Lodes designs and manufactures lighting solutions for both indoor and outdoor spaces. We design and manufacture light sources that enhance the quality of living for those who choose them in any environment and situation. We seek a balance between form and functionality to elevate every space with a distinctive decorative touch, without compromising on design or utility.

Lodes progetta e produce soluzioni illuminotecniche per arredare spazi interni ed esterni. Immaginiamo e realizziamo sorgenti luminose che migliorino la qualità dell'abitare di chi le sceglie, in qualsiasi ambiente e situazione. Cerchiamo l'equilibrio tra forma e funzionalità per valorizzare ogni spazio con un segno decorativo distintivo, senza compromessi né rinunce.

“For our *family*, light is a 70-year legacy.”

In Venice since 1950

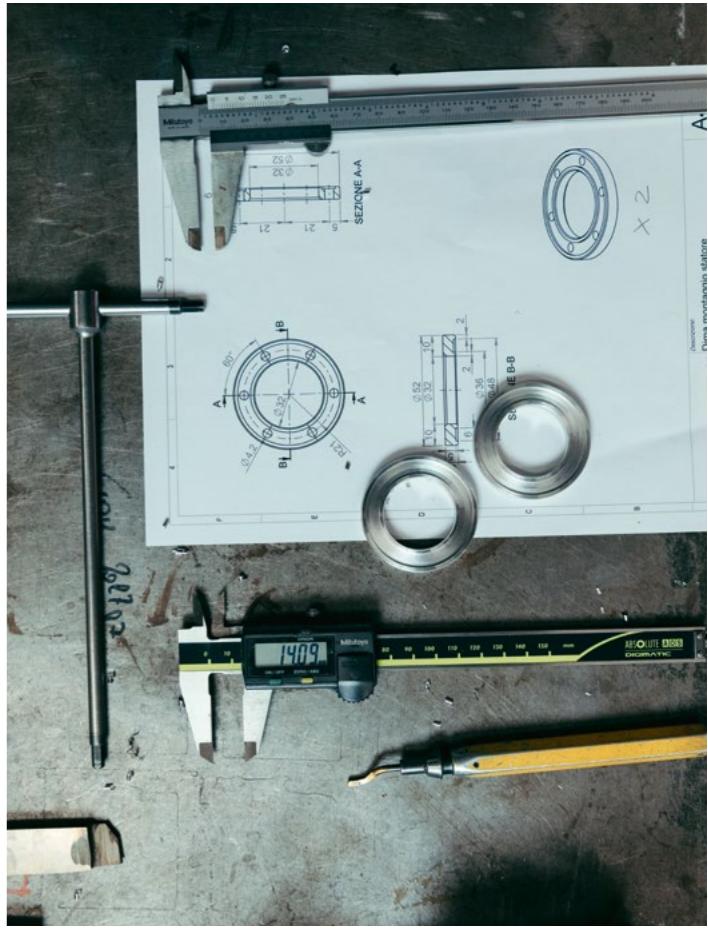

Founded in 1950, *Lodes* narrates an evolutionary journey through three generations, from a pure passion for light to contemporary creations that seamlessly blend design and technological innovation. Our products are designed for optimal enjoyment of living spaces, emphasising ease of installation, immediate interaction, and energy efficiency. *Lodes* ensures quality throughout the supply chain, from material selection to production techniques, deliveries, and post-sales service. The company's transformation includes a significant rebranding initiative initiated in 2020. This cultural shift, stemming from the aspiration to explore new avenues and the commitment to continual learning from light, centres on research, design, and innovation to develop progressively versatile and innovative lighting solutions. Today, *Lodes* stands as one of Europe's foremost manufacturers of decorative lighting, operating in over 90 global markets.

A Venezia dal 1950

Nata nel 1950 dalla passione per il vetro del fondatore, *Lodes* racconta un percorso evolutivo attraverso tre generazioni, dalla pura passione per la luce alle creazioni contemporanee che coniugano design e ricerca tecnologica. I nostri prodotti sono pensati per godere appieno degli spazi di vita – facili da installare, immediati nell'interazione ed efficienti nei consumi – e realizzati attraverso una filiera controllata dalla scelta dei materiali e delle migliori tecniche di produzione, fino alle consegne e al servizio post-vendita. L'evoluzione dell'azienda passa anche attraverso un'importante fase di rebranding iniziata nel 2020. Questa rivoluzione culturale, nata dal desiderio di esplorare nuovi sentieri, dalla voglia di rinnovarsi e di continuare a studiare e a imparare dalla luce, mette al centro la ricerca, la progettazione e l'innovazione per creare soluzioni illuminotecniche sempre più versatili e innovative. Oggi *Lodes* è uno dei principali produttori europei di illuminazione decorativa, attiva in oltre 90 mercati di tutto il mondo.

Lodes Timeline 1950–Today

1950
Angelo Tosetto, Fabbrica di Lampadari was founded. ● Viene fondata la Angelo Tosetto, Fabbrica di Lampadari.

1985
Angelo's three children take over the company and change its name to Tre-T Lighting.
● I tre figli di Angelo Tosetto rilevano l'azienda e cambiano il nome in Tre-T Illuminazione.

1997
Andrea Tosetto, one of the three siblings, takes over the company, renames it Studio Italia Design, and transfers the headquarters to Marcon. Andrea embraces a more contemporary language, and transitions to digital design.
● Andrea Tosetto, uno dei tre fratelli, assume il comando dell'azienda, cambia nome in Studio Italia Design e trasferisce la sede a Marcon. Andrea predilige uno stile più contemporaneo e introduce la progettazione digitale.

2004
Massimiliano Tosetto, Andrea's son, joins the company as Export Sales Manager.
● Massimiliano Tosetto, figlio di Andrea, entra in azienda come Responsabile commerciale estero.

2013
Massimiliano Tosetto is appointed General Manager of the company. ● Massimiliano Tosetto è nominato Direttore Generale di Studio Italia Design.

2019/2021
The partnership with designer Luca Nichetto resulted in products such as Jefferson and Croma. ● La collaborazione con il designer Luca Nichetto dà origine a prodotti quali Jefferson e Croma.

2020
Studio Italia Design becomes Lodes.
● Studio Italia Design diventa Lodes

LODES

2014
The company develops proprietary AC-line voltage LED modules. ● L'azienda sviluppa moduli LED proprietari a tensione di rete.

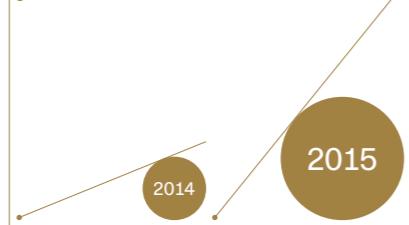

2015
The Kelly suspension lamp by Andrea Tosetto is added to the catalogue. ● La lampada a sospensione Kelly disegnata da Andrea Tosetto entra in catalogo.

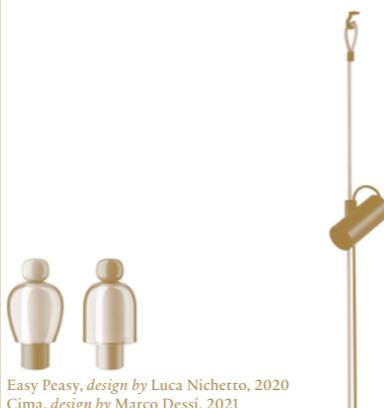

Kelly, design by Andrea Tosetto, 2015

2015
Turnover doubles vs the previous year.
● Raddoppio del fatturato rispetto all'anno precedente.

2020, 2021
Easy Peasy and Cima, two new Lodes collections debut in the spirit of the relationship between light and space. ● Easy Peasy e Cima, debuttano due nuove collezioni Lodes nel segno delle relazioni tra luce e spazio.

Easy Peasy, design by Luca Nichetto, 2020
Cima, design by Marco Dessì, 2021

2021
The Diesel Living with Lodes line makes its debut to mark the global exclusive collaboration between Diesel and Lodes.
● Debutta la linea Diesel Living with Lodes, frutto dell'esclusiva collaborazione globale tra Diesel e Lodes.

2022
The Company saw an increase of +13% in terms of turnover. ● L'azienda ha visto un incremento del business pari al +13%.

2022
Lodes announces its first collaboration with international architecture and design studio, Snøhetta. The partnership sees the launch of a new lighting collection entitled Volum. ● Lodes annuncia la sua prima collaborazione con lo studio internazionale di architettura e design Snøhetta. Il frutto di questa sinergia è la nuova collezione Volum.

Volum, design by Snøhetta, 2022

2022
Lodes presents Elara and Hover. ● Lodes presenta Elara e Hover.

Elara, design by Nika Zupanc, 2022
Hover, design by YOY, 2022

2022
Lodes presents Flar and IVY, two new collections that tell of the relationship between light, space and people. ● Lodes presenta Flar e IVY, due nuove collezioni che raccontano della relazione tra la luce, lo spazio e le persone.

Flar, design by Patrick Norguet, 2022
IVY I and V, design by Vittorio Massimo, 2022

2023
Lodes presents Tidal and the extension of the Volum collection. ● Lodes presenta Tidal e l'estensione della famiglia Volum.

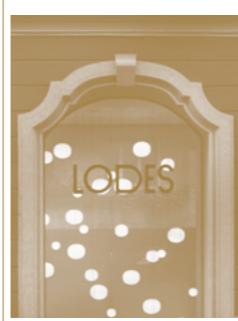

Tidal, design by Needs Studio, 2023
Volum, design by Snøhetta, 2023

2022
Flar, Archiproducts Design Awards 2022.

2023
Lodes announces strategic expansion in North America – new branch in New York.
● Lodes annuncia l'espansione strategica in Nord America: una nuova filiale a New York.

2022
Lodes lands in Milan. The first Lodes' space in the world. ● Lodes arriva a Milano. Il primo spazio Lodes al mondo.

2023
Lodes presents Cono di Luce in collaboration with Ron Arad. ● Lodes presenta Cono di Luce in collaborazione con Ron Arad.

Cono di Luce, design by Ron Arad, 2023

2023
Volum table, Archiproducts Design Awards 2023.

2023
Hover lamp by YOY has been shortlisted for the Dezeen Awards 2023.

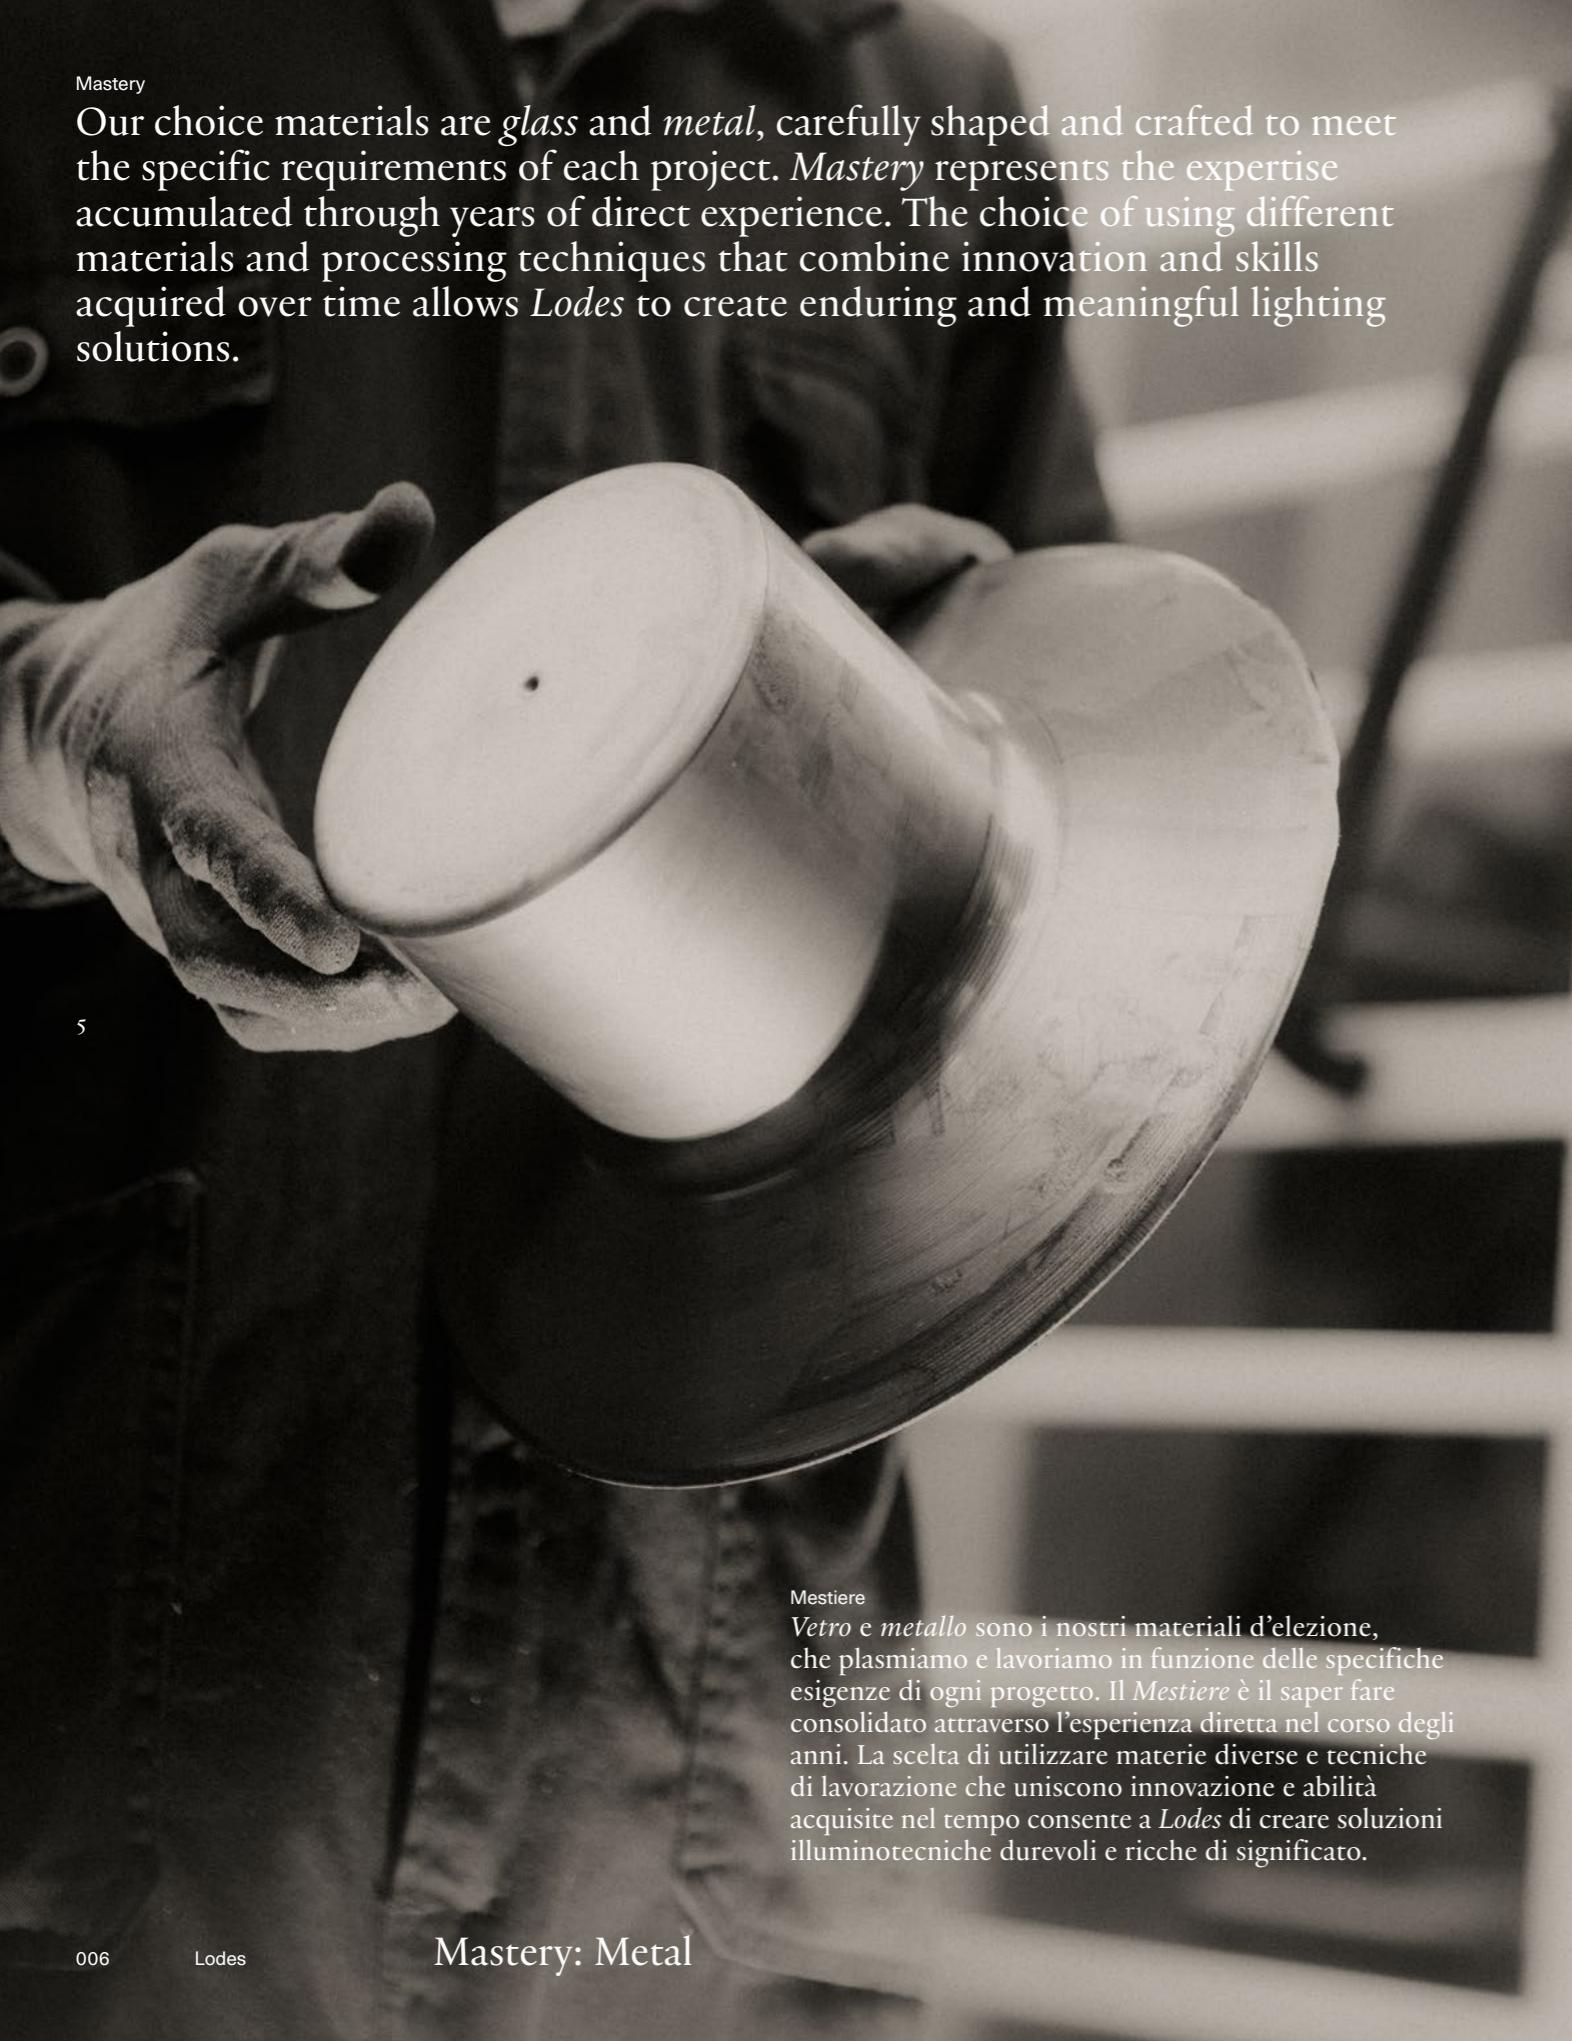

2024
The firm has been again selected as one of the most dynamic Italian companies according to the survey "Campioni della crescita 2024", published in La Repubblica's "Affari & Finanza". ● Lodes è stata nuovamente selezionata come una delle aziende italiane più dinamiche secondo l'indagine "Campioni della crescita 2024" pubblicata su "Affari & Finanza" de La Repubblica.

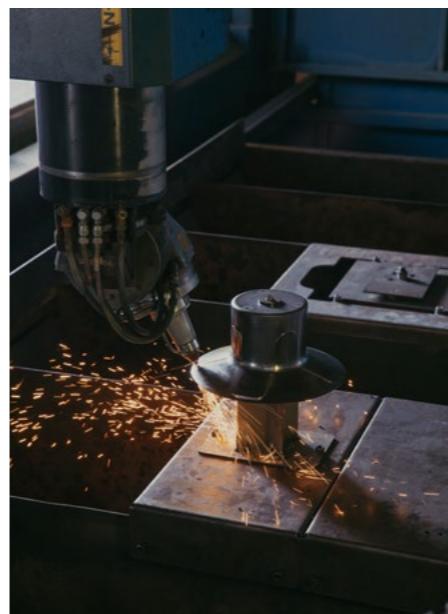

2024
The flagship spaces in Paris and Cologne, dedicated to professionals, customers & partners, promote moments of interaction and discussion on light and solutions designed by the company. ● Gli spazi espositivi a Parigi e Colonia, dedicati a clienti, partner e collaboratori, promuovono momenti di scambio e condivisione sulla luce e sulle soluzioni progettate dall'azienda.

Our choice materials are *glass* and *metal*, carefully shaped and crafted to meet the specific requirements of each project. *Mastery* represents the expertise accumulated through years of direct experience. The choice of using different materials and processing techniques that combine innovation and skills acquired over time allows *Lodes* to create enduring and meaningful lighting solutions.

5

**Mestiere**

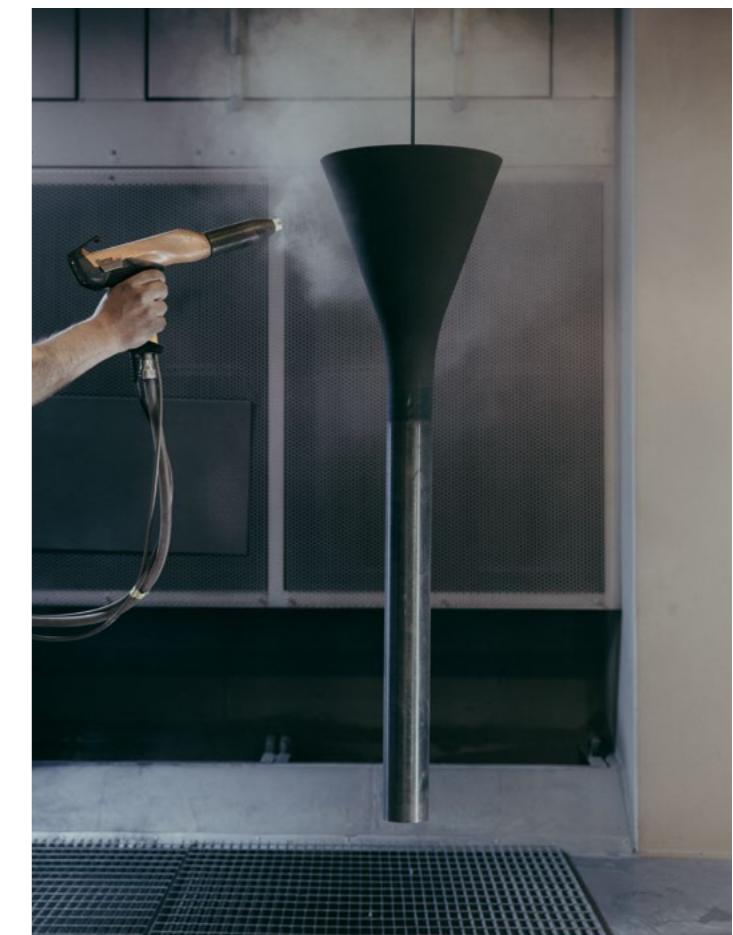

Vetro e *metallo* sono i nostri materiali d'elezione, che plasmo e lavoriamo in funzione delle specifiche esigenze di ogni progetto. Il *Mestiere* è il saper fare consolidato attraverso l'esperienza diretta nel corso degli anni. La scelta di utilizzare materie diverse e tecniche di lavorazione che uniscono innovazione e abilità acquisite nel tempo consente a *Lodes* di creare soluzioni illuminotecniche durevoli e ricche di significato.

6

7

8

Metals are among the most resistant materials in the world. By combining skills perfected over the years and contemporary techniques, *Lodes* is able to shape them according to the specific needs of each project, giving life to luminous creations that blend design and durability over time.

I *metalli* sono tra i materiali più resistenti al mondo: unendo abilità perfezionate negli anni e tecniche contemporanee, *Lodes* riesce a plasmarli in funzione delle specifiche esigenze di ogni progetto per dar vita a creazioni luminose che coniugano design e resistenza nel tempo.

9

10

11

Blowing is an ancient *glassmaking* technique that finds one of its highest expressions in Venice, the territory of *Lodes*. The company's founder passed on the secrets learned from master glassblowers and the passion for this refined art to contemporary generations, who continue to use the age-old technique of glassblowing in many collections in the catalogue.

La *soffiatura* è un'antica tecnica di lavorazione del vetro che trova una delle sue alte espressioni proprio a Venezia, il territorio di *Lodes*. Il fondatore dell'azienda ha trasmesso i segreti appresi dai mastri vetrai e la passione per questa raffinata arte alle generazioni contemporanee, che continuano a utilizzare la millenaria tecnica della soffiatura in molte collezioni a catalogo.

