About Lodes

[Click here to visit the website](#)

Lodes designs and manufactures lighting solutions that enhance the quality of living for those who choose them in any environment and situation. We seek a balance between form and functionality to elevate every space with a distinctive decorative touch, without compromising on design or utility. Founded in 1950, *Lodes* narrates an evolutionary journey through three generations, from a pure passion for light to contemporary creations that seamlessly blend design and technological innovation.

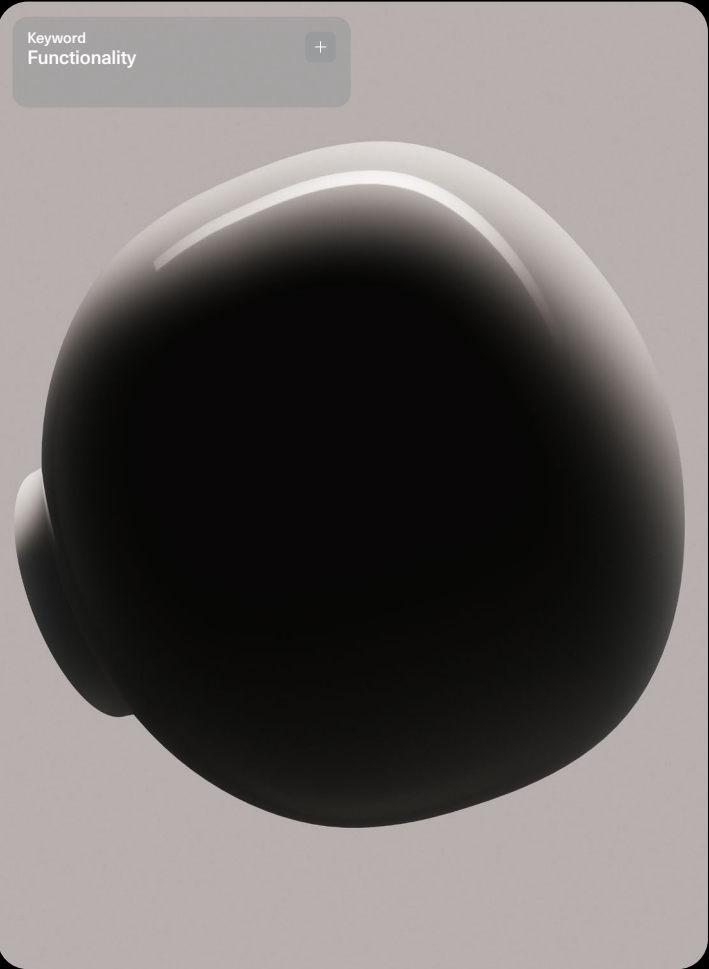

Lodes progetta e produce soluzioni illuminotecniche che migliorino la qualità dell'abitare di chi le sceglie, in qualsiasi ambiente e situazione. Cerchiamo l'equilibrio tra forma e funzionalità per valorizzare ogni spazio con un segno decorativo distintivo, senza compromessi né rinunce. Nata nel 1950, *Lodes* racconta un percorso evolutivo attraverso tre generazioni, dalla pura passione per la luce alle creazioni contemporanee che coniugano design e ricerca tecnologica.

Light that combines functionality and beauty: technical precision and design for Outdoor Spaces.

The *Lodes Outdoor* collection does not just illuminate; it defines and enhances outdoor environments. By combining the quality and precision of architectural lighting with the charm and attention to decorative design, it offers solutions where technology and aesthetics coexist in perfect harmony.

Luce che unisce funzionalità e bellezza: precisione tecnica e design per gli spazi esterni. La collezione *Outdoor Lodes* non si limita a illuminare, ma definisce e valorizza gli ambienti esterni. Unendo la qualità e la precisione dell'illuminazione architettonica al fascino e alla cura del design decorativo, offre soluzioni in cui tecnica ed estetica convivono in perfetto equilibrio.

Beyond standardisation: a NEW approach to Outdoor Lighting.

Lodes Outdoor Collection

Technology and Light Customisation.

The quality of light, its projection, and customisation, along with energy efficiency, are central elements of the collection (CRI ≥ 90 – SDCM < 3). Each product is designed to deliver high performance without compromising on style, offering high IK and IP ratings and a wide range of available colour temperature options.

Tecnologia e Personalizzazione della Luce. La qualità della luce, la sua proiezione e personalizzazione, unite all'efficienza energetica, sono elementi centrali della collezione (CRI ≥ 90 – SDCM < 3). Ogni prodotto è progettato per offrire prestazioni elevate senza compromessi sullo stile, con indici IK e IP elevati e un'ampia varietà nelle opzioni di temperatura colore disponibili.

Lodes collaborates with italian and international designers and architecture studios, to shape unique lighting and decorative projects. Thanks to continuous research and experimentation, ideas take shape and the company becomes the meeting place for creative flair, technical expertise, and craftsmanship.

Lodes Designers

Click here to visit the website

Lodes collabora con designer e studi di architettura italiani e internazionali per creare progetti luminosi e decorativi unici. Grazie a continue ricerche e sperimentazioni, le idee prendono forma e l'azienda diventa il luogo d'incontro tra estro creativo, esperienza tecnica e artigianalità.

PATRICK NORGUET ■ Patrick Norguet approaches objects and design from a graphical perspective. Since childhood, he has preferred sketchbooks to textbooks, filling them up with sketches and drawings. A “hands-on” approach of industry and design studies in Paris (ESPI) mark the unusual profile of this constructive rebel. His career underwent a dramatic change in 2000 when Giulio Cappellini spotted his now famous Rainbow Chair. He joined the circle of designers that matter and created his Parisian studio. Since that time, he has been designing for major producers and renowned brands. For Patrick Norguet, design is first and foremost about happy encounters. What he is most passionate about is exchanging with manufacturers, discovering their know-how; the impulse of a creative intention refined by technical constraints, economic stakes and the expectations of a user whom he hopes to discreetly but durably win over. Drawing inspiration from everything that surrounds him, Patrick Norguet does not follow trends but seeks to give shape to products whose relevance and modernity would withstand the test of time: “A well-designed object, an object created through generous collaboration is timeless.” From consumer products to luxury objects, Patrick Norguet leaves an impression of authenticity and elegance. Today, he is an essential figure on the international design scene.

Patrick Norguet si avvicina agli oggetti e al design da una prospettiva grafica. Fin dall'infanzia ha preferito i taccuini da disegno ai libri di testo, riempiendoli di schizzi e bozzetti. Un approccio “pratico” agli studi industriali e di design a Parigi (ESPI) segna il profilo insolito di questo ribelle costruttivo. La sua carriera ha subito una svolta straordinaria nel 2000, quando Giulio Cappellini ha notato la sua ormai famosa Rainbow Chair. Entra a far parte della cerchia dei designer che contano e crea il suo studio parigino. Da allora, progetta per grandi produttori e marche rinomate. Per Patrick Norguet, il design è prima di tutto sinonimo di incontri felici. Ciò che più lo appassiona è lo scambio con i produttori, la scoperta del loro know-how; l'impulso di un'intenzione creativa affinata da vincoli tecnici, da aspetti economici e dalle aspettative dell'utilizzatore che spera di conquistare in modo discreto ma duraturo. Traendo ispirazione da tutto ciò che lo circonda, Patrick Norguet non segue le tendenze, ma cerca di dare forma a prodotti la cui attualità e modernità possano resistere alla prova del tempo: “Un oggetto ben progettato, un oggetto creato grazie a una collaborazione generosa è senza tempo”. Dai prodotti di consumo agli oggetti di lusso, Patrick Norguet lascia un'impressione di autenticità ed eleganza. È oggi una figura essenziale nel panorama del design internazionale.

SNØHETTA ■ Snøhetta has grown to become one of the most internationally renowned Architecture & Design practices globally, with more than 300 employees from 33 different nations and studios around the globe. The practice began as a collaborative architectural and landscape workshop in 1989 and has remained true to its multi-disciplinary way of thinking until this day. We strive to enhance our sense of surroundings, identity and relationship to others and the physical spaces we inhabit – whether human-made or naturally created through the course of time. Museums, product developments, reindeer observatories, visual universes and virtual landscapes all get the same care and attention. Since then, Snøhetta has introduced specialised graphic, digital and product design disciplines to enhance our capabilities and reach. These disciplines act at the forefront of sustainable and social innovation. By leveraging the accumulated knowledge and experience at Snøhetta, strategic design connects industry, technology, markets and brands with future opportunities and targets. Even with a primarily international approach and staff, Snøhetta has maintained a strong and unified culture that is well-rooted within the Nordic model, where equality, openness, generosity, and sustainability are translated into real projects.

Con oltre 300 dipendenti di 33 nazionalità diverse e varie sedi in tutto il mondo, Snøhetta si è affermato tra gli studi di architettura e design più rinomati a livello internazionale. Nato nel 1989 come laboratorio col-

laborativo di architettura e del paesaggio, lo studio è rimasto sempre fedele al proprio approccio multidisciplinare e si propone di affinare la percezione dell'ambiente circostante, dell'identità e del rapporto con gli altri, ma anche con lo spazio fisico in cui viviamo, sia esso artificiale o plasmato dalla natura nel corso del tempo. Dai musei, agli sviluppi di prodotto, dagli osservatori di renne agli universi visivi fino ai paesaggi virtuali, ogni elemento merita la stessa cura e attenzione. Da allora Snøhetta ha introdotto specifiche discipline di design grafico, digitale e di prodotto che, perseguendo lo scopo di potenziare capacità e possibilità, aprono la strada all'innovazione sostenibile e sociale. Grazie al ricco bagaglio di conoscenze ed esperienze messo a punto da Snøhetta, il design strategico avvicina l'industria, la tecnologia, i mercati e i brand a opportunità e traguardi futuri. Nonostante il carattere spiccatamente internazionale in termini di approccio e composizione del team, Snøhetta ha mantenuto una solida cultura unificata ben radicata nel modello nordico in cui uguaglianza, apertura, generosità e sostenibilità si traducono in progetti concreti.

