，电源供给是通过一根USB线缆完成的。Hover提供台灯或落地灯两个版本，适用于不同用途，例如放在书桌、咖啡桌上或沙发近旁。落地灯版本也可用于机场休息室、酒店房间或大堂等公共场所。

Easy Peasy

With a strong personality and a sculptural form reminiscing the shape of bells, *Easy Peasy* is a set of portable and rechargeable table lamps, consisting of two rounded elements, a body and a knob. Made of blown glass, *Easy Peasy* allows for personal customisation of the living spaces. Its portability, different shapes and colours, and the *dim-to-warm* functionality of its light source allow users to connect, play and interact with the variable configuration options. It is not just a table lamp: it is a real character to interact with!

Con una spiccata personalità e una linea sculturale che ricorda la forma delle campane, *Easy Peasy* è un set di lampade da tavolo portatili e ricaricabili, composte da due elementi stoncati, un corpo e un pomolo. Realizzata in vetro soffiato, *Easy Peasy* permette la personalizzazione individuale degli spazi abitativi. La sua portabilità, le diverse forme e colori e la funzione *dim-to-warm* della sorgente luminosa a LED permettono agli utenti di interagire, giocare e dialogare con le differenti possibilità di configurazione della luce. Non è solo una lampada da tavolo: è un vero e proprio personaggio con cui interagire!

Avec sa forte personnalité et une ligne sculpturale qui rappelle la forme des cloches, *Easy Peasy* est un ensemble de lampes sur table portables et rechargeables, composé de deux éléments arrondis, un corps et un pommeau. Réalisée en verre soufflé, *Easy Peasy* permet la personnalisation individuelle des espaces de vie. Sa portabilité, ses différentes formes et couleurs et la fonction « *dim-to-warm* » de la source lumineuse à LED permettent aux utilisateurs d'interagir, de jouer et de dialoguer avec les différentes possibilités de configuration de la lumière. Ce n'est pas seulement une lampe de table : c'est un véritable personnage avec lequel on peut interagir ! ● FR

Mit einer besonderen Persönlichkeit und einer skulpturalen Linie, die an die Form einer Glocke erinnert, ist *Easy Peasy* ein Set aus mitnehmbaren und aufladbaren Tischleuchten, bestehend aus zwei abgerundeten Elementen, einem Korpus und einem Knauf. Aus geblasenem Glas hergestellt, ermöglicht *Easy Peasy* eine individuelle Personalisierung der Wohnräume. Die Mitnehmbarkeit, die verschiedenen Formen und Farben sowie die Funktion *Dim-to-warm* der LED-Lichtquelle ermöglichen den Nutzern mit den verschiedenen Konfigurationsmöglichkeiten für das Licht zu interagieren, zu spielen und in Dialog zu treten. Es ist nicht nur eine Tischlampe: Es ist eine echte Figur, mit der man interagieren kann. ● DE

Easy Peasy, packaging

Con una marcada personalidad y una línea escultural que recuerda la forma de las campanas, *Easy Peasy* es un set de lámparas de sobremesa portátiles y recargables, compuestas por dos elementos redondeados, un cuerpo y un pomo. Realizada en vidrio soplado, *Easy Peasy* permite la personalización individual de los espacios habitacionales. Su portabilidad, las diversas formas y colores y la función *dim-to-warm* de la fuente luminosa a LED permiten a los usuarios interactuar, jugar y dialogar con las diferentes posibilidades de configuración de la luz. No es sólo una lámpara de mesa: es un personaje real con el que interactuar. ● ES

Обладающие ярко выраженной индивидуальностью и скульптурным силуэтом, напоминающим форму колокола, светильники *Easy Peasy* – это серия портативных перезаряжаемых настольных ламп, состоящих из двух закругленных элементов, корпуса и ручки. Лампы *Easy Peasy*, изготовленные из выдувного стекла, придают оформлению жилого пространства самобытность и оригинальность. Портативность, разнообразие форм и цветов, а также функция *dim-to-warm* источника света LED позволяют пользователям взаимодействовать, фантазировать и применять возможности различных конфигураций освещения. Это не только настольный светильник – это настоящий персонаж с которым можно контактировать. ● RU

*Easy Peasy*具有强烈的个性和雕塑感，酷似铃铛的形状，它是一组便携式可充电台灯。由两个圆形元素组成，一个主体和一个圆头。台灯由吹制玻璃制成，*Easy Peasy* 可实现生活空间的个性化定制。它的便携性、不同的形状和颜色及其LED光源*dim-to-warm* 的调光功能，允许用户与不同的灯光配置选项进行交互、游戏和对话。*Easy Peasy*不仅是盏台灯：它是一个具有个性能与空间互动的活泼伙伴 ● ZH

Croma

Taking its name from the Italian word for a ‘*quaver*’ or ‘*eighth*’, *Croma* reflects the dynamism of the musical note in its slender frame. It features a conical base that provides stability and a sleek body which casts a powerful ray of light from its LED source. A ring conveniently positioned halfway up the stem allows the user to control the LED module, and to utilise its *dim-to-warm* function. Its two unique metallic ombré colourways and the two texturised white and black finishes make *Croma* suitable for a variety of environments, including residential, hotel and hospitality.

La nuova lampada da terra richiama nel nome la “*croma*” o “*ottavo*”: la sua struttura slanciata che proietta fasci di luce lungo la parete verso il soffitto evoca il dinamismo della nota musicale. Croma ha una base conica che le conferisce stabilità e una silhouette longilinea che proietta un potente raggio di luce dalla sorgente LED. Un anello posizionato a metà altezza dello stelo consente all’utente di regolare il modulo a LED e gestire la funzione *dim-to-warm*. Le due finiture metallizzate ombré, e le due tonalità testurizzate bianco e nero rendono *Croma* adatta a una varietà di ambienti, dal residenziale all’hotel e ospitalità.