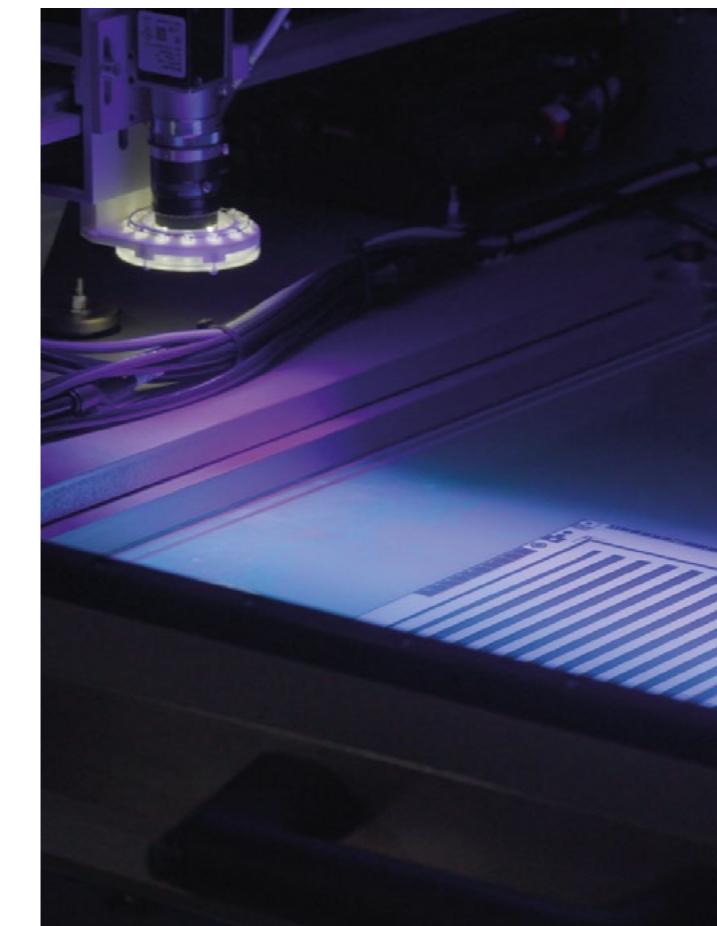

12

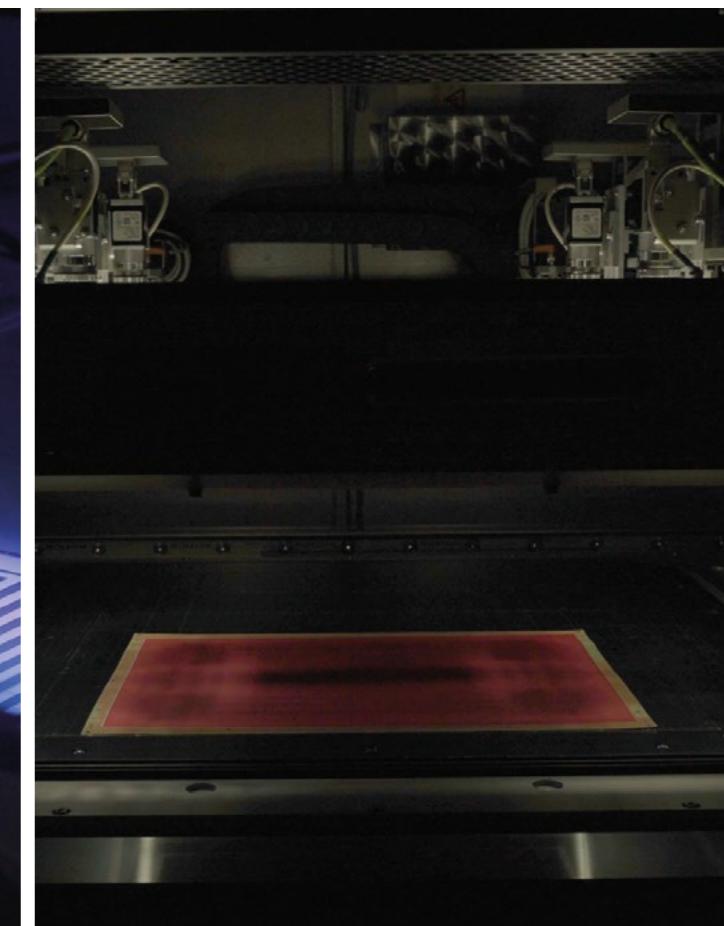

13

Mastery: PCB

14

15

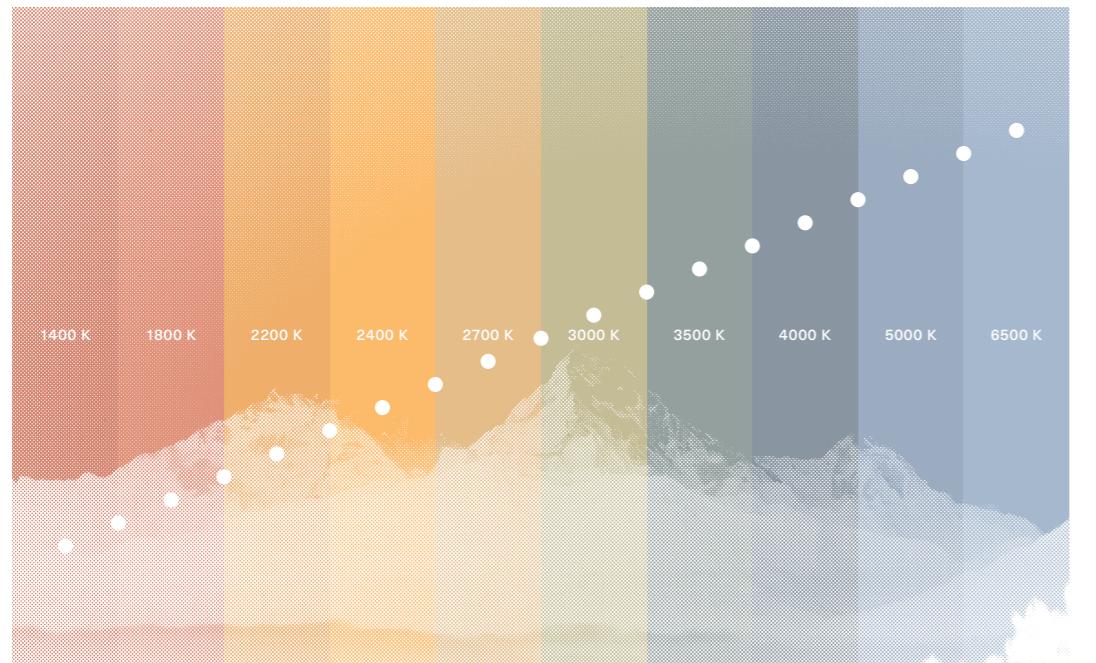

A thin, flexible, and insulating sheet of glass fibre forms the basis for a copper path serving as an electrical conductor for the LED. Thanks to its expressive and aesthetic properties, the *PCB* enables *Lodes* to create innovative designs that alternate between different reflections of light.

Un sottile foglio di fibra di vetro, flessibile e isolante, è la base per un path di rame che funge da conduttore elettrico per il LED. Grazie alle sue proprietà espressive ed estetiche, il *PCB* consente a *Lodes* di realizzare inedite creazioni che alternano diversi riflessi di luce.

Lodes designs and produces luminous innovation through its LED technology, meticulously crafting both mains voltage and low voltage LED modules to deliver light quality comparable to halogen bulbs. The efficiency inherent in our LED light sources leads to energy savings, extended lifespans, and reduced maintenance and replacement costs compared to traditional light sources.

16

17

Innovazione luminosa, dalla progettazione alla qualità della luce

Lodes progetta e produce moduli LED a tensione di rete e a bassa tensione per fornire la stessa qualità di luce delle lampadine alogene. L'efficienza delle nostre sorgenti luminose a LED si traduce in risparmio energetico e lunga durata, con costi di manutenzione e di sostituzione inferiori rispetto alle fonti di luce tradizionali.

18

17.
Our LEDs are engineered to fill spaces with a warm and emotionally resonant glow, ranging between 2700 K and 3000 K on the light colour temperature scale, measured in Kelvin degrees. This scale corresponds to the hue emitted by the light source.

18.
All our LED sources ensure the same high-quality light colour. This uniformity allows different lamps to be seamlessly combined in a single room, with colour variations falling within the 3-step MacAdam ellipse, and therefore imperceptible to the human eye.

19

20

20.
We design LED light sources with a CRI (Colour Rendering Index) of 90 or higher to authentically reproduce the natural colours of objects. The CRI quantifies a light source's ability to faithfully render colours.

CRI 90

21.

Realizziamo LED che inondano gli ambienti con una luce calda ed emotionale – la temperatura del colore della luce è espressa in gradi Kelvin e corrisponde alla tonalità emessa dalla sorgente luminosa: i LED di *Lodes* hanno una temperatura tra i 2700 K e i 3000 K.

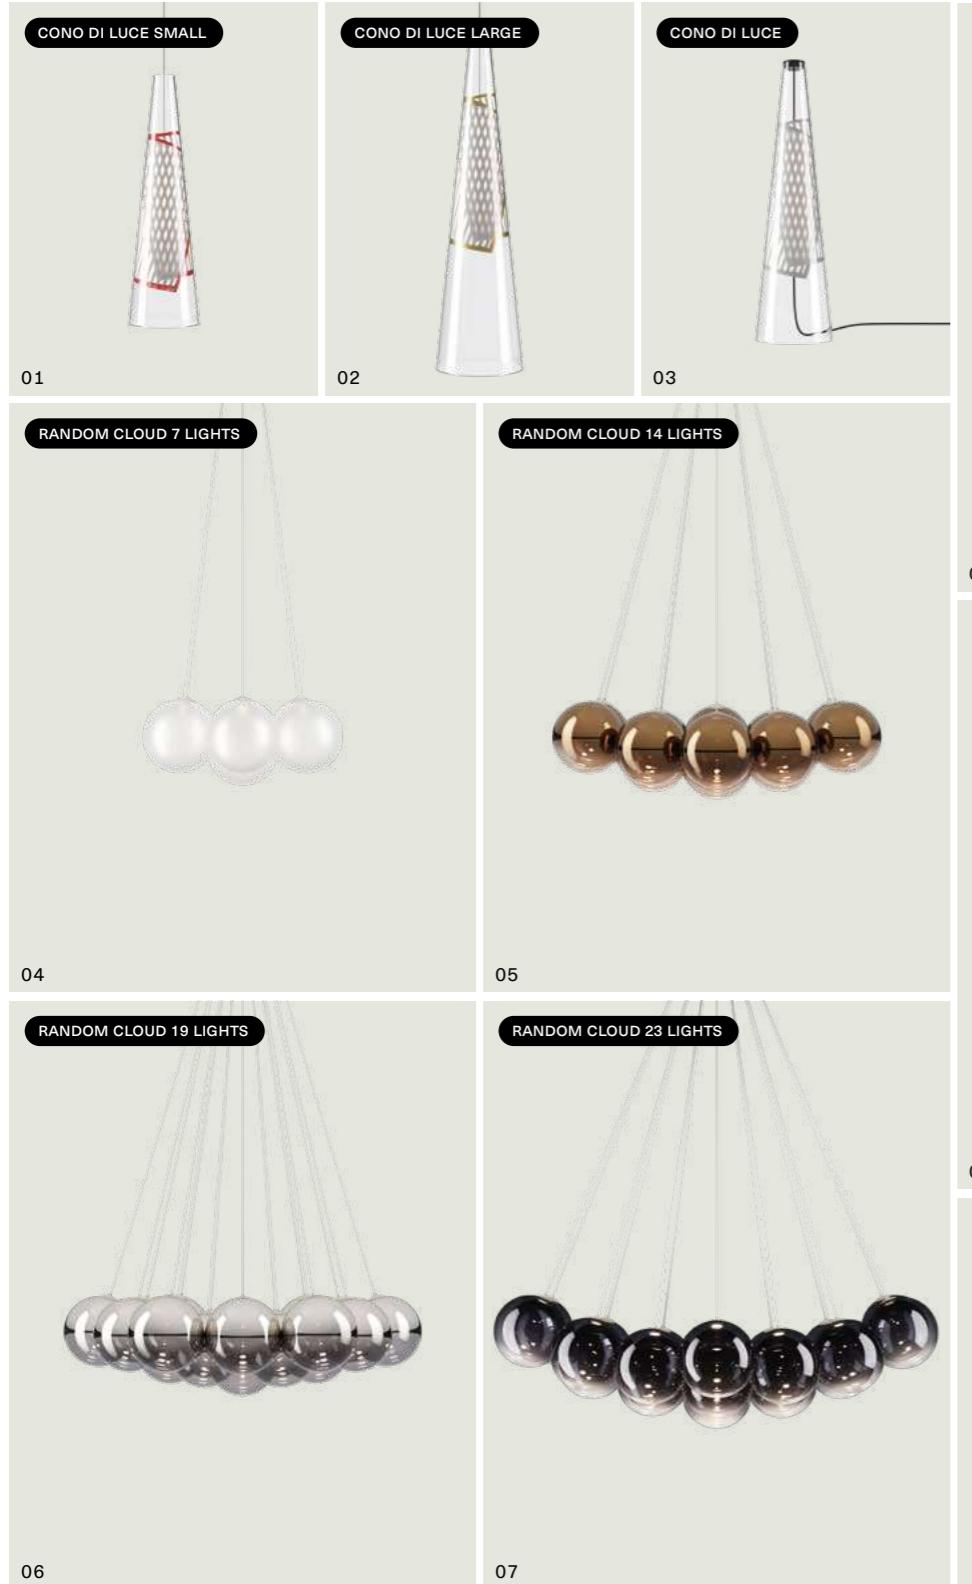

Tutte le nostre sorgenti LED forniscono la stessa qualità di colore della luce per combinare in un unico ambiente anche lampade diverse – le variazioni di colore rientrano nel 3°Step dell'ellisse di MacAdam e sono impercettibili all'occhio umano.

Ron Arad, Marco Dessí, Chia-Ying Lee, Dima Loginoff, Vittorio Massimo, Needs Studio, Luca Nichetto, Patrick Norguet, Snøhetta, Studio Italia Design, Andrea Tosetto, Pio & Tito Toso, YOY, Nika Zupanc.

Lodes collaborates with Italian and international designers to shape unique lighting and decorative projects. Thanks to continuous research and experimentation, ideas take shape and the company becomes the meeting place for creative flair, technical expertise, and craftsmanship.

Lodes collabora con designer italiani e internazionali per creare progetti luminosi e decorativi unici. Grazie a continue ricerche e sperimentazioni, le idee prendono forma e l'azienda diventa il luogo d'incontro tra estro creativo, esperienza tecnica e artigianalità.

Random Cloud, design by Chia-Ying Lee, 2024

Random Cloud is a chandelier, an evolution of Lodes' *Random Solo* pendant, connecting multiple glass pendants to a central canopy. The pendants can be grouped to create 'clouds' of 7, 14, 19, or 23 via steel cables cut to precise lengths to create distinct 'cloud' formations. Each composition option can be achieved with spheres 23 or 28 cm in diameter and by choosing one of seven finishes available. The wide choice of compositions and configurations available to users makes *Random Cloud* a versatile option for homes, hospitality venues and workspaces alike.

Random Cloud è una sospensione stand-alone, l'evoluzione della sospensione *Random Solo* di Lodes, che ora unisce più elementi in vetro ad un rosone centrale. I vari elementi possono essere raggruppati per creare delle "nuvole" composte da 7, 14, 19 o 23, tramite cavi d'acciaio tagliati a lunghezze precise per creare differenti configurazioni di sfere. Ciascuna opzione di composizione può essere ottenuta con sfere di 23 oppure 28 cm di diametro e scegliendo una delle sette finture disponibili. L'ampia scelta di configurazioni a disposizione degli utenti, rende *Random Cloud* un'opzione versatile per ambienti domestici, hospitality e uffici.

Random Cloud

Random Cloud est une suspension autonome, évolution de la suspension *Random Solo* de Lodes, qui associe désormais des éléments en verre à la patère centrale. Les différents éléments peuvent être regroupés en compositions de 7, 14, 19 ou 23 "nuages", à l'aide de câbles coupés à différentes longueurs pour créer plusieurs configurations de sphères. Chaque option de composition peut être obtenue avec des sphères de 23 ou 28 cm de diamètre, en choisissant l'une des sept finitions disponibles. La vaste gamme de configurations dont disposent les utilisateurs fait de *Random Cloud* une option polyvalente pour les environnements domestiques, hôteliers et de bureau. ●DE

Random Cloud es una suspensión independiente, la evolución de la suspensión *Random Solo* de Lodes, que ahora combina varios elementos de vidrio y un florón central. Los distintos elementos se pueden reagrupar para crear "nubes" formadas por 7, 14, 19 o 23 luces, mediante cables cortados de varias longitudes para crear diferentes combinaciones de esferas. Cada opción de composición se puede conseguir con esferas de 23 o 28 cm de diámetro y escogiendo uno de los siete acabados disponibles. El amplio abanico de configuraciones a disposición de los usuarios convierte *Random Cloud* en una opción versátil para entornos domésticos, de hostelería y oficinas. ●ES

Random Cloud ist eine Stand-Alone Aufhängung, die Evolution der Aufhängung von Lodes' *Random Solo*, die nun mehrere Glaselemente mit einem zentralen Baldachin kombiniert. Die verschiedenen Elemente lassen sich zu „Wolken“ zusammenstellen, die aus 7, 14, 19 oder 23 bestehen. Dazu werden Seile auf unterschiedliche Länge geschnitten, um verschiedene Kugelkonfigurationen zu schaffen. ●FR

Random Cloud – это отдельная подвесная лампа, эволюция подвесной лампы *Random Solo Lodes*, которая сочетает в себе несколько стеклянных элементов с центральным креплением. Различные элементы можно группировать таким образом, чтобы создать «облака», состоящие из 7, 14, 19 или 23 сфер, с помощью тросов различной длины для создания разных конфигураций сфер. Каждый вариант композиции можно создать при помощи сфер диаметром 23 или 28 см, выбирая один из семи доступных вариантов отделки. Широкий выбор конфигураций, доступных пользователям, делает *Random Cloud* универсальным вариантом для домашних помещений, гостиниц и офисов. ●RU

Random Cloud 是一款独立悬吊灯,是Lodes的*Random Solo*悬吊灯的进阶版,该版本现在可将多个玻璃元素融合在同一个中央底座上。各种元素可被组合创建为包含7只球体、14只球体、19只球体或23只球体的“云朵”,通过切割为不同长度的绳索来创建各不相同的球体配置。每个组合选项都可使用直径为23或28厘米的球体并选择所供七种饰面中的一种而获得。可供用户选择的丰富配置使得*Random Cloud*成为一款适合居家、酒店和办公环境的多样之选。●ZH

Elara, design by Nika Zupanc, 2022

The name *Elara* connotes astronomy and Greek mythology, and its geometric design mimicks the trajectory of the planets within the universe. Inspired by astral motion, the lamp is characterised by two metal rings, one of which can be set at various angles to produce fluidity and movement, as well as a small sphere at the bottom of the lamp that contains the light source. The central ring can be positioned to reach different heights and angles, allowing users to experiment with casting light and shadows. The light source emits a glow that can illuminate an entire room. Additionally, when the lamp is off, users can direct the bi-emission sphere – up or down – according to the need for light.

Il nome *Elara* richiama l'astronomia e la mitologia greca, e il suo design geometrico imita la traiettoria dei pianeti nell'universo. Ispirata al movimento astrale, la lampada è caratterizzata da due anelli metallici, uno dei quali può essere posizionato a varie angolazioni per produrre fluidità e movimento, e da una piccola sfera all'estremità inferiore della lampada che contiene la sorgente luminosa. L'anello centrale può essere posizionato in modo da raggiungere diverse altezze e angolazioni, consentendo agli utenti di sperimentare la proiezione di luci e ombre. La sorgente luminosa emette un bagliore che può illuminare un'intera stanza. Inoltre quando la lampada è spenta, è possibile per gli utenti orientare la sfera a doppia emissione – verso l'alto o verso il basso – in base alle esigenze di luce.

Le nom *Elara* évoque l'astronomie et la mythologie grecque, et son design géométrique imite la trajectoire des planètes dans l'univers. S'inspirant du mouvement astral, la lampe se caractérise par deux anneaux métalliques : un pouvant être positionné à différents angles, créant ainsi fluidité et mouvement, et par une petite sphère à l'extrémité inférieure de la lampe qui abrite la source lumineuse. L'anneau central peut être positionné pour atteindre différents angles et hauteurs, permettant aux utilisateurs d'expérimenter la projection de lumière et d'ombre. La source lumineuse émet un rayonnement lumineux qui peut éclairer toute une pièce. De plus, lorsque la lampe est éteinte, les utilisateurs peuvent orienter la sphère à double émission – vers le haut ou vers le bas – en fonction des exigences de lumière. ●FR

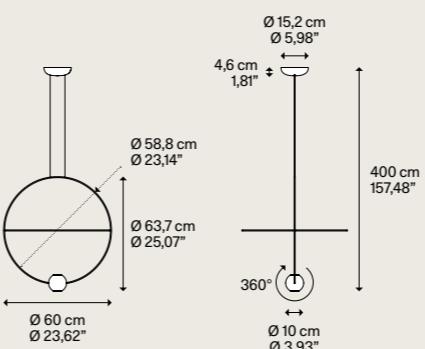

Der Name *Elara* erinnert an die Astronomie und die griechische Mythologie, und so ahmt das geometrische Design der Leuchte die Flugbahn der Planeten im Universum nach. Inspiriert von diesen astralen Bewegungen besteht die Leuchte aus zwei Metallringen, von denen einer in verschiedenen Winkeln positioniert werden kann, um eine fließende Bewegung zu erzeugen, sowie aus einer kleinen Kugel am unteren Ende der Leuchte, welche die Lichtquelle enthält. Der zentrale Ring kann in verschiedenen Höhen und Winkeln positioniert werden, so dass die Benutzer mit der Projektion von Licht und Schatten experimentieren können. Die Lichtquelle strahlt ein Licht aus, das einen ganzen Raum erhellen kann. Außerdem kann der Benutzer die Dual-Emissionskugel bei ausgeschalteter Leuchte je nach Lichtbedarf nach oben oder nach unten ausrichten. ●DE

*Elara*一名呼应天文学和希腊神话,同时它的几何设计还仿照宇宙中的行星运行轨迹。受星体运动的启发,两只金属圆环是这款灯的独特所在,其中一只能够以不同角度定位,从而产生流动性和运动性,并使灯体下端形成一个容纳光源的小球体。中心圆环通过定位可达到不同高度和角度,允许用户尝试光与影的投射。光源发出的光芒可照亮整个房间。此外,当灯熄灭时,用户可以根据自身的光线需求将双发射球体向上或向下调转。●ZH

Название *Elara* напоминает нам об астрономии и греческой мифологии, ее геометрический дизайн имитирует траектории движения планет во вселенной. Лампа, вдохновленная движением звезд, имеет два металлических кольца, одно из которых может устанавливаться под разными углами, создавая текучесть и мобильность, и небольшую сферу на нижней стороне лампы, содержащую внутри источник освещения. Центральное кольцо можно располагать на различной высоте и под разными углами, что позволяет пользователям экспериментировать с проекцией света и тени. Источник света излучает свечение, наполняющее всю комнату. Кроме того, когда лампа выключена, пользователи могут ориентировать сферу с двойным излучением вверх или вниз в зависимости от потребности в освещении. ●RU

Adjustable light Luce orientabile

Adjustable ring Anello orientabile

Sky-Fall, design by Studio Italia Design, 2014/2024

In *Sky-Fall*, the traditional glass processing techniques embrace the most advanced LED technologies. The shape of *Sky-Fall* captures the imagination in its reminiscence of ancient decanters in precious blown glass. Its function amazes thanks to the innovative double LED source that diffuses direct and indirect light. Available in two sizes and in four finishes, and in 2700 or 3000 K light colour temperature versions, *Sky-Fall* decorates both when it is on and when it is off. Now added to the family is the new *Sky-Fall Round*: a further variant featuring a spherically shaped diffuser available in two sizes and four finishes, including the new, precious golden sage. The new finish also extends to *Sky-Fall* in both sizes.

In *Sky-Fall* le tradizionali tecniche di lavorazione del vetro abbracciano le tecnologie LED più avanzate. La forma di *Sky-Fall* emoziona ricordando antichi decanter in prezioso vetro soffiato. La sua funzione stupisce grazie all'innovativa doppia sorgente a LED che diffondono luce diretta e indiretta. Disponibile in due dimensioni e in quattro finiture, e nelle versioni con temperatura colore a 2700 K o 3000 K, *Sky-Fall* arreda sia da accesa che da spenta. Si aggiunge ora alla famiglia la nuova *Sky-Fall Round*: un'ulteriore variante che presenta un diffusore dalla forma sferica disponibile in due dimensioni e quattro finiture, inclusa la nuova e preziosa golden sage (salvia dorata). La nuova finitura si estende anche a *Sky-Fall* in entrambe le misure.

Sky-Fall

Avec Sky-Fall, les techniques traditionnelles d'ennoblissement du verre embrassent les technologies LED les plus pointues. La Forme de Sky-Fall émeut car elle évoque les anciens décanteurs en verre soufflé précieux. Sa fonction surprend avec une double source à LED qui diffuse de la lumière directe et indirecte. Disponible en deux dimensions et quatre finitions, dans les versions avec température couleur à 2700 K ou 3000 K, Sky-Fall, allumée ou éteinte, se prête à la création d'atmosphères. La nouvelle Sky-Fall/Round rejoint la famille : une autre variante qui présente un diffuseur de forme sphérique disponible en deux dimensions et quatre finitions, comprenant la nouvelle et précieuse Golden Sage (sauge dorée). La nouvelle finition s'applique également à Sky-Fall dans les deux dimensions. ● FR

Bei Sky-Fall treffen traditionelle Glasverarbeitungstechniken auf fortschrittlichste LED-Technologien. Die Form von Sky-Fall begeistert und erinnert an alte Dekanter aus hochwertigem, geblasenem Glas. Seine Funktion beeindruckt dank der innovativen, doppelten LED-Lichtquelle, die gleichzeitig für direkte und indirekte Beleuchtung sorgt. Sky-Fall ist in zwei Größen und vier Ausführungen sowie in den Farbtemperaturen 2700 K oder 3000 K erhältlich und stattet den Raum sowohl im eingeschalteten als auch im ausgeschalteten Zustand aus. Jetzt wird die Familie um die neue Sky-Fall

Round erweitert: eine weitere Variante mit einem kugelförmigen Diffusor, die in zwei Größen und vier Ausführungen erhältlich ist, darunter das neue, edle Golden Sage (Salbei Gold). Die neue Ausführung erstreckt sich auch auf Sky-Fall in beiden Größen. ● DE

En Sky-Fall las tradicionales técnicas de elaboración del vidrio abrazan las tecnologías LED más avanzadas. La forma de Sky-Fall emociona recordando antiguos decantadores en precioso vidrio soplado. Su función sorprende gracias a la innovadora doble fuente de LED que difunde luz directa e indirecta. Disponible en dos tamaños, en cuatro acabados y en las versiones con una temperatura de color de 2700 o 3000 K. Sky-Fall decora tanto encendida como apagada. Ahora se añade a la familia la nueva Sky-Fall Round: una variante adicional con un difusor de forma esférica disponible en dos tamaños y cuatro acabados, incluida la nueva y preciosa golden sage (salvia dorada). El nuevo acabado también abarca Sky-Fall en ambas medidas. ● ES

Традиционная техника обработки стекла сочетается в Sky-Fall с наиболее совершенными светодиодными технологиями. Форма Sky-Fall захватывает воображение отсылкой к старинным декантерам из драгоценного дутого стекла. Он отличается поразительной функциональностью, благодаря инновационному двойному

светодиодному источнику, который рассеивает прямой и непрямой свет. Светильник выпускается в двух размерах и четырех вариантах отделки, и в версии с цветовой температурой 2700 или 3000K. Sky-Fall украшает помещение как во включенном, так и в выключенном состоянии. Теперь к семейству светильников добавился новый Sky-Fall Round: это дополнительный вариант со сферическим диффузором, доступный в двух размерах и четырех вариантах отделки, включая новую драгоценную отделку golden sage (золотой шалфей). Новая отделка также распространяется на Sky-Fall обоих размеров. ● RU

Sky-Fall 将传统的玻璃处理工艺与最为先进的LED技术完美融合。Sky-Fall的形状精美，令人想起珍贵玻璃吹制工艺精制而成的古老醒酒器。得益于创新型双LED光源散射而出的直接与间接光线，它的功能令人赞叹。提供两种尺寸和四种饰面，同时还有2700 K或3000 K色温的两个版本，无论是在点亮或熄灭时皆可营造迷人装饰效果。该系列现在还添入了全新的Sky-Fall Round：一款带有球形灯罩的延伸产品，提供两种尺寸和两种饰面，包含新颖珍贵的Golden Sage（金鼠尾草色）饰面。这款全新饰面也将延伸至Sky-Fall的两种尺寸中。● ZH

► WALL STANDARD Both accessories in the two available lengths are supplied in the box with the wall bracket. ► TRACK Tracks are only for Sky-Fall suspensions. Each suspension should be separated from the canopy and installed on the track. Each suspension should be installed on the track using the driver removed from the original canopy.

► WALL STANDARD Entrambi gli accessori nelle due diverse lunghezze sono inclusi nella confezione con il supporto a parete. ► TRACK I binari sono utilizzabili solo con le sospensioni Sky-Fall che dovranno essere separate dai rosone ed installate sui binari. Per ogni sospensione dovrà essere installato nel binario il rispettivo driver rimosso dal rosone originale.

Kelly, design by Andrea Tosetto, 2015

Seductive beauty with a bold personality thanks to the strong and precise laser cuts, which lighten the metal of the lampshade and create an intriguing play of light and shadow. *Kelly* is a multifaceted family of suspension and wall lamps that stand out with elegance in any living space thanks to the variety of available forms and finishes.

Una bellezza seducente dalla personalità audace grazie a tagli laser forti e precisi che alleggeriscono il metallo del paralume e creano un intrigante gioco di luci e ombre. *Kelly* è una famiglia poliedrica di lampade a sospensione e a parete che si distingue con eleganza in ogni ambiente abitativo grazie alla varietà di forme e finiture disponibili.

Standard Bespoke

Lodes provides functional and decorative solutions that offer endless possibilities for personalisation through the combination of lamps and canopies. The freedom offered by these combinations brings to life the concept of “*Standard Bespoke*”: a collection of products which are universal, meeting the specific needs of any living spaces, thanks to the possibility of configuring unique and meaningful compositions at will.

Lodes consente di creare soluzioni funzionali e decorative che offrono infinite possibilità di personalizzazione grazie all'unione tra lampade e rosoni. La grande libertà offerta da queste combinazioni dà vita al concetto di “*Standard Bespoke*”: una collezione dal carattere universale, in grado di rispondere alle esigenze specifiche di ogni spazio grazie alla possibilità di configurare a piacere composizioni uniche e dense di significato.