ESTUDI(H)AC ■ Discrete, cultured, elegant and immensely creative, design is his lifestyle. As if a tailor, the pampering, care, precision and creativity José Manuel Ferrero puts into all his projects has been unwavering for 20 years. A career inspired by his admiration for tailoring, specifically London's famous street Savile Row and the textile industry of his native Ontinyent, as well as his passion for details and Anglo-Saxon culture, make for the perfect mix of conservatism and transgression as can be seen in the meticulous shapes, materials and textures used in his industrial design. His approach has positioned him as a design reference not only in the furniture industry, but also in the home furnishings, furniture and equipment sector as a whole and has led him to converting his design atelier, estudi(H)ac, into a real reference in Spain and abroad, specialising in custom product design, interior design and exhibition project. Major industry prizes such as the German Design Awards, IFF Design Awards, Restaurant & Bar Design Awards, ICFF New York, ADI and the award for the best National Designer in 2023 by the RBA Group magazine Revista Interiores, among others.

Discreto, colto, elegante e immensamente creativo, il design è per lui uno stile di vita. Come un sarto, José Manuel Ferrero dedica a ogni progetto cura, precisione e creatività con una costanza che dura da oltre 20 anni. Una carriera ispirata dalla sua ammirazione per la sartoria – in particolare per la celebre Savile Row di Londra – e dall'industria tessile della sua natia Ontinyent, unita alla passione per i dettagli e la cultura anglosassone. Questo background dà vita a un perfetto equilibrio tra conservazione e trasgressione, evidente nelle forme, nei materiali e nelle texture meticolosamente studiate nel suo design industriale. Grazie al suo approccio, si è affermato come punto di riferimento non solo nel settore dell'arredo, ma anche in quello dei complementi e delle forniture per la casa, portandolo a trasformare il suo atelier creativo, estudi(H)ac, in una realtà riconosciuta sia in Spagna che a livello internazionale, specializzata in design di prodotto su misura, interior design e progetti di allestimento. Il suo lavoro è stato riconosciuto con importanti premi internazionali, tra cui il German Design Award, l'IFF Design Award, il Restaurant & Bar Design Award, l'ICFF New York, l'ADI e il titolo di Miglior Designer Nazionale 2023 assegnato dalla rivista Revista Interiores del gruppo RBA.

LODES ■ Winning ideas often arise from teamwork. This is the experience at Lodes, a brand that welcomes intuition and shapes the ideas of its people – technicians, creatives and industry experts. The results of this synergy between craftsmanship, curiosity and agility are versatile lighting solutions, such as the Sky-Fall suspension lamp and the A-Tube and Puzzle collections. In 2025, a new chapter unfolds with Reed and Puzzle Outdoor, marking the launch of the first Lodes Outdoor collection: each piece is designed to combine decorative detail with advanced technological expertise.

Dal lavoro di squadra nascono molto spesso idee vincenti. È questa l'esperienza di Lodes, un brand che accoglie le intuizioni e dà forma alle idee delle persone dell'azienda – tecnici, creativi, conoscitori del settore. I risultati della sinergia di mestiere, curiosità e velocità, sono soluzioni di luce versatili, come la lampada a sospensione Sky-Fall e le collezioni A-Tube e Puzzle. Nel 2025 nasce un nuovo capitolo del racconto con Reed e Puzzle Outdoor per la prima collezione Lodes Outdoor: ogni elemento è progettato per combinare dettaglio decorativo con un know-how tecnologico avanzato.

focus, designed by Patrick Norguet, 2025

Focus is a multifunctional projector inspired by the world of photography, with lines and design details that evoke camera lenses and optics. The joint, often considered a secondary element, becomes in Focus a distinctive feature of pure design and functionality. Thanks to a wide range of mounting accessories and five available finishes, Focus flexibly adapts to various architectural and landscape applications, offering tailored solutions for every project.

Focus è un proiettore multifunzione che si ispira al mondo della fotografia nelle linee e nel design, con dettagli che evocano ottiche e obiettivi. Lo snodo, spesso considerato un elemento secondario, in Focus diventa un dettaglio di puro design e funzionalità. Grazie a un'ampia gamma di accessori di installazione e alle cinque finiture, Focus si adatta con flessibilità a diverse applicazioni architettoniche e paesaggistiche, offrendo soluzioni su misura per ogni progetto.

focus est un projecteur multifonctions inspiré du monde de la photographie dans ses lignes et son design, avec des détails qui évoquent les optiques et les objectifs. L'articulation, souvent considérée comme une fonction secondaire, devient avec focus un détail de design et de fonctionnalité à part entière. Grâce à une large gamme d'accessoires d'installation et aux cinq finitions, focus s'adapte parfaitement aux différentes applications architecturales et paysagères, offrant des solutions sur mesure pour chaque projet. ■ FR

focus ist ein multifunktionaler Projektor, der in seiner Linienführung und seinem Design von der Welt der Fotografie inspiriert ist, mit Details, die an optische Linsen und Objektive erinnern. Das Gelenk, häufig als sekundäres Element betrachtet, wird bei focus zu einem Detail, das pure Designästhetik und Funktionalität vereint. Dank einer vielfältigen Auswahl an Installationszubehör und der fünf Ausführungen, passt sich focus flexibel an verschiedene architektonische und landschaftliche Anforderungen an und bietet maßgeschneiderte Lösungen für jedes Projekt. ■ DE

focus es un proyector multifunción que se inspira en el mundo de la fotografía en las líneas y el diseño, con detalles que evocan ópticas y objetivos. La articulación, a menudo considerada un elemento secundario, en focus se convierte en un detalle de puro diseño y funcionalidad. Gracias a una amplia gama de accesorios de instalación y los cinco acabados, focus se adapta con flexibilidad a distintas aplicaciones arquitectónicas y paisajísticas y ofrece soluciones a medida para cada proyecto. ■ ES

focus—это многофункциональный прожектор, линии и дизайн которого вдохновляются миром фотографии, а детали напоминают оптику и линзы фотоаппарата. Шарнир, часто считающийся второстепенным элементом, в светильнике focus становится чисто дизайнерской и функциональной деталью. Благодаря широкому ассортименту аксессуаров для установки и пяти вариантам отделки focus гибко адаптируется к различным архитектурным и ландшафтным требованиям, предлагая индивидуальные решения для каждого проекта. ■ RU

focus是一款线条和设计灵感源自摄影界的投射灯，其细节呼应光学镜片和镜头。接头，通常被视为次要元素，但它在focus中却成为一种拥有纯粹设计与功能的细节。得益于丰富的安装配件和五种饰面，focus可灵活适应不同的建筑应用和景观应用，为每个项目提供量身定制化解决方案。■ ZH

Focus 28

Focus 48

The combination of two Focus 48 on a fixing base and one Focus 28 on a strap allows uniform illumination of medium to large trees with florid foliage.

La combinazione di due Focus 48 su base di fissaggio posizionate a terra e di un Focus 28 su cinghia per alberi, permette di illuminare uniformemente alberi di medie/grandi dimensioni, con una chioma rigogliosa.

KINNO, designed by Patrick Norguet, 2025

KINNO

Patrick Norguet

KINNO is a bollard inspired by the silhouette of a mushroom, blending harmoniously into the natural landscape. It is deliberately designed with gills beneath its cap to create an organic and unexpected effect that evokes the harmony of the natural world. Among its mounting accessories, in addition to the straight stem, there is a wavy version that adds movement and spontaneity to the lighting composition. Available in five finishes and multiple functions, KINNO becomes a true creative tool for landscape designers and architects.

KINNO è un bollard che richiama la silhouette di un fungo, integrandosi armoniosamente nel paesaggio naturale. È volutamente dotato di lamelle sotto la calotta, per creare un effetto organico e inaspettato che evoca l'armonia del mondo naturale. Tra gli accessori di installazione, oltre al stelo dritto, è disponibile una versione curva che dona movimento e spontaneità alla composizione luminosa. Disponibile in cinque finiture e in molteplici funzioni, KINNO diventa un vero e proprio strumento creativo per landscape designer e architetti.

-------	---------------------

KINNO est un bollard qui rappelle la forme d'un champignon, s'intégrant harmonieusement au paysage naturel. Voulument équipé de lamelles sous la calotte, il crée un effet organique et inattendu qui évoque l'harmonie du monde naturel. Parmi les accessoires de montage, en plus du corps droit, une version courbée est disponible qui apporte du mouvement et de la spontanéité à la composition lumineuse. Disponible en cinq finitions et en multiples fonctions, KINNO devient un véritable instrument créatif pour les paysagistes et les architectes. ■ FR

KINNO ist eine Pollerleuchte, die an die Silhouette eines Pilzes erinnert und sich harmonisch in die natürliche Landschaft einfügt. Gezielt wurden unter dem Leuchterschirm Lamellen angebracht, um einen organisch wirkenden und überraschenden Effekt zu kreieren, der Erinnerungen an die Harmonie der natürlichen Umgebung weckt. Zum Montagezubehör gehört neben dem geraden Stab auch eine gebogene Variante, die Bewegung und Spontaneität in die Lichtkomposition einbringt. Erhältlich in fünf Ausführungen und mit verschiedenen Funktionen wird KINNO auf diese Weise zu einem vollwertigen kreativen Werkzeug für Landschaftsgestalter und Architekten. ■ DE

KINNO es un bolardo que recuerda la silueta de una seta, integrándose armoniosamente en el paisaje natural. Está intencionadamente dotada de láminas bajo la calota para crear un efecto orgánico e inesperado que evoca la armonía del mundo natural. Entre los accesorios de montaje, además del poste recto, hay disponible una versión curva que aporta movimiento y espontaneidad a la composición luminosa. Disponible en cinco acabados y múltiples funciones, KINNO se convierte en una herramienta creativa para paisajistas y arquitectos. ■ ES