Croma, Dim-to-warm *from 2200 to 3200 K*

Croma Green, dim-to-warm function

Le nouveau lampadaire prend son nom du mot italien désignant une *croche* ou une *hampe* : sa structure élancée dissipe les faisceaux de lumière vers le haut du mur et le plafond pour évoquer le dynamisme de la note de musique. *Croma* s'appuie sur une base conique qui assure sa stabilité et lui donne une allure longiligne qui projette un puissant rayon de lumière de la source LED. Un anneau placé à mi-hauteur de la hampe permet à l'utilisateur de contrôler le module LED et de gérer la fonction *dim-to-warm*. Grâce aux deux nouvelles finitions métallisées ombré et aux deux tonalités texturisées blanche et noire, *Croma* épouse toute une variété d'ambiances, du résidentiel à l'hôtellerie et à l'accueil.  **FR**

Der Name der neuen Stehleuchte leitet sich vom italienischen Wort für "Achtelnote" oder "Achtel" ab: Ihre schlanke Struktur, die die Lichtstrahlen entlang der Wand in Richtung Decke projiziert, spiegelt die Dynamik der Musiknote wider. Croma hat einen konischen Sockel, der ihr Stabilität verleiht und eine langgestreckte Silhouette, die einen kraftvollen Lichtstrahl aus dem LED-Leuchtmittel abgibt. Ein auf halber Höhe des Ständers angebrachter Ring ermöglicht dem Benutzer, das LED-Modul zu steuern und die *Dim-to-Warm-Funktion* zu nutzen. Metallische Ombré Ausführungen und zwei strukturierte Schwarz- und Weißtöne ermöglichen den Einsatz von Croma in einer Vielzahl von Umgebungen, vom Wohnbereich bis hin zu Hotels und Hospitality. 

La nueva lámpara de pie evoca en el nombre la *corchea* o *octava*: su estructura estilizada que proyecta haces de luz en la pared hacia el techo evoca el dinamismo de la nota musical. *Croma* descansa sobre una base cónica queda estabilidad a su silueta alargada que proyecta un potente rayo de luz de la fuente LED. Un anillo situado a media altura del pie le permite al usuario regular el módulo LED y controlar la función *dim-to-warm*. Los dos nuevos acabados metalizados ombré y los dos colores texturizados blanco y negro hacen que *Croma* sea apropiada para distintos ambientes, del residencial pasando por el hotelero a la hostelería. **DES**

Новый торшер напоминает своим названием итальянское слово «сгота» или «восьмой»: его утонченная структура, проецирующая лучи света вдоль стены к потолку, ассоциируется с динамизмом музыкальной ноты. Sgota имеет коническое основание, которое придает лампе устойчивость и утонченность силуэта. Лампа проецирует мощный луч света от светодиодного источника. Кольцо, расположенное на середине ноги торшера, позволяет пользователю регулировать светодиодный модуль и управлять функцией dim-to-warm. Две новые металлизированные отделки граде и две новые текстурированные тональности черного и белого делают лампу Sgota подходящей для самых разных применений, от жилых помещений до отелей и структур по приему гостей.

新款落地灯呼应“颤音”或“八分音符”之名,纤长修长的结构沿着墙壁向天花板散射光线,唤起音符之活力。Croma有一个锥形底座上,该底座为其赋予稳定性以及一个可LED光源投射出强烈光线的细长灯架。一只位于灯罩一半的圆环使用户能够调整 LED 模块并管理从暗到暖的调光功能。两种金属渐变效果饰面以及纯白色和黑色两种纹理色调,使Croma适用于包括住宅、酒店及招待场所在内的各类环境。

Cima

Inspired by the function of the jam cleats found in sailing boats, Cima – a nautical rope in Italian – is a “suspended” lamp characterised by a ceiling-to-floor rope, a sleek and highly functional design element. A joint that holds the lamp body slides vertically along the rope, while the counterweight allows to manage any excess rope. The simple cylindrical shapes and the black colour of these elements highlight the three brilliant finishes of the rope, vibrant accents to suit any interiors and décor mood.

Ispirata dalla funzione degli strozzascotte delle barche a vela, Cima è una lampada “sospesa” caratterizzata da una fune a tutt’altezza, elemento di design elegante e altamente funzionale. Lungo la fune scorre verticalmente un giunto che regge il corpo lampada, mentre il contrappeso permette di gestire l’eventuale fune in eccesso. Le semplici forme cilindriche e il colore nero di questi elementi risaltano le tre finiture brillanti della fune, accenti vibranti per qualsiasi ambiente e mood d’arredo.

Cima, easy personalisation of light:
1–Change the angle of the lamp body

2–Adjust the height of the joint

S’inspirant de la fonction des taquets de blocage des voiliers, Cima – une corde nautique en italien – est une lampe « suspendue » caractérisée par une corde plafond-sol, élément de design élégant et fonctionnel. Le raccord qui supporte le corps de la lampe se déplace le long de la corde, tandis que le contrepoids permet d’ajuster l’excès de corde. Les formes cylindriques simples et la couleur noire de ces éléments mettent en valeur les trois finitions brillantes de la corde pour s’adapter à tous les intérieurs et à tous les styles de décoration. ●FR

Inspiriert von der Funktion der Klampen, die in Segelbooten zu finden sind, ist Cima – das bedeutet Schiffsseil auf Italienisch – eine „hängende Leuchte“, die sich durch ein Decken-Boden-Seil auszeichnet, ein elegantes und hoch funktionales Designelement. Entlang des Seils bewegt sich ein Gelenk, das den Lampenkörper stützt, während das Gegengewicht es ermöglicht, einen eventuellen Seilüberschuss zu justieren. Die schlichten Formen und die schwarze Farbe dieser Elemente unterstreichen die drei brillanten Ausführen des Seils, vibrierende Akzente, die für jedes Interieur und jede Dèkor Stimmung geeignet sind. ●DE