Standard Bespoke

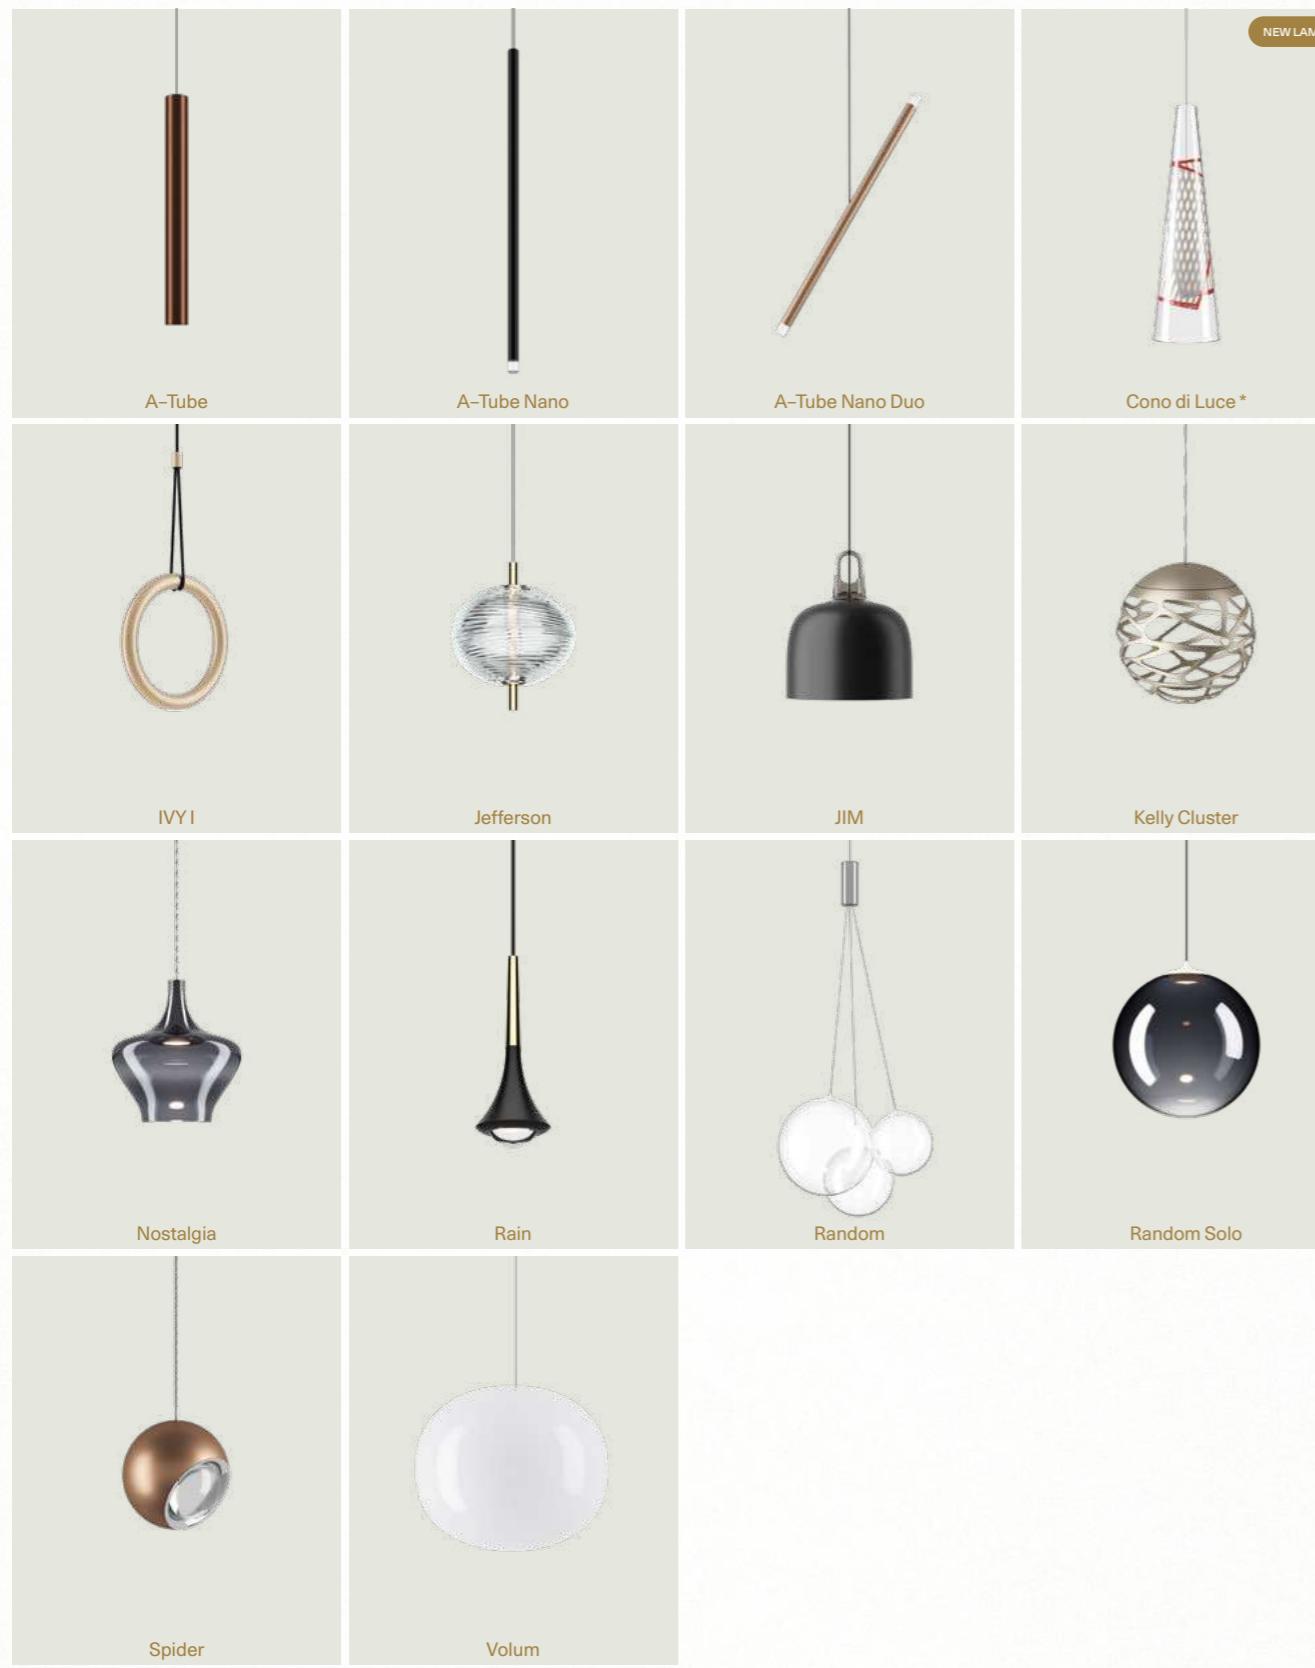

Arrangement: Clustered

Type of canopy: 3 lights on a round canopy

Finishes: Frosted White, Glossy Smoke and Clear

Cluster suspension lamp

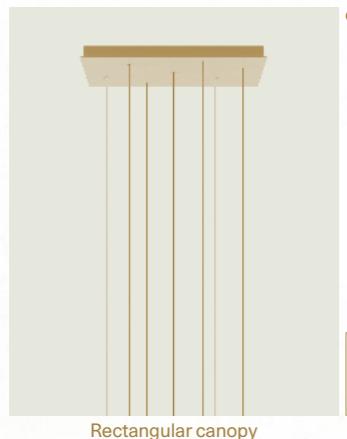

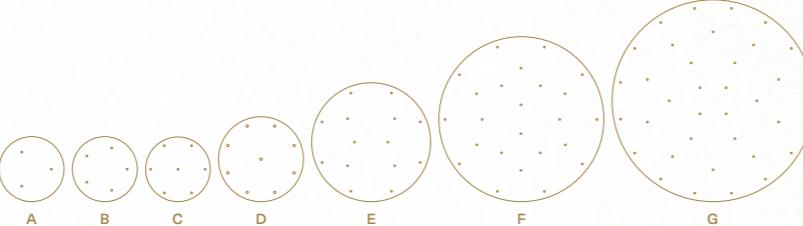

Single Canopies

Single canopies are ideal for highlighting the corner of a room or enhancing single light sources. They can also be used to create multiple custom combinations on high ceilings or in spaces which do not allow lights to be grouped in a cluster.

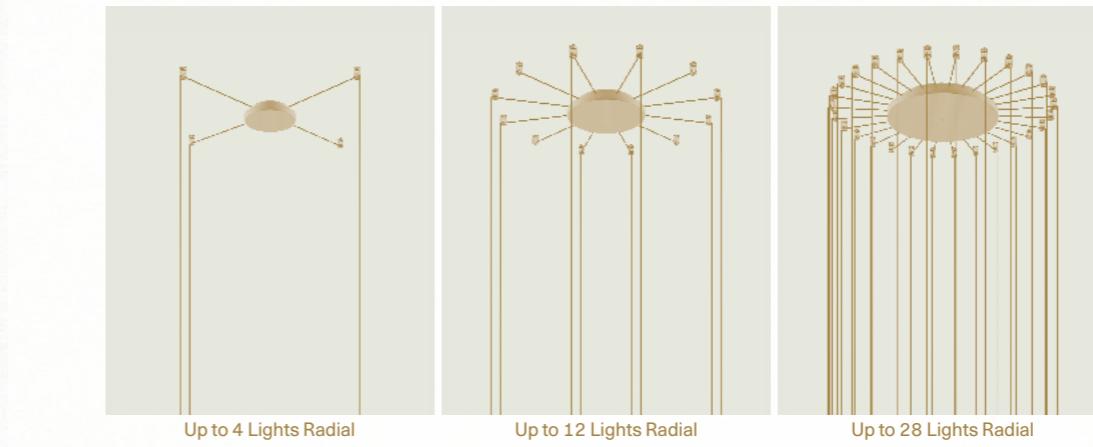

I rosoni singoli permettono di mettere in luce gli angoli di una stanza o di valorizzare le singole lampade; possono anche essere utilizzati per creare composizioni multiple e personalizzate su soffitti molto alti o in situazioni che non consentono l'utilizzo di cluster.

Multiple Canopies

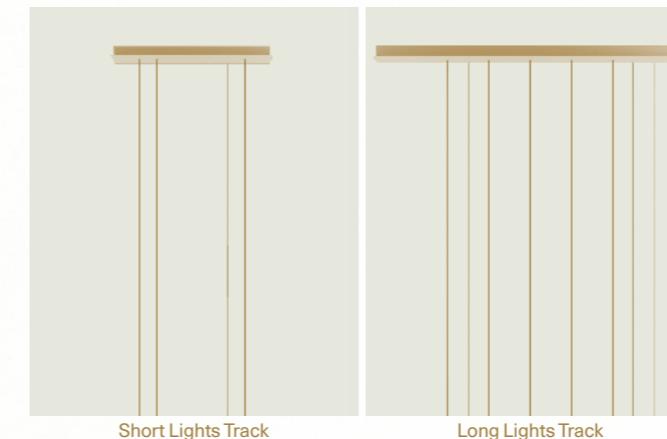

Multiple canopies are the ideal solution for functional and decorative lighting; *round* or *rectangular*, and with a variable but predefined number of holes, they allow the creation of impactful lighting compositions.

I rosoni multipli sono la soluzione ideale per un'illuminazione funzionale e decorativa; *rotondi* o *rettangolari*, e con un numero di fori variabile ma predefinito, permettono di creare composizioni sospese di grande impatto.

Radial systems are an innovative solution to separately manage various suspension cables with one single canopy, they are the perfect solution to illuminate spaces with irregular ceilings or special rooms.

I sistemi *radiali* sono una soluzione innovativa per gestire separatamente più cavi di sospensione con un unico rosone; sono la soluzione migliore per illuminare soffitti irregolari o ambienti particolari.

Track systems offer various possibilities for configuration, both in terms of the number of lamps to be included in the composition and the preferred type of installation, for example in projects which require height-aligned or staggered suspended solutions.

I sistemi *a binario* offrono numerose possibilità di configurazione sia per il numero di lampade da inserire nella composizione, sia in base al tipo di installazione desiderato, come nel caso di progetti che prevedono soluzioni sospese allineate in altezza o sfalsate.

Product Configurator

Lodes' product configurator offers endless opportunities to create personalised canopy lighting. By following a few simple steps – such as selecting a *suspension lamp* and a *canopy* of your choice – it allows to create a unique piece that meets the needs of the space and the desires of the user.

- 1 Jefferson, Single Standard
- 2 Random Solo, 5 Lights Round
- 3 JIM, 14 Lights Round

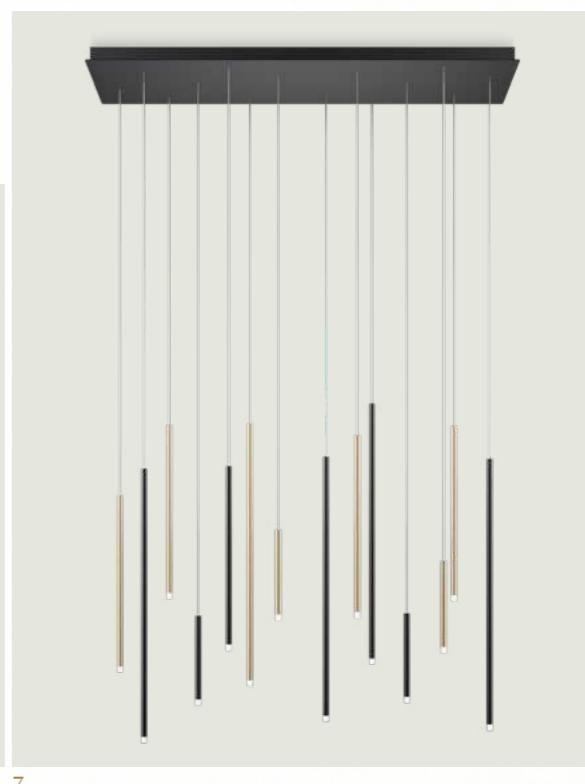

4 Nostalgia, 7 Lights Rectangular

5 Kelly Cluster, Short Lights Track

6 Random, Long Lights Track

7 A-Tube Nano, 14 Lights Rectangular

The product configurator highlights the *decorative* and *functional* potential of *Lodes' canopies*. Available as single elements or as multiple systems to be installed in any part of a room, *canopies* can be positioned in total freedom, regardless of power source because they are designed to conceal electrical joints. The wide range of possibilities offered by *Lodes* enables the personalization of any environment, whether residential or public, to make individual lamps more original or to make them the protagonists of unique and personalised combinations.

The product configurator embodies the Lodes concept of “Standard bespoke”: *universal yet personalised solutions*, designed according to each client’s technical, functional and decorative needs. The compositions are created from standard elements, the lamps and canopies of the Lodes collections, which can be combined at will by the user through the configurator to create a personal composition.

Il configuratore di prodotto evidenzia il *potenziale decorativo e funzionale* dei rosoni progettati da *Lodes*. Disponibili come elementi singoli o come sistemi multipli da installare in qualsiasi parte della stanza, i *rosoni* possono essere posizionati in totale libertà, indipendentemente dalla fonte di alimentazione perché sono progettati per nascondere i collegamenti elettrici. L’ampia gamma di possibilità offerte da *Lodes* permette di personalizzare qualsiasi ambiente, residenziale o pubblico, per rendere più originali le singole lampade o per farle diventare le protagoniste di combinazioni uniche e personalizzate.

Il configuratore di prodotto definisce il concetto di “Standard Bespoke”: *soluzioni universali ma su misura*, costruite in base alle specifiche esigenze tecniche, funzionali e decorative di ciascun cliente. Le composizioni vengono create a partire da elementi standard, le lampade e i rosoni delle collezioni Lodes, che vengono combinati a piacere dall’utente attraverso il configuratore per creare una soluzione personalizzata.

Lodes’ Product Configurator

Create truly unique combinations of light fixtures with Lodes’ canopies! Select a lamp, choose your canopy and create your bespoke composition.

Crea combinazioni di luci veramente uniche con i rosoni Lodes! Seleziona una lampada, scegli il tuo rosone e crea la tua composizione personalizzata.

Cono di Luce, design by Ron Arad, 2023

Cono di Luce, è un oggetto unico nel suo genere, sintesi del know-how d'avanguardia di Lodes e della creatività firmata Ron Arad. È una lampada caratterizzata da un cono di pirex trasparente che alloggia al suo interno un foglio con un circuito stampato (PCB) e una montatura, anch'essa in PCB. Ulteriore elemento distintivo di *Cono di Luce* è la cornice che personalizza il foglio posto all'interno del cono e che porta il nome del prodotto, la firma del designer e il nome dell'azienda. La lampada pur essendo fortemente caratterizzante, grazie alla sua estetica dal tratto deciso, si inserisce sia in contesti che spaziano da ambienti residenziali a spazi pubblici hospitality piuttosto che food & beverage.

Cono di Luce, is a unique object, a synthesis of Lodes' cutting-edge know-how and Ron Arad's creativity. It's a lamp characterised by a transparent Pyrex cone that houses a printed circuit board (PCB) inside and a frame, also made of PCB. Another distinctive element of *Cono di Luce* is the customisable frame that holds the sheet placed inside the cone, and which bears the name of the product. The frame details both Arad's and Lodes' names. The lamp, while being strongly characterising, fits into contexts ranging from residential settings to public hospitality spaces rather than food & beverage.

Cono di Luce, objet unique en son genre, représente la synthèse du savoir-faire avant-gardiste de Lodes et de la créativité de Ron Arad. Cette lampe se caractérise par un cône en Pyrex transparent qui abrite une feuille avec une carte de circuit imprimé (PCB) et une monture, également en PCB. Un autre élément distinctif de *Cono di Luce* est le cadre qui personnalise la feuille placée à l'intérieur du cône et qui porte le nom du produit, la signature du designer et le nom de la société. La lampe, bien que fortement distinctive grâce au caractère décisif de son esthétique, s'intègre dans des contextes allant des environnements résidentiels aux espaces d'accueil publics et à ceux de la restauration. ● FR

Cono di Luce ist ein einzigartiges Objekt, eine Synthese aus Lodes' avantgardistischem Know-how und Ron Arads Kreativität. Es handelt sich um eine Leuchte, die sich durch einen transparenten Pyrex-Kegel auszeichnet, in dessen Innerem sich eine Leiterplatte (PCB) und ein Aufbau, ebenfalls aus PCB, befinden. Ein weiteres charakteristisches Element von *Cono di Luce* ist der Rahmen, der die im Inneren des Kegels platzierte Platte individuell gestaltet und den Produktnamen, die Unterschrift des Designers und den Firmennamen trägt. Auch wenn die Leuchte ausgesprochen charakteristisch ist, fügt sie sich dank ihrer ausgeprägten Ästhetik in Kontexte ein, die von Wohnumgebungen bis hin zu öffentlichen Räumen, Hospitality und Food & Beverage reichen. ● DE

Cono di Luce es un objeto único en su género, la síntesis de los conocimientos técnicos más avanzados de Lodes y la creatividad de Ron Arad. Es una lámpara que se caracteriza por un cono de pyrex transparente que contiene una lámina con un circuito impreso (PCB) y un armazón, también de PCB. Otro elemento característico de *Cono di Luce* es el marco que personaliza la lámina situada dentro del cono y que lleva el nombre del producto, la firma del diseñador y el nombre de la empresa. La lámpara, aun siendo muy reconocible gracias a su estética de trazo decidido, es ideal para contextos que abarcan entornos residenciales, espacios públicos de hostelería e incluso de comida y bebida. ● ES

*Cono di Luce*可谓同类产品中的佼佼者,它将Lodes的尖端技术诀窍以及Ron Arad的设计创造力兼容并蓄。这款灯品的特征在于它那以透明派热克斯玻璃制成的椎体,其内部装有一张带有印刷电路板(PCB)的薄片和一个同样以PCB薄片制成的框架。*Cono di Luce*的另一个与众不同的元素便是檐口,它能使位于椎体内部的薄片做到个性化,薄片上列有产品名称、设计师签名及公司名称。这款灯品尽管特征强烈,但其线条鲜明的美感却使其无论是在住宅环境、酒店公共空间以及餐饮场所内皆可完美搭配。● ZH

Volum, design by Snøhetta, 2022/2023

Volum is an exclusive series of glass lamps that are poetically simple yet complex in their technically execution. The four blown glass globes with glossy white finish come in different sizes measuring 14, 22, 29 and 42 cm in diameter. Thanks to their inherently distinct shapes, they intuitively complement one another to form unique compositions. Enhanced by a fluid and discreet design, each *Volum* globe features a glossy white diffuser that lets light pass through evenly like glass does. The collection includes several functions: suspension cluster suspension, ceiling, wall and table versions, further exploring the concept of 360° lighting.

Volum è una serie esclusiva di lampade in vetro poeticamente semplici seppur complesse nella loro realizzazione tecnica. Le quattro sfere in vetro soffiato, caratterizzate da una finitura bianca lucida, hanno dimensioni diverse che misurano 14, 22, 29 e 42 cm (diametro). Grazie alle loro forme intrinsecamente distinte si completano intuitivamente per creare composizioni uniche. Valorizzata da un design fluido e discreto, ciascuna sfera *Volum* è dotata di un diffusore con finitura bianca lucida che lascia passare la luce in modo uniforme come il vetro. La collezione include varie funzioni: sospensione, sospensione cluster, soffitto, parete e tavolo, che esplorano il concetto di illuminazione dello spazio a 360°.

Volum est une série exclusive de lampes en verre, d'une simplicité poétique mais complexe dans leur conception technique. Les quatre sphères en verre soufflé, caractérisées par une finition blanc brillant, présentent un diamètre différent de 14, 22, 29 et 42 cm. Grâce à leurs formes intrinsèquement différentes, elles se complètent intuitivement pour créer des compositions uniques. Sublimée par un design fluide et discret, chaque sphère *Volum* est dotée d'un diffuseur avec finition blanc brillant qui laisse passer la lumière aussi uniformément que du verre. La collection présente différentes fonctions : suspension, suspension en cluster, plafonnier, applique et lampe de table, qui explorent le concept d'éclairage de l'espace à 360°. ● FR

Volum ist eine exklusive Serie von Glasleuchten, die poetisch einfach und doch komplex in ihrer technischen Umsetzung sind. Die vier mundgeblasenen Glaskugeln, die sich durch eine glänzende weiße Ausführung auszeichnen, haben unterschiedliche Abmessungen von 14, 22, 29 und 42 cm (Durchmesser). Dank ihrer von Natur aus unterschiedlichen Formen ergänzen sie sich intuitiv und ermöglichen es somit, einzigartige Kompositionen zu kreieren. Aufgewertet durch ein harmonisches und diskretes Design, verfügt jede *Volum*-Kugel über einen Diffusor mit weißer Hochglanzoberfläche, der das Licht gleichmäßig wie Glas durchscheinen lässt. Die Kollektion umfasst verschiedene Funktionen: Hängeleuchten, Cluster, Decken-, Wand- und Tischleuchten, die das Konzept der 360°-Beleuchtung des Raums erforschen. ● DE

Volum es una serie exclusiva de lámparas de vidrio poéticamente sencillas a pesar de ser complejas por lo que respecta a su ejecución técnica. Las cuatro esferas de vidrio soplado, caracterizadas por un acabado blanco brillante, tienen distintos tamaños que miden 14, 22, 29 y 42 cm (diámetro). Gracias a sus formas intrínsecamente distintas se completan intuitivamente para crear composiciones únicas. Mejorada con un diseño fluido y discreto, cada esfera *Volum* cuenta con un difusor con acabado blanco brillante que deja pasar la luz de manera uniforme como el vidrio. La colección incluye varias funciones: colgantes, grupos de lámparas colgantes, de techo, pared y sobremesa, que exploran el concepto de iluminación del espacio a 360°. ● ES

Volum – это эксклюзивная серия стеклянных светильников, поэтически простых и, одновременно, сложных в техническом исполнении. Четыре сферы из выдувного стекла с блестящей белой отделкой имеют разные размеры: 14, 22, 29 и 42 см (в диаметре). Благодаря своим характерным формам эти сферы интуитивно дополняют друг друга, создавая уникальные композиции. Каждая сфера *Volum*, отличающаяся текучим и сдержаным дизайном, оснащена диффузором с блестящей белой отделкой, равномерно пропускающим свет как и стекло. Коллекция включает различные функциональные лампы: подвесные, подвесные кластерные, потолочные, настенные и настольные, которые раскрывают концепцию освещения пространства на 360°. ● RU

Random, design by Chia-Ying Lee, 2017

A lightweight, blown glass suspension light, *Random* is made up of three round diffusers of different sizes which form one simple, eye-catching whole. Each diffuser has an LED light source which emits warm white light. When grouped together on a cluster, *Random* light fixtures form a poetic composition like soap bubbles, enhanced by the glossy coloured finishes which add a touch of character and originality.

Leggerissima lampada a sospensione in vetro soffiato, *Random* è composta da tre diffusori sferici di dimensioni diverse che formano un'entità semplice e vivace. Ogni diffusore è dotato di una sorgente luminosa a LED che fornisce una calda luce bianca. Raggruppate su cluster le lampade *Random* danno vita a composizioni poetiche come giochi di bolle di sapone, che le finiture lucide sfumate arricchiscono di carattere e originalità.

Suspension très légère en verre soufflé, Random est composée de trois diffuseurs sphériques de différentes tailles formant une entité simple et vivante. Chaque diffuseur est équipé d'une source lumineuse LED qui fournit une lumière blanche chaude. Regroupées en cluster, les lampes Random donnent vie à des compositions poétiques telles que des jeux de bulles de savon, dont les finitions douces et ombragées enrichissent le caractère et l'originalité. ●FR

Random ist eine ultraleichte Hängeleuchte aus geblasenem Glas und besteht aus drei kugelförmigen Diffusoren in unterschiedlicher Größe, die eine einfache und lebhafte Einheit bilden. Jeder Diffusor verfügt über eine LED-Lichtquelle, die warmweißes Licht abstrahlt. In Clustern angeordnet, lassen die Leuchten Random poetische Kombinationen entstehen, die einem Spiel aus Seifenblasen ähneln und denen die glänzenden, nuancierten Ausführungen Charakter und Originalität verleihen. ●DE

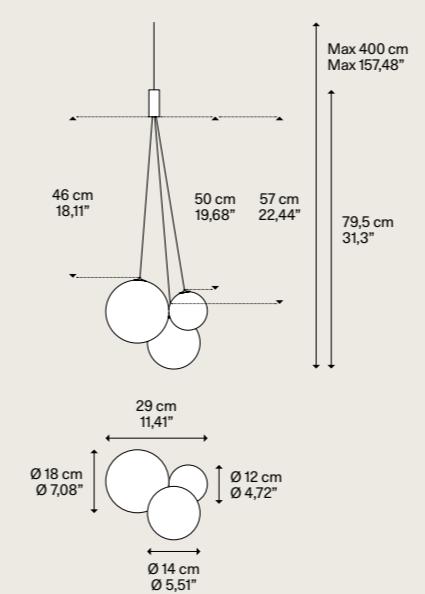

Lámpara muy ligera colgante de vidrio soplado, Random está compuesta de tres difusores esféricos de diferentes dimensiones que forman una entidad simple y dinámica. Cada difusor está equipado con una fuente luminosa de LED que proporciona una luz blanca cálida. Reagrupadas en grupos de lámparas colgantes Random dan vida a composiciones poéticas como juegos de pompas de jabón, que los acabados brillantes matizados enriquecen con carácter y originalidad. ●ES

Random – это легкий подвесной светильник из выдувного стекла, состоящий из трех сферических диффузоров разных размеров, которые образуют простую и живую композицию. Каждый диффузор оснащен светодиодным источником теплого белого света. Объединенные в кластеры лампы Random дают жизнь восхитительным композициям, таким как игра мыльных пузырей, а глянцевая отделка придает им своеобразный характер и оригинальность. ●RU

Random 是一款非常轻盈的吹制玻璃吊灯，由三个不同尺寸的球形灯罩组成，形成简单活泼的整体。每一个灯罩都配有一个LED光源，提供白色的温暖灯光。集中在组合吊上，*Random*灯可形成诗意图，如同肥皂泡的嬉戏，光亮的色泽丰富了个性与原创性。●ZH

Random ▶ Cluster suspension lamp

Random Solo, design by Chia-Ying Lee, 2020/2024

Six perfect spheres floating in the air like gentle glass bubbles.

Random Solo revisits the concept of the *Random* suspension lamp by parting the original three-piece cluster and releasing the individuality of the spherical shapes, which float like bubbles of light, letting you imagine compositions of luminous harmonies. Thanks to the new 10 cm size, there are now six dimensions and seven different finishes available, offering ample styling freedom, both as individually suspended light points and in lightweight and lively combinations on clusters.

Sei sfere perfette che fluttuano nell'aria come leggere bolle di vetro.