KINNO –световой боллард, напоминающий по форме гриб, гармонично вписывается в природный ландшафт. Под колпаком светильника специально предусмотрены пластинки, создающие органичный и неожиданный эффект, вызывающий ассоциации с гармонией природного мира. Монтажные аксессуары, помимо прямого столбика, предусматривают также изогнутую версию, которая придает движение и спонтанность световой композиции. KINNO, доступный в пяти вариантах отделки и с многочисленными функциями, становится подлинным креативным инструментом, предназначенным для ландшафтных дизайнеров и архитекторов. ■ RU

KINNO是一款轮廓酷似蘑菇的短柱灯，与自然景观和谐相融。菌盖下特意配有菌褶，以创造一种有机且意外的效果，呼应自然世界的和谐。组装配件中除了笔直款撑柱外，还有一款弯曲版本可供选择，该版本为灯光组合凭添动感与自然性。具有五种饰面和多种功能，KINNO成为了一件针对景观设计师和建筑师的真正创意工具。■ ZH

CHELSIE, designed by Patrick Norguet, 2025

CHELSIE is a sleek and decorative floor washer that creates refined lighting effects, or functions as a step light in its more compact version. A soft recess conceals the light source, allowing the light to diffuse, while the metal body features a wide beam and high luminous output, available in five or six finishes depending on the diameter. The light source has been intentionally designed to emphasize the decorative quality of its graphic shape. Available in 2 sizes—both delivering exceptional light performance—CHELSIE offers creative freedom: the smaller model, when repeated, subtly and evenly illuminates steps and pathways; the larger version, installed along walls, becomes a design element that defines outdoor spaces.

CHELSIE è un floorwasher essenziale e decorativo che crea raffinati giochi di luce, oppure un segnapasso nella versione più compatta. Una morbida rientranza nasconde la sorgente luminosa e lascia che la luce si diffonda mentre il corpo in metallo ha un fascio aperto ad elevato output luminoso ed è disponibile in cinque o sei finiture a seconda del diametro. La sorgente luminosa è stata progettata volutamente per dare enfasi anche all’aspetto decorativo del suo segno grafico. Disponibile in due dimensioni, entrambe caratterizzate da una straordinaria potenza luminosa, CHELSIE offre libertà creativa: il modello più piccolo, in ripetizione, illumina gradinate e percorsi con un ritmo discreto e uniforme; la versione più grande, installata lungo le pareti, diventa un elemento che scandisce gli spazi esterni.

Lodes Outdoor Collection

CHELSIE est un floorwasher essentiel et décoratif qui crée des jeux de lumière raffinés, ou un marqueur de chemin dans la version plus compacte. Un doux mouvement concave dissimule la source lumineuse et laisse la lumière se diffuser tandis que le corps métallique présente un faisceau ouvert pour un rendement lumineux élevé. Disponible en cinq ou six finitions selon le diamètre. La source lumineuse est délibérément conçue pour en souligner l'aspect décoratif du signe graphique. Disponible en deux tailles dotées d'une puissance lumineuse exceptionnelle, CHELSIE offre une grande liberté créative : le modèle plus petit, en répétition, illumine les marches et les chemins avec un rythme discret et uniforme ; la version plus grande, installée le long des murs, devient un élément qui rythme les espaces extérieurs. ■ FR

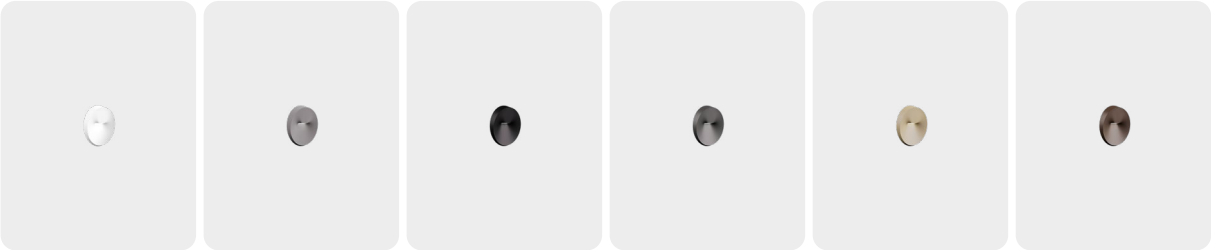

CHELSIE ist ein unentbehrlicher und dekorativer Floorwasher der raffinierte Lichtspiele kreiert, oder eine Orientierungsleuchte in einer kompakteren Ausführung. Eine dezente Aussparung verbirgt die Lichtquelle und ermöglicht die Streuung des Lichts, während der Metallkörper über einen Abstrahlbereich mit hoher Lichtleistung verfügt und je nach Durchmesser in fünf oder sechs Ausführungen erhältlich ist. Die Lichtquelle ist bewusst so gestaltet, dass sie auch den dekorativen Aspekt ihres grafischen Zeichens hervorhebt. Erhältlich in zwei Größen, die sich beide durch eine außergewöhnliche Leuchtkraft auszeichnen, bietet CHELSIE gestalterischen Spielraum: Das kleinere, wiederholt installierte Modell, beleuchtet Stufen und Wege in einem diskreten und gleichmäßigen Rhythmus; die größere, entlang von Wänden angebrachte Version wird zu einem Element, das in Außenbereichen Akzente setzt. ■ DE

CHELSIE es un floor washer esencial y decorativo que crea refinados juegos de luz o un señalizador de paso en la versión más compacta. Un suave rebaje oculta la fuente luminosa y permite que la luz se difunda, mientras que el cuerpo metálico tiene un haz abierto con alto rendimiento luminoso y está disponible en cinco o seis acabados dependiendo del diámetro. La fuente luminosa se ha diseñado deliberadamente para resaltar también el aspecto decorativo de su signo gráfico. Disponible en dos tamaños, ambos caracterizados por una extraordinaria potencia luminosa, CHELSIE ofrece libertad creativa: el modelo más pequeño, en repetición, ilumina escalinatas y recorridos con un ritmo discreto y uniforme; la versión más grande, instalada a lo largo de las paredes, se convierte en un elemento que marca los espacios exteriores. ■ ES

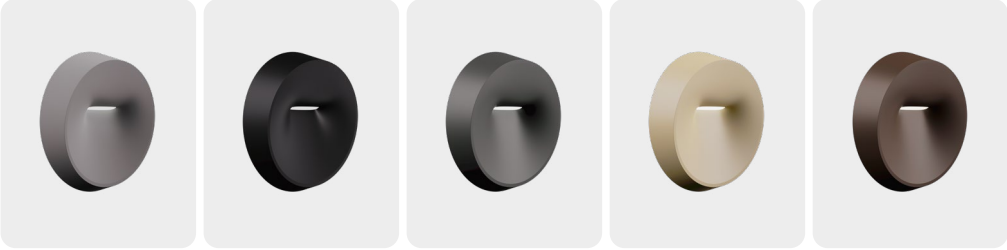

CHELSIE –незаменимый и декоративный напольный светильник, создающий утонченную игру света или подсветку ступеней в более компактной версии. Мягкое углубление прячет внутри источник света и позволяет ему рассеиваться, в то время как металлический корпус образует открытый луч с высокой светоотдачей. Корпус доступен в пяти или шести вариантах отделки, в зависимости от диаметра. Источник света был намеренно спроектирован так, чтобы подчеркнуть декоративный аспект графического элемента. Светильник CHELSIE выпускается двух размеров; оба размера отличаются необычайной мощностью освещения и предлагают особую творческую свободу: несколько светильников меньшего размера освещают ступени и переходы со сдержанным и равномерным ритмом; больший по размеру вариант, установленный вдоль стен, становится элементом, украшающим наружные пространства. ■ RU

CHELSIE是一款精简且具有装饰性的地板灯，可营造精致的灯光效果，紧凑版本也可作为台阶灯。一条柔软的凹槽隐藏了光源并使光线得以漫射，而金属主体具有高光输出的开放式光束并可根据直径提供五种或六种饰面。光源经过有意而为之的精心设计，也是为了强调其图形标志的装饰性。两种可选尺寸均具有非凡光能，CHELSIE可提供创作自由：较小型号可重复照亮台阶和道路，具有低调且统一的节奏；较大版本沿着墙壁安装，可变为一种标记外部空间的元素。■ ZH

REED, designed by Lodes, 2025

REED

REED is a lighting solution inspired by reeds, designed to be planted directly into the ground, either individually or in repetition. Its name–“reed” in English–already conveys its essence: a slender metal tube emerging from the soil like a plant element, ready to illuminate with quiet discretion. A choice of diffusers–onion-shaped, spherical, or spike-like–enhances the illusion of a natural extension of the surrounding vegetation. Whether used alone or in groups, REED blends into nature, creating installations with evocative atmospheres. REED can be inserted directly into the ground at the desired angle, thanks to a structure specifically designed to adapt to the environment, almost to the point of disappearing within it.

REED è una soluzione luminosa ispirata ai giunchi, da piantare direttamente nel terreno singolarmente o in ripetizione. Il nome, che in inglese significa “giunco”, racconta già la sua essenza: un sottile tubicino metallico che emerge dal terreno come un elemento vegetale, pronto a illuminare con silenziosa discrezione. Un sistema di 3 diffusori tra cui l’utente può scegliere, accentua l’illusione di una naturale continuazione della vegetazione circostante: da sola o in gruppo, REED si confonde nella natura creando installazioni di suggestive atmosfere. REED può essere piantato direttamente nel terreno con l’inclinazione desiderata grazie a una struttura progettata proprio per adattarsi al contesto fino quasi a mimetizzarsi.