Cima » Suspension lamp, Floor lamp

Finishes » Rope

Inspirada en la función de las cornamusas que se encuentran en los veleros, Cima – una cuerda náutica en italiano – es una lámpara “suspendida” caracterizada por una cuerda que va del techo al suelo, un elemento de diseño elegante y sumamente funcional. A lo largo de la cuerda se mueve verticalmente una articulación que sujeta el cuerpo de la lámpara, mientras que el contrapeso permite reajustar cualquier exceso de cuerda. Las sencillas formas cilíndricas y el color negro de estos elementos resaltan los tres acabados brillantes de la cuerda, las notas vibrantes de cualquier interior y decoración de ambiente. ●ES

Вдохновленный функцией палубных стопоров, используемых на парусных лодках, светильник Cima – «корабельный канат» на итальянском – представляет собой подвешенную лампу, с тросом в полную высоту, задуманным как изысканный и высоко функциональный элемент дизайна. Вдоль троса вертикально перемещается шарнир, поддерживающий корпус лампы, а противовес позволяет отрегулировать избыток троса. Простые цилиндрические формы и черный цвет этих элементов подчеркивают три яркие отделки троса, вибрирующие тональности, подходящие для любых интерьеров и стилей. ●RU

受帆船中防滑钉的功能之启发,Cima—意大利语意为航海绳—是一款特征显著的“悬浮灯”,一条全高式绳索便是其优雅且功能强大的设计元素。一块用来举持灯体的接头沿绳索垂直延伸,而配重件则可让您调节管理绳索的任何多余之处。这些元素的简约圆柱形状与黑色突出了绳索的三种光鲜饰面,令任何室内环境与装饰风尚活力四射。●ZH

Tidal

Tidal is a ring-shaped ceiling lamp that evokes the motion of the tide and celestial bodies. Its fluid and oval design mimics wave movements and tidal changes, with one side wider than the other, appearing differently to the viewer depending on their position under the lamp. The die-cast aluminium body projects light up and down at the same time. The ring discreetly hides all the technical elements inside the design, enhancing the object's aesthetic value. Measuring 60 cm, *Tidal* is available in three matte finishes: white, suited to minimalist interiors, and terra and champagne, which offer a more decorative touch for embellishing spaces with their warm and elegant tones.

Tidal è una lampada da soffitto a forma di anello che rimanda all'effetto del moto della marea e ai corpi celesti. Il suo design fluido e ovale imita il movimento delle onde e il cambiamento dettato dalla marea, con un lato più largo dell'altro, che appare diverso all'utente a seconda della sua posizione nel guardare la lampada da sotto. La scocca del corpo lampada è realizzata in pressofusione di alluminio, proietta contemporaneamente la luce sia verso il basso che verso l'alto. L'anello nasconde discretamente tutti gli elementi tecnici all'interno, enfatizzando così il valore estetico dell'oggetto. Con una dimensione di 60 cm, *Tidal* è disponibile in tre finiture opache, bianco, terra o in champagne. Mentre il bianco si adatta a interni minimalisti, le tonalità terra e champagne offrono un tocco più decorativo, arricchendo gli spazi con i loro toni caldi ed eleganti.

1, 2–Tidal relates to the ceiling thanks to
a continuous glow in and outwards

Tidal est un plafonnier en forme d'anneau qui évoque le mouvement de la marée et des corps célestes. Son design fluide et ovale évoque le mouvement des vagues et le changement rythmé par la marée, avec un côté plus large que l'autre, qui apparaît différent selon le point où se trouve l'utilisateur lorsqu'il regarde la lampe par dessous. La coque du corps de la lampe, en aluminium moulé sous pression, projette simultanément la lumière vers le bas et vers le haut. L'anneau dissimule discrètement tous les éléments techniques et souligne ainsi la valeur esthétique de l'objet. Dans sa dimension de 60 cm, *Tidal* est disponible en trois finitions mates : blanc, terre ou champagne. Le blanc épouse parfaitement les intérieurs minimalistes, alors que les tonalités terre et champagne se proposent dans une touche plus décorative, enrichissant les espaces de leurs nuances chaudes et élégantes. ● [FR](#)

Tidal ist eine Deckenleuchte in Form eines Ringes, die auf den Effekt der Bewegung der Gezeiten und der Himmelskörper verweist. Ihr harmonisches und ovales Design ahmt die Bewegung der Wellen und den von den Gezeiten diktierten Wechsel nach, wobei eine Seite breiter als die andere ist und dem Benutzenden je nach seiner Position, beim Betrachten der Leuchte von unten, unterschiedlich erscheint. Der Körper der Leuchte, gefertigt aus Aluminiumdruckguss, projiziert das Licht gleichzeitig nach unten und nach oben. Der Ring verbirgt diskret alle technischen Elemente im Inneren und unterstreicht so den ästhetischen Wert des Objekts. Mit einer Abmessung von 60 cm ist *Tidal* in drei satinierten Ausführungen erhältlich: Weiß, Terra oder Champagner. Während Weiß zu minimalistischen Inneneinrichtungen passt, bieten die Farbtöne Terra und Champagner einen dekorativeren Touch und bereichern die Räume mit ihren warmen und eleganten Tönen. ● [DE](#)

Tidal es una lámpara de techo con forma de anillo que evoca el efecto del movimiento de la marea y los cuerpos celestes. Su diseño fluido y ovalado imita el movimiento de las olas y el cambio que dicta la marea, con un lado más ancho que otro que el usuario ve diferente dependiendo de su posición a la hora de mirar la lámpara desde abajo. El armazón del cuerpo de la lámpara de aluminio moldeado a presión proyecta simultáneamente la luz tanto hacia abajo como hacia arriba. El anillo oculta discretamente todos los elementos técnicos en su interior y de esta forma enfatiza el valor estético del objeto. Con un tamaño de 60 cm, *Tidal* está disponible en tres acabados mate, blanco, tierra o champán. Mientras que el blanco se adapta a interiores minimalistas, los tonos tierra y champán aportan un toque más decorativo y enriquecen los espacios con sus tonos cálidos y elegantes. ● [ES](#)