Random Solo rivisita il concetto della lampada a sospensione *Random*, separando l'originale cluster a tre elementi e liberando l'individualità delle forme sferiche, che fluttuano come bolle di luce lasciando immaginare composizioni di armonie luminose. Grazie alla nuova sfera da 10 cm, sono ora sei le dimensioni e sette le finiture disponibili, offrendo ampia libertà di arredamento, sia come punti luce sospesi singolarmente che in leggere e vivaci composizioni multiple su cluster.

Six sphères parfaites flottant dans l'air comme de suaves bulles de verre. *Random Solo* revisite le concept de la suspension *Random* en séparant le cluster original de trois pièces et en libérant l'individualité des formes sphériques qui fluctuent comme des bulles de lumière faisant imaginer des compositions d'harmonies lumineuses. Avec la nouvelle sphère de 10 cm, nous sommes ravis de pouvoir proposer six tailles et sept finitions pour une grande liberté d'ameublement, tant comme points lumineux suspendus individuellement qu'en combinaisons légères et animées en cluster. ☺FR

Sechs perfekte Kugeln, die wie leichte Glasblasen in der Luft schweben. *Random Solo* überarbeitet das Konzept der Hängeleuchte *Random*, für das das Original-Cluster mit drei Elementen aufgeteilt wurde, und die Individualität der sphärischen Formen freisetzt, die wie Lichtblasen schweben und Kompositionen aus leuchtenden Harmonien erahnen lassen. Dank der neuen 10-cm-Kugel stehen nun sechs Größen und sieben verschiedene Ausführungen zur Verfügung, die eine große Gestaltungsfreiheit bieten, sowohl als einzeln aufgehängte Lichtpunkte als auch in leichten und lebhaften Kombinationen auf Clustern. ☺DE

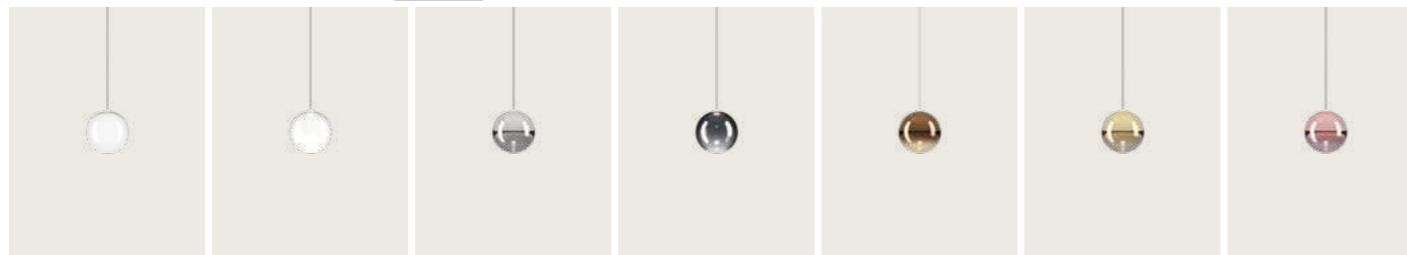

Seis esferas perfectas que flotan en el aire como delicadas burbujas de vidrio. *Random Solo* reexamina el concepto de la lámpara de suspensión *Random* separando el grupo de lámparas de suspensión original y liberando la individualidad de las formas esféricas que flotan como burbujas de luz y dejan imaginar composiciones de armonías luminosas. Gracias a la nueva esfera de 10 cm, ahora hay seis tamaños y siete acabados disponibles que ofrecen una amplia libertad de decoración, tanto como puntos de luz suspendidos individualmente como en composiciones múltiples ligeras y alegres en grupos de lámparas de suspensión. ☺ES

Шесть идеальных сфер, парящих в воздухе подобно нежным стеклянным пузырям. *Random Solo* по-новому осмысливает концепцию подвесного светильника *Random*, разделяя оригинальный кластер, состоящий из трех частей, и освобождая индивидуальность сферических форм, парящих как светящиеся шары и вызывая в воображении гармоничные световые композиции. Благодаря новой сфере размером 10 см, предлагаются шесть размеров и семь отделок, гарантируя огромную свободу по оформлению декора, как в качестве индивидуально подвешенных световых точек, так и в легких и ярких комбинациях в кластерах. ☺RU

六个完美的球体就像柔滑的玻璃泡泡一般漂浮于空中。*Random Solo*重新审视了*Random*悬吊灯的理念,将最初的三件式底盘分开而来并为球体形状留下了更多的个体空间,这些球体像光的泡泡一样漂浮着,令人联想到光影交融的和谐组合。得益于10厘米的全新球体,六种尺寸和七种饰面如今提供充足的造型自由度,既可作为单独悬吊的照明点,亦可作为轻盈活泼的底盘组合。●ZH

Nostalgia, design by Dima Loginoff, 2015

Nostalgia with its retro flair, *Nostalgia* elegantly tells of ancient glass blowing practices in three sinuous forms that can be combined at will. The perfection of the glass, the innovative LED technology and five elegant finishes make *Nostalgia* an extremely modern and versatile lamp that lends itself to the creation of captivating atmospheres, whether on or off. Available with a black frame and cable or chrome and transparent cable for all finishes, these combinations offer wide-ranging possibilities to personalize any space: on its own to illuminate a table or to add a sophisticated touch to a bedroom, in linear groups above a counter or peninsula, or in cluster compositions to emphasise larger spaces with refined scenic effects.

Con il suo sapore retrò, *Nostalgia* racconta con eleganza antiche storie di vetro soffiato in tre forme sinuose che possono essere combinate a piacere. La perfezione del vetro, l'innovativa tecnologia LED e le cinque raffinate finiture fanno di *Nostalgia* una lampada estremamente contemporanea e versatile che permette di creare atmosfere affascinanti sia da accesa che da spenta. Disponibile nelle versioni con montatura e cavo nero oppure cromo con cavo trasparente per tutte le finiture, tali combinazioni offrono ampie possibilità di personalizzazione di ogni spazio: da sola per illuminare un tavolo o per conferire un tocco sofisticato alla stanza da letto, in gruppi lineari sopra un bancone o una penisola, oppure in composizioni su cluster per dare risalto a spazi più ampi con raffinati effetti scenografici.

Avec son côté rétro, *Nostalgia* raconte avec élégance les pratiques anciennes du soufflage du verre sous trois formes sinusoïdales à combiner à volonté. La perfection du verre, la technologie LED innovante et les cinq finitions élégantes font de *Nostalgia* une lampe extrêmement moderne et polyvalente qui se prête à la création d'atmosphères captivantes, qu'elle soit allumée ou éteinte. Disponible dans les versions avec monture et câble noir ou chrome avec câble transparent pour toutes les finitions, ces combinaisons offrent de grandes possibilités de personnalisation de tous les espaces : seule, pour éclairer une table ou ajouter une touche sophistiquée à une chambre, en groupes linéaires au-dessus d'un comptoir ou d'un îlot, ou dans des compositions en cluster pour mettre en exergue des espaces plus grands avec des effets scéniques raffinés. ●FR

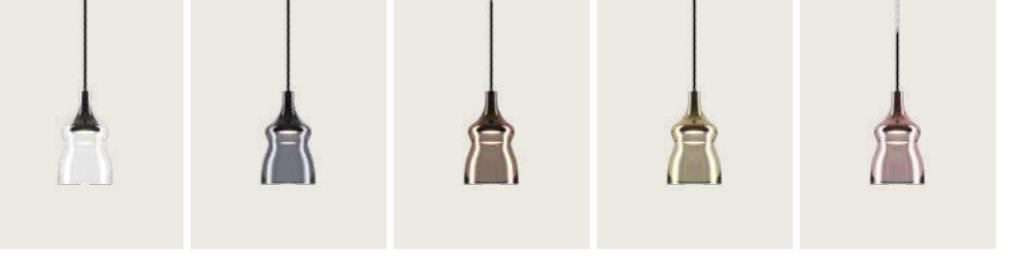

Mit ihrem Retro-Flair, erzählt *Nostalgia* auf elegante Weise von alten Glasbläsertechniken in drei gewundenen Formen, die beliebig kombiniert werden können. Die Perfektion des Glases, die innovative LED-Technologie und die fünf eleganten Ausführungen machen *Nostalgia* zu einer äußerst modernen und vielseitigen Leuchte, mit der sich sowohl im eingeschalteten als auch im ausgeschalteten Zustand faszinierende Stimmungen erzeugen lassen. Erhältlich in den Versionen mit schwarzem Gestell und Kabel oder verchromt mit transparentem Kabel für alle Ausführungen, bieten diese Kombinationen Möglichkeiten zur individuellen Gestaltung von jedem Raum: einzeln zur Beleuchtung eines Tisches oder als raffinierter Akzent in einem Schlafzimmer, in linearen Gruppen über einer Theke oder Halbinsel oder in Cluster-Kompositionen, um größere Räume mit raffinierten szenischen Effekten zu betonen. ●DE

Con su estilo retro, *Nostalgia* narra con elegancia viejas historias de vidrio soplado con tres formas sinuosas que pueden combinarse según se deseé. La perfección del vidrio, la innovadora tecnología LED y sus cinco sofisticados acabados hacen de *Nostalgia* una lámpara sumamente moderna y versátil que permite crear atmósferas cautivadoras, tanto encendida como apagada. Disponible en las versiones con estructura y cable negro o bien cromada con cable transparente para todos los acabados, estas combinaciones ofrecen un gran abanico de posibilidades de personalizar cualquier espacio: por sí sola para iluminar una mesa o aportar un toque de sofisticación a un dormitorio, en grupos lineales encima de una barra o una isleta, o en grupos de lámparas colgantes para acentuar espacios más amplios con sofisticados efectos escénicos. ●ES

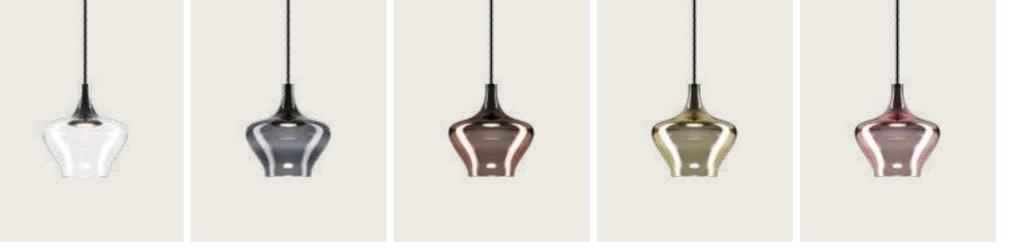

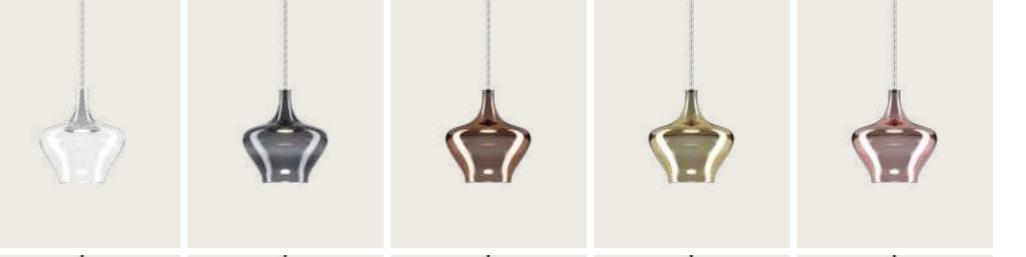

Nostalgia с ее ретро-стилем элегантно повествует о древнем искусстве выдувания стекла, отраженном в трех извилистых формах, которые можно сочетать по желанию. Совершенство стекла, инновационная светодиодная технология и пять элегантных вариантов отделки делают *Nostalgia* современным и универсальным светильником, создающим волшебную атмосферу как во включенном, так и в выключенном состоянии. Она доступна в версии с черной рамой и кабелем или в хромовой версии с прозрачным кабелем для всех видов отделки; эти сочетания предлагают возможности для индивидуального оформления любых помещений: она может использоваться для освещения стола или вносить изысканный штрих в спальню, применяться в линейных группах над кухонной стойкой или полуостровом, или в кластерных композициях, подчеркивающих большие пространства изысканными сценическими эффектами. ●RU

以其怀旧复古的格调, *Nostalgia*用三种可随意组合的蜿蜒形状优雅地讲述了古老玻璃吹制的实践方式。玻璃的完美、LED技术的创新和五种优雅饰面使*Nostalgia*成为一款极为现代且功能多用的灯具,无论点亮时还是关闭时都有助于迷人氛围的营造。提供黑色框架搭配黑色线缆的版本或是镀铬框架搭配适用于所有饰面的透明线缆的版本,这些组合扩展了将任何空间做到个性化的能力:它可单独照亮桌子或为卧室凭添一份精致润色,通过位于吧台或半岛上方向的流线型组合或通过底盘组合彰显具有精致场景效果的大空间。●ZH

Jefferson, design by Luca Nichetto, 2019

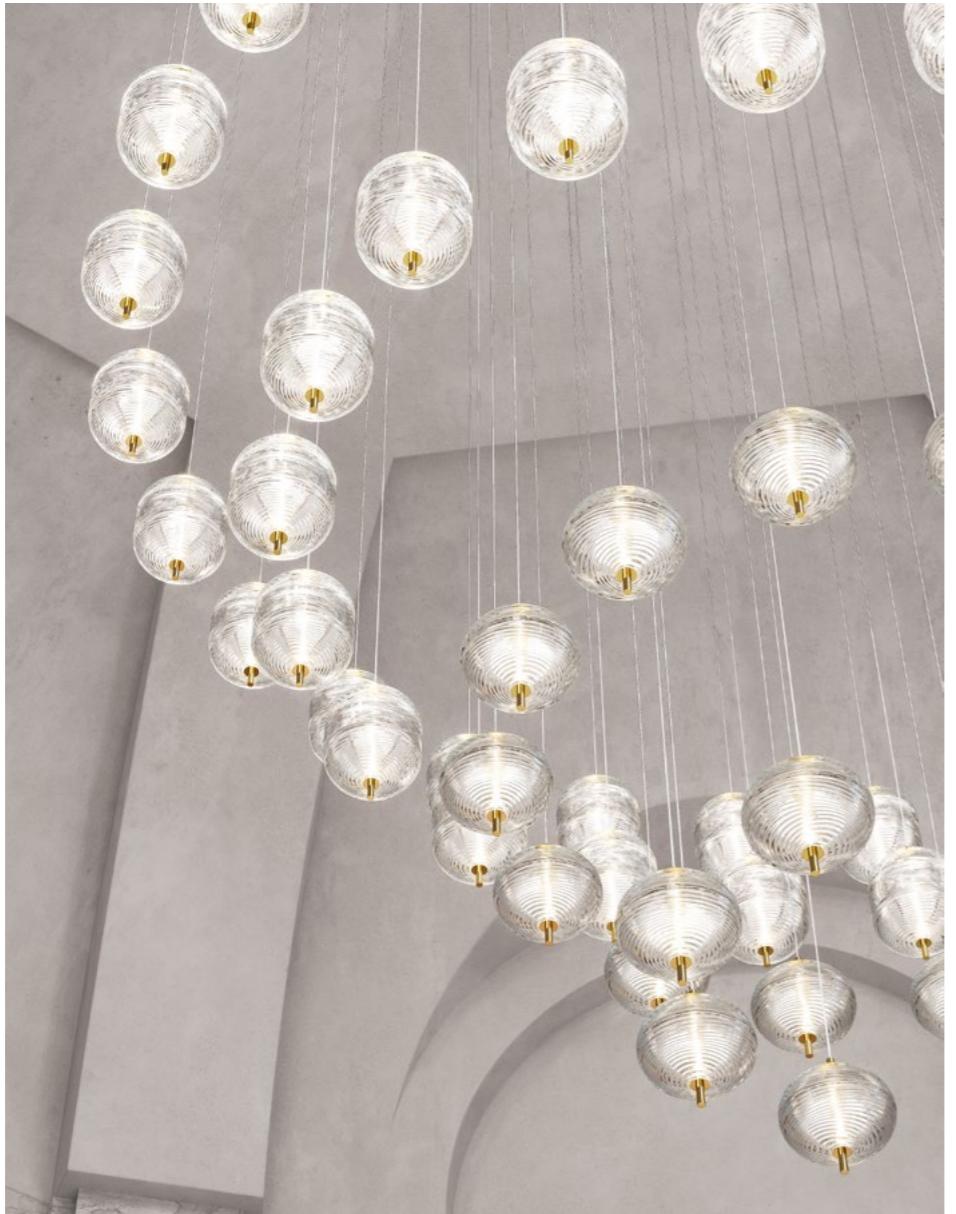

The *Jefferson* suspension lamp designed by Luca Nichetto is reminiscent of music and iconic images in psychedelic works of art from the 1960s. The vortex motif decorating the diffuser is embellished by the timeless classicism of Bohemian crystal, which diffuses evocative atmospheres of light. Dynamic in both its sizes and multiple compositions, *Jefferson's* elegance keeps up with the excellent performance of LED interior lighting.

• Spec sheet p. 175

La lampada a sospensione *Jefferson* disegnata da Luca Nichetto rimanda alla musica e alle immagini iconiche in opere d'arte psichedeliche degli anni Sessanta. Il motivo a vortice che decora il diffusore è impreziosito dalla classicità senza tempo del cristallo di Boemia, che diffondono suggestive atmosfere di luce. Dinamica in entrambe le dimensioni e in composizioni multiple, l'eleganza di *Jefferson* non rinuncia alle eccellenti prestazioni della luce interna a LED.

Jefferson

La suspension *Jefferson* dessinée par Luca Nichetto fait référence à la musique et aux images emblématiques des œuvres d'art psychédéliques des années Soixante. Le motif vortex qui orne le diffuseur est rehaussé par le classicisme intemporel du cristal de Bohème, qui diffuse des atmosphères de lumière suggestives. Dynamique dans les deux tailles et dans de multiples compositions, l'élegance de *Jefferson* ne renonce jamais aux excellentes performances de l'éclairage intérieur LED. ●FR

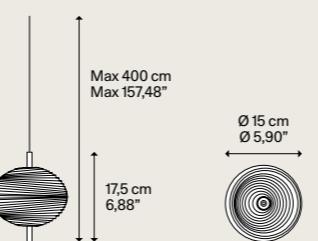

Die von Luca Nichetto entworfene Hängeleuchte „Jefferson“ erinnert an die Musik und die ikonischen Darstellungen in psychedelischen Kunstwerken der sechziger Jahre. Die Wirbel-Optik des Diffusors wird aufgewertet durch den klassisch-zeitlosen Stil des böhmischen Kristalls, das suggestive Lichtstimmungen erzeugt. Dynamisch in beiden Größen und in vielfältigen Kompositionen, verzichtet die Eleganz von *Jefferson* nicht auf die hervorragende Leistung der LED-Innenbeleuchtung. ●DE

La lámpara de suspensión *Jefferson* diseñada por Luca Nichetto evoca la música y las imágenes icónicas en obras de arte psicodélicas de los años 60. El motivo en espiral que decora el difusor lo embellece el classicismo atemporal del cristal de Bohemia que difunde atmósferas sugerivas de luz. Dinámica en ambos tamaños y en composiciones múltiples, la elegancia de *Jefferson* no renuncia a las excelentes prestaciones de la luz interna de LED. ●ES

Подвесной светильник *Jefferson*, дизайн Лука Никетто, вызывает в памяти музыку и культовые изображения на психodelических произведениях шестидесятых годов. Ценность вихревому украшению диффузора придает вечная классика богемского хрусталя, благодаря которому создается необыкновенная световая атмосфера. Элегантная и динамичная в обоих размерах и множественных комбинациях модель *Jefferson* не отказывается от превосходных характеристик внутреннего светодиодного освещения. ●RU

IVY, design by Vittorio Massimo, 2022

IVY is a minimal, geometric lighting piece composed of a die-cast zinc alloy ring hanging on a black cable, which gives power to a made to measure LED module. The product sheds an even, rounded light beam through its thin and curved methacrylate diffuser.

Designed with single and double cables, IVY responds to the need for flexibility, an increasingly contemporary theme in architectural practice and restoration, allowing the luminaire to be released from its ceiling derivation. Imagining the repetition and clustering of several lamps suggested the name IVY, while the ring reminds of a precious pendant on a necklace.

IVY è una lampada dalle linee minimaliste e geometriche costituita da un anello in lega di zinco pressofuso sospeso ad un cavo nero che aziona un modulo a LED realizzato su misura. Il prodotto emette un fascio di luce uniforme e omogeneo attraverso il sottile diffusore curvo in metacrilato. Dotata di cavi singoli e doppi, IVY risponde alla crescente esigenza di flessibilità nell'attuale contesto delle attività architettoniche e di ristrutturazione, consentendo di riposizionare la lampada rispetto alla fonte di alimentazione a soffitto. L'idea della ripetizione e del raggruppamento di più lampade ha ispirato il nome IVY, dall'inglese "edera", mentre l'anello richiama il prezioso ciondolo di una collana.

/IVY est un élément d'éclairage minimaliste et géométrique fait d'un anneau en alliage de zinc moulé sous pression, suspendu à un câble noir qui alimente un module LED sur mesure. Le produit diffuse un faisceau lumineux uniforme et arrondi grâce à son diffuseur en méthacrylate fin et incurvé. Conçu avec des câbles simples et doubles, /IVY répond au besoin de flexibilité, un thème de plus en plus contemporain dans la pratique architecturale et la restauration, permettant au luminaire d'être libéré de sa dérivation de plafond. Le nom /IVY, anglais pour « lierre », s'inspire du regroupement de plusieurs lampes en cluster, tandis que l'anneau rappelle le précieux pendentif d'un collier. ● FR

/IVY ist ein minimalistisches, geometrisches Beleuchtungsobjekt, bestehend aus einem Ring aus druckgegossener Zinklegierung, aufgehängt an einem schwarzen Kabel, das ein maßgefertigtes LED-Modul mit Strom versorgt. Das Produkt wirft einen gleichmäßigen, runden Lichtstrahl durch seinen dünnen und gebogenen Methacrylat-Diffusor. Entworfen mit einzelnen und doppelten Kabeln ist /IVY die Antwort auf das Bedürfnis nach Flexibilität, ein zunehmend aktuelles Thema in der architektonischen Praxis und Restoration, das es der Leuchte ermöglicht, sich von ihrer Deckenleitung zu lösen.

Die Vorstellung von der Wiederholung und Cluster mit mehreren Leuchten inspirierten zu dem Namen /IVY, englisch für „Efeu“, während der Ring an einen kostbaren Anhänger einer Halskette erinnert. ● DE

IVY I ▾ Cluster suspension lamp

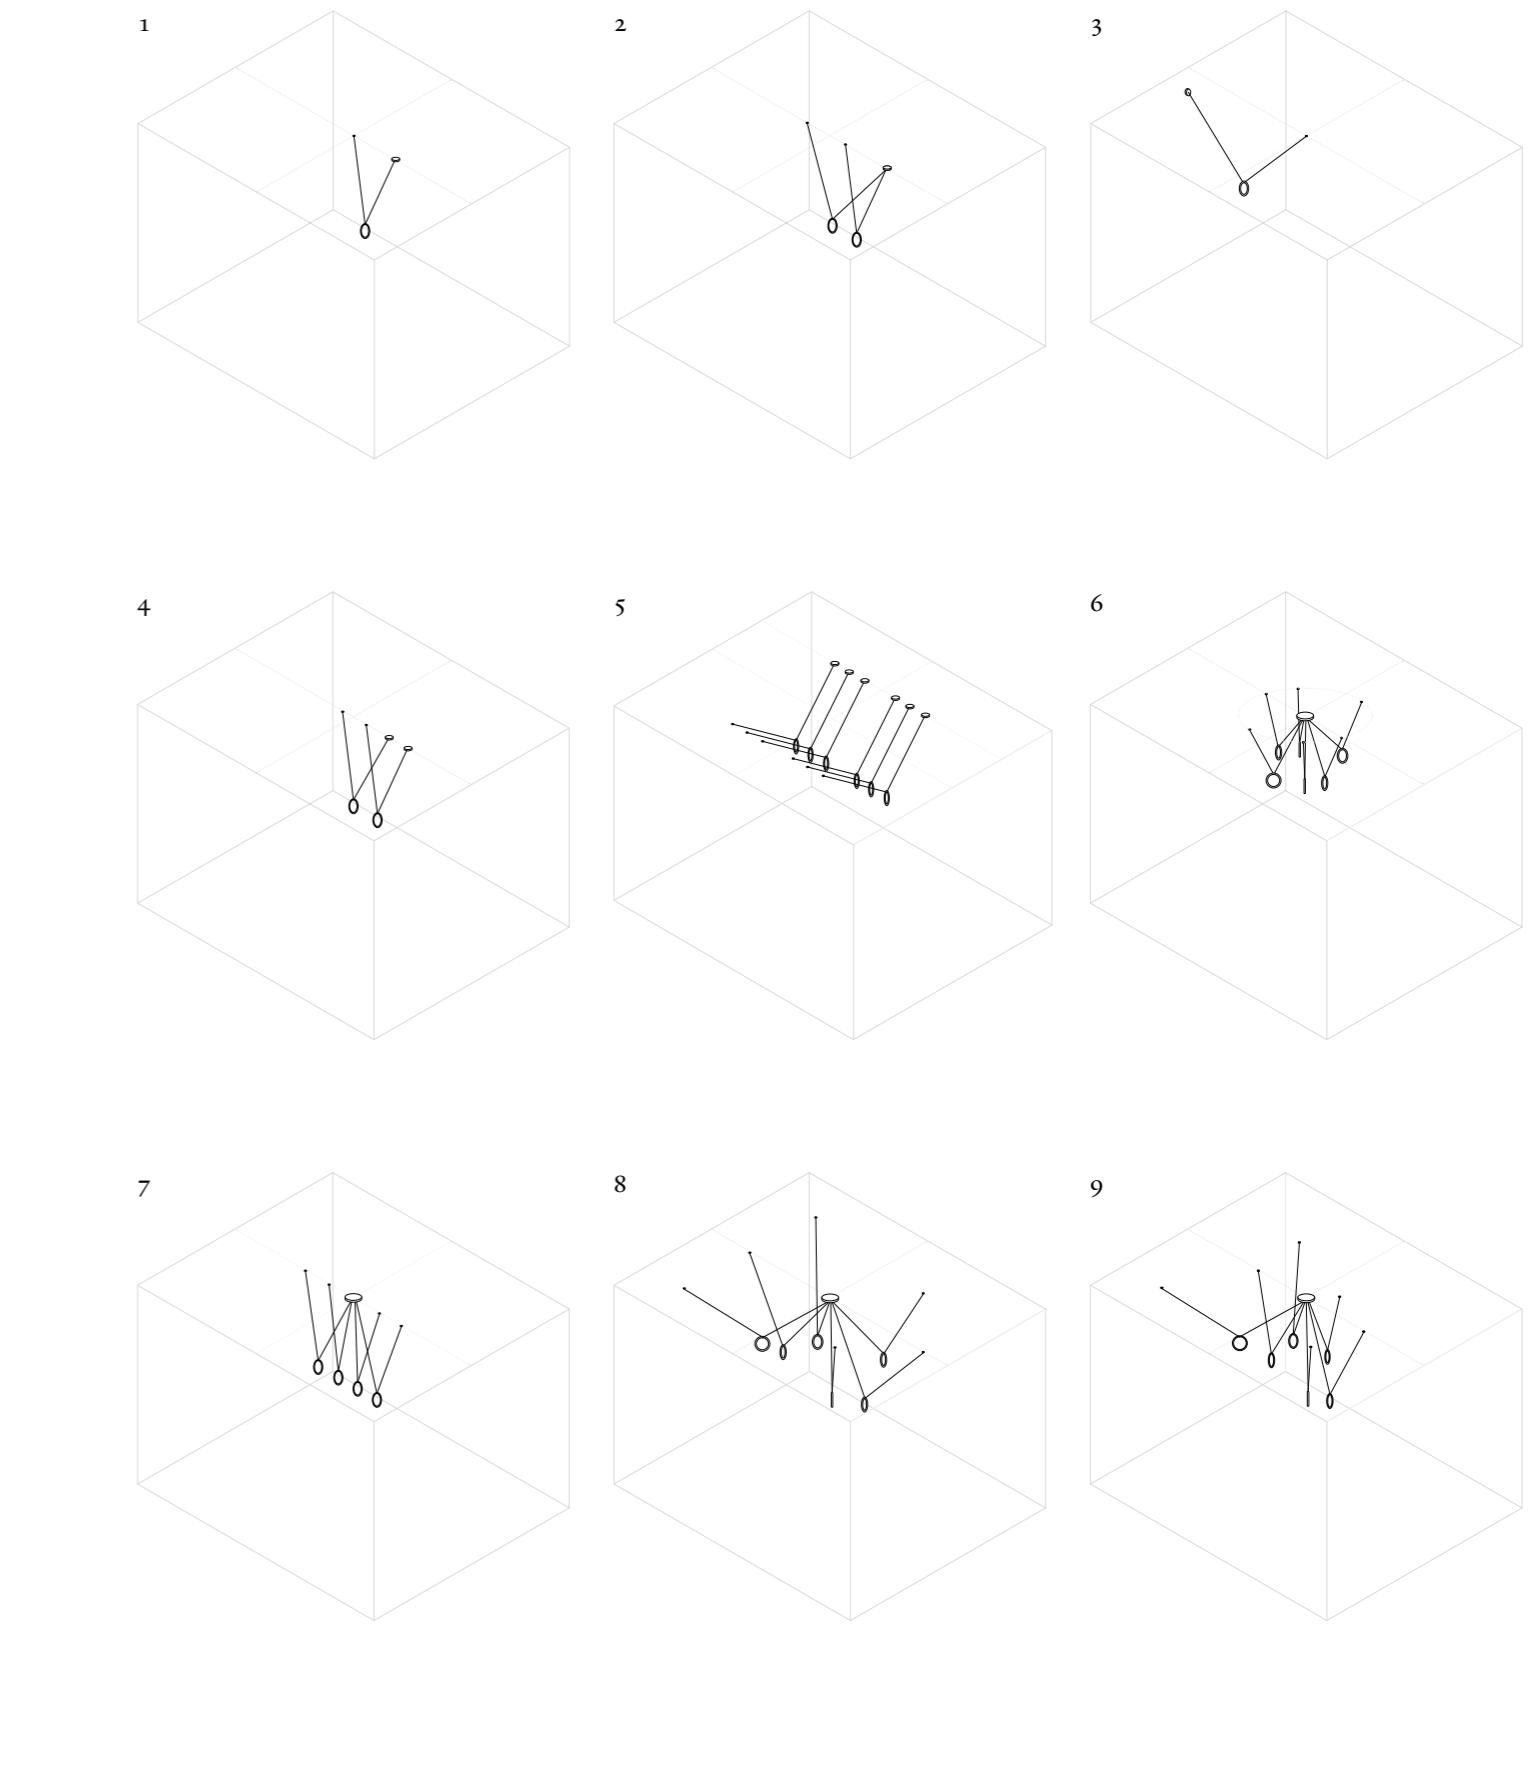

IVY V ▾ Central cluster suspension lamp, Suspension lamp

/IVY es un elemento de iluminación minimalista y geométrico compuesto de un aro de aleación de cinc fundido que cuelga de un cable negro, el cual alimenta a un módulo LED hecho a medida. La lámpara proyecta un haz de luz redondeado y homogéneo a través de su fino y curvado difusor de metacrilato. Diseñada con cables individuales y dobles, /IVY responde a la necesidad de flexibilidad, una temática cada vez más de actualidad en la arquitectura y la restauración, que permite liberar el punto de luz de su derivación en el techo. El nombre /IVY, «liedra» en inglés, sugiere la repetición y la agrupación de varias lámparas, mientras que su anillo recuerda al colgante de un collar. ● ES

/IVY – это минималистичный геометрический светильник, состоящий из литого под давлением кольца, выполненного из цинкового сплава, подвешенного на черном кабеле, подающем питание к индивидуально изготовленному светодиодному модулю. Лампа излучает ровный круглый световой луч, проходящий через тонкий и изогнутый диффузор из метакрилата. Спроектированная с использованием одинарных и двойных кабелей, лампа /IVY отвечает потребности в универсальности, все более актуальной в современной архитектуре и реконструкциях, позволяя освободить светильник от связи с потолком. Образ повторяющихся и объединенных в кластер ламп подсказал название /IVY, что в переводе с английского означает "плоть", само кольцо напоминает драгоценный кулон на колье. ● RU

JIM, design by Patrick Norguet, 2021

Immediate function, uncomplicated style, durable materials, modular at will. Inspired by the abat-jours of the ateliers of the early 1900s, *JIM* is a system of suspension lamps with distinctive shapes and a versatile composition that suits any interiors and living environment. *JIM*'s versatility is further enhanced by the colour range: the two finishes for the shades can be combined with the two different suspension hook hues as desired.