FINISHES: Matte Champagne, Natural Brown

Reed Pod	FINISH: Matte Champagne
----------	-------------------------

REED est une solution lumineuse s’inspirant des joncs, à fixer directement dans le terrain, individuellement ou en répétition. Ce nom anglais qui signifie jonc raconte à lui seul son essence : un fin tube métallique qui sort du sol comme un élément végétal, prêt à illuminer avec une discrétion silencieuse. Un système de diffuseurs au choix de l'utilisateur – en forme d'oignon, de boule et d'épi – accentue l'illusion d'une continuation naturelle de la nature environnante : seul ou en groupe, REED se fond dans la nature et crée des installations aux atmosphères suggestives. Le corps peut être planté directement dans le sol selon l'angle souhaité grâce à une structure conçue expressément pour s'adapter au contexte, jusqu'à quasiment disparaître. ■ FR

REED ist eine von Schilfrohr inspirierte Beleuchtungs-lösung, die einzeln oder in Reihe direkt in den Boden eingelassen werden kann. Die Bezeichnung, die im Eng-lischen “Schilf” bedeutet, beschreibt bereits ihr Wesen: Ein dünnes Metallrohr, das wie ein Pflanzenelement aus dem Boden ragt, um mit dezenter Zurückhaltung für Beleuchtung zu sorgen. Ein Diffusorensystem, aus dem der Benutzer wählen kann – zwiebel-, kugel- und ährenförmig – verstärkt die Illusion einer natürlichen Fortsetzung der umliegenden Vegetation: Einzeln oder in einer Gruppe fügt sich REED in die Natur ein und kreiert stimmungsvolle Installationen. Der Stab kann dank einer sich fast bis zur vollkommenen Unauffällig-keit an die Umgebung anpassenden Struktur, direkt im gewünschten Winkel in den Boden eingelassen werden. ■ DE

REED es una solución luminosa inspirada en los juncos, para plantar directamente en el suelo de forma indi-vidual o repetida. El nombre, que en inglés significa “junco”, ya cuenta su esencia: un fino tubo metálico que emerge del suelo como un elemento vegetal, listo para iluminar con silenciosa discreción. Un sistema de difusores entre los que el usuario puede elegir – en forma de cebolla, bola y espiga – acentúa la ilusión de una continuación natural de la vegetación circundante: sola o en grupo, REED se confunde con la naturaleza creando instalaciones de evocadoras atmósferas. El poste puede plantarse directamente en el suelo con la inclinación que se quiera gracias a una estructura diseñada para adaptarse al contexto hasta casi mime-tizarse. ■ ES