Tidal - это потолочный светильник в форме кольца, воссоздающий эффект движения прилива и небесных тел. Его струящаяся и овальная форма имитирует движения волн и изменения, создаваемые приливом, с одной более широкой стороной, которая меняется в зависимости от положения смотрящего на лампу снизу. Корпус светильника выполнен из литого под давлением алюминия, он одновременно проецирует свет в направлении вниз и вверх. Кольцо скрывает все технические компоненты внутри, подчеркивая эстетическую красоту предмета. Размером 60 см, *Tidal* выпускается в трех вариантах матовой отделки, белого цвета, цвета «terra» или «champagne». Белый прекрасно сочетается с минималистским интерьером, а тональности «terra» и «champagne» предлагают более декоративный стиль, обогащая пространство теплыми и элегантными тонами. ● [RU](#)

*Tidal*是一款指射潮汐与天体运动效果的环形吸顶灯。它的椭圆形流体设计模仿海浪的运动与潮汐引起的变化，一侧较另一侧更宽，从下方看灯体时会根据用户所在位置而显示有所不同。灯体外壳由压铸铝制成，可同时间向下和向上投射光线。圆环将所有技术元件谨慎隐藏在內，从而彰显了这款灯品的美学价值。以其60厘米的尺寸，*Tidal*提供白色、大地色或香槟色这三种哑光饰面。虽然白色适宜极简主义的内饰，但大地色和香槟色的色调更具装饰性，以其温暖优雅的色调使空间得以丰富。● [ZH](#)

Aile

The new Aile aluminium wall lamp features a simple and dynamic design reminiscing the *aileron* of sport cars, after which it has been named. Aile’s compact size, sleek design, powerful light output with respect to its dimensions and four rich finishes offer a complete lighting solution even for more intimate settings.

Aile, nuova lampada da parete in alluminio, presenta un design semplice e dinamico, proprio come l’alettone delle auto sportive, *aileron* in inglese, da cui prende il nome. La compattezza, il design elegante, la forte capacità di emissione di luce rispetto alle dimensioni e le quattro ricche finiture rendono Aile una soluzione perfetta anche per illuminare ambienti raccolti.

Puzzle Mega

Large geometric figures characterised by essential forms, which almost merge with the interior architecture when off, only to be surprisingly revealed as harmonies of light and shadow when lit. New matte finishes warm up the geometric panels of Puzzle Mega. Liquid paints that open new decorative possibilities, playing with harmonies and contrasts of colours and shapes.

Grandi figure geometriche dalle forme essenziali che quasi si fondono con l'architettura interna quando sono spente, per rivelare inaspettate armonie di luci e ombre una volta accese. Nuove finiture opache scaldano i pannelli geometrici di Puzzle Mega. Vernici liquide che aprono nuove possibilità decorative giocando con armonie e contrasti di colori e forme.

Grandes figures géométriques aux formes essentielles qui se fondent presque dans l'architecture interne lorsqu'elles sont éteintes, pour révéler d'inattendues harmonies de lumière et d'ombres une fois éclairées. Les nouvelles finitions mates rendent les panneaux géométriques de Puzzle Mega plus chaleureux. Vernis liquides qui offrent de nouvelles possibilités décoratives en jouant avec les harmonies et les contrastes de couleurs et de formes. [► FR](#)

Große geometrische Figuren in einfacher Form, die ausgeschaltet mit der Innenarchitektur verschmelzen, um eingeschaltet eine unerwartete Harmonie aus Licht und Schatten entstehen zu lassen. Neue matte Ausführungen erwärmen die geometrischen Paneele von Puzzle Mega. Flüssiglacke, die durch das Spiel mit Harmonien und Kontrasten von Farben und Formen neue dekorative Möglichkeiten eröffnen. [► DE](#)

Grandes figuras geométricas con formas esenciales que casi se mezclan con la arquitectura interior cuando se apagan, para revelar inesperadas armonías de luz y sombras una vez encendidas. Nuevos acabados mate calientan los paneles geométricos de Puzzle Mega. Pinturas líquidas que brindan nuevas posibilidades decorativas jugando con armonías y contrastes de colores y formas. [► ES](#)

Крупные геометрические фигуры с простыми строгими формами, которые почти полностью сливаются с архитектурой интерьера, когда они выключены. Но стоит их включить, как вы увидите неожиданную и гармоничную игру света и тени. Новые матовые отделки согревают геометрические панели Puzzle Mega. Жидкие эмали, открывающие новые декоративные возможности, играя с гармонией и контрастами цветов и форм. [► RU](#)

该灯具具有大型几何图形的基本形状，关闭时，几乎与内部架构融为一体，一旦打开，会发现意想不到的光影和谐。全新哑光饰面为Puzzle Mega的几何面板带来温暖。液体涂料通过色彩和形状的和谐与对比开辟了新的装饰可能性。[► ZH](#)

Avec ses formes souples, les joints flexibles et la source lumineuse à LED, Puzzle Round peut être réglée à discrétion pour créer des jeux de lumière suggestifs sur les murs et les plafonds. Son esthétique discrète et les quatre finitions disponibles, y compris le Champagne, la rendent parfaite pour des contextes de vie variés. ●FR

Durch ihre weichen Formen, die flexiblen Gelenke und die LED-Lichtquelle kann Puzzle Round nach Belieben eingestellt werden, um wunderbare Lichtspiele an Wänden und Decken entstehen zu lassen. Die unauffällige Ästhetik und die vier verfügbaren Ausführungen - jetzt auch Champagner - machen die Leuchte perfekt für verschiedene Wohnbereiche. ●DE

Con sus formas suaves, articulaciones flexibles y fuente de luz LED, Puzzle Round puede ajustarse a voluntad para crear sorprendentes efectos de luz en paredes y techos. La estética discreta y los cuatro acabados disponibles, ahora incluyendo Champán, lo hacen perfecto para una amplia variedad de entornos. ●ES

Благодаря своим мягким формам, гибким соединительным элементам и источнику света LED, светильник Puzzle Round можно регулировать по желанию для создания эффектной игры света на стенах и потолках. Неброский дизайн и четыре доступных варианта отделки, теперь включающие Champagne, делают его идеальным для разных жилых контекстов. ●RU

柔软的外形，灵活的接头和LED光源，Puzzle Round 可以根据需要进行调整，以在墙壁和天花板上营造出光线的暗示性。谨慎的美学设计以及如今包含香槟色在内的四种可用颜色，使其非常适合各种房屋环境。●ZH

Puzzle

Essential forms in metal, square and rectangular, which seem to disappear in the ceiling or wall. Clear-cut geometries that create suggestive plays of light on walls and ceilings, making for a truly personalised atmosphere. With Puzzle lamps, light becomes the feature element of living spaces, creating soft, geometric effects.