Immediatezza di funzione, semplicità delle linee, materiali durevoli, componibilità a piacere. Ispirato ai paralumi degli atelier di artisti dell'inizio del 1900, *JIM* è un sistema di lampade a sospensione dalle forme distintive e dalla composizione versatile che si adatta a qualsiasi interno e ambiente abitativo. La versatilità di *JIM* è ulteriormente valorizzata dalla gamma cromatica: le due finiture disponibili per i paralumi possono essere combinate a piacere con le due diverse tonalità del gancio a cui è sospesa la lampada.

JIM cone, FINISH Matte Champagne.

JIM bell, cylinder and cone, composition of 3 lights
on a round canopy, FINISH Matte Black.

Immédiateté de fonction, simplicité des lignes, matériaux durables, infinie modularité. S'inspirant des abat-jours des ateliers d'artistes du début du XXe siècle, JIM est un système de suspensions arborant des formes distinctives et une composition polyvalente qui s'adapte à tous les styles d'habitation. La gamme chromatique souligne encore plus la polyvalence de JIM : les deux finitions disponibles pour les diffuseurs peuvent s'assortir, au choix, aux deux différentes tonalités du crochet de soutien. ● FR

Unmittelbarkeit der Funktion, Einfachheit der Linien, haltbare Materialien, Modularität nach Belieben. Inspiriert an den Lampenschirmen der Künstlerateliers der frühen 1900er Jahre, ist JIM ein Hängeleuchtensystem mit unverwechselbaren Formen und vielseitiger Gestaltungsmöglichkeit, das sich an jedes Interieur und jede Wohnumgebung anpasst. Die Vielseitigkeit von JIM wird durch die Farbpalette noch verstärkt: Die zwei erhältlichen Ausführungen der Lampenschirme können beliebig mit den zwei verschiedenen Farbtönen des Hakens, an dem die Leuchte aufgehängt wird, kombiniert werden. ● DE

Inmediateté de función, líneas sencillas, materiales duraderos y libertad de modularidad. Inspirado en las pantallas de los talleres de artistas de principios del siglo XX, JIM es un sistema de lámparas de suspensión con formas características y una composición versátil que se adapta a cualquier interior y ambiente. La versatilidad de JIM la valoriza aún más la gama cromática: los dos acabados disponibles para las pantallas se pueden combinar libremente con los dos tonos del gancho en el que está suspendida la lámpara. ● ES

Немедленно доступная функциональность, несложный стиль, прочные материалы, модульность по желанию. Лампа воспроизводит стиль абажуров творческих ателье начала 1900-х. JIM представляет собой систему подвесных ламп особой формы, с универсальной композицией, подходящей для любых внутренних интерьеров и дизайна жилья. Универсальность JIM дополнительно расширена благодаря диапазону цветов: две отделки абажуров сочетаются по желанию с двумя разными тональностями подвесных крюков. ● RU

功能即时、风格简洁、材料耐用、组合随意。灵感源于二十世纪初期艺术家工坊中的灯罩。JIM是一款形状独特且组合多样的悬吊灯系统，适宜于任何室内装饰与家居环境。JIM的通用性以其色彩范围之广越发增值：灯罩的两种饰面可按喜好与悬灯钩的两种不同色调相搭配。● ZH

A-Tube Nano, design by Studio Italia Design, 2016

A-Tube Nano is a suspension light which interprets light in its simplest form by creating a thin luminous line in the living spaces. At the lower end of the lightweight aluminium structure, a transparent methacrylate diffuser houses an LED module whose light creates a soft, welcoming atmosphere. The three sizes and six statement finishes, allow to create clusters of evocative lighting.

A-Tube Nano è una lampada a sospensione che interpreta la luce nella sua forma più essenziale disegnando una sottile linea luminosa nello spazio abitativo. All'estremità inferiore della leggera struttura in alluminio, un diffusore in metacrilato trasparente ospita un modulo LED la cui luce crea un'atmosfera morbida e avvolgente. Le tre dimensioni e le sei versatili finiture, permettono di realizzare suggestive composizioni su cluster.

A-Tube Nano Duo ▶ Cluster suspension lamp

A-Tube, design by Studio Italia Design, 2013

A simple form that delivers the light to wherever it's needed, enhancing the space. Tubular and slim, *A-Tube* is a versatile lamp available in four different sizes and three finishes. It can be fixed directly to the ceiling, suspended singularly, or used in cluster compositions to create impactful lighting effects.

Una forma semplice, che porta la luce dove si desidera valorizzando l'ambiente. Tubolare e sottile, *A-Tube* è una lampada versatile, disponibile in diverse dimensioni e in tre finiture. Può essere fissata direttamente al soffitto, sospesa singolarmente, oppure utilizzata in composizioni cluster d'effetto.

• Spec sheet p. 240

A-Tube medium, small and large, composition of 3 lights on a round canopy, FINISH Coppery Bronze.

Une forme simple, qui éclaire où vous le souhaitez tout en valorisant l'environnement. Tubulaire et fine, A-Tube est une lampe polyvalente, disponible en différentes dimensions et trois finitions. Elle peut être fixée directement au plafond, suspendue individuellement ou utilisée en compositions cluster. ● FR

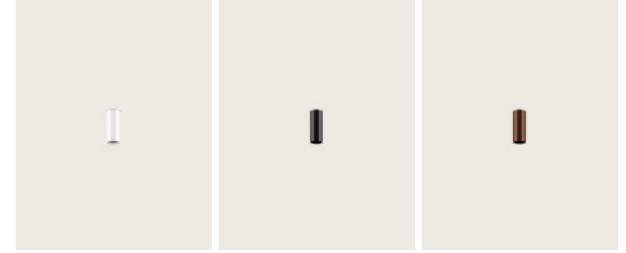

Eine einfache Form, die das Licht in jenen Bereich des Raums bringt, der betont werden soll. Röhrenförmig und dünn, ist A-Tube eine vielseitige Lampe, die in verschiedenen Größen und drei Ausführungen verfügbar ist. Sie kann direkt an der Decke befestigt werden, einzeln hängend, oder zu wirkungsvollen Clustern kombiniert. ● DE

Una forma simple, que lleva la luz donde se desea valorizando el ambiente. Tubular y sutil, la A-Tube es una lámpara versátil, disponible en diferentes tamaños y tres acabados. Puede fijarse directamente al techo, suspenderse individualmente o utilizarse en composiciones de grupos de lámparas colgantes de efecto. ● ES

Простая незамысловатая форма, несущая свет туда, где это необходимо, и украшающая интерьер. Светильник A-Tube в форме тонкой изящной трубы является необыкновенно универсальным и доступен с разными размерами и с тремя типами отделки. Его можно крепить непосредственно к потолку, подвесить отдельно или использовать в качестве эффектных кластерных композиций. ● RU

外形简洁，可将光线照射到想要的地方。A-Tube呈管状且细长，是一种多功能灯，有不同尺寸和三种颜色可供选择。它可以直接吸顶安装，可以单独悬吊安装，也可以组合吊式安装。● ZH

Rain, design by Andrea Tosetto, 2015

Rain falls from the ceiling like a drop of spring rain, with a linear movement that accentuates the curvaceous conical forms of its body. A metal suspension lamp with an LED light source – simple and effective, elegant and extremely bright, to be used either independently or as a scenic composition.

Rain scende dal soffitto come una goccia di pioggia primaverile, con un movimento lineare che accentua le sinuose forme coniche del suo corpo. Una sospensione in metallo con sorgente luminosa a LED – semplice ed efficace, elegante ed estremamente luminosa, da usare da sola o in composizioni scenografiche.

Spider, design by Andrea Tosetto, 2015/2022

Spider is a round suspension lamp resembling an eye that can look into any part of the room. By adjusting the angle of the diffuser, the light beam emitted by the LED light can be directed towards any specific point. When installed on the different clusters available, it can create numerous lighting patterns, from functional to decorative, which can be dimmed at will. Available in the new *Terra* finish and as ceiling light. In *Spider*, the simplicity of the looks underscores the versatility of its performance.

Spider è una lampada a sospensione sferica che ricorda un occhio che può guardare in qualsiasi punto della stanza. Regolando l'angolo del diffusore si può infatti dirigere il fascio di luce a LED su un particolare punto di interesse, mentre montata sui diversi cluster disponibili può creare molteplici schemi di luce, dal funzionale al decorativo, dimmerabili a piacere. Disponibile nella nuova finitura *Terra* e nella versione a soffitto. In *Spider*, la semplicità della forma esalta la versatilità delle prestazioni.

• Spec sheet p. 269

Kelly Cluster, design by Andrea Tosetto, 2015

Kelly Cluster spectacularly reinterprets the creative intuition of the family of *Kelly* lights in a sculptural and extremely compact sphere, mounted on a canopy and allowing multiple different compositions at will. A suspension lamp in metal, characterised by its lightness and vibrancy thanks to the unique laser cuts that create captivating plays of light and shadow, it is available in four different finishes bringing any space to life.

Kelly Cluster riformula brillantemente l'intuizione creativa della famiglia di lampade *Kelly* in una sfera sculturale ed estremamente compatta che, montata su rosone, permette di realizzare composizioni multiple a piacere. Lampada a sospensione in metallo, leggera e vivace grazie ai particolari tagli a laser che creano affascinanti giochi di luci e ombre, è disponibile in quattro diverse finiture in grado di far risaltare qualsiasi ambiente.

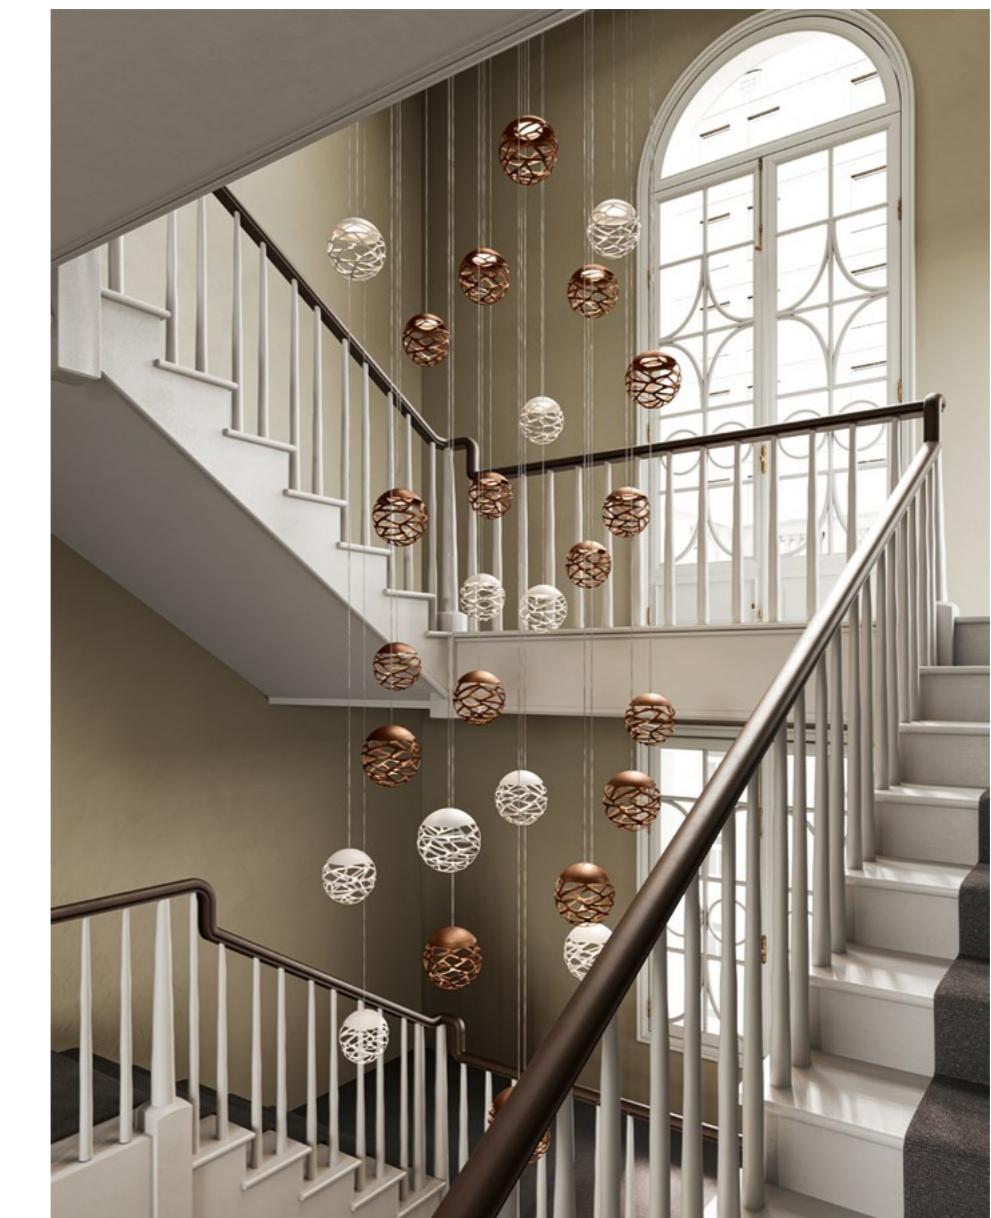

• Spec sheet p. 279

Out of Scale

‘Out of Scale’ elevates the concept of ‘Standard Bespoke’ to the pinnacle of personalisation and freedom of expression. Light compositions become bespoke solutions for any space: thanks to the flexibility offered by the combinations of lamps and canopies, the possibilities are endless, and the solutions are entirely personalised. By developing unprecedented configurations of shapes and sizes, *Lodes* can meet the needs of any space and creative project, furnishing environments with a luminous scenography capable of making a significant impact.

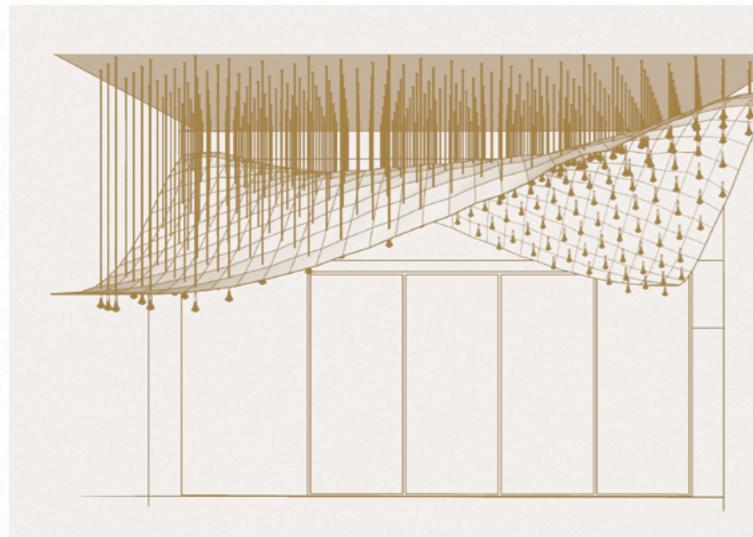

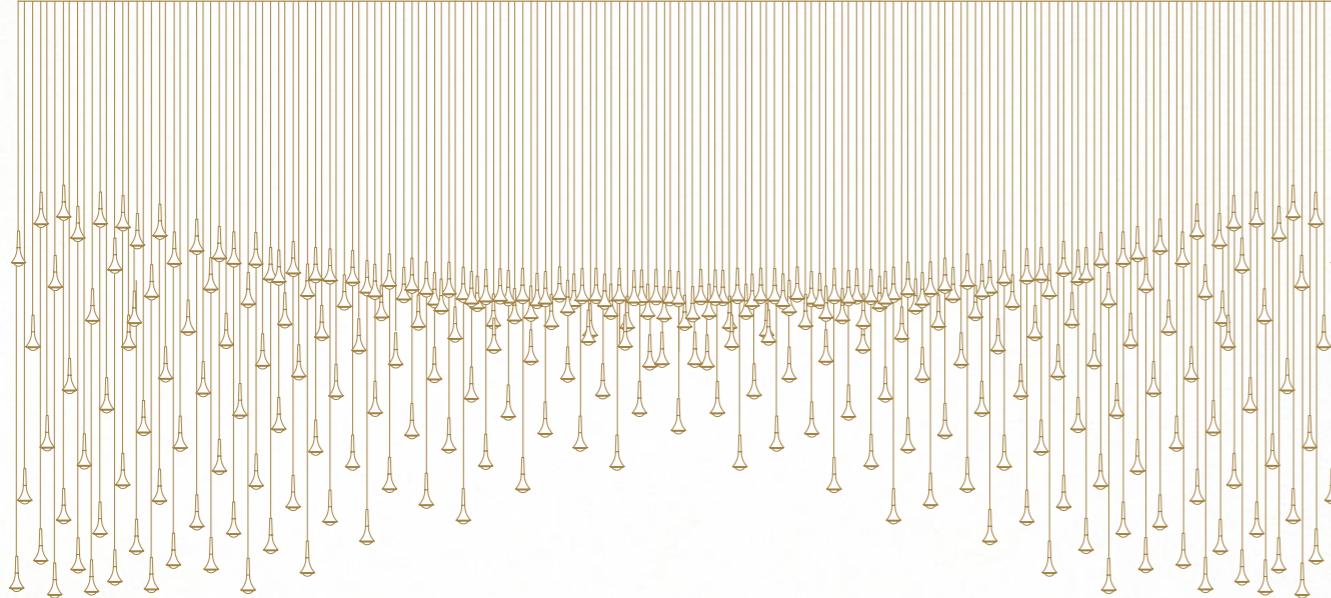

“Out of Scale” eleva il concetto di “Standard Bespoke” alla massima personalizzazione e libertà espressiva. Le composizioni di luce diventano risposte su misura per qualsiasi spazio: grazie alla flessibilità offerta dalle combinazioni tra lampade e rosoni, le applicazioni diventano infinite e le soluzioni completamente personalizzate. Sviluppando inedite configurazioni di forme e dimensioni, *Lodes* può soddisfare le esigenze di qualsiasi spazio e progetto creativo per arredare ogni ambiente con una scenografia luminosa in grado di fare la differenza.

Out of Scale

Endless applications

Lodes can design tailor-made solutions for any type of environment, regardless of its size or complexity, offering personalised systems that enhance the architectural forms of the space and meet the specific requirements of each customer.

Lodes può progettare la *soluzione su misura* per ogni tipo di ambiente, indipendentemente dalle sue dimensioni o dalla sua complessità, per proporre sistemi personalizzati in grado di valorizzare le forme architettoniche dello spazio e di rispondere alle richieste specifiche di ciascun cliente.

Tidal, design by Needs Studio, 2023

Tidal is a ring-shaped ceiling lamp that evokes the motion of the tide and celestial bodies. Its fluid and oval design mimics wave movements and tidal changes, with one side wider than the other, appearing differently to the viewer depending on their position under the lamp. The die-cast aluminium body projects light up and down at the same time. The ring discreetly hides all the technical elements inside the design, enhancing the object's aesthetic value. Measuring 60 cm, *Tidal* is available in four matte finishes: white and the new black finish, suited to minimalist interiors, terra and champagne, which offer a more decorative touch for embellishing spaces with their warm and elegant tones.

Tidal è una lampada da soffitto a forma di anello che rimanda all'effetto del moto della marea e ai corpi celesti. Il suo design fluido e ovale imita il movimento delle onde e il cambiamento dettato dalla marea, con un lato più largo dell'altro, che appare diverso all'utente a seconda della sua posizione nel guardare la lampada da sotto. La scocca del corpo lampada è realizzata in pressofusione di alluminio, proietta contemporaneamente la luce sia verso il basso che verso l'alto. L'anello nasconde discretamente tutti gli elementi tecnici all'interno, enfatizzando così il valore estetico dell'oggetto. Con una dimensione di 60 cm, *Tidal* è disponibile in quattro finiture opache, bianco, terra, champagne e ora anche in nero. Mentre il bianco e il nero si adattano a interni minimalisti, le tonalità terra e champagne offrono un tocco più decorativo, arricchendo gli spazi con i loro toni caldi ed eleganti.

Tidal

Tidal est un plafonnier en forme d'anneau qui évoque le mouvement de la marée et des corps célestes. Son design fluide et ovale évoque le mouvement des vagues et le changement rythmé par la marée, avec un côté plus large que l'autre, qui apparaît différent selon le point où se trouve l'utilisateur lorsqu'il regarde la lampe par dessous. La coque du corps de la lampe, en aluminium moulé sous pression, projette simultanément la lumière vers le bas et vers le haut. L'anneau dissimule discrètement tous les éléments techniques et souligne ainsi la valeur esthétique de l'objet. Dans sa dimension de 60 cm, *Tidal* est disponible en quatre finitions mates : blanc, terre, champagne et désormais même en noir. Le blanc et le noir épousent parfaitement les intérieurs minimalistes, alors que les tonalités terre et champagne se proposent dans une touche plus décorative, enrichissant les espaces de leurs nuances chaudes et élégantes. ● FR

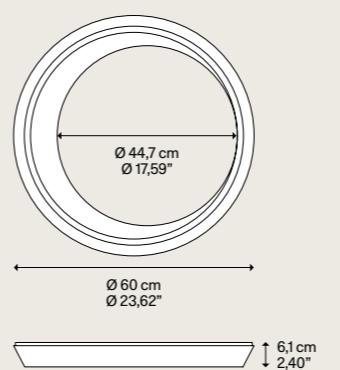

Tidal ist eine Deckenleuchte in Form eines Rings, die auf den Effekt der Bewegung der Gezeiten und der Himmelskörper verweist. Ihr harmonisches und ovales Design ahmt die Bewegung der Wellen und den von den Gezeiten diktierten Wechsel nach, wobei eine Seite breiter als die andere ist und dem Benutzer je nach Position, beim Betrachten der Leuchte von unten, unterschiedlich erscheint. Der Körper der Leuchte, gefertigt aus Aluminiumdruckguss, projiziert das Licht gleichzeitig nach unten und nach oben. Der Ring verbirgt diskret alle technischen Elemente im Inneren und unterstreicht so den ästhetischen Wert des Objekts. Mit einer Abmessung von 60 cm ist *Tidal* in vier satinierten Ausführungen erhältlich: Weiß, Terra, Champagne und jetzt auch in Schwarz. Während Weiß und Schwarz zu minimalistischen Inneneinrichtungen passen, bieten die Farbtöne Terra und Champagner einen dekorativeren Touch und bereichern die Räume mit ihren warmen und eleganten Tönen. ● DE

Tidal es una lámpara de techo con forma de anillo que evoca el efecto del movimiento de la marea y los cuerpos celestes. Su diseño fluido y ovalado imita el movimiento de las olas y el cambio que dicta la marea, con un lado más ancho que otro que el usuario ve diferente dependiendo de su posición a la hora de mirar la lámpara desde abajo. El armazón del cuerpo de la lámpara de aluminio moldeado a presión proyecta simultáneamente la luz tanto hacia abajo como hacia arriba. El anillo oculta discretamente todos los elementos técnicos en su interior y de esta forma enfatiza el valor estético del objeto. Con un tamaño de 60 cm, *Tidal* está disponible en cuatro acabados mate: blanco, tierra, champán y ahora también negro. Mientras que el blanco y el negro se adaptan a interiores minimalistas, los tonos tierra y champán aportan un toque más decorativo y enriquecen los espacios con sus tonos cálidos y elegantes. ● ES

Tidal – это потолочный светильник в форме кольца, воссоздающий эффект движения прилива и небесных тел. Его струящаяся и овальная форма имитирует движения волн и изменения, создаваемые приливом, с одной более широкой стороной, которая меняется в зависимости от положения смотрящего на лампу снизу. Корпус светильника выполнен из литого под давлением алюминия, он одновременно проецирует свет в направлении вниз и вверх. Кольцо скрывает все технические компоненты внутри, подчеркивая эстетическую красоту предмета. Размером 60 см, *Tidal* выпускается в четырех вариантах матовой отделки, белого цвета, цвета «terra», «champagne», к которым сейчас добавился черный цвет. Белый и черный прекрасно сочетаются с минималистским интерьером, тональности «terra» и «champagne» предлагают более декоративный стиль, обогащая пространство теплыми и элегантными тонами. ● RU

Tidal ↴ Ceiling lamp

Nautilus, Nautilus Mini, design by Andrea Tosetto, 2017/2024

Strong design and leading-edge technology come together in this family of lamps characterised by a convex lens that projects the LED light wherever its needed or most preferred, for a truly efficient and personalised result. Versatile and dynamic, either on the wall or ceiling in a variety of versions and finishes, *Nautilus* lamps satisfy a full range of lighting needs, whether functional or purely decorative, in both residential and professional contexts. *Nautilus* is now available with a *dim-to-warm* function, which allows users to interact by adjusting the intensity of the LED light source from 2200 to 2700 Kelvin.