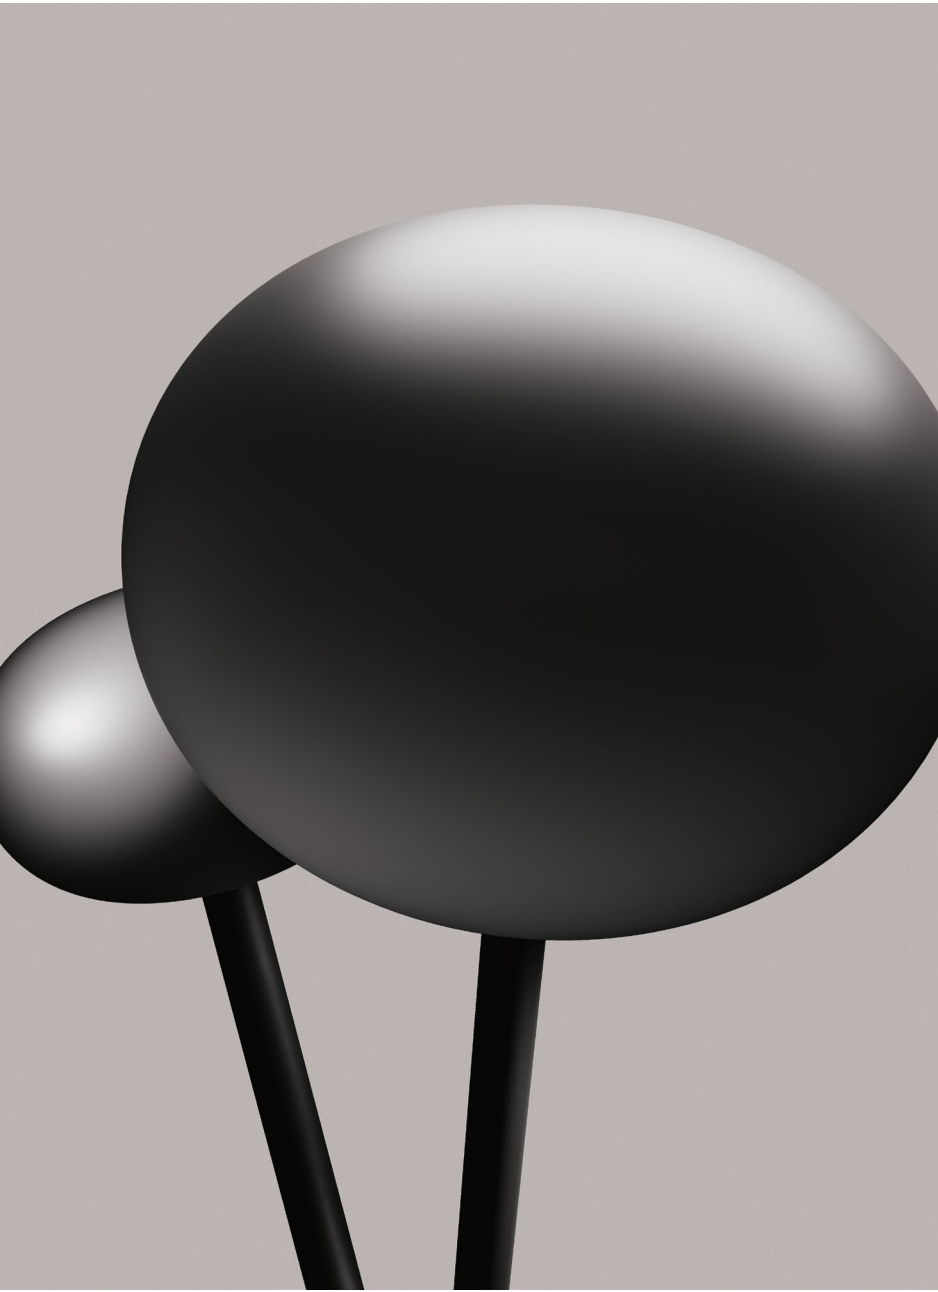

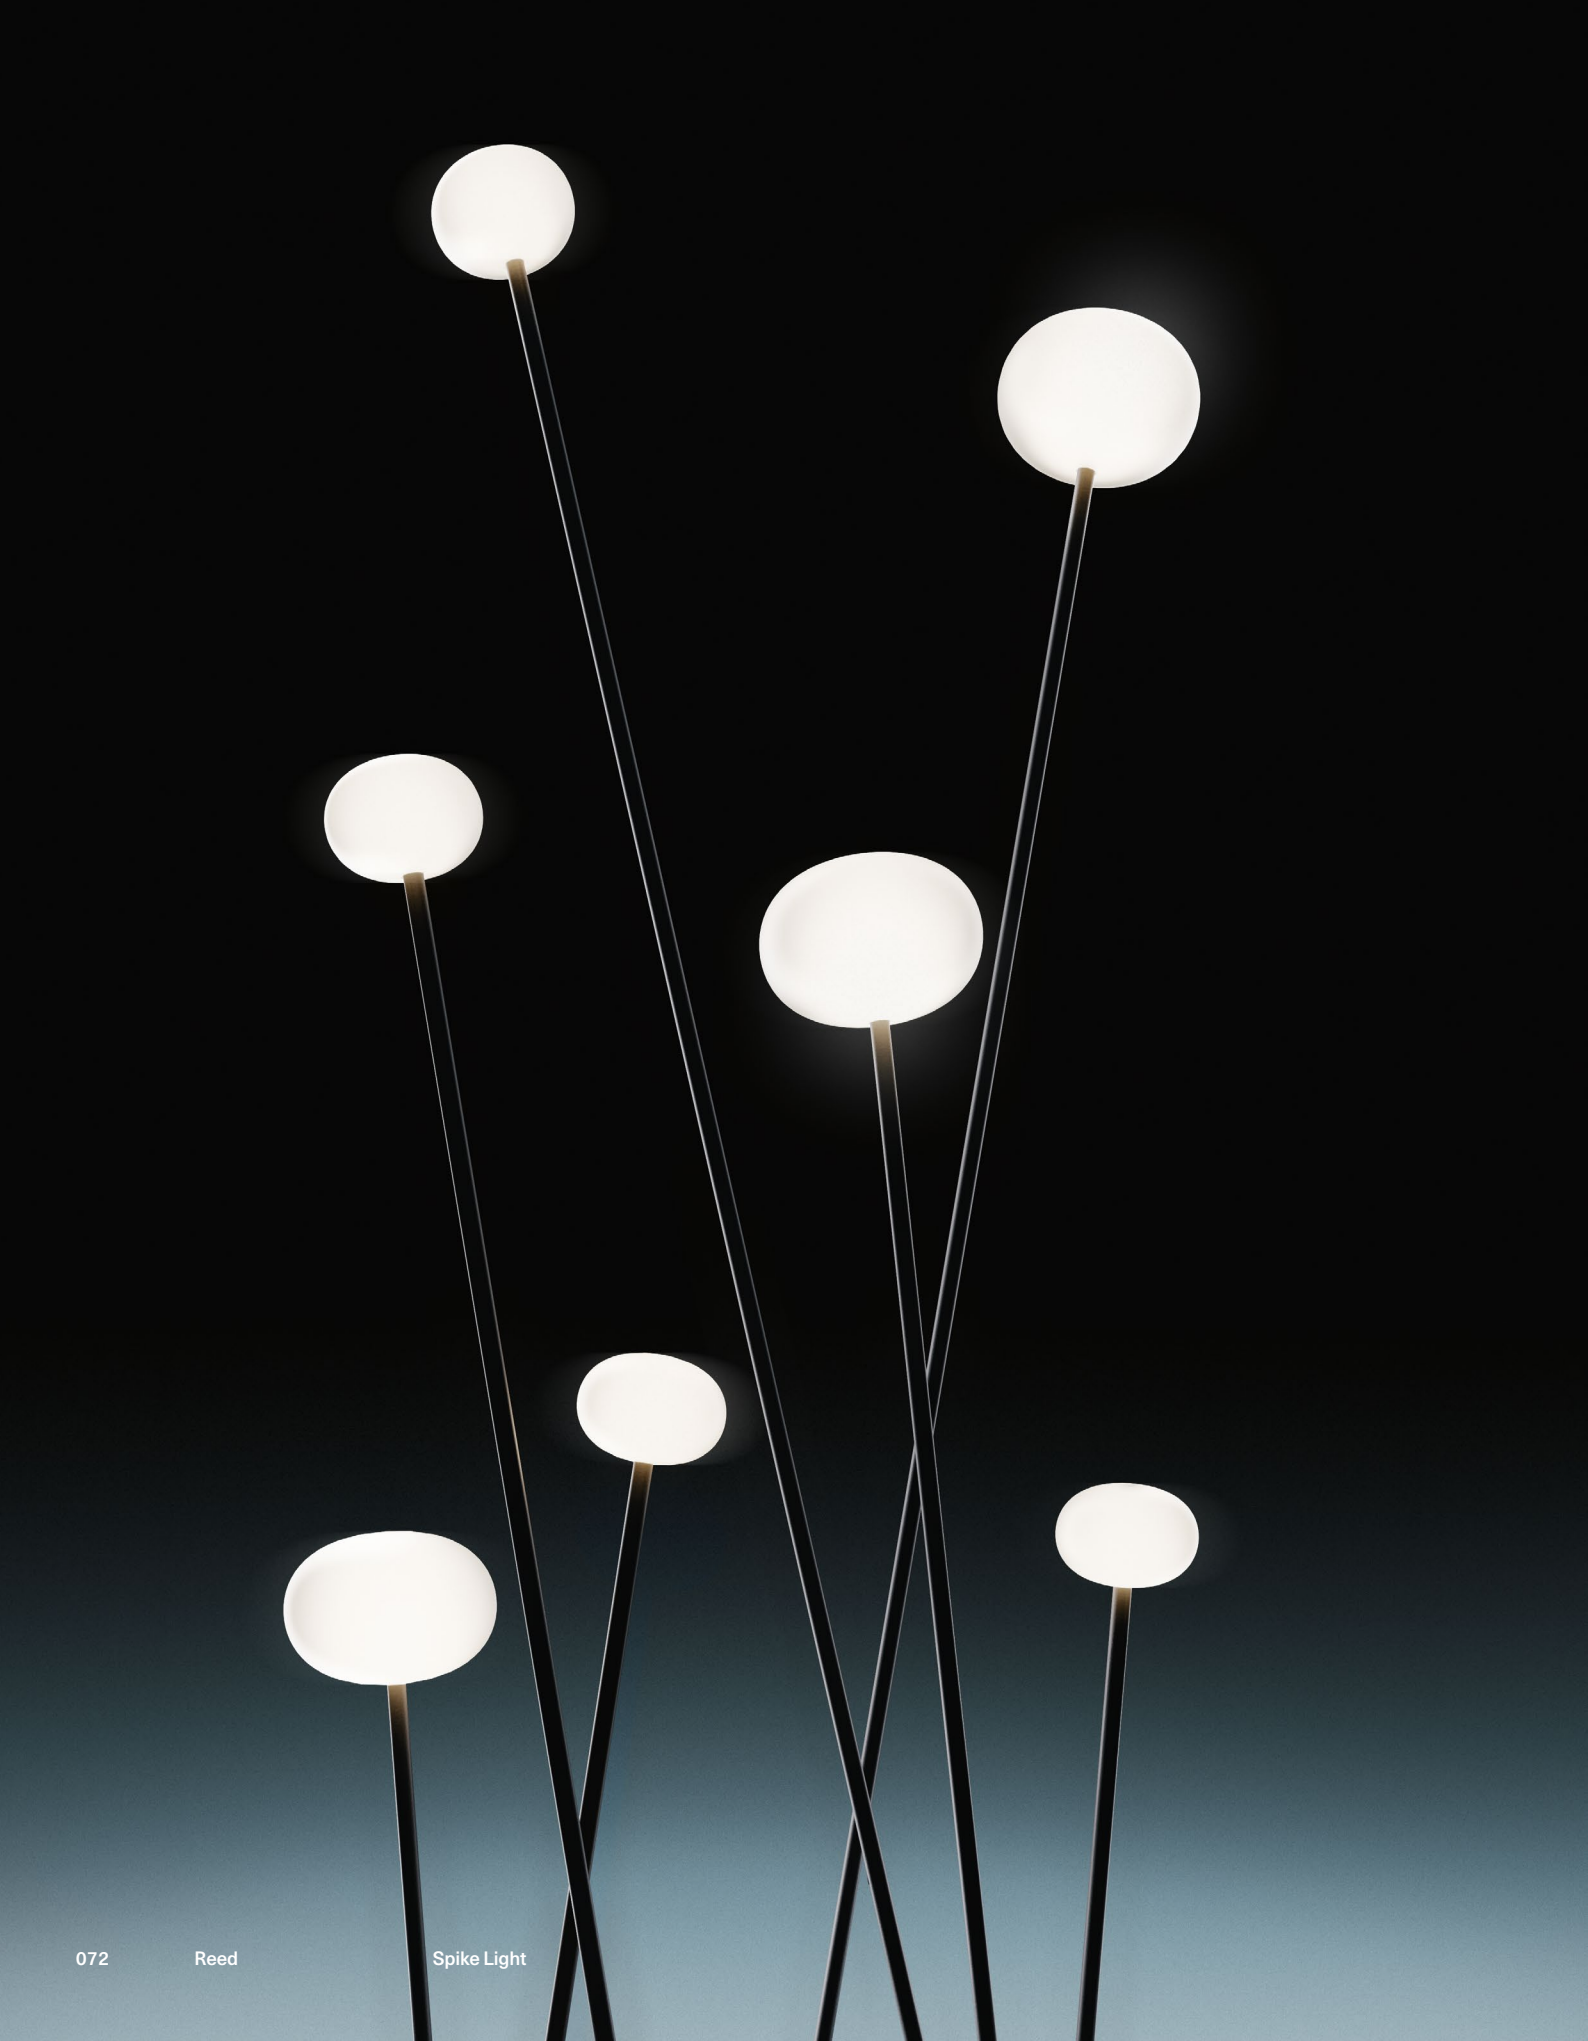

REED—это осветительное решение, вдохновленное камышом, которое можно устанавливать прямо в землю по отдельности или группами. Название, в переводе с английского означающее «камыш», уже передает его суть: тонкая металлическая труб-ка, вырастающая из земли, словно растительный элемент, готовый бесшумно и незаметно освещать пространство. Система диффузоров, выбирае-мых пользователем, в форме луковицы, шара или колоска, подчеркивает иллюзию естественного продолжения окружающей растительности: уста-новленный отдельно или в группе, REED сливается с природой, создавая инсталляции с чарующей атмосферой. Столбик можно вбить прямо в землю под нужным углом благодаря структуре, специаль-но разработанной для адаптации к окружающему пространству до почти полного слияния. ■ RU

REED是一项受灯心草启发的发光解决方案，可单独或以重-复方式直接栽入地面。其名字在英文中意为“灯心草”，已-将其本质尽显无疑：一根细细的金属管如植物元素一般-从地面冒出，随时准备以低调静默的方式进行照明。用-户可在洋葱形、球形和麦穗形这几种形状中选择扩散灯-罩系统，突出周围植被自然延续的幻觉：单独或成组，-融入自然的REED可创造出具有迷人氛围的安装组合。得-益于其专门设计的结构，撑柱可按所需角度直接栽入地-面，以适应环境甚至几乎自我伪装。■ ZH

STITCH

STITCH is a family of outdoor lanterns with a strong decorative character, evoking summery moods and light, carefree emotions – like those of a beach at sunset. A fabric ribbon weaves through the lantern’s metal frame in a soft, flowing motion, creating a play of shadows and transparency. Available in four finishes and multiple sizes, STITCH offers versatile applications, whether used alone or in group compositions, adapting to a variety of settings and functions.

STITCH è una famiglia di lanterne da esterno con forte carattere decorativo, che ricorda atmosfere estive ed emozioni leggere, come quelle di una spiaggia al tramonto. Un nastro in tessuto si intreccia alla gabbia metallica della lanterna con un morbido movimento che crea un gioco di ombre e trasparenze. Grazie alle sue quattro finiture e alle molteplici dimensioni, può avere applicazioni d’uso differenti che rispondono a più destinazioni d’uso se usata da sola o in composizione.