Forme essenziali in metallo, quadrati e rettangoli che sembrano scomparire nel soffitto o nella parete. Geometria rigorose che possono essere regolate a piacimento per creare suggestivi giochi di luce su pareti e soffitti, rendendo l’atmosfera del tutto personale. Le lampade Puzzle rendono la luce il vero ornamento degli ambienti abitativi creando effetti di morbide geometrie.

Bugia

Round, compact forms featuring elegant finishes with a centre that shines like a precious stone. Once lit up, Bugia amazes with the unexpected effect of its light. A surprising and harmonious balance between direct and indirect light, diffused both downward and up toward the ceiling. A rich family of ceiling lights, in Single, Double, Triple and Mega versions.

Forme rotonde compatte dalle finiture raffinate con un centro che splende come una pietra preziosa. Appena viene accesa, Bugia sorprende per l'effetto inaspettato della sua luce. Un inaspettato equilibrio armonico tra luce diretta e indiretta, diffusa sia verso il basso che verso il soffitto. Una ricca famiglia di plafoniere, in versione Single, Double, Triple e Mega.

Pin–Up

A striking, compact light with a simple, organic design, Pin–Up opens like a shell to provide a bright light and the quality of LED lighting. A light that can be modelled at will thanks to the flexibility of the light fixture and the availability of two LED sources.

Una lampada compatta e sorprendente, dal design essenziale ed organico, Pin–Up si schiude come una conchiglia per illuminare gli spazi con la decisione e la qualità della luce a LED. Una luce che può essere modellata a piacere grazie alla flessibilità della lampada e alla disponibilità di due sorgenti LED.

Laser

Laser is a compact, versatile light fixture in the shape of a box with an attractive architectural look. From its painted steel structure, available in one size and three different finishes, now including Champagne, the LED light source diffuses a functional and evocative two-way light that creates plays of light and shadow on the wall.

Laser è una lampada compatta a forma di parallelepipedo dal carattere versatile e architettonico. Dalla sua struttura in acciaio verniciato, disponibile in una dimensione e in tre diverse finiture, ora anche Champagne, la sorgente a LED diffonde una luce bidirezionale funzionale e d'effetto che crea giochi di luce ed ombra sulla parete.

Make–Up

Make–Up’s design is inspired by fashion and beauty. A versatile blown glass lamp with a gentle shape, Make–Up dresses walls and ceilings with light. Elegantly functional when used individually, it acquires a highly decorative appeal in lively compositions of different sizes and volumes.

Il design di Make–Up si ispira alla moda e alla bellezza. Lampada versatile in vetro soffiato dalla forma morbida, Make–Up veste di luce la parete e il soffitto. Elegantemente funzionale se usata singolarmente, acquista valore fortemente decorativo nelle vivaci composizioni di dimensioni e volumi diversi.

Canopies

Our canopies are smart functional solutions as well as stand-out decorative elements for suspension lamps or wall fixtures. The variety of our canopy range provides an array of possibilities to personalise any living spaces, whether domestic or public.

- Single
- Round and Rectangular
- Radial
- Track

Single Canopy
Single canopies are ideal for highlighting the corner of a room or enhancing single light sources. They can also be used to create multiple custom combinations on high ceilings or in situations which do not allow lights to be grouped in a cluster.

I nostri rosoni sono soluzioni funzionali e insieme elementi decorativi differenzianti per lampade a sospensione o a parete. La varietà della nostra gamma di rosoni offre una miriade di possibilità di personalizzazione degli spazi abitativi, domestici e pubblici.

Rosoni Singoli
I rosoni singoli si prestano ad enfatizzare gli angoli di una stanza o a valorizzare i singoli corpi luce. Possono inoltre essere utilizzati per creare composizioni multiple personalizzate su soffitti molto alti o nelle situazioni che non permettono l’utilizzo di cluster.

1	Recessed Micro	Low voltage
2	Single	Line & Low voltage
3	Wall Standard	Line voltage

Round and Rectangular Cluster Systems
Our multiple canopies, round or rectangular, are functional systems to create suspended compositions with a variable but predefined number of holes.

Radial Systems
Radial systems are an innovative way to separately manage various suspension cables starting from one single canopy—particularly useful to illuminate rooms with irregular ceilings.

Track Systems
Track systems offers various possibilities of in-line composition with a variable number of lamps depending on the preferred type of installation, i.e. height-aligned or staggered suspensions.

Sistemi Cluster Rotondi e Rettangolari
I nostri rosoni multipli, rotondi o rettangolari, sono sistemi funzionali per creare composizioni sospese con un numero di fori variabile ma predefinito.

1	3 Lights Round	Line & Low voltage
2	5 Lights Round	Line & Low voltage
3	7 Lights Round	Line & Low voltage
4	9 Lights Round	Line & Low voltage
5	14 Lights Round	Line & Low voltage
6	24 Lights Round	Line & Low voltage
7	36 Lights Round	Line & Low voltage

8	7 Lights Rectangular	Line & Low voltage
9	14 Lights Rectangular	Line & Low voltage
10	28 Lights Rectangular	Line & Low voltage

Sistemi Radiali
I sistemi radiali sono un modo innovativo per gestire separatamente diversi cavi di sospensione a partire da un unico rosone – particolarmente utili per illuminare ambienti con soffitti irregolari.