Design deciso e tecnologia di punta si fondono in questa famiglia di lampade caratterizzate da una lente convessa che proietta la luce a LED dove serve o dove piace di più, per un risultato di efficienza e personalizzazione. Versatili e dinamiche, a parete o a soffitto, in diverse versioni e finiture, le lampade *Nautilus* soddisfano innumerevoli esigenze di illuminazione, dalle più funzionali a quelle particolarmente decorative, sia in ambito residenziale che professionale. *Nautilus* è ora disponibile nella funzione *dim-to-warm*, che permette agli utenti di interagire con la lampada, regolando l'intensità della sorgente luminosa a LED da 2200 a 2700 Kelvin.

Aile, design by Luca Nichetto, 2021

The *Aile* aluminium wall lamp features a simple and dynamic design reminiscing the aileron of sport cars, after which it has been named. *Aile*'s compact size, sleek design, powerful light output with respect to its dimensions and two finishes offer a complete lighting solution even for more intimate settings.

Aile, lampada da parete in alluminio, presenta un design semplice e dinamico, proprio come l'alettone delle auto sportive, aileron in inglese, da cui prende il nome. La compattezza, il design elegante, la forte capacità di emissione di luce rispetto alle dimensioni e le due finiture rendono *Aile* una soluzione perfetta anche per illuminare ambienti raccolti.

Puzzle, design by Studio Italia Design, 2014

Essential forms in metal, square and rectangular, which seem to disappear in the ceiling or wall. Clear-cut geometries that create suggestive plays of light on walls and ceilings, making for a truly personalised atmosphere. With *Puzzle* lamps, light becomes the feature element of living spaces, creating soft, geometric effects.

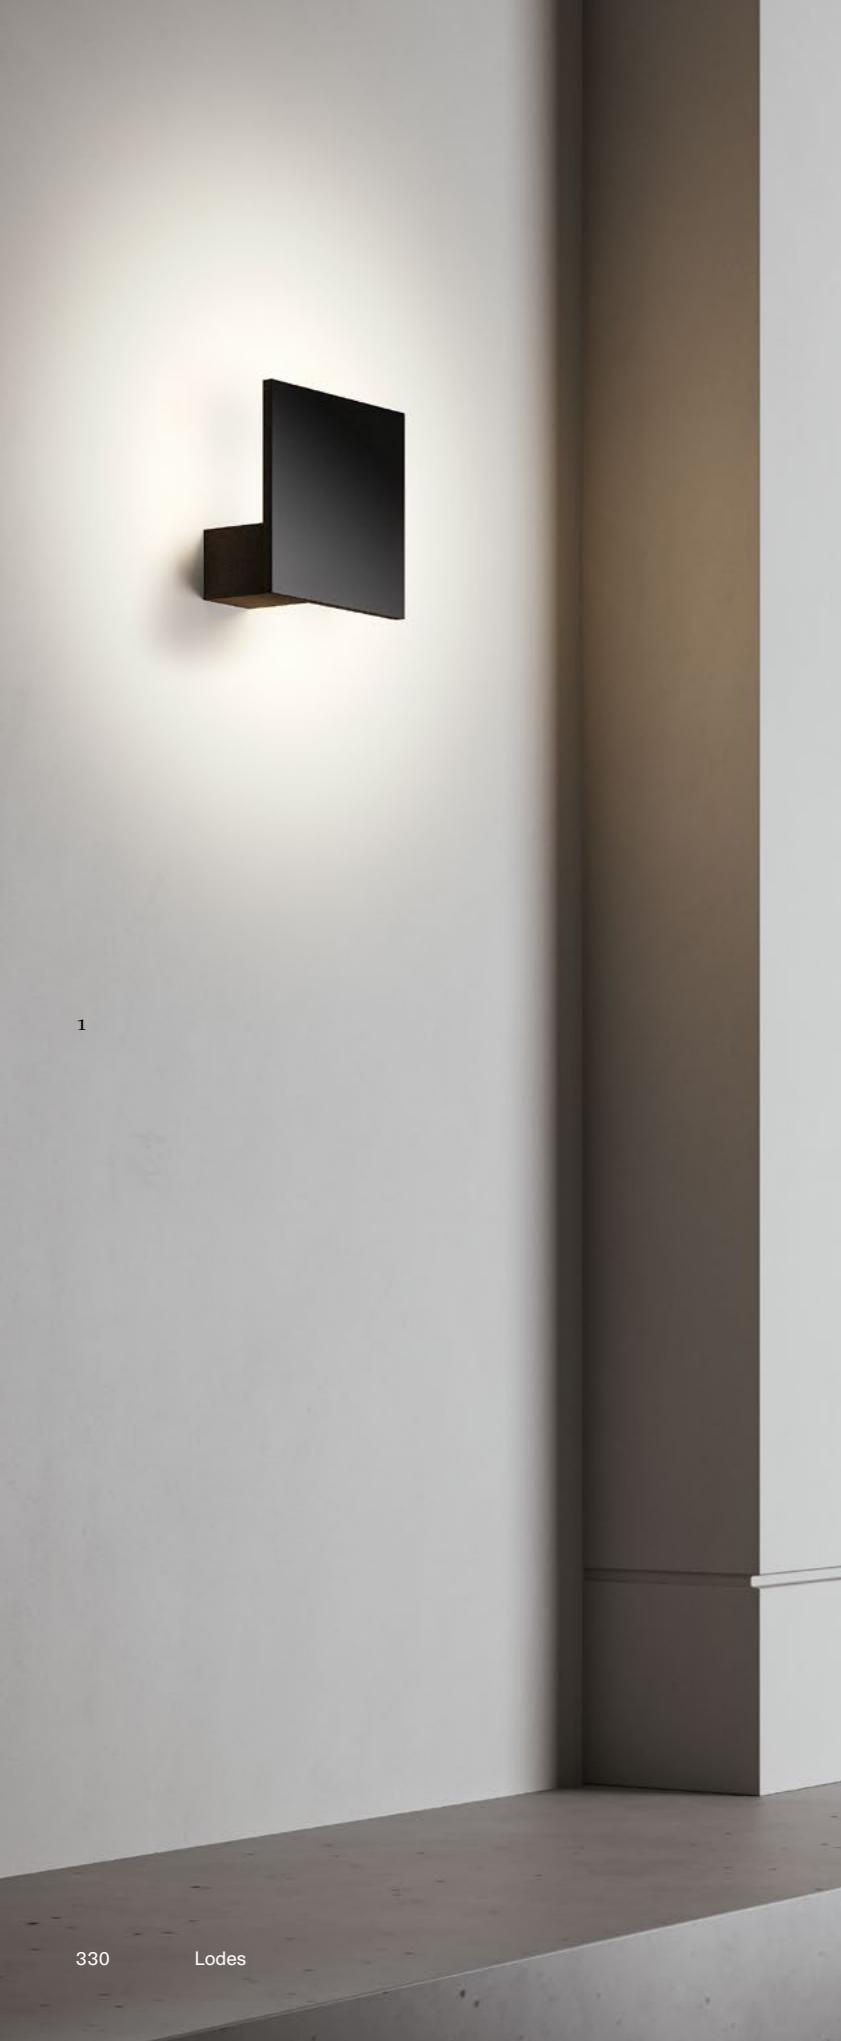

Forme essenziali in metallo, quadrati e rettangoli che sembrano scomparire nel soffitto o nella parete. Geometria rigorose che possono essere regolate a piacimento per creare suggestivi giochi di luce su pareti e soffitti, rendendo l'atmosfera del tutto personale. Le lampade *Puzzle* rendono la luce il vero ornamento degli ambienti abitativi creando effetti di morbide geometrie.

Puzzle Mega, design by Studio Italia Design, 2019

Large geometric figures characterised by essential forms, which almost merge with the interior architecture when off, only to be surprisingly revealed as harmonies of light and shadow when lit. New matte finishes warm up the geometric panels of *Puzzle Mega*. Liquid paints that open new decorative possibilities, playing with harmonies and contrasts of colours and shapes.

Grandi figure geometriche dalle forme essenziali che quasi si fondono con l'architettura interna quando sono spente, per rivelare inaspettate armonie di luci e ombre una volta accese. Nuove finiture opache scaldano i pannelli geometrici di *Puzzle Mega*. Vernici liquide che aprono nuove possibilità decorative giocando con armonie e contrasti di colori e forme.

Puzzle Mega

Grandes figures géométriques aux formes essentielles qui se fondent presque dans l'architecture interne lorsqu'elles sont éteintes, pour révéler d'inattendues harmonies de lumière et d'ombres une fois éclairées. Les nouvelles finitions mates rendent les panneaux géométriques de *Puzzle Mega* plus chaleureux. Vernis liquides qui offrent de nouvelles possibilités décoratives en jouant avec les harmonies et les contrastes de couleurs et de formes. ● FR

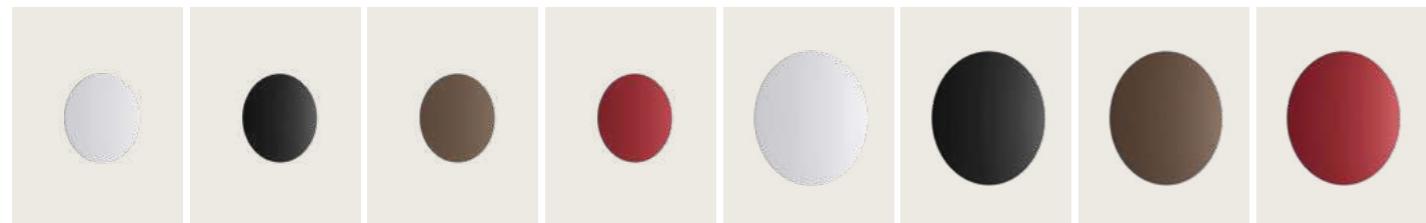

Große geometrische Figuren in einfacher Form, die ausgeschaltet mit der Innenarchitektur verschmelzen, um eingeschaltet eine unerwartete Harmonie aus Licht und Schatten entstehen zu lassen. Neue matte Ausführungen erwärmen die geometrischen Paneele von *Puzzle Mega*. Flüssiglacke, die durch das Spiel mit Harmonien und Kontrasten von Farben und Formen neue dekorative Möglichkeiten eröffnen. ● DE

Grandes figuras geométricas con formas esenciales que casi se mezclan con la arquitectura interior cuando se apagan, para revelar inesperadas armonías de luz y sombras una vez encendidas. Nuevos acabados mate calientan los paneles geométricos de *Puzzle Mega*. Pinturas líquidas que brindan nuevas posibilidades decorativas jugando con armonías y contrastes de colores y formas. ● ES

Крупные геометрические фигуры с простыми строгими формами, которые почти полностью сливаются с архитектурой интерьера, когда они выключены. Но стоит их включить, как вы увидите неожиданную и гармоничную игру света и тени. Новые матовые отделки согревают геометрические панели *Puzzle Mega*. Жидкие эмали, открывая новые декоративные возможности, играя с гармонией и контрастами цветов и форм. ● RU

该灯具具有大型几何图形的基本形状，关闭时，几乎与内部架构融为一体，一旦打开，会发现意想不到的光影和谐。全新哑光饰面为*Puzzle Mega*的几何面板带来温暖。液体涂料通过色彩和形状的和谐与对比开辟了新的装饰可能性。● ZH

Bugia, design by Andrea Tosetto, 2016/2020

Round, compact forms featuring elegant finishes with a centre that shines like a precious stone. Once lit up, *Bugia* amazes with the unexpected effect of its light. A surprising and harmonious balance between direct and indirect light, diffused both downward and up toward the ceiling. A rich family of ceiling lights, in *Single*, *Double*, *Triple* and *Mega* versions.

Forme rotonde compatte dalle finiture raffinate con un centro che splende come una pietra preziosa. Appena viene accesa, *Bugia* sorprende per l'effetto inaspettato della sua luce. Un inaspettato equilibrio armonico tra luce diretta e indiretta, diffusa sia verso il basso che verso il soffitto. Una ricca famiglia di plafoniere, in versione *Single*, *Double*, *Triple* e *Mega*.

Light relationships, relationships with Light

Light plays an essential role in life, both functionally and emotionally. Its energy is silent yet disruptive, and capturing it in design is a challenge that offers endless sources of inspiration. For *Lodes*, *relationships* are at the heart of lighting. *Light* interacts with *people* and *environments*, capable of changing the perception of spaces and create the right atmosphere for any situation. For this reason, the connection that arises between lamps and their users and the bond that develops between light sources and environments have always been at the centre of the company's *research*.

Relazioni di luce, relazioni con la luce

La *luce* gioca un ruolo essenziale nella vita, sia dal punto di vista funzionale che emotivo. La sua energia è silenziosa, ma dirompente: catturarla nel design è una sfida che offre infinite fonti di ispirazione. Per *Lodes* le *relazioni* sono al centro dell'illuminazione. La *luce* interagisce con le *persone* e con gli *ambienti*, può cambiare la percezione degli spazi e creare l'atmosfera giusta per qualsiasi situazione. Per questo, la connessione che nasce tra le lampade e chi le utilizza e il legame che si sviluppa tra le fonti luminose e gli ambienti sono da sempre al centro della *ricerca* dell'azienda.

Lodes Lighting

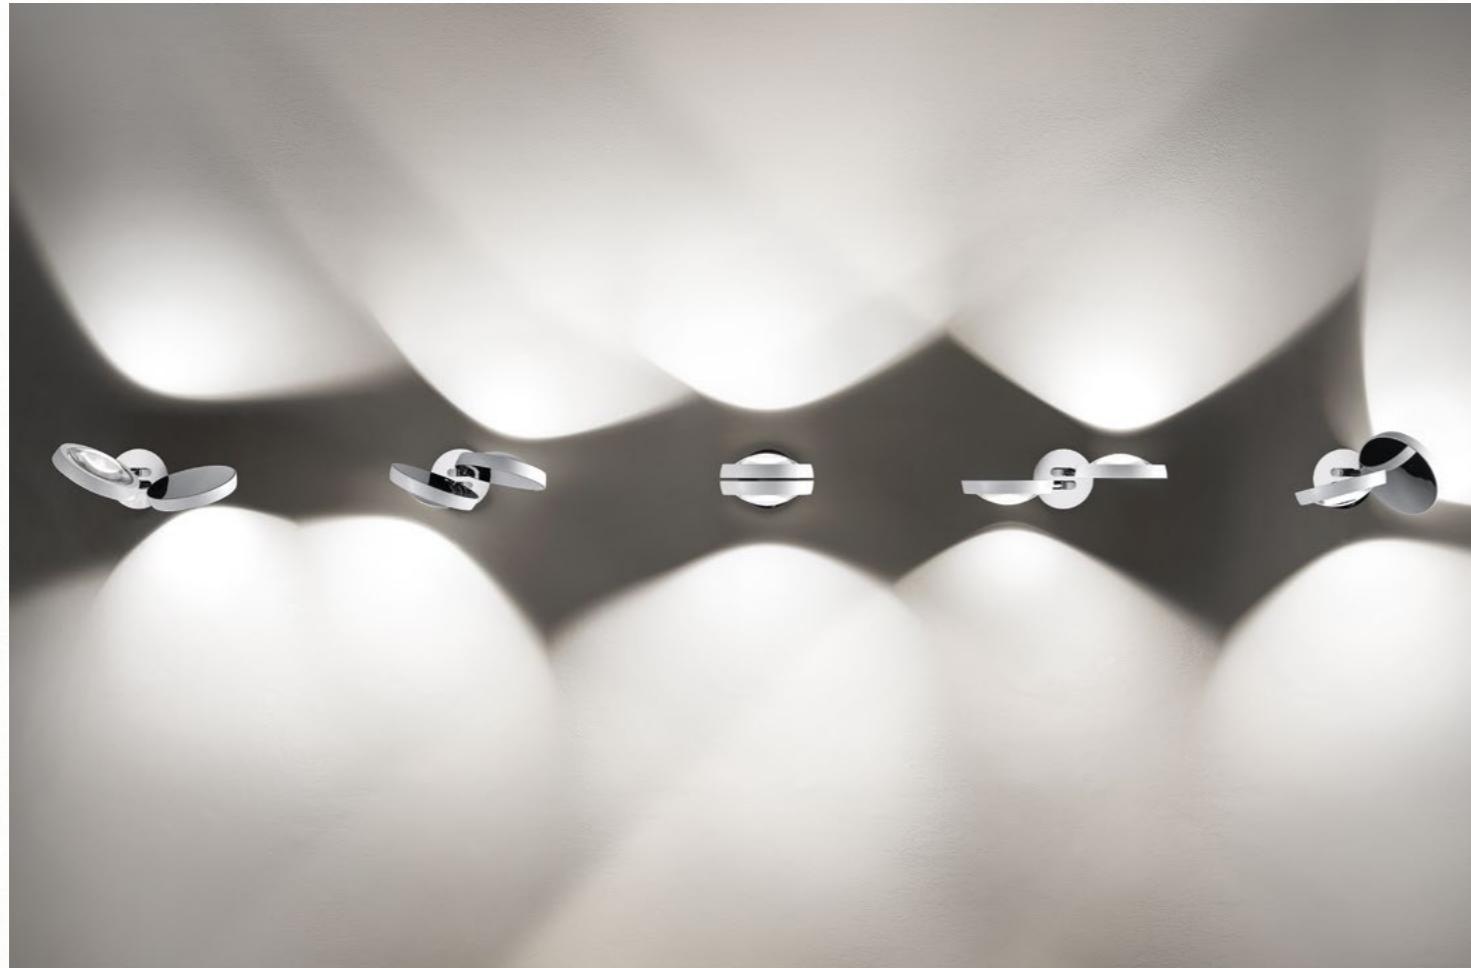

Light relationships, relationships with Light

Creating lighting *solutions* also means offering control and personalisation to transform rooms according to the needs of the moment and then transforming them again based on the needs of the next moment.

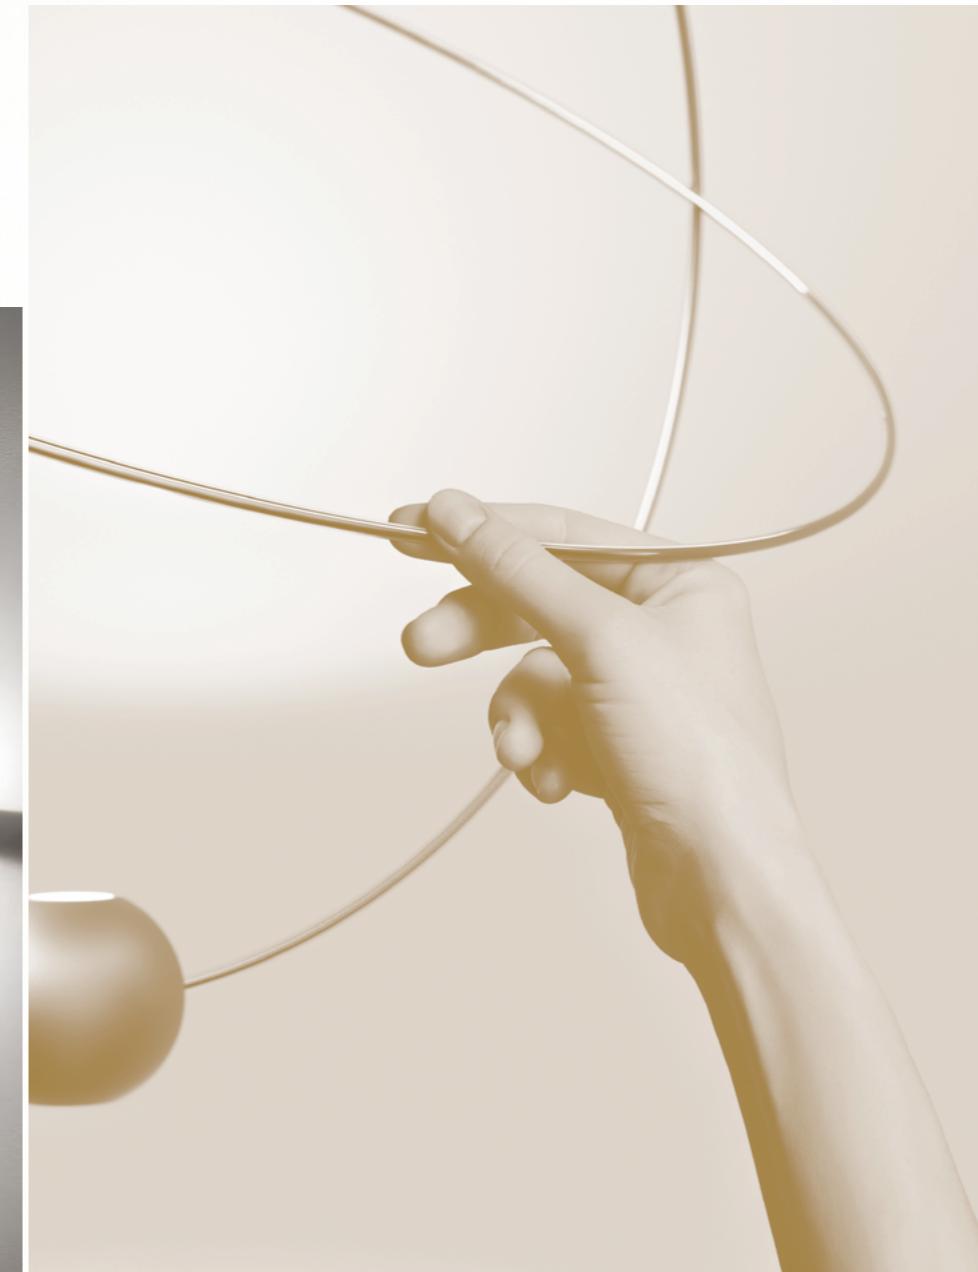

The *LED modules* designed and developed by *Lodes* allow flexible adjustment of light to interact with people and spaces. Various lighting effects contribute to creating different atmospheres, from intimacy for the evening hours to concentration for work, ensuring maximum freedom of expression for users and the maximum enhancement of each environment.

Relazioni di Luce, relazioni con la Luce

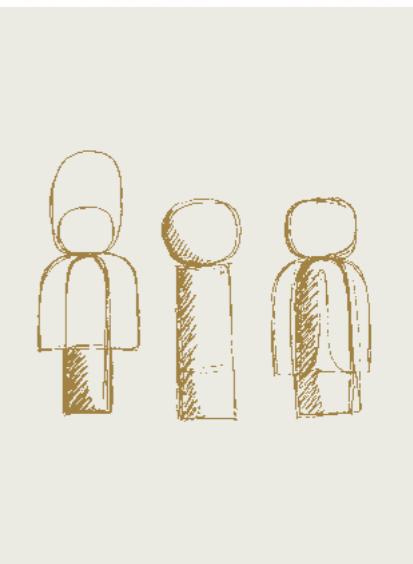

Creare soluzioni illuminotecniche significa anche offrire controllo e personalizzazione per trasformare gli ambienti in base alle necessità del momento. E poi per trasformarli ancora in base alle esigenze del momento successivo. I moduli LED progettati e sviluppati da *Lodes* permettono di regolare la luce in modo flessibile affinché interagisca con le persone e con gli spazi. Vari effetti luminosi concorrono a creare atmosfere diverse, dall'intimità per le ore serali alla concentrazione per il lavoro, per garantire la massima libertà espressiva agli utenti e la massima valorizzazione di ogni ambiente.

Nautilus, design by Andrea Tosetto

Elara, design by Nika Zupanc

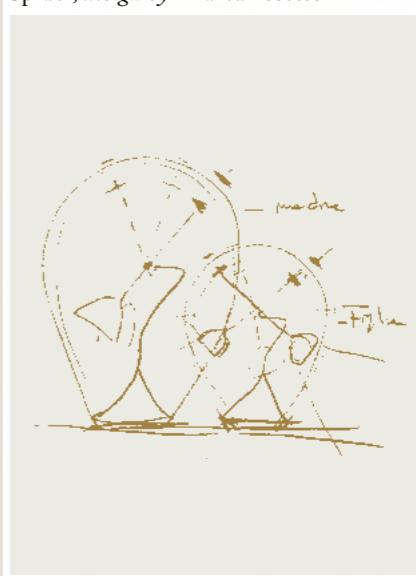

Easy Peasy, design by Luca Nichetto

Versatility: bring the light wherever you want

Light can change the perception of spaces and generate suggestive plays of light and shadow for a *tailor-made experience*, from functionality to pure decoration. The lighting solutions offered by *Lodes* allow the *light to be directed* laterally or vertically to experience uniform brightness or concentrate the light beam in specific areas, even reaching different heights and angles. Thanks to the simplicity of *interaction*, this *versatility* opens the door to great flexibility of use, creating ever new and customisable atmospheres.

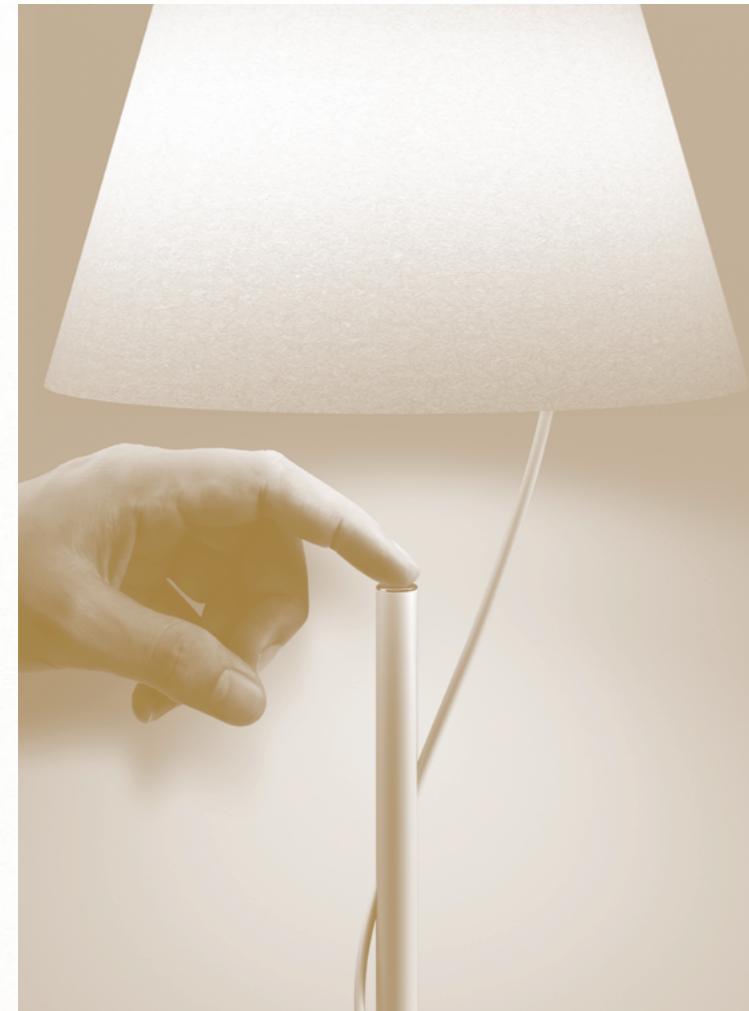

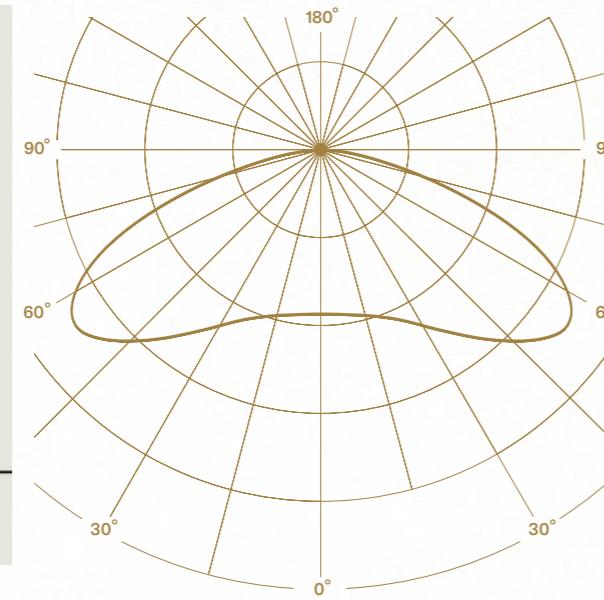

La luce può cambiare la percezione degli spazi e generare suggestivi giochi di luci e ombre per *un'esperienza su misura*, dalla funzionalità alla pura decorazione. Le soluzioni illuminotecniche proposte da *Lodes* permettono di *direzionare la luce* lateralmente o verticalmente per sperimentare una luminosità uniforme o concentrare il fascio di luce in aree specifiche, anche raggiungendo diverse altezze e angolazioni. Grazie alla semplicità di *interazione*, questa *versatilità* apre la porta a una grande flessibilità di utilizzo per dar vita ad atmosfere sempre nuove e personalizzabili.