STITCH est une famille de lanternes d'extérieur au caractère décoratif fort, rappelant les ambiances estivales et les émotions légères, comme celles d'une plage au coucher du soleil. Un ruban de tissu s'entrelace avec la cage métallique de la lanterne dans un mouvement doux qui crée un jeu d'ombres et de transparences. Grâce à ses quatre finitions et ses différentes tailles, Stitch peut avoir différentes applications qui répondent à de multiples usages s'il est utilisé seul ou en composition. ■ FR

STITCH ist eine Laternenfamilie für den Außenbereich mit starkem dekorativem Charakter, der an sommerliche Atmosphären und Lichtstimmungen erinnert, wie die eines Strandes bei Sonnenuntergang. Ein Gewebeband verflechtet sich mit dem Metallkäfig der Laterne in einer fließenden Bewegung, die ein Spiel von Schatten und Transparenzen erzeugt. Dank ihrer vier Ausführungen und verschiedenen Größen eignet sie sich für verschiedene Anwendungsbereiche, sei es einzeln oder in Kompositionen. ■ DE

STITCH es una familia de farolas de exterior con un marcado carácter decorativo, que evoca ambientes veraniegos y emociones ligeras, como las de una playa al atardecer. Una cinta de tela se entrelaza con la jaula metálica de la farola con un movimiento suave que crea un juego de sombras y transparencias. Gracias a sus cuatro acabados y los múltiples tamaños, puede tener distintas aplicaciones que responden a varios usos si se utiliza sola o en composición. ■ ES

СТІТЧ—это семейство уличных фонарей с ярко выраженным декоративным характером, напоминающих о приятной летней атмосфере, положительных эмоциях и закатах на пляже. Тканевая лента плавно переплетается с металлической клеткой фонаря, создавая мягкую игру теней и прозрачности. Благодаря четырем вариантам отделки и множеству размеров данный светильник может иметь различные области применения, подходящие для многоцелевого использования как по отдельности, так и в составе композиции. ■ RU

STITCH是一个具有强烈装饰性的户外灯笼式灯件系列，让人联想至夏日氛围和轻松情感，例如日落时的海滩。一条织物丝带与灯笼的金属笼柔和交织，形成一种阴影和透明度的交替效果。得益于其四种饰面和多种尺寸，它可拥有不同应用，无论单独使用或是组合使用，皆可满足多种用途。■ ZH

VOLUM, designed by Snøhetta, 2023/2025

VOLUM is the blown glass sphere from the Lodes indoor collection, reimagined for outdoor spaces. The poetic compositions of VOLUM move outdoors to continue the story of 360° illumination – capturing the fluidity of contemporary living and the natural continuity between interiors and exteriors. The diffuser spheres, with their special glossy white finish, emit light evenly and softly. Available in four sizes, VOLUM offers decorative and functional lighting solutions for wall and ceiling applications, enhancing covered outdoor areas such as porches, terraces, and other semi-exterior environments.

VOLUM è la sfera in vetro soffiato del catalogo indoor di Lodes reinterpretata per gli spazi esterni. Le poetiche composizioni di VOLUM si spostano all'aria aperta per continuare il racconto di un'illuminazione a 360° che interpreta la fluidità degli spazi abitativi contemporanei e la naturale continuità tra interni ed esterni. Le sfere del diffusore che, grazie alla speciale finitura bianca lucida, irradiano la luce in modo uniforme e delicato. Quattro dimensioni possono essere declinate in soluzioni luminose e decorative da parete e soffitto, per illuminare e aggiungere valore a portici, terrazze e altri ambienti outdoor coperti.

----------	----------------------

VOLUM est la sphère en verre soufflé du catalogue d'intérieur LODES réinterprété pour les espaces extérieurs. Les compositions poétiques de VOLUM se déplacent en plein air pour continuer le récit d'un éclairage à 360° qui interprète la fluidité des espaces de vie contemporains et la continuité naturelle entre l'intérieur et l'extérieur. Les sphères du diffuseur qui, grâce à leur finition blanche brillante spéciale, propagent la lumière de manière uniforme et délicate. Quatre tailles peuvent se décliner en solutions lumineuses et décoratives pour les murs et les plafonds, pour éclairer et valoriser les porches, les terrasses et autres espaces extérieurs couverts. ■ FR

VOLUM ist die mundgeblasene, für Außenbereiche neu interpretierte Glaskugel aus dem LODES Indoor-Katalog. Die poetischen VOLUM Kompositionen begeben sich ins Freie, um die Geschichte der 360°-Rundumbeleuchtung fortzusetzen, die die Fluidität moderner Lebensräume und die natürliche Kontinuität zwischen Innen- und Außenbereichen interpretiert. Die Kugeln des Diffusors strahlen dank ihrer speziellen glänzenden weißen Ausführung das Licht gleichmäßig und sanft ab. Vier Größen können zu leuchtenden und dekorativen Wand- und Deckenlösungen verwandelt werden, um Veranden, Terrassen und andere überdachte Outdoor-Bereiche zu beleuchten und zu bereichern. ■ DE

VOLUM es la esfera de vidrio soplado del catálogo indoor de LODES reinterpretada para espacios exteriores. Las poéticas composiciones de VOLUM se trasladan al aire libre para continuar el relato de una iluminación a 360° que interpreta la fluidez de los espacios habitables contemporáneos y la continuidad natural entre el interior y el exterior. Las esferas del difusor, gracias al especial acabado blanco brillante, irradian la luz de manera uniforme y delicada. Cuatro tamaños que pueden articularse en soluciones luminosas y decorativas de pared y techo para iluminar y añadir valor a porches, terrazas y otros espacios exteriores cubiertos. ■ ES

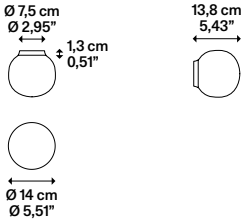

VOLUM – это сфера из дутого стекла из каталога светильников LODES, предназначенных для помещений, переосмысленная для уличных пространств. Поэтические композиции VOLUM переносятся на открытый воздух, с освещением на 360°, интерпретируя текучесть современных жилых пространств и естественную преемственность интерьеров и экстерьеров. Сферы диффузора, которые, благодаря специальной глянцевой белой отделке, равномерно и деликатно излучают свет. Четыре размера позволяют создавать настенные и потолочные световые и декоративные решения, освещающие и придающие особую красоту верандам, террасам и другим крытым помещениям на открытом воздухе. ■ RU

VOLUM是LODES室内系列产品目录中的吹制玻璃球，重新诠释后被用于室外空间。VOLUM的诗意组构移至户外，以延续360°照明的故事，诠释当代生活空间的流动性以及室内外之间的自然连续性。扩散灯罩的球体由于具有特殊的亮光白色饰面，可均匀细腻地散发光线。四种尺寸可用于壁式和吸顶式照明装饰解决方案，以照亮门廊、露台和其他带有盖顶的户外环境并为其添彩。■ ZH

PUZZLE OUTDOOR, designed by Lodes, 2025

PUZZLE OUTDOOR is an evolution of Lodes’ iconic wall lamps, adapted for outdoor applications. Its simple, balanced geometry – featuring a round shape – interacts harmoniously with surfaces, while the light grazes the walls to highlight architectural details and textures, creating soft and atmospheric lighting. The circular version can be tilted to add visual dynamism and direct the light as desired.

PUZZLE OUTDOOR è un’evoluzione delle celebri applique Lodes per applicazioni esterne. La sua geometria semplice ed equilibrata – dalla forma rotonda – dialoga con le superfici, mentre la luce, diffusa sulle pareti in modo radente, mette in risalto particolari e dettagli architettonici creando morbide atmosfere di luce. La versione circolare può essere inclinata per aggiungere ulteriore dinamismo e direzionare la luce a piacere.

PUZZLE OUTDOOR est une évolution des célèbres appliques LODES pour les applications d'extérieur. Sa géométrie ronde, simple et équilibrée, dialogue avec les surfaces, tandis que la lumière, diffusée sur les murs de manière rasante, met en valeur les détails et les éléments architecturaux, créant de douces atmosphères lumineuses. La version circulaire peut être inclinée pour ajouter davantage de dynamisme et diriger la lumière selon les goûts. ■ FR

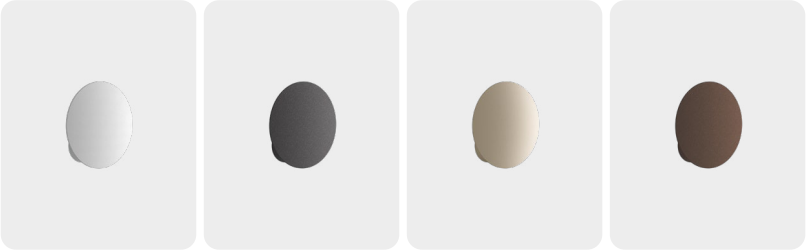

PUZZLE OUTDOOR ist eine Weiterentwicklung der beliebten LODES Wandleuchten für Außenanwendungen. Ihre einfache und ausgewogene Geometrie – mit ihrer runden Form – steht im Dialog mit den Oberflächen, während das Licht, das sich flach an den Wänden verteilt, architektonische Details und Einzelheiten hervorhebt und angenehm sanfte Lichtatmosphären schafft. Die runde Version kann geneigt werden, um noch mehr Dynamik zu erzielen und das Licht nach Belieben auszurichten. ■ DE

PUZZLE OUTDOOR es una evolución de los famosos apliques LODES para aplicaciones exteriores. Su geometría sencilla y equilibrada – con su forma redondeada – dialoga con las superficies, mientras que la luz, difundida en las paredes de forma oblicua, resalta las particularidades y los detalles arquitectónicos creando suaves atmósferas de luz. La versión circular puede inclinarse para añadir más dinamismo y dirigir la luz como se desee. ■ ES

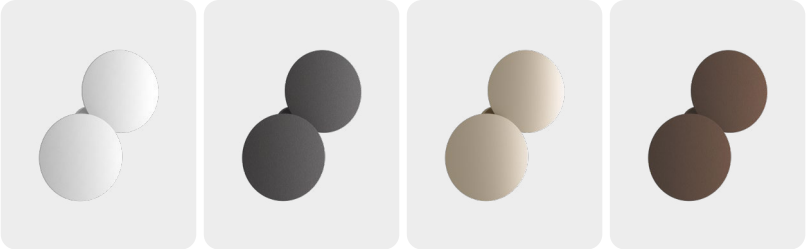

PUZZLE OUTDOOR – это эволюция знаменитых настенных светильников LODES для наружного применения. Его простая и сбалансированная геометрическая круглая форма ведет диалог с поверхностями, а свет, скользящий и рассеивающийся по стенам, подчеркивает детали и архитектурные особенности, создавая мягкую световую атмосферу. Округлую версию можно наклонить, для того, чтобы добавить дополнительный динамизм и направить свет по желанию. ■ RU

PUZZLE OUTDOOR是LODES著名的applique壁灯的升级版，适用于户外。其简单而平衡的几何形状 – 圆形 – 与表面对话，而光线以掠射方式漫射在墙壁上，突出建筑特点与细节的同时营造柔和的光线氛围。圆形版本可以倾斜，以增加动感并按喜好定向光线。■ ZH

Glossary

Certifications		
	This certifies that the product complies with the provisions of EC directives.	
	Attesta la conformità del prodotto alle disposizioni delle direttive comunitarie.	
	EAC marking confirms the compliance of the products with the Eurasian Customs Union.	
	EAC un marchio che attesta la conformità delle merci alle norme dell'Unione doganale euroasiatica.	