1	1–4 Lights Radial	Line & Low voltage
2	5–12 Lights Radial	Line & Low voltage
3	13–28 Lights Radial	Line & Low voltage

Sistemi a Binario Lineare
I sistemi a binario offrono varie possibilità di composizione in linea con un numero variabile di lampade a seconda del tipo di installazione desiderato, ossia sospensioni allineate in altezza o sfalsate.

Finishes

Colours, materials, and finishes enhance the versatile and eclectic character of the brand. From timeless to bolder tones, Lodes finishes make the lamps dialogue with one another while allowing to express different décor moods. The broad range of finished coupled with the flexibility offered by Lodes canopies ensures that, having started from the standard elements, users can build a personal composition to suit their creative and technical requirements.

I colori, i materiali e le finiture esaltano il carattere versatile ed eclettico del brand. Spaziando dai toni senza tempo a quelli più audaci, le finiture Lodes favoriscono l'interazione e il dialogo tra le lampade, dando espressione a vari mood d'arredo. La varietà della gamma di finiture e la flessibilità offerta dai rosoni Lodes consentono all'utente di partire da elementi standard per personalizzare combinazioni diverse a seconda delle proprie esigenze creative e tecniche.

Art. 1 **Recital**
Unless otherwise provided for in a separate written agreement between the parties, every sale of products of Lodes S.r.l., VAT 02992370276 (hereinafter, “the Seller”) is governed by the following General Conditions of Sale that must be considered as an essential part of this agreement and shall be deemed to have been accepted by the Buyer even though the latter has not signed them. Any clause unilaterally added by the Buyer in the documentation signed by it and / or in its correspondence, being against or in any case in addition to the general conditions or to those specific expressly approved in writing by the Seller, shall be deemed as not written and shall be of no effect.

Art. 2 **Completion of the sale, quantities and prices**
The sale is deemed to be completed once the Seller gives the written order confirmation also by fax and / or email or when deliveries are commenced in cases where the immediate delivery of the supply is requested, also in consideration of changes occurred and then accepted by the customer. The prices agreed are understood for products delivered ex works of the Seller and do not include services and accessory charges (such as VAT, special packaging, transport and installation costs, and/or assemblages and so on).

Art. 3 **Delivery, risk transfer and transport**
Products are delivered to the Buyer at the Seller's plant or at another place indicated in writing by the Seller, and the risk transfer takes place with the delivery of the goods to the first carrier or Buyer in the events of collection of goods directly carried out by the latter. The products always travel at the Buyer's sole risk also when the carrier is selected and appointed by the Seller, being the latter freed from all responsibilities after having delivered the products to the carrier, this delivery is deemed to all effects being carried out directly by the said Buyer. The delivery terms agreed are to be understood as indicative. If the Seller is responsible for delay of delivery for a period of up to 60 days, the Buyer is not entitled either to refuse the supply or to request the termination of the agreement and / or the compensation for any damages. If the delay in delivery exceeds 60 days, the Buyer is entitled to request – by registered letter – the cancellation of the order and the reimbursement of the advances if paid. In any event, the Seller shall not be liable for and / or direct and indirect damages of any nature and for any reason due to the delay or the failure to carry out the supply.

Art. 4 **Reservation of title**
The Buyer acquires property rights over the goods with the full payment of the price invoiced of the supplies but it takes the risks thereof as of the delivery.

Art. 5 **Products features and conditions of use**
Unless otherwise expressly agreed in writing by the parties, the conditions for using of the products are those communicated or in any case resulting from the drawings and technical specifications of the Seller, if any, or as described in the website www.lodes.com/en/ in relation to products. The quality levels of products are the standard quality levels of the Sellers, indicated in the relevant specifications as described on the Seller's website. It is always the Buyer's responsibility to identify and notify the Seller of the conditions of use of products before technically defining them. Failing any particular instructions from the Buyer, the Seller considers as usual conditions of use those it considered or described in its designs and technical documentation.

Art. 6 **Warranties**
The products delivered are covered by a warranty for defects in material and manufacture for a period of 24 months as of the delivery if the Buyer is a natural person, otherwise the warranty period will be of 12 months as of the delivery. The Seller shall replace

the products delivered in this warranty period being faulty due to factory defects or in alternative, at its discretion, pay the Buyer an amount equal to the price already invoiced of the said products, being expressly excluded and waived any other right or claim by the Buyer also as compensation for direct and / or indirect damages or cost repayment borne by it (such as recovery, technical assistance, recalling costs, etc.). The Seller will anticipate the delivery of the replaced product, invoicing it regularly. Successively, when the product arrive to the Seller's warehouse, the latter will credit the amount of the defective product. The transport's costs will be paid by the Seller. Should the defected item be returned in an inadequate non-original packaging, with damages connected to the transport, The Seller will not credit any amount to the Buyer, and it will return the product to the sender at his own expenses. If the replacement was made for alleged defects in material and manufacture, but after the control carried out by the Seller, it is considered (i) unfounded, due to the absence of defects; (ii) further damaged by insufficient packaging in the return transport (iii) spoiled by tampering made by the Buyer, all transportation costs and the entire value of the product will be charged to the latter. Any defectiveness or non-compliance of products shall be reported by the Buyer by writing to the Seller – in order to be valid – within 8 days from receipt of goods; any hidden defects shall be reported by the Buyer by writing to the Seller – always in order to be valid – within 8 days as of the relevant discovery. It being understood that the Seller will not be responsible for any defect even though hidden, being notified in writing, after 24 months of the delivery of goods. The warranty does not apply where the defects identified are due to the Buyer's negligence and / or to the use of products being not compliant with the information and explanations in any case gave by the Seller, technical provisions, to incorrect design, application, assembly or manufacture of the facilities in which they are installed, to incorrect maintenance carried out by unauthorized personnel, to improper cleaning since it is made with materials and manners being not suitable, to incorrect storage, handling and transport, to improper or imprudent use, also in the event of electrical system and its capacity being not suitable, or to circumstances that in any case cannot be related to the production defectiveness by the Seller. Every single product of the Seller corresponds to the mark laid down by the European Community with Directive 93 / 68 (extension of Directive 73 / 23) to confirm, with a mark recognized all over Europe, that the lights have undergone the electrical safety test required by European standards EN-60598-1-2 II ed. + CEI EN 60598-1 IV ed. corresponding to Italian standards CEI 34-21 + CEI 34-23, electrical safety standards referred to by all institutions, including the IMQ. The products indicated with the logo UL and / or ETL corresponds to the standards UL 1598 / CAN / USA C22.2 No.250.0 o UL 153.