Dimmer function and Dim-to-Warm

Cono di Luce, design by Ron Arad

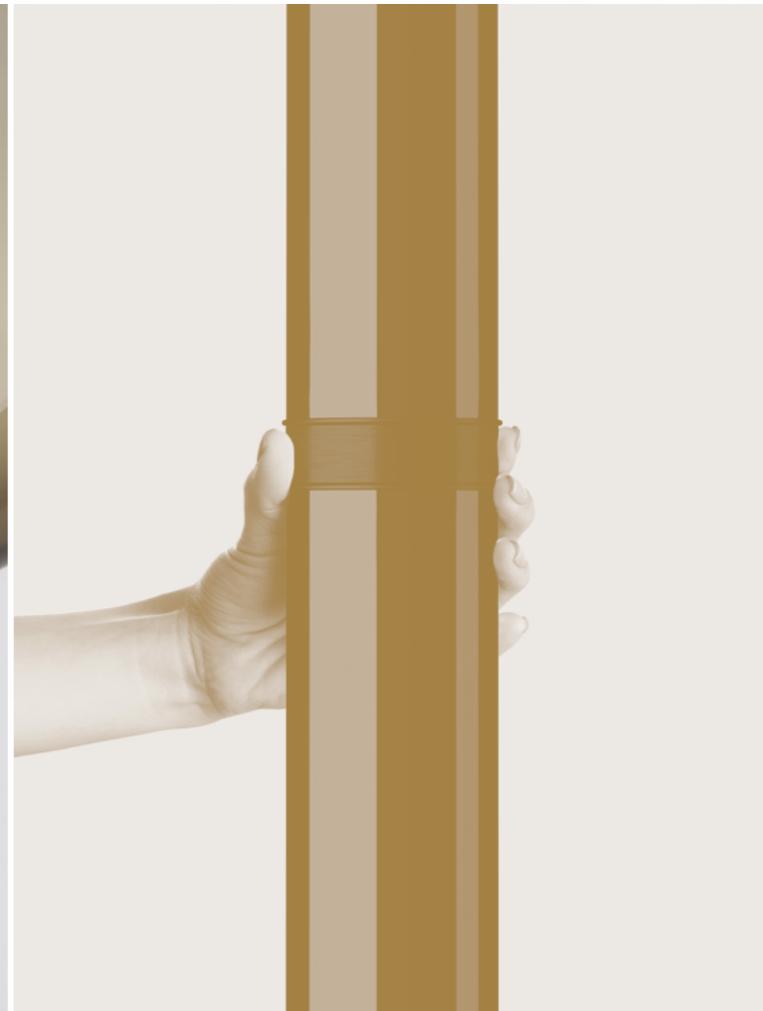

Hover, design by YOY

Easy Peasy, design by Luca Nichetto

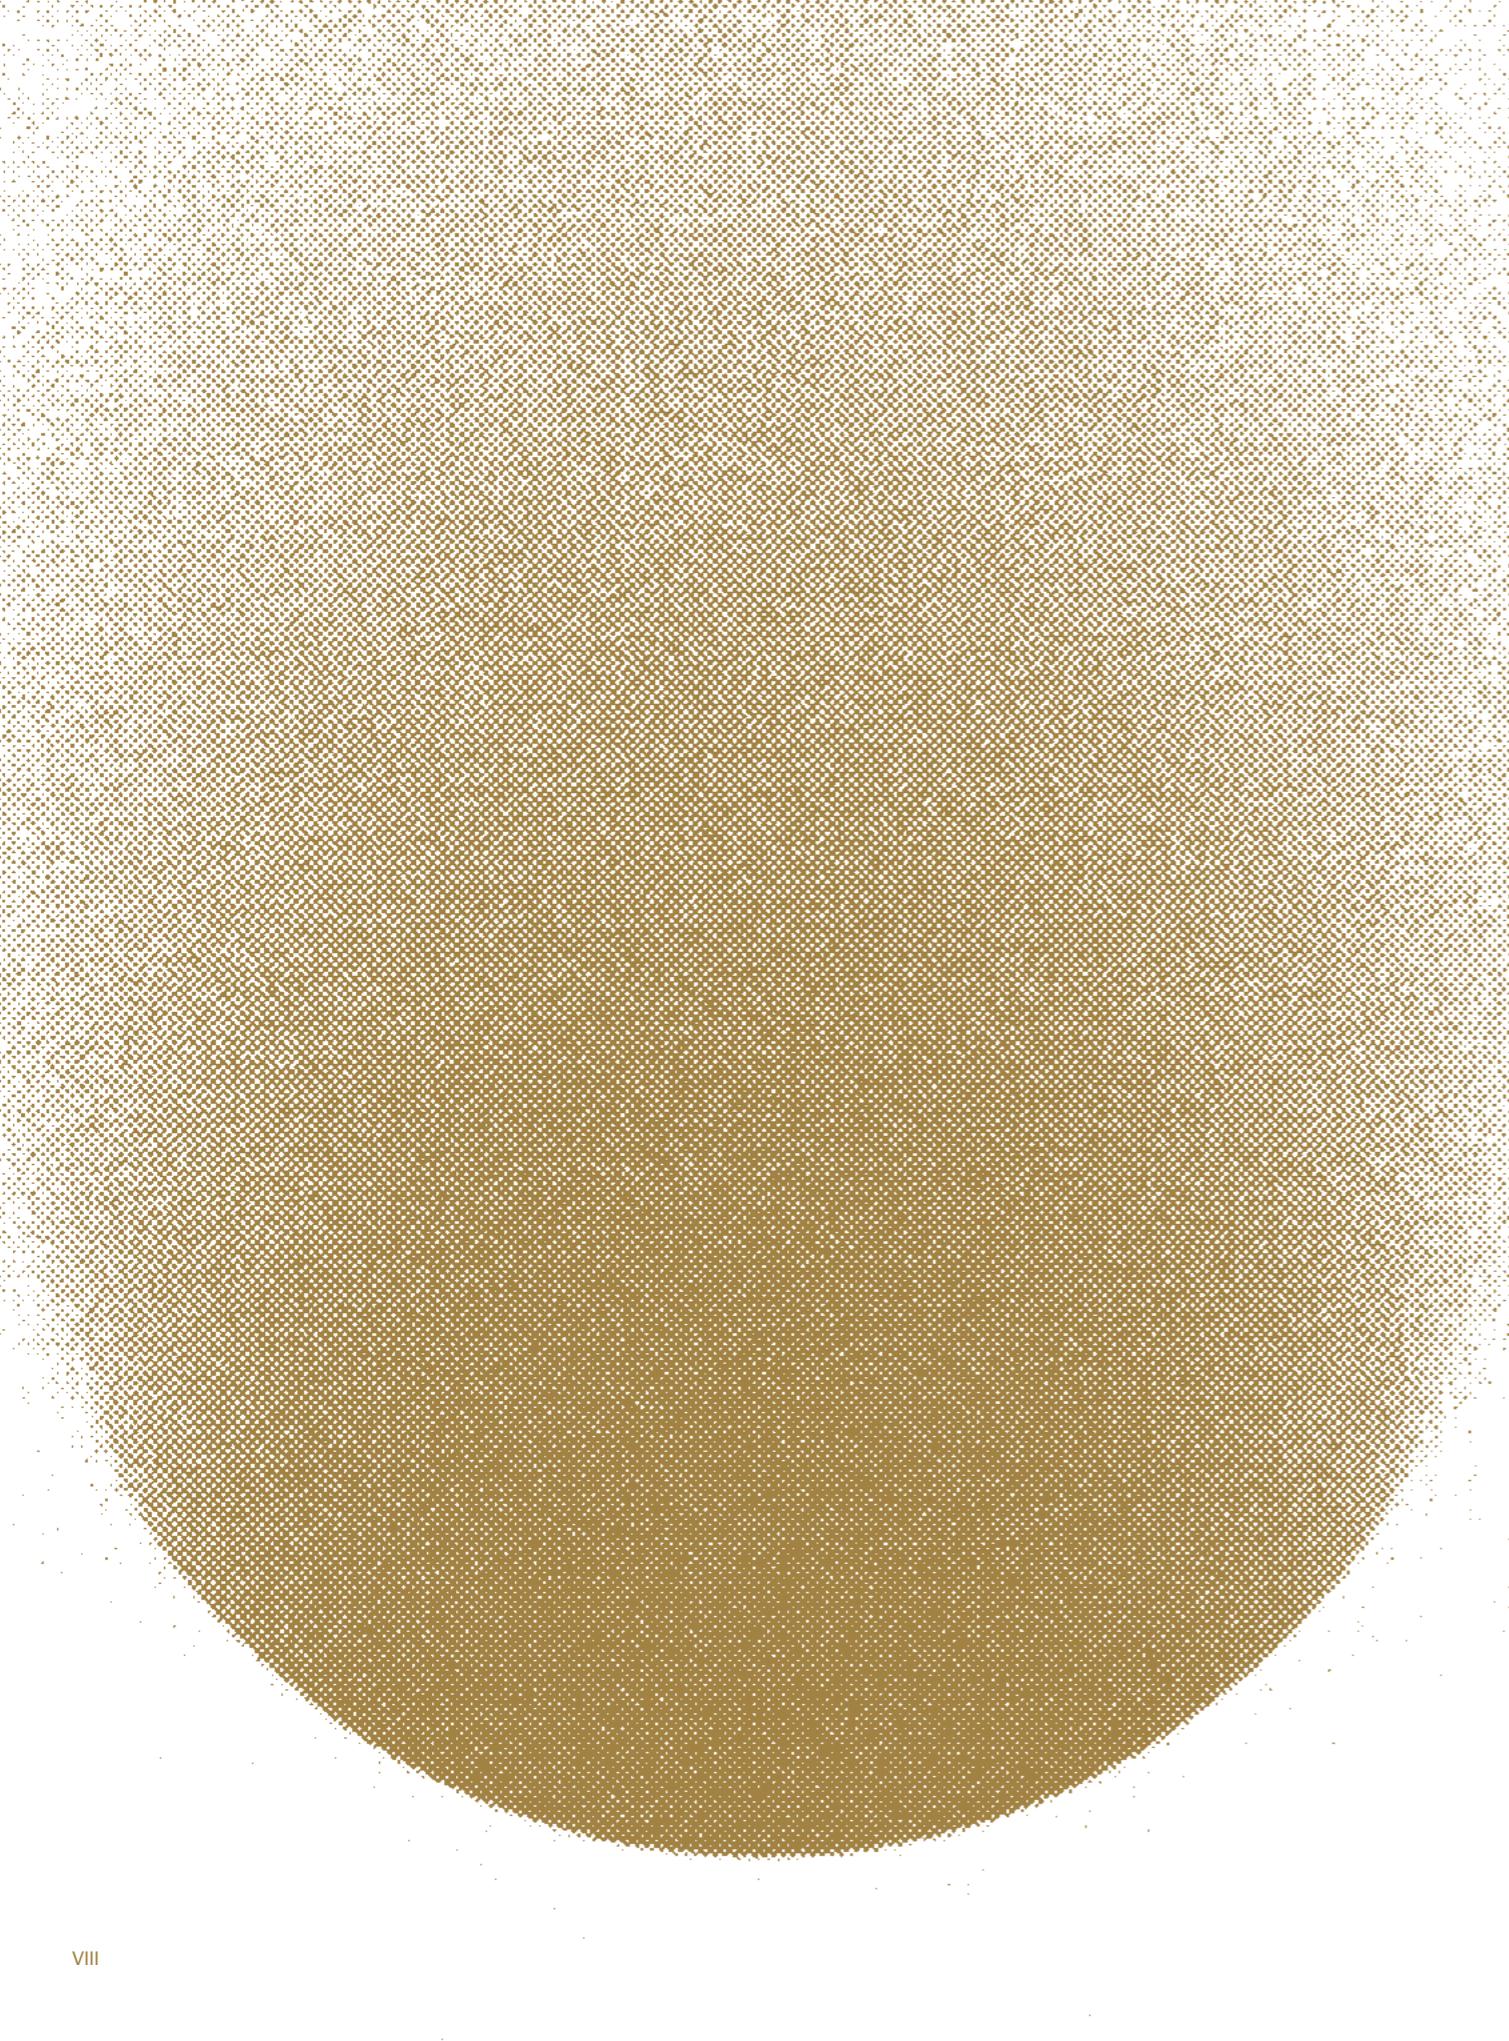

Flar, design by Patrick Norguet

Croma, design by Luca Nichetto

There is a right light for every emotion and a right brightness for every time of day. To transform every space into the perfect ambience, lighting becomes essential. The *dimmer function* allows modulation of light intensity, finding the right combination between brightest brightness and almost total darkness. *Dim-to-warm* adds an additional level of customisation to adjust the warmth of the light and create lighting experiences to suit any situation and need. All LEDs designed by *Lodes* guarantee constant and uniform brightness at any intensity level.

C'è una luce giusta per ogni emozione e una luminosità adatta a ogni momento della giornata: per trasformare ogni spazio nell'ambiente perfetto, l'illuminazione diventa essenziale. La funzione dimmer consente di modulare l'intensità della luce, trovando la giusta combinazione tra la luminosità più intensa e il buio quasi totale. Il dim-to-warm aggiunge un ulteriore livello di personalizzazione per regolare il calore della luce e creare esperienze luminose adatte a qualsiasi situazione e necessità. Tutti i LED progettati da *Lodes* garantiscono una luminosità costante e uniforme a qualsiasi livello di intensità.

For *Lodes*, the quality of light materialises in offering the best possible light in every context, whether residential or work-related.

Per *Lodes*, la qualità della luce si concretizza nell'offrire la migliore luce possibile in ogni contesto, che sia abitativo o di lavoro.

Hover, design by YOY, 2022

The *Hover* table and floor lamps feature a lamp shade that looks as if it is detached from the base, connected seamlessly by a single cable that runs through the stem and comes out of the other end. The end result creates an illusion that the light source is almost weightless and floating in the air, like a balloon. *Hover* features a dimmer controlled by a power switch on the upper end of the stem; users can simply touch the top of the stem to modulate the intensity of the light. All typically external technical functions have been carefully incorporated within the lamp's internal structure. Additionally, the power supply comes in the form of a USB cable.

Le lampade da tavolo e da terra *Hover* presentano un paralume che sembra separato dalla base, collegato perfettamente da un unico cavo che attraversa lo stelo per poi uscirne. Il risultato finale crea l'illusione che la sorgente luminosa sia quasi priva di peso e fluttui nell'aria, come un palloncino. *Hover* è dotata di un dimmer controllato da un interruttore di alimentazione posto all'estremità superiore dello stelo; gli utenti possono semplicemente toccare la parte superiore dello stelo per modulare l'intensità della luce. Tutte le funzioni tecniche tipicamente esterne sono state accuratamente incorporate nella struttura interna della lampada. Inoltre, l'alimentazione è fornita grazie ad un cavo USB.

1 Hover, the lamp shade is connected seamlessly by a single cable that runs through the stem and comes out of the other end.
2 Hover, switch on and off and dim the light intensity.

L'abat-jour des lampes de table et des lampadaires Hover semble séparé de la base et parfaitement relié par un câble unique qui traverse entièrement la tige. Le résultat final crée l'illusion d'une source lumineuse qui flotte dans l'air quasiment en apesanteur, comme un ballon. Hover est équipé d'un gradateur commandé par un interrupteur d'alimentation situé à l'extrémité supérieure de la tige ; les utilisateurs n'ont qu'à toucher le haut de la tige pour moduler l'intensité de la lumière. Toutes les fonctions techniques habituellement externes ont été soigneusement intégrées dans la structure interne de la lampe. En outre, l'alimentation est fournie via un câble USB. Disponible en lampe de table ou en lampadaire, Hover convient à différents usages, comme lampe de bureau, de table basse ou à côté d'un canapé. La version au sol peut également être installée dans des espaces publics tels qu'un lounge d'aéroport, une chambre d'hôtel ou un hall. ●FR

Die Tisch- und Stehlampen Hover verfügen über einen Leuchtschirm, der vom Sockel getrennt zu sein scheint, verbunden auf perfekte Weise durch ein einziges Kabel, das durch den Schaft hindurch und aus ihm herausführt. Das Endergebnis erzeugt die Illusion, dass die Lichtquelle fast schwerelos ist und wie ein Ballon in der Luft schwebt. Hover ist mit einem Dimmer ausgestattet, der über einen Schalter am oberen Ende des Schaftes reguliert wird; die Benutzer können die Lichtintensität durch einfaches Berühren des oberen Endes des Schaftes einstellen. Alle typischen externen technischen Funktionen wurden sorgfältig in die innere Struktur der Leuchte integriert. Außerdem erfolgt die Stromversorgung über ein USB-Kabel. Erhältlich als Tisch- oder Stehlampe, eignet sich Hover für verschiedene Verwendungszwecke, z. B. auf einem Schreibtisch, einem Beistelltisch oder neben einem Sofa. Die Bodenversion kann auch in öffentlichen Räumen wie einer Flughafenlounge, einem Hotelzimmer oder einer Empfangshalle eingesetzt werden. ●DE

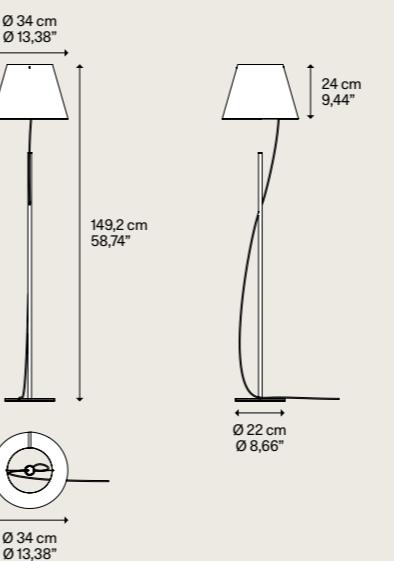

Las lámparas de sobremesa y de pie Hover poseen una pantalla que parece separada de la base, conectada perfectamente por un solo cable que atraviesa la barra y luego sale. El resultado final da la sensación de que la fuente luminosa prácticamente no pesa y flota en el aire, como un globo. Hover está equipada con un regulador que controla un interruptor de alimentación situado en el extremo superior de la barra; los usuarios, simplemente tocando la parte superior de la barra, pueden regular la intensidad de la luz. Todas las funciones técnicas que normalmente están fuera se han incorporado minuciosamente en la estructura interna de la lámpara. Además, la alimentación se suministra gracias a un cable USB. Hover, disponible como lámpara de sobremesa o de pie, se adapta a distintos usos, como por ejemplo en un escritorio, una mesita o junto a un sofá. La versión de pie también se puede utilizar en espacios públicos como en la sala de un aeropuerto, una habitación de hotel o un vestíbulo. ●ES

Настольные лампы и торшеры Hover имеют абажур, который кажется отделенным от основания и соединенным одним кабелем, пересекающим стержень, а затем выходящим наружу. В результате возникает иллюзия невесомости источника света, парящего в воздухе, как воздушный шар. Hover оснащен диммером, управляемым выключателем, расположенным на верхнем конце стержня; пользователи могут отрегулировать интенсивность света, просто прикоснувшись к верхней части стержня. Все технические функции, обычно находящиеся снаружи, были встроены во внутреннюю структуру светильника. Питание также подается по кабелю USB. Hover выпускается в виде настольной лампы или торшера, и подходит для различного применения, на письменном столе, журнальном столике или рядом с диваном. Напольный вариант может также устанавливаться в общественных зданиях, например в зале аэропорта, в гостиничном номере или в холле. ●RU

*Hover*的台灯款和落地灯款均带有一个看似与底座分开的灯罩，但灯罩与底座之间却由一根从灯茎部位穿插而过的单根线缆完美连接。最终结果营造一种幻觉，光源仿佛几乎没有重量且会像气球一般漂浮于空中。*Hover*配有一部由位于灯茎上端的电源开关控制的调光器；用户只需轻触灯茎顶部便可调节光的强度。所有典型的外部技术功能均已巧妙整合至灯件的内部结构之中。此外，电源供给是通过一根USB线缆完成的。*Hover*提供台灯或落地灯两个版本，适用于不同用途，例如放在书桌、咖啡桌上或沙发近旁。落地灯版本也可用于机场休息室、酒店房间或大堂等公共场所。●ZH

Easy Peasy, design by Luca Nichetto, 2020

With a strong personality and a sculptural form reminiscing the shape of bells, *Easy Peasy* is a set of portable and rechargeable table lamps, consisting of two rounded elements, a body and a knob. Made of blown glass, *Easy Peasy* allows for personal customisation of the living spaces. Its portability, different shapes and colours, and the dim-to-warm functionality of its light source allow users to connect, play and interact with the variable configuration options. It is not just a table lamp: it is a real character to interact with!

Con una spiccata personalità e una linea sculturale che ricorda la forma delle campane, *Easy Peasy* è un set di lampade da tavolo portatili e ricaricabili, composte da due elementi stondati, un corpo e un pomolo. Realizzata in vetro soffiato, *Easy Peasy* permette la personalizzazione individuale degli spazi abitativi. La sua portabilità, le diverse forme e colori e la funzione dim-to-warm della sorgente luminosa a LED permettono agli utenti di interagire, giocare e dialogare con le differenti possibilità di configurazione della luce. Non è solo una lampada da tavolo: è un vero e proprio personaggio con cui interagire!

Croma, design by Luca Nichetto, 2021

Taking its name from the Italian word for a ‘quaver’ or ‘eighth’, *Croma* reflects the dynamism of the musical note in its slender frame. It features a conical base that provides stability and a sleek body which casts a powerful ray of light from its LED source. A ring conveniently positioned halfway up the stem allows the user to control the LED module, and to utilise its dim-to-warm function. Its two unique metallic ombré colourways and the two texturised white and black finishes make *Croma* suitable for a variety of environments, including residential, hotel and hospitality.

La nuova lampada da terra richiama nel nome la “croma” o “ottavo”: la sua struttura slanciata che proietta fasci di luce lungo la parete verso il soffitto evoca il dinamismo della nota musicale. *Croma* ha una base conica che le conferisce stabilità e una silhouette longilinea che proietta un potente raggio di luce dalla sorgente LED. Un anello posizionato a metà altezza dello stelo consente all’utente di regolare il modulo a LED e gestire la funzione dim-to-warm. Le due finiture metallizzate ombré, e le due tonalità testurizzate bianco e nero rendono *Croma* adatta a una varietà di ambienti, dal residenziale all’hotel e ospitalità.

Le nouveau lampadaire prend son nom du mot italien désignant une *croche* ou une *hampe*: sa structure élancée dissipe les faisceaux de lumière vers le haut du mur et le plafond pour évoquer le dynamisme de la note de musique. *Croma* s'appuie sur une base conique qui assure sa stabilité et lui donne une allure longiligne qui projette un puissant rayon de lumière de la source LED. Un anneau placé à mi-hauteur de la hampe permet à l'utilisateur de contrôler le module LED et de gérer la fonction dim-to-warm. Grâce aux deux nouvelles finitions métallisées ombré et aux deux tonalités texturisées blanche et noire, *Croma* épouse toute une variété d'ambiances, du résidentiel à l'hôtellerie et à l'accueil. ● ES

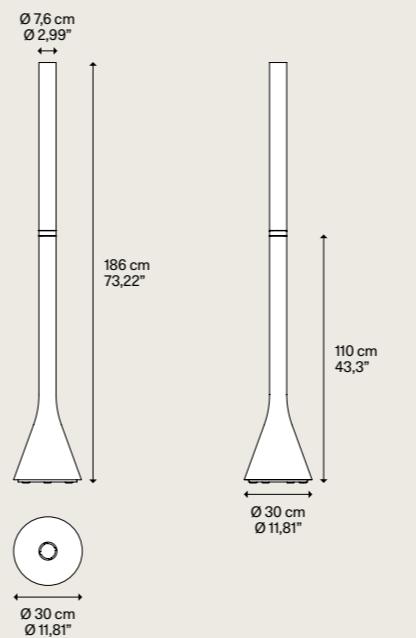

Der Name der neuen Stehlampe leitet sich vom italienischen Wort für "Achtelnote" oder "Achtel" ab: Ihre schlanke Struktur, die die Lichtstrahlen entlang der Wand in Richtung Decke projiziert, spiegelt die Dynamik der Musiknote wider. *Croma* hat einen konischen Sockel, der ihr Stabilität verleiht und eine langgestreckte Silhouette, die einen kraftvollen Lichtstrahl aus dem LED-Leuchtmittel abgibt. Ein auf halber Höhe des Ständers angebrachter Ring ermöglicht dem Benutzer, das LED-Modul zu steuern und die Dim-to-Warm-Funktion zu nutzen. Metallische Ombré Ausführungen und zwei strukturierte Schwarz- und Weißtöne ermöglichen den Einsatz von *Croma* in einer Vielzahl von Umgebungen, vom Wohnbereich bis hin zu Hotels und Hospitality. ● DE

La nueva lámpara de pie evoca en el nombre *lacorchea o octava*: su estructura estilizada que proyecta haces de luz en la pared hacia el techo evoca el dinamismo de la nota musical. *Croma* descansa sobre una base cónica queda estabilidad a su silueta alargada que proyecta un potente rayo de luz de la fuente LED. Un anillo situado a media altura del pie le permite al usuario regular el módulo LED y controlar la función dim-to-warm. Los dos nuevos acabados metalizados ombré y los dos colores texturizados blanco y negro hacen que *Croma* sea apropiada para distintos ambientes, del residencial pasando por el hotelero a la hostelería. ● ES

新款落地灯呼应“颤音”或“八分音符”之名：纤细修长的结构沿着墙壁向天花板散射光束，唤起音符之活力。*Croma*有一个锥形底座上，该底座为其赋予稳定性以及一个可从LED光源投射出强烈光线的纤长轮廓。一只位于灯茎一半处的圆环使用户能够调整LED模块并管理从暗到暖的调光功能。两种金属渐变效果饰面以及纯白色和黑色两种纹理色调，使*Croma*适用于包括住宅、酒店及招待场所在内的各类环境。● ZH

Flar, design by Patrick Norguet, 2022

The name *Flar* evokes images of a flare or ‘flamboiemment’ in French – an intense blaze or burst of light. Inspired by traditional storm lanterns which use glass pipes to protect the flame, *Flar* comprises a 3D laser cut steel base which opens like a flower, leading to a charmingly imperfect blown glass diffuser available in two sizes, 45 and 60 cm. *Flar* features a dimmer controlled with the cable mounted power switch, allowing users to modulate the intensity of the light to create their ideal lighting scheme. The two sizes offer an opportunity to play with scale to create a unique composition for a hotel lounge or retail space.

Il nome *Flar* evoca l'immagine di uno sfavillio o “flamboiemment”, che in francese indica un intenso bagliore o squarcio di luce. Ispirata alle tradizionali lanterne antivento dotate di tubi in vetro per proteggere la fiamma, *Flar* si poggia su una base in acciaio, realizzata con la tecnologia del taglio laser 3D, che si schiude come un fiore e accoglie un diffusore in vetro soffiato dall'effetto piacevolmente imperfetto. Disponibile nelle due versioni da 45 e 60 cm, *Flar* è provvista di un varialuce regolabile dall'interruttore montato sul cavo, che consente all'utente di modulare l'intensità della luce in base alle proprie preferenze. Le due dimensioni offrono la possibilità di giocare con le proporzioni, creando così composizioni uniche nelle aree lounge degli hotel o nei punti vendita.