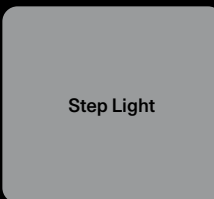

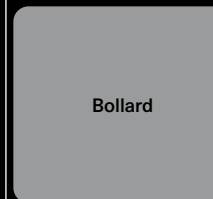

Insulation Class		
	Class I device » connection to the yellow/green protective conductor (ground) is compulsory.	
	Apparecchio in Classe I » è obbligatoria la connessione al conduttore di protezione giallo/verde (messa a terra).	
	Class II » device in which protection against electric shock is based solely on double and/or reinforced insulation. These devices do not have earthing devices.	
	Apparecchio in Classe II » nel quale la protezione contro la scossa elettrica si basa unicamente sul doppio isolamento e/o isolamento rinforzato. Questi apparecchi non prevedono dispositivi per la messa a terra.	
	Class III » device in which protection against electric shock is based on a separated extra low voltage (SELV) supply and in which no higher voltages are produced.	
	Apparecchio in Classe III » Apparecchio in cui la protezione contro la scossa elettrica si basa sull'alimentazione a bassissima tensione di sicurezza (SELV) e in cui non si producono tensioni superiori alla stessa.	

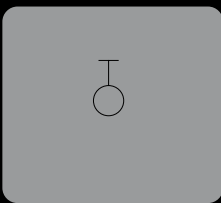

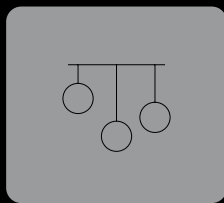

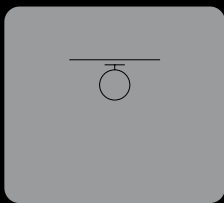

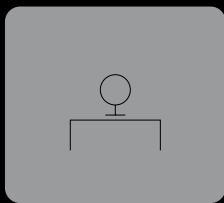

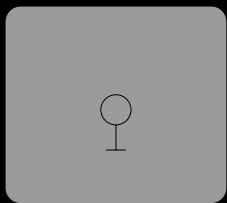

Levels of protection		
IP » Level of protection. The IP code or ingress protection code indicates how well a device is protected against water and dust. It is defined by the International Electrotechnical Commission (IEC) which classifies and provides a guideline to the degree of protection provided by mechanical casings and electrical enclosures against intrusion, dust, accidental contact, and water.		
IP » Il codice IP è un parametro definito dallo standard internazionale IEC 60529 (pubblicato dalla Commissione elettrotecnica internazionale), che classifica e valuta il grado di protezione fornito da involucri meccanici e quadri elettrici contro l'intrusione di particelle solide (quali parti del corpo e polvere) e l'accesso di liquidi.		
	An IP20 rating means the product is touchproof and will be resistant to dust or objects that are over 12 mm – 0,47” in size.	
	Il grado di protezione IP20 significa che il prodotto è touchproof e resistente alle particelle di polvere o a oggetti di dimensioni superiori a 12 mm – 0,47”.	
	An IP65 Rating means the product has the highest level of dust protection, and is able to withstand low-pressure water jets from all directions.	
	La classificazione IP65 significa che il prodotto ha il massimo livello di protezione dalla polvere ed è in grado di resistere a getti d'acqua a bassa pressione provenienti da tutte le direzioni.	
	An IP67 Rating means the product has the highest level of dust protection, and is able to withstand low-pressure water jets from all directions.	
	La classificazione IP67 significa che il prodotto ha il massimo livello di protezione dalla polvere ed è in grado di resistere a getti d'acqua a bassa pressione provenienti da tutte le direzioni.	
	An IP67 Rating means the product has the highest level of dust protection, and is able to withstand low-pressure water jets from all directions.	
	La classificazione IP67 significa che il prodotto ha il massimo livello di protezione dalla polvere ed è in grado di resistere a getti d'acqua a bassa pressione provenienti da tutte le direzioni.	

EU Energetic Label		
	Energy efficiency classes (with a scale from A to G). It indicates the Energy efficiency class of a product.	
	Classi di efficienza energetica (con una scala da A a G). Indica la classe di efficienza energetica di un prodotto.	

Input Voltage		
Input Voltage of the fixture.		
Tensione di ingresso dell'apparecchio.		

Dimming		
	Dimmable with TRIAC phase-cut dimmers (trailing edge).	
	Dimmerabile con varialuce a taglio di fase TRIAC.	
	Dimmable via remote driver with PWM control.	
	Dimmerabile tramite driver remoto con controllo PWM.

Art. 1 Recital

Unless otherwise provided for in a separate written agreement between the parties, every sale of products of Lodes S.r.l., VAT 02992370276 (hereinafter, “the Seller”) is governed by the following General Conditions of Sale that must be considered as an essential part of this agreement and shall be deemed to have been accepted by the Buyer even though the latter has not signed them. Any clause unilaterally added by the Buyer in the documentation signed by it and/or in its correspondence, being against or in any case in addition to the general conditions or to those specific expressly approved in writing by the Seller, shall be deemed as not written and shall be of no effect.

Art. 2 Completion of the sale, quantities and prices

The sale is deemed to be completed once the Seller gives the written order confirmation also by fax and/or email or when deliveries are commenced in cases where the immediate delivery of the supply is requested, also in consideration of changes occurred and then accepted by the customer. The prices agreed are understood for products delivered ex works of the Seller and do not include services and accessory charges (such as VAT, special packaging, transport and installation costs, and/or assemblages and so on).

Art. 3 Delivery, risk transfer and transport

Products are delivered to the Buyer at the Seller's plant or at another place indicated in writing by the Seller, and the risk transfer takes place with the delivery of the goods to the first carrier or Buyer in the events of collection of goods directly carried out by the latter. The products always travel at the Buyer's sole risk also when the carrier is selected and appointed by the Seller, being the latter freed from all responsibilities after having delivered the products to the carrier, this delivery is deemed to all effects being carried out directly by the said Buyer. The delivery terms agreed are to be understood as indicative. If the Seller is responsible for delay of delivery for a period of up to 60 days, the Buyer is not entitled either to refuse the supply or to request the termination of the agreement and/or the compensation for any damages. If the delay in delivery exceeds 60 days, the Buyer is entitled to request – by registered letter – the cancellation of the order and the reimbursement of the advances if paid. In any event, the Seller shall not be liable for and/or direct and indirect damages of any nature and for any reason due to the delay or the failure to carry out the supply.

Art. 4 Reservation of title

The Buyer acquires property rights over the goods with the full payment of the price invoiced of the supplies but it takes the risks thereof as of the delivery.

Art. 5 Products features and conditions of use

Unless otherwise expressly agreed in writing by the parties, the conditions for using of the products are those communicated or in any case resulting from the drawings and technical specifications of the Seller, if any, or as described in the website www.lodes.com in relation to products. The quality levels of products are the standard quality levels of the Sellers, indicated in the relevant specifications as described on the Seller's website. It is always the Buyer's responsibility to identify and notify the Seller of the conditions of use of products before technically defining them. Failing any particular instructions from the Buyer, the Seller considers as usual conditions of use those it considered or described in its designs and technical documentation. Drawings, materials, and colours of the products included in catalogues / website and more generally in all advertising material are indicative. The Seller reserves the right, without notice, to modify the characteristics of its products, as well as their availability. Technical data, images, and information regarding the products are not binding on the Seller, who will not be held responsible for any discrepancies and/or illustrative and/or textual errors. Further product characteristics are contained in the respective technical sheets and/or instruction sheets.

Art. 6 Warranty

The products delivered are covered by a warranty for defects in material and manufacture for a period of 4 years from the date of delivery. The Seller shall replace the products delivered in this warranty period being faulty due to factory defects or in alternative, at its discretion, pay the Buyer an amount equal to

the price already invoiced of the said products, being expressly excluded and waived any other right or claim by the Buyer also as compensation for direct and /or indirect damages or cost repayment borne by it (such as recovery, technical assistance, recalling costs, etc.). The Seller will anticipate the delivery of the replaced product, invoicing it regularly. Successively, when the product arrives to the Seller's warehouse, the latter will credit the amount of the defective product. The transport's costs will be paid by the Seller. Should the defected item be returned in an inadequate non-original packaging, with damages connected to the transport, The Seller will not credit any amount to the Buyer, and it will return the product to the sender at his own expenses. If the replacement was made for alleged defects in material and manufacture, but after the control carried out by the Seller, it is considered (i) unfounded, due to the absence of defects; (ii) further damaged by insufficient packaging in the return transport (iii) spoiled by tampering made by the Buyer, all transportation costs and the entire value of the product will be charged to the latter. Any defectiveness or non-compliance of products shall be reported by the Buyer by writing to the Seller – in order to be valid – within 8 days from receipt of goods; any hidden defects shall be reported by the Buyer by writing to the Seller – always in order to be valid – within 8 days as of the relevant discovery. It being understood that the Seller will not be responsible for any defect even though hidden, being notified in writing, after 24 months of the delivery of goods. Every single product bears the CE marking and meets the essential requirements of all applicable directives and regulations within the European Union. Products marked with the UL and/or ETL label comply with North American standards and have been evaluated, inspected, and certified by a third-party organization authorized to issue the mark.