Art. 7 **Buyer's Obligations**
The Buyer is required to immediately take delivery of the goods given by the Seller to the carrier, or – where otherwise agreed – to timely collect them at the Seller's plant on the date on which the Seller communicates, by any means, that the goods are ready. Where the Buyer delays the collection of the production for a period exceeding 10 days, in addition to the payment of price it shall pay the Seller a proper compensation equal to 2% per day of the price invoiced for storing such products. The Buyer shall carry out the payments normally, in accordance with the terms and conditions specified in the invoice. For late payments it will be accrued by default without need of further notification interest under Legislative Decree no. 231 / 2002. In the event of payment delays, the Seller is entitled to immediately suspend any supply, even though it has concluded other agreements with the same Buyer. The failure to pay within the terms agreed will cause in any event the loss of favourable terms for the Buyer.

Art. 8 **Replacement of the Product**
If a product is returned for commercial reasons or for a mistake in the order made by the Buyer, the Seller will retain an amount equal to the 20% of the total price as cost for reconditioning the product. If the returned product had already been used and / or it has been returned in an inadequate original packaging, with consequent transport damages, the Seller will not credit to the Buyer any amount and it will return the product to the sender at his own expenses. Only the articles in the catalogue and in the price list in force at the time of the request will be taken into consideration. Transport's costs are always charged to the Buyer. The repair of damaged products will be authorized only if the damage has been caused by the Buyer. The Buyer, once accepted repair costs, will take care of returning the damaged product to the Seller's warehouse and it will pay the costs of transporting the repaired product.

Art. 9 **Force majeure**
If the Seller is unable to comply with the agreement due to force majeure or beyond its control events, the deadlines set for the supply are automatically extended for a period in which these effects continue. Where the obstacle to comply with the agreement is longer than 6 months, both parties may request the termination of the agreement and, in such event, the Seller repay the Buyer the advances received, if any, releasing itself from any additional obligation on it.

Art. 10 **Agreement**
In the event of execution of a specific agreement signed by the parties, the said agreement together with its Annexes provides for and summarizes the obligations validly undertaken by the parties and being binding for them. The fulfilment by the parties will be subject to effective evaluation of the actual performance of the contractual tasks and duties to be carried out in good faith, with honesty and fairness. These General Conditions of Sale shall apply to the agreement, unless otherwise provided in writing by the parties or expressly provided in the said agreement.

Art. 11 **Privacy Policy**
The Seller will use the data received from the Buyer in accordance with the provisions of the article 13 of EU Regulation 2016 / 679 of 27 April 2016 (GDPR). For more information are available at the following

Art. 12 **Disputes**
Any dispute which may arise concerning the signing, validity, interpretation, performance, amendment and termination of the agreement or of these General Conditions of Sale will be settled according to principles and rule set forth in Article 13 below.

Art. 13 **Jurisdiction and Applicable Law**
The Court of Milan, Italy, shall be held exclusively competent, being any other court of competent jurisdiction expressly excluded, and the Italian Law shall be applicable.

Art. 14 **Website**
These General Conditions of Sale are those indicated on the website www.lodes.com/en/ and may be printed and reproduced on paper. The Seller undertakes to update the website www.lodes.com/en/ by publishing on it the version of the General Conditions of Sale as amended from time to time.

Limited Warranty
12 months
for United States Only

Coverage
Lodes S.r.l., with headquarter in 30020 Marcon (VE), Via Pialoi 32 Italy, VAT N.: 02992370276 (hereinafter, “WARRANTOR”) warrants that each WARRANTOR PRODUCT will be free from defects in material and workmanship for a period of twelve months from the date of shipment / delivery of the PRODUCT (that can be identified by the “Studio Italia Design” or “Lodes” trademark, trade name, or logo affixed to them). The Limited Warranty is referred to herein as “the Limited Warranty.” The PURCHASER's sole and exclusive remedy under this Limited Warranty for defects in the PRODUCT shall be the repair, replacement or refund of the purchase price, in WARRANTOR's sole discretion, of the defective PRODUCT, or components thereof.

Not Covered
This Limited Warranty also does not apply to, and WARRANTOR shall have no liability or responsibility in respect of, damages or expenses relating to:

- The failure to properly store, transport, install or use the PRODUCT as, for example, specified in any manuals or other literature supplied by WARRANTOR, on WARRANTOR's website, or in accordance with any applicable laws, codes, regulators or standards;

- Any PRODUCT purchased from any entity other than WARRANTOR;

- Alteration, change or modification of the PRODUCT, including its subcomponents, parts or assemblies;

- WARRANTOR also makes no warranty that a PRODUCT manufactured does not infringe the intellectual property or other proprietary rights of any third party;

- Accidents, misuse, abuse, abnormal use, improper use, negligent use, wilful misconduct, or use exceeding the recommended and permitted limits of the PRODUCT, and / or normal wear or deterioration;

- Any defect or non-conformity that has not been timely and promptly communicated in writing to WARRANTOR as set forth herein.

- Any damage, cost or expense caused by Act of God; or

- Loss of time, loss of use, inconvenience, loss of profits, lost business, lost business opportunities, damage to reputation, goodwill and any incidental or consequential damages arising out of or relating to the PRODUCT, or other matters not specifically covered hereunder.