Le nom *Flar* évoque un flamboiement (Flare en anglais) – une flamme intense ou un éclat de lumière. S'inspirant des lanternes tempête traditionnelles qui utilisent des cylindres de verre pour protéger la flamme, *Flar* se compose d'une base en acier découpée au laser 3D qui s'épanouit comme une fleur, portant à un diffuseur en verre soufflé d'une séduisante imperfection disponible en deux tailles, 45 et 60 cm. *Flar* dispose d'un variateur contrôlé par l'interrupteur d'alimentation monté sur câble, permettant à l'utilisateur de moduler l'intensité de la lumière pour créer l'éclairage idéal. Les deux tailles offrent la possibilité de jouer avec les variations pour une composition unique dans un hall d'hôtel ou un magasin. ● FR

Der Name *Flar* erinnert an eine Fackel oder 'flamboiement' im Französischen – ein intensives Aufflammen oder Ausbrechen von Licht. Inspiriert von traditionellen Sturmleatern, die Glasrohre zum Schutz der Flamme verwenden, besteht *Flar* aus einer 3D-gelaserter Basis aus Stahl, die sich wie eine Blume öffnet und sich zu einem bezaubernden nicht perfekten Diffusor aus mundgeblasenem Glas entwickelt, der in zwei Größen erhältlich ist: 45 und 60 cm. *Flar* ist mit einem Dimmer ausgestattet, der über den am Kabel angebrachten Netzschatzler gesteuert wird und es dem Benutzenden ermöglicht, die Intensität des Lichts zu modulieren, um das ideale Beleuchtungsschema zu schaffen. Die beiden Größen bieten die Möglichkeit, mit dem Maßstab zu spielen und eine einzigartige Komposition für eine Hotellounge oder einen Verkaufsraum zu schaffen. ● DE

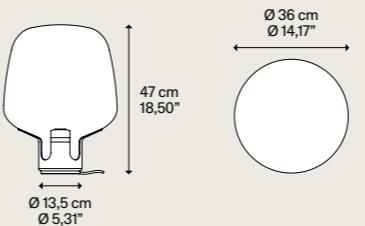

El nombre *Flar* recoge ecos del término francés «flamboiement», una llamarada o un intenso estallido de luz. Inspirada por las tradicionales lámparas de tormenta que empleaban tubos de vidrio para proteger la llama, *Flar* incluye una base de acero cortada con láser 3D y que se abre como una flor para dar paso a un difusor de vidrio soplado atractivamente imperfecto disponible en dos tamaños, 45 y 60 cm. *Flar* incorpora un regulador que se controla con el interruptor montado en el cable y permite a los usuarios modular la intensidad de la luz para crear su esquema de iluminación ideal. Los dos tamaños ofrecen la oportunidad de jugar con la escala para crear una composición única para el recibidor de un hotel o para una tienda. ● ES

Название *Flar* вызывает в воображении образы вспышки или французское слово «flamboiement», означающее интенсивное пламя или вспышку света. Вдохновленная традиционными штормовыми фонарями, в которых применяются стеклянные трубы для защиты пламени, лампа *Flar* имеет стальное основание 3D, вырезанное лазером, раскрывающееся подобно цветку, ведущее к очаровательно несовершенству диффузору из дутого стекла двух размеров: 45 и 60 см. *Flar* оборудована диммером, управляемым при помощи переключателя питания, монтированного на кабель, для модуляции интенсивности света, позволяя пользователям создавать идеальную схему освещения. Два размера предоставляют возможность играть с масштабом, чтобы создавать уникальные композиции для гостиничного холла или торгового помещения. ● RU

*Flar*这个名字让人联想到耀斑之像或法语的‘flamboiement’一词—意为一股烈焰或一阵光耀。受到使用玻璃管保护火焰的传统防风灯的启发，*Flar*包含一个3D激光切割钢底座，它像花朵一样张开，形成一个优美迷人的不完美式吹制玻璃灯罩，提供45厘米和60厘米两种尺寸。*Flar*具有一个使用安装在线缆上的电源开关进行控制的调光器，使用户能够调节光线强度，以创建理想的照明方案。两种尺寸提供延展发挥的机会，可为酒店休息室或零售空间创建独特别致的组合。● ZH

Cima, design by Marco Dessí, 2021

Inspired by the function of the jam cleats found in sailing boats, *Cima* – a nautical rope in Italian – is a “suspended” lamp characterised by a ceiling-to-floor rope, a sleek and highly functional design element. A joint that holds the lamp body slides vertically along the rope, while the counterweight allows to manage any excess rope. The simple cylindrical shapes and the black colour of these elements highlight the three brilliant finishes of the rope, vibrant accents to suit any interiors and décor mood.

Ispirata dalla funzione degli strozzascotte delle barche a vela, *Cima* è una lampada “sospesa” caratterizzata da una fune a tutt'altezza, elemento di design elegante e altamente funzionale. Lungo la fune scorre verticalmente un giunto che regge il corpo lampada, mentre il contrappeso permette di gestire l'eventuale fune in eccesso. Le semplici forme cilindriche e il colore nero di questi elementi risaltano le tre finiture brillanti della fune, accenti vibranti per qualsiasi ambiente e mood d'arredo.

S'inspirant de la fonction des taquets de blocage des voiliers, *Cima* – une corde nautique en italien – est une lampe « suspendue » caractérisée par une corde plafond-sol, élément de design élégant et fonctionnel. Le raccord qui supporte le corps de la lampe se déplace le long de la corde, tandis que le contrepoids permet d'ajuster l'excès de corde. Les formes cylindriques simples et la couleur noire de ces éléments mettent en valeur les trois finitions brillantes de la corde pour s'adapter à tous les intérieurs et à tous les styles de décoration. ● FR

Inspiriert von der Funktion der Klammen, die in Segelbooten zu finden sind, ist *Cima* – das bedeutet Schiffsseil auf Italienisch – eine „hängende Leuchte“, die sich durch ein Decken-Boden-Seil auszeichnet, ein elegantes und hoch funktionales Designelement. Entlang des Seils bewegt sich ein Gelenk, das den Lampenkörper stützt, während das Gegengewicht es ermöglicht, einen eventuellen Seilüberschuss zu justieren. Die schlichten Formen und die schwarze Farbe dieser Elemente unterstreichen die drei brillanten Ausführungen des Seils, vibrierende Akzente, die für jedes Interieur und jede Dekor Stimmung geeignet sind. ● DE

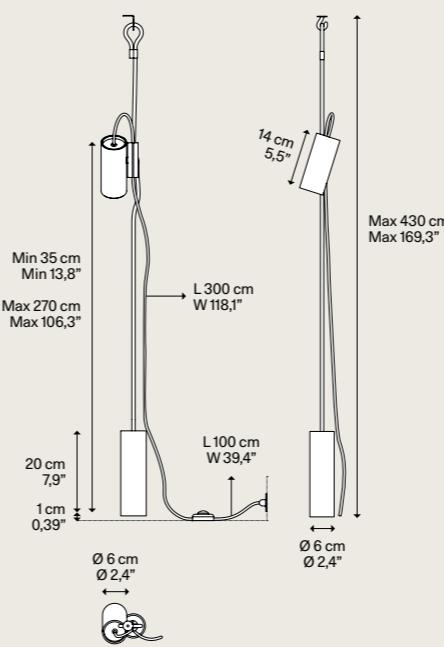

Inspirada en la función de las cornamas que se encuentran en los veleros, *Cima* – una cuerda náutica en italiano – es una lámpara “suspendida” caracterizada por una cuerda que va del techo al suelo, un elemento de diseño elegante y sumamente funcional. A lo largo de la cuerda se mueve verticalmente una articulación que sujetla el cuerpo de la lámpara, mientras que el contrapeso permite reajustar cualquier exceso de cuerda. Las sencillas formas cilíndricas y el color negro de estos elementos resaltan los tres acabados brillantes de la cuerda, las notas vibrantes de cualquier interior y decoración de ambiente. ● ES

Вдохновленный функцией палубных стопоров, используемых на парусных лодках, светильник *Cima* – «корабельный канат» на итальянском – представляет собой подвешенную лампу, с тросом в полную высоту, задуманным как изысканный и высоко функциональный элемент дизайна. Вдоль троса вертикально перемещается шарнир, поддерживающий корпус лампы, а противовес позволяет отрегулировать избыток троса. Простые цилиндрические формы и черный цвет этих элементов подчеркивают три яркие отделки троса, выделяющие тональности, подходящие для любых интерьеров и стилей. ● RU

受帆船中防滑钉的功能之启发,*Cima*—意大利语意为航海绳—是一款特征显著的“悬浮灯”,一条全高式绳索便是其优雅且功能强大的设计元素。一块用来举持灯体的接头沿绳索垂直延伸,而配重件则可让您调节管理绳索的任何多余之处。这些元素的简约圆柱形状与黑色突出的绳索的三种光鲜饰面,令任何室内环境与装饰风尚活力四射。● ZH

Puzzle Outdoor, design by Studio Italia Design, 2019

Puzzle Outdoor is a collection designed to enhance the outdoor spaces of homes and buildings, from the façade to the terrace, making them pleasant and comfortable at any time of day. Discrete by day, adaptable to any type of architecture, these lamps featured in essential shapes light up suggestive atmospheres after sundown.

• Spec sheet p. 430

Puzzle Outdoor è una collezione progettata per valorizzare gli spazi esterni di abitazioni ed edifici, dalla facciata alla terrazza, e renderli piacevoli e confortevoli in ogni momento della giornata. Discrete di giorno, adatte ad ogni tipo di architettura, queste lampade dalle geometrie essenziali accendono atmosfere suggestive dopo il tramonto.

Puzzle Outdoor est une collection conçue pour valoriser les espaces extérieurs des habitations et des bâtiments, de la façade à la terrasse, et les rendre plaisants et confortables à tout moment de la journée. Discret le jour, adapté à tout type d'architecture, ces luminaires aux géométries essentielles offrent une atmosphère suggestive après le coucher du soleil. ●FR

Puzzle Outdoor ist eine Kollektion, die entworfen wurde, um Außenräumen von Wohn- und öffentlichen Gebäuden von der Fassade bis hin zur Terrasse in Szene zu setzen und zu jeder Tageszeit angenehm und wohlig zu machen. Tagsüber diskret und für jeden Architekturstil geeignet, lassen diese Leuchten mit einfacher Form nach dem Sonnenuntergang wunderbare Atmosphären entstehen. ●DE

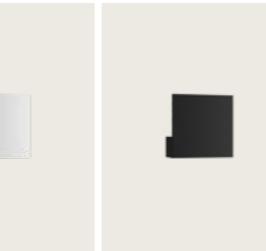

Puzzle Outdoor es una colección diseñada para realizar los espacios exteriores de las casas y edificios, desde la fachada hasta la terraza, y hacerlos agradables y cómodos a cualquier hora del día. Discretas durante el día, adecuadas para todo tipo de arquitectura, estas lámparas de geometría esencial iluminan sugerivas atmósferas después del atardecer. ●ES

Puzzle Outdoor – это коллекция, разработанная для оформления и освещения наружных пространств домов и зданий, от фасада до террасы, чтобы сделать их привлекательными и комфортными в любое время суток. Неброские в дневное время, подходящие для любого типа архитектуры, после захода солнца эти светильники с простым геометрическим дизайном освещают и создают восхитительную атмосферу. ●RU

Art. 1 Recital
Unless otherwise provided for in a separate written agreement between the parties, every sale of products of Lodes S.r.l., VAT 02992370276 (hereinafter, "the Seller") is governed by the following General Conditions of Sale that must be considered as an essential part of this agreement and shall be deemed to have been accepted by the Buyer even though the latter has not signed them. Any clause unilaterally added by the Buyer in the documentation signed by it and/or in its correspondence, being against or in any case in addition to the general conditions or to those specific expressly approved in writing by the Seller, shall be deemed as not written and shall be of no effect.

Art. 2 Completion of the sale, quantities and prices

The sale is deemed to be completed once the Seller gives the written order confirmation also by fax and/or email or when deliveries are commenced in cases where the immediate delivery of the supply is requested, also in consideration of changes occurred and then accepted by the customer. The prices agreed are understood for products delivered ex works of the Seller and do not include services and accessory charges (such as VAT, special packaging, transport and installation costs, and/or assemblies and so on).

Art. 3 Delivery, risk transfer and transport

Products are delivered to the Buyer at the Seller's plant or at another place indicated in writing by the Seller, and the risk transfer takes place with the delivery of the goods to the first carrier or Buyer in the events of collection of goods directly carried out by the latter. The products always travel at the Buyer's sole risk also when the carrier is selected and appointed by the Seller, being the latter freed from all responsibilities after having delivered the products to the carrier, this delivery is deemed to all effects being carried out directly by the said Buyer. The delivery terms agreed are to be understood as indicative. If the Seller is responsible for delay of delivery for a period of up to 60 days, the Buyer is not entitled either to refuse the supply or to request the termination of the agreement and/or the compensation for any damages. If the delay in delivery exceeds 60 days, the Buyer is entitled to request – by registered letter – the cancellation of the order and the reimbursement of the advances if paid. In any event, the Seller shall not be liable for and/or direct and indirect damages of any nature and for any reason due to the delay or the failure to carry out the supply.

Art. 4 Reservation of title

If the Buyer acquires property rights over the goods with the full payment of the price invoiced of the supplies but it takes the risks thereof as of the delivery.

Art. 5 Products features and conditions of use

Unless otherwise expressly agreed in writing by the parties, the conditions for using of the products are those communicated or in any case resulting from the drawings and technical specifications of the Seller, if any, or as described in the website www.lodes.com in relation to products. The quality levels of products are the standard quality levels of the Sellers, indicated in the relevant specifications as described on the Seller's website. It is always the Buyer's responsibility to identify and notify the Seller of the conditions of use of products before technically defining them. Failing any particular instructions from the Buyer, the Seller considers as usual conditions of use those it considered or described in its designs and technical documentation. Drawings, materials, and colours of the products included in catalogues/websites and more generally in all advertising material are indicative. The Seller reserves the right, without notice, to modify the characteristics of its products, as well as their availability. Technical data, images, and information regarding the products are not binding on the Seller, who will not be held responsible for any discrepancies and / or illustrative and / or textual errors. Further product characteristics are contained in the respective technical sheets and/or instruction sheets.

Art. 6 Warranties

The products delivered are covered by a warranty for defects in material and manufacture for a period of 24 months as of the delivery if the Buyer is a natural person, otherwise the warranty period will be of 12 months as of the delivery. The Seller shall replace the products delivered in this warranty period being faulty due to factory defects or in alternative, at its discretion, pay the Buyer an amount equal to the price already invoiced of the said products, being expressly excluded and waived any other right or claim by the Buyer also as compensation for direct and / or indirect damages or cost repayment borne by it (such as recovery, technical assistance, recalling costs, etc.). The Seller will anticipate the delivery of the replaced product, invoicing it regularly. Successively, when the product arrives to the Seller's warehouse, the latter will credit the amount of the defective product. The transport's costs will be paid by the Seller. Should the defected item be returned in an inadequate non-original packaging, with damages connected to the transport, The Seller will not credit any amount to the Buyer, and it will return the product to the sender at his own expenses. If the replacement was made for alleged defects in material and manufacture, but after the control carried out by the Seller, it is considered (i) unfounded, due to the absence of defects; (ii) further damaged by insufficient packaging in the return transport (iii) spoiled by tampering made by the Buyer, all transportation costs and the entire value of the product will be charged to the latter. Any defectiveness or non-compliance of products shall be reported by the Buyer by writing to the Seller – in order to be valid – within 8 days from receipt of goods; any hidden defects shall be reported by the Buyer by writing to the Seller – always in order to be valid – within 8 days as of the relevant discovery. It being understood that the Seller will not be responsible for any defect even though hidden, being notified in writing, after 24 months of the delivery of goods. The warranty does not apply where the defects identified are due to the Buyer's negligence and/or to the use of products being not compliant with the information and explanations in any case gave by the Seller, technical provisions, to incorrect design, application, assembly or manufacture of the facilities in which they are installed, to incorrect maintenance carried out by unauthorized personnel, to improper cleaning since it is made with materials and manners being not suitable, to incorrect storage, handling and transport, to improper or imprudent use, also in the event of electrical system and its capacity being not suitable, or to circumstances that in any case cannot be related to the production defectiveness by the Seller. Every single product of the Seller corresponds to the mark laid down by the European Community with Directive 93 / 68 (extension of Directive 73 / 23) to confirm, with a mark recognized all over Europe, that the lights have undergone the electrical safety test required by European standards EN-60598-1-2 II ed. + CEI EN 60598-1 IV ed. corresponding to Italian standards CEI 34-21 + CEI 34-23, electrical safety standards referred to by all institutions, including the IMQ. The products indicated with the logo UL and/or ETL corresponds to the standards UL 1598/CAN/USA C22.2 No.250.0 or UL 153.

Art. 7 Buyer's Obligations

The Buyer is required to immediately take delivery of the goods given by the Seller to the carrier, or – where otherwise agreed – to timely collect them at the Seller's plant on the date on which the Seller communicates, by any means, that the goods are ready. Where the Buyer delays the collection of the production for a period exceeding 10 days, in addition to the payment of price it shall pay the Seller a proper compensation equal to 2% per day of the price invoiced for storing such products. The Buyer shall carry out the payments normally, in accordance with the terms and conditions specified in the invoice. For late payments it will be accrued by default without need of further notification interest under Legislative Decree no. 231 / 2002. In the event of payment delays, the Seller is entitled to immediately suspend any supply, even though it has concluded other agreements with the same Buyer. The failure to pay within the terms agreed will cause in any event the loss of favourable terms for the Buyer.

Art. 8 Replacement of the Product

If a product is returned for commercial reasons or for a mistake in the order made by the Buyer, the Seller will retain an amount equal to the 20% of the total price as cost for reconditioning the product. If the returned product had already been used and / or it has been returned in an inadequate original packaging, with consequent transport damages, the Seller will not credit to the Buyer any amount and it will return the product to the sender at his own expenses. Only the articles in the catalogue and in the price list in force at the time of the request will be taken into consideration. Transport's costs are always charged to the Buyer. The repair of damaged products will be authorized only if the damage has been caused by the Buyer. The Buyer, once accepted repair costs, will take care of returning the damaged product to the Seller's warehouse and it will pay the costs of transporting the repaired product.

Art. 9 Force majeure

If the Seller is unable to comply with the agreement due to force majeure or beyond its control events, the deadlines set for the supply are automatically extended for a period in which these effects continue. Where the obstacle to comply with the agreement is longer than 6 months, both parties may request the termination of the agreement and, in such event, the Seller repay the Buyer the advances received, if any, releasing itself from any additional obligation on it.

Art. 10 Agreement

In the event of execution of a specific agreement signed by the parties, the said agreement together with its Annexes provides for and summarizes the obligations validly undertaken by the parties and being binding for them. The fulfilment by the parties will be subject to effective evaluation of the actual performance of the contractual tasks and duties to be carried out in good faith, with honesty and fairness. These General Conditions of Sale shall apply to the agreement, unless otherwise provided in writing by the parties or expressly provided in the said agreement.

Art. 11 Privacy Policy

The Seller will use the data received from the Buyer in accordance with the provisions of the article 13 of EU Regulation 2016/679 of 27 April 2016 (GDPR). For more information are available at the following link: www.lodes.com/privacy-policy.

Art. 12 Disputes

Any dispute which may arise concerning the signing, validity, interpretation, performance, amendment and termination of the agreement or of these General Conditions of Sale will be settled according to principles and rule set forth in Article 13 below.

Art. 13 Jurisdiction and Applicable Law

The Court of Milan, Italy, shall be held exclusively competent, being any other court of competent jurisdiction expressly excluded, and the Italian Law shall be applicable.

Art. 14 Website

These General Conditions of Sale are those indicated on the website www.lodes.com and may be printed and reproduced on paper. The Seller undertakes to update the website www.lodes.com by publishing on it the version of the General Conditions of Sale as amended from time to time.

Art. 1 Premessa

Salvo deroga risultante da apposito accordo scritto tra le parti, ogni compravendita di prodotti di Lodes S.r.l., P.IVA 02992370276 (di seguito: "Venditore") è regolata dalle seguenti Condizioni Generali di Vendita che costituiscono parte essenziale del contratto e che si intendono pertanto accettate dal Compratore ancorché dallo stesso non sottoscritte. Qualsiasi clausola unilateralmente apposta dal Compratore nei documenti da lui sottoscritti e/o nella sua corrispondenza, che sia contraria o comunque in aggiunta alle seguenti condizioni generali od a quelle speciali espressamente approvate per iscritto dal Venditore, si intende come non scritta ed è priva di ogni effetto.

Art. 6 Garanzie

I prodotti forniti sono coperti da garanzia per difetti di materiale e/o fabbricazione per un periodo di 24 mesi dalla consegna se il Compratore risulta essere una persona fisica, diversamente il periodo di garanzia sarà di 12 mesi dalla consegna. Il Venditore sostituirà i prodotti resi in detto periodo di garanzia e riconosciuti difettosi per vizi d'origine ovvero in alternativa ad a sua scelta accredita al Compratore una somma pari al prezzo già fatturato dei prodotti stessi, restando espressamente escluso e rinunciato qualsiasi diverso diritto o pretesa del Compratore anche a titolo di risarcimento danni diretti e/o indiretti o di rimborso di costi dallo stesso sostenuti (quali costo di ripresa, di assistenza tecnica, di richiamo, ecc.). Il Venditore anticiperà l'invio del prodotto in sostituzione, fatturandolo regolarmente, andando poi ad accreditare l'importo alla riconsegna del prodotto difettoso reso. Le spese di trasporto saranno a carico del Venditore. Qualora l'articolo oggetto del reso venisse riconsegnato in un imballo non originale inadeguato con conseguenti danni da trasporto, il Venditore non accederà al Compratore alcun importo e rinvierà al mittente, a sue spese il prodotto. Qualora il reso venisse effettuato per presunti vizi d'origine ma dopo il controllo effettuato dal Venditore lo stesso venisse ritenuto (i) infondato, per assenza di vizi; (ii) ulteriormente danneggiato da insufficiente imballaggio nel trasporto di ritorno (iii) viziato da manomissione posta in essere dal Compratore, verranno addebitati a quest'ultimo tutti i costi di trasporto nonché l'intero valore del prodotto. Eventuali difettosità o non conformità dei prodotti devono essere segnalate dal Compratore per iscritto al Venditore – sempre a pena di decadenza – entro 8 gg dalla relativa scoperta. Resta inteso che il Venditore non sarà responsabile per alcun vizio ancorché occulto, comunicato per iscritto, oltre 24 mesi dalla consegna della merce. La garanzia non opera ove i difetti rilevati siano imputabili a negligenza del Compratore e/o ad impiego dei prodotti non conforme con le informazioni e le spiegazioni in ogni caso fornite dal Venditore, alle prescrizioni tecniche, ad errata progettazione, applicazione, montaggio o fabbricazione delle strutture ove sono installati, ad errata manutenzione operata da personale non autorizzato, a pulizia impropria in quanto effettuata con modalità o materiali non idonei, ad errato magazzinaggio, movimentazione e trasporto, ad uso improprio od incauto, anche in caso di impianto elettrico e portata dello stesso non idonea, ovvero a circostanze che comunque non possono ricollegarsi a difettosità di produzione da parte del Venditore. Ogni singolo prodotto del Venditore è conforme alla marcatura richiesta dalla Comunità Europea con la direttiva 93/68 (ampliamento della direttiva 73/23) per conformare con una marcatura riconosciuta in tutta Europa, che le lampade sono state sottoposte alle prove di sicurezza elettrica richieste dalle norme Europee EN-60598-1-2 II ed. + CEI EN 60598-1 IV ed. corrispondenti norme italiane CEI 34-21 + CEI 34-23, norme per la sicurezza elettrica a cui fanno riferimento tutti gli istituti, compreso l'IMQ. I prodotti indicati con il marchio UL e/o ETL sono conformi alla normativa UL 1598/CAN/USA C22.2 No.250.0 o UL 153.

Art. 4 Riserva di proprietà

Il Compratore acquista la proprietà della merce solo con il pagamento integrale del prezzo fatturato delle forniture ma ne assume i rischi dal momento della consegna.

Art. 5 Caratteristiche dei prodotti e condizioni di utilizzo

Salvo diverso ed espresso accordo scritto tra le parti, i parametri funzionali dei prodotti sono quelli espressi comunicati o comunque risultanti nei disegni e specifiche tecniche del Venditore se esistenti o su quanto indicato sul sito web www.lodes.com relativamente ai prodotti. I livelli di qualità dei prodotti forniti sono quelli standard del Venditore, evidenziati nelle relative specifiche o su quanto indicato e desumibile sul sito web del Venditore. È onere del Compratore individuare e comunicare al Venditore le condizioni di utilizzo dei prodotti prima della relativa definizione tecnica. In mancanza di indicazioni da parte del Compratore il Venditore considera condizioni di utilizzo quelle di prassi dallo stesso considerate o esplicitate nei propri disegni e documentazione tecnica. I disegni, i materiali ed i colori dei prodotti inseriti sui cataloghi/sito internet e più in generale in tutto il materiale pubblicitario, si intendono a titolo indicativo. Il Venditore, si riserva il diritto, senza alcun preavviso, al Venditore un adeguato compenso pari al 2% al giorno dell'importo fatturato per il magazzinaggio

Art. 7 Obblighi del Compratore

Il Compratore è tenuto a prendere immediatamente in consegna i prodotti affidati dal Venditore al vettore, ovvero – se diversamente concordato – a puntualmente ritirarli presso lo stabilimento del Venditore alla data di comunicazione di merce pronta che potrà avvenire con ogni mezzo da parte del Venditore. Ove il Compratore ritardi il ritiro dei prodotti per un periodo superiore a 10 gg, oltre al pagamento del prezzo deve corrispondere al Venditore un adeguato compenso pari al 2% al giorno dell'importo fatturato per il magazzinaggio

degli stessi. Il Compratore deve effettuare i pagamenti normalmente, con le modalità e nei termini precisati in fattura. Sui ritardati pagamenti decorreranno, di pieno diritto e senza necessità di costituzione in mora, gli interessi di cui al D.lgs. n. 231/2002. In caso di ritardo dei pagamenti il Venditore ha diritto a sospendere immediatamente ogni fornitura, anche se dipendente da altri contratti con lo stesso Compratore. Il mancato pagamento nei termini pattuiti comporta in ogni caso la decadenza del Compratore dal beneficio del termine.

Art. 8 Resi

In caso di reso commerciale o in caso di reso per errore del Compratore, il Venditore tratterà un importo pari al 20% minimo del totale a titolo di costo di ricondizionamento dell'articolo. Qualora l'articolo oggetto del reso fosse già stato utilizzato e/o venisse riconsegnato in un imballo non originale inadeguato, con conseguenti danni da trasporto, il Venditore non accederà al Compratore nessun importo e rinvierà al mittente, a sue spese, il reso. Verranno presi in considerazione solamente gli articoli presenti nel catalogo e nel listino in vigore al momento della richiesta. Le spese di trasporto sono sempre a carico del Compratore. I resi per riparazione vanno autorizzati solo se la causa del danno è dipesa dal Compratore che dopo aver accettato il costo di riparazione si occuperà a proprie spese di rispedire l'articolo danneggiato in sede e si accollerà poi i costi relativi al trasporto del prodotto riparato.

Art. 9 Forza maggiore

Qualora il Venditore sia impossibilitato a rispettare il contratto per cause di forza maggiore o comunque indipendenti dalla sua volontà, i termini previsti per l'esecuzione della fornitura sono automaticamente prorogati per un periodo equivalente al perdurare degli effetti di tali cause. Qualora la causa impeditiva continui per più di 6 mesi entrambe le parti possono chiedere la risoluzione del contratto ed in tal caso il Venditore restituisce al Compratore gli anticipi eventualmente ricevuti, con esclusione di ogni e qualsiasi onere ulteriore a suo carico.

Art. 10 Contratto

In caso di sottoscrizione di apposito contratto lo stesso con i suoi allegati contiene e riassume le obbligazioni validamente assunte dalle parti e per esse vincolanti. L'adempimento delle parti sarà oggetto di valutazione dell'effettiva esecuzione dei compiti e doveri contrattuali, da effettuarsi in buona fede, onestà e con equità. Le presenti Condizioni Generali di Vendita si applicheranno al contratto salvo deroga risultante da atto scritto o in esso contratto esplicitamente prevista.

Art. 11 Trattamento dei Dati Personal

Il Venditore utilizzerà i dati ricevuti dal Compratore conformemente alle disposizioni vigenti in materia di Privacy secondo l'art.13 del Regolamento Europeo 2016/679 (GDPR). Maggiori informazioni sono disponibili al seguente link www.lodes.com/it/privacy-policy.

Art. 12 Controversie

Qualora dovesse verificarsi una qualsivoglia controversia avente ad oggetto la formazione, validità, interpretazione, esecuzione, modifica e risoluzione del contratto o delle presenti Condizioni Generali di Vendita, questa sarà risolta secondo i principi e le regole indicate nell'articolo 13 che segue.

Art. 13 Foro competente e legge applicabile

Foro esclusivamente competente sarà quello di Milano con esplicita esclusione di ogni altro foro alternativamente competente, e la legge applicabile quella italiana.

Art. 14 Sito Web

Le presenti Condizioni Generali di Vendita, sono quelle risultanti sul sito web www.lodes.com e sono stampabili e riproducibili su supporto cartaceo. Il Venditore si impegna ad aggiornare il sito web www.lodes.com mediante la pubblicazione sullo stesso della versione di Condizioni Generali di Vendita di volta in volta modificata.