Procedure
Upon delivery, PURCHASER shall, within one (3) business day, inspect the PRODUCT for conformity and visible defects. PURCHASER shall give WARRANTOR immediate written, specific and detailed notice of any non-conformities or defects regarding the PRODUCT. Upon receipt of the written notice of claim, WARRANTOR shall have the right to inspect the PRODUCT. In the event of a defect covered by this Limited Warranty, WARRANTOR will, at WARRANTOR's discretion, repair or replace the PRODUCT or any component of the PRODUCT or refund the purchase price for that particular PRODUCT. In the event that PURCHASER submits a warranty claim that, in the sole reasonable discretion of the WARRANTOR, is unfounded, the PURCHASER shall reimburse the WARRANTOR all reasonable costs incurred by the WARRANTOR

in evaluating the warranty claim (i.e. travel, lodging, expert evaluations, etc.). WARRANTOR must approve, in advance and in writing, all repairs or replacements covered under or performed pursuant to this Limited Warranty. Any warranty repairs or service must be performed exclusively by WARRANTOR or other authorized representative of WARRANTOR or by another servicing facility pre-approved in writing by WARRANTOR. Acceptance of any Limited Warranty claim is not an admission that any PRODUCT or any of its component parts are defective. The PURCHASER forfeits any rights it may have under this Limited Warranty if the PURCHASER does not follow the procedure described herein. All requests and notices under this Limited Warranty shall be directed to:

Lodes USA LLC
560 Springfield Avenue,
Suite B – Westfield,
NJ 07090 – USA
D 201 903 0020
E-mail: usa@lodes.com

Limitation of Damages
LIMITATION OF DAMAGES. Except as expressly provided by this Limited Warranty, WARRANTOR SHALL NOT BE RESPONSIBLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES ASSOCIATED WITH THE USE OR NON-USE OF THE PRODUCT OR A CLAIM UNDER THIS LIMITED WARRANTY, WHETHER THE CLAIM IS BASED ON CONTRACT, TORT OR OTHERWISE. The foregoing statements of warranty are exclusive and in lieu of all other remedies or damages. Some States do not allow the exclusion or limitation of incidental or consequential damages, so only in this case this limitation or exclusion may not apply to you.

This Limited Warranty shall be the sole and exclusive remedy available to the PURCHASER with respect to this PRODUCT. In the event of any alleged breach of any warranty or any legal action brought by the PURCHASER, based on breach of warranty, alleged negligence or other tortious conduct by WARRANTOR, the PURCHASER's sole and exclusive remedy will be the repair or replacement of any defective PRODUCT as stated herein. In no event shall the liability of the WARRANTOR exceed the purchase price of the PRODUCT.

Disclaimer
ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND ALL IMPLIED WARRANTIES ARISING FROM A COURSE OF DEALING, USAGE OF TRADE, BY STATUTE OR OTHERWISE, IS HEREBY STRICTLY LIMITED TO THE TERM OF THIS WRITTEN WARRANTY. This Limited Warranty shall be the sole and exclusive remedy available to the PURCHASER with respect to this PRODUCT. In the event of any alleged breach of any warranty or any legal action brought by the PURCHASER based on alleged negligence or other tortious conduct by WARRANTOR, the PURCHASER's sole and exclusive remedy will be repair or replacement of defective materials or refund of the purchase price, as stated herein.

Transfer of Limited Warranty
This warranty is made by WARRANTOR with only first PURCHASER of the PRODUCT and does not extend to any subsequent PURCHASER or any third parties. The unexpired portion of this Limited Warranty may not be transferred to any entity.

Applicable Law
This Limited Warranty shall be deemed to have been particularly negotiated between parties. The parties expressly acknowledge and irrevocably agree that any and all claims or disputes arising out of or otherwise relating to this Limited Warranty shall be decided exclusively by Court of Milan under

Italian Law with the exclusion of any courts of any place. PURCHASER expressly waives any provision of law in the jurisdiction in which PURCHASER is located or any other potentially applicable law which conflicts with any provision of this Limited Warranty at any time.

Other Rights
Your acceptance of delivery of The PRODUCT constitutes your acceptance of the terms of this Limited Warranty. This Limited Warranty gives you specific legal rights, and you may also have other rights which vary from state to state. If any term or provision of this Limited Warranty is invalid or unenforceable under any local, state, or federal law, statute, judicial decision, regulation, ordinance, executive order or other rule of law, such term shall be deemed reformed or deleted, but only to the extent necessary to comply with such statute, regulation, ordinance, order or rule and the remaining provisions of this Limited Warranty shall remain in full force and effect.

Entire Agreement
This document alone contains the entire Limited Warranty given by WARRANTOR in respect of the PRODUCT. Nothing in WARRANTOR's product literature, marketing materials, advertisements and technical specifications expand or enlarge the scope of this Limited Warranty. There are no terms, promises, conditions or warranties regarding the PRODUCT other than those expressly contained herein. WARRANTOR specifically does not authorize any person, including but not limited to any dealer or other agent or employee of WARRANTOR, to extend the time, scope, terms or conditions of this Limited Warranty or to create or assume for WARRANTOR any other obligation or liability with respect to the PRODUCT or other products designed, manufactured or sold by WARRANTOR. All terms of this Limited Warranty are contractual and not mere recitals, and constitute material terms of this Limited Warranty. It is agreed and acknowledged that the provisions of this Limited Warranty allocate the risks between WARRANTOR and PURCHASER, that WARRANTOR's pricing reflects this allocation of risk, and but for this allocation and limitation of liability, WARRANTOR would not have entered into this Limited Warranty.

The agents, employees, and dealers of WARRANTOR Products are not authorized to make modifications to this limited warranty or make additional warranties binding on the WARRANTOR.

THIS DOCUMENT AND ALL PROVISIONS CONTAINED HAS BEEN SPECIFICALLY AGREED BETWEEN THE PARTIES.