Art. 7 Warranty Exclusion

The warranty shall not apply in the following cases:

- defects attributable to the Buyer's negligence and /or use of the products not in accordance with the information and explanations provided in any case by the Seller, the technical documentation, incorrect design, application, installation, or construction of the structures in which the products are installed;
- defects caused by contact with soil, chemicals, fertilizers, water containing corrosive agents, or stray electrical currents;
- aesthetic defects that do not significantly affect the intended use of the product, or color changes caused by exposure to weather conditions;
- aesthetic defects that do not significantly affect the intended use of the product;
- improper storage, handling and transportation, improper or careless use, including cases where the electrical system or its capacity is not suitable; normal wear and tear of the product or its components and / or normal performance degradation due to usage (e.g. light sources, batteries and/or mechanical parts);
- defects in the software installed in the product;
- damages caused by lack of and / or poor maintenance or repair attempts carried out by unqualified individuals and / or not previously authorized by the Seller and /or using non-original spare parts (including electronic power supplies and drivers) or different parts than those indicated by the Seller;
- damage caused by weather events, power supply failures, force majeure events, or in any case by circumstances not attributable to defects or faults in the Seller's production.

In any case, the warranty does not cover:

- any ancillary costs arising from the repair of the defect (including but not limited to: labor and travel costs for disassembly and reassembly, transportation costs related to the defective product and the repaired product, disposal costs, etc.). Such costs shall be borne by the Buyer;
- products bearing trademarks of other companies that are distributed by the Seller.

Art. 8 Buyer's Obligations

The Buyer is required to immediately take delivery of the goods given by the Seller to the carrier, or – where otherwise agreed – to timely collect them at the Seller's plant on the date on which the Seller communicates, by any means, that the goods are ready. Where the Buyer delays the collection of the production for a period exceeding 10 days, in addition to the payment of price it shall pay the Seller a proper compensation

equal to 2% per day of the price invoiced for storing such products. The Buyer shall carry out the payments normally, in accordance with the terms and conditions specified in the invoice. For late payments it will be accrued by default without need of further notification interest under Legislative Decree no. 231 / 2002. In the event of payment delays, the Seller is entitled to immediately suspend any supply, even though it has concluded other agreements with the same Buyer. The failure to pay within the terms agreed will cause in any event the loss of favourable terms for the Buyer.

Art. 9 Replacement of the Product

If a product is returned for commercial reasons or for a mistake in the order made by the Buyer, the Seller will retain an amount equal to the 20% of the total price as cost for reconditioning the product. If the returned product had already been used and / or it has been returned in an inadequate original packaging, with consequent transport damages, the Seller will not credit to the Buyer any amount and it will return the product to the sender at his own expenses. Only the articles in the catalogue and in the price list in force at the time of the request will be taken into consideration. Transport's costs are always charged to the Buyer. The repair of damaged products will be authorized only if the damage has been caused by the Buyer. The Buyer, once accepted repair costs, will take care of returning the damaged product to the Seller's warehouse and it will pay the costs of transporting the repaired product.

Art. 10 Force majeure

If the Seller is unable to comply with the agreement due to force majeure or beyond its control events, the deadlines set for the supply are automatically extended for a period in which these effects continue. Where the obstacle to comply with the agreement is longer than 6 months, both parties may request the termination of the agreement and, in such event, the Seller repay the Buyer the advances received, if any, releasing itself from any additional obligation on it.

Art. 11 Agreement

In the event of execution of a specific agreement signed by the parties, the said agreement together with its Annexes provides for and summarizes the obligations validly undertaken by the parties and being binding for them. The fulfilment by the parties will be subject to effective evaluation of the actual performance of the contractual tasks and duties to be carried out in good faith, with honesty and fairness. These General Conditions of Sale shall apply to the agreement, unless otherwise provided in writing by the parties or expressly provided in the said agreement.

Art. 12 Privacy Policy

The Seller will use the data received from the Buyer in accordance with the provisions of the article 13 of EU Regulation 2016 /679 of 27 April 2016 (GDPR). For more information are available at the following link: www.lodes.com/privacy-policy.

Art. 13 Disputes

Any dispute which may arise concerning the signing, validity, interpretation, performance, amendment and termination of the agreement or of these General Conditions of Sale will be settled according to principles and rule set forth in Article 14 below.

Art. 14 Jurisdiction and Applicable Law

The Court of Milan, Italy, shall be held exclusively competent, being any other court of competent jurisdiction expressly excluded, and the Italian Law shall be applicable.

Art. 15 Website

These General Conditions of Sale are those indicated on the website www.lodes.com and may be printed and reproduced on paper. The Seller undertakes to update the website www.lodes.com by publishing on it the version of the General Conditions of Sale as amended from time to time.

Art. 1 Premessa

Salvo deroga risultante da apposito accordo scritto tra le parti, ogni compravendita di prodotti di Lodes S.r.l., p.iva 02992370276 (di seguito: “Venditore”) è regolata dalle seguenti Condizioni Generali di Vendita che costituiscono parte essenziale del contratto e che si intendono pertanto accettate dal Compratore ancorché dallo stesso non sottoscritte. Qualsiasi clausola unilateralmente apposta dal Compratore nei documenti da lui sottoscritti e / o nella sua corrispondenza, che sia contraria o comunque in aggiunta alle seguenti condizioni generali od a quelle speciali espressamente approvate per iscritto dal Venditore, si intende come non scritta ed è priva di ogni effetto.

Art. 2 Perfezionamento della compravendita, quantitativi e prezzi

La compravendita si intende perfezionata con la conferma d'ordine scritta del Venditore anche a mezzo fax e / o posta elettronica o con l'inizio delle consegne per i casi in cui è stata richiesta l'immediata consegna della fornitura anche in presenza di modifiche intervenute e quindi accettate dal cliente. I prezzi concordati si intendono per prodotti consegnati franco stabilimento del Venditore e non comprendono prestazioni ed oneri accessori (quali IVA, imballo speciale, spese di trasporto, di installazione e / o montaggi e così via).

Art. 3 Consegna, trasferimento del rischio e trasporto

La merce viene consegnata al Compratore presso la sua sede o in altro sito dallo stesso indicato per iscritto, ed il trasferimento del rischio avviene con la consegna della stessa al primo vettore o al Compratore nelle ipotesi di ritiro della merce da quest'ultimo direttamente eseguita. La merce viaggia sempre a rischio esclusivo del Compratore anche quando il vettore dovesse essere scelto ed incaricato dal Venditore, essendo quest'ultimo liberato da ogni responsabilità con la consegna dei prodotti al vettore, che ad ogni effetto si intende eseguita a mani dallo stesso Compratore. I termini di consegna pattuiti si intendono indicativi. In caso di ritardo nella consegna imputabile al Venditore per un periodo fino a 60 gg il Compratore non ha il diritto di rifiutare la fornitura, né di richiedere la risoluzione del contratto e / o il risarcimento di alcun danno. Se il ritardo nella consegna supera il termine di 60 gg il Compratore ha la facoltà di richiedere – con lettera raccomandata – l'annullamento dell'ordine e la restituzione degli anticipi eventualmente versati. Resta in ogni caso escluso qualsivoglia obbligo del Venditore di risarcimento danni diretti e / o indiretti di qualsiasi natura e per qualsiasi ragione, in dipendenza del ritardo ovvero della mancata esecuzione della fornitura.

Art. 4 Riserva di proprietà

Il Compratore acquista la proprietà della merce solo con il pagamento integrale del prezzo fatturato delle forniture ma ne assume i rischi dal momento della consegna.

Art. 5 Caratteristiche dei prodotti e condizioni di utilizzo

Salvo diverso ed espresso accordo scritto tra le parti, i parametri funzionali dei prodotti sono quelli espressi comunicati o comunque risultanti nei disegni e specifiche tecniche del Venditore se esistenti o su quanto indicato sul sito web www.lodes.com relativamente ai prodotti. I livelli di qualità dei prodotti forniti sono quelli standard del Venditore, evidenziati nelle relative specifiche o su quanto indicato e desumibile sul sito web del Venditore. È onere del Compratore individuare e comunicare al Venditore le condizioni di utilizzo dei prodotti prima della relativa definizione tecnica. In mancanza di indicazioni da parte del Compratore il Venditore considera condizioni di utilizzo quelle di prassi dallo stesso considerate o esplicitate nei propri disegni e documentazione tecnica. I disegni, i materiali ed i colori dei prodotti inseriti sui cataloghi / sito internet e più in generale in tutto il materiale pubblicitario, si intendono a titolo indicativo. Il Venditore, si riserva il diritto, senza alcun preavviso, di modificare le caratteristiche dei propri prodotti, così come la disponibilità degli stessi. I dati tecnici, le immagini e le informazioni riguardo ai prodotti non sono vincolanti per il Venditore, il quale non risponderà per eventuali difformità e / o errori illustrativi e / o testuali. Ulteriori caratteristiche dei prodotti sono contenute nelle relative schede tecniche e / o fogli di istruzione.

Art. 6 Garanzie

I prodotti forniti sono coperti da garanzia per difetti di

materiale e / o fabbricazione per un periodo di 4 anni dalla consegna della merce. Il Venditore sostituisce i prodotti resi in detto periodo di garanzia e riconosciuti difettosi per vizi d'origine ovvero in alternativa ed a sua scelta accredita al Compratore una somma pari al prezzo già fatturato dei prodotti stessi, restando espressamente escluso e rinunciato qualsiasi diverso diritto o pretesa del Compratore anche a titolo di risarcimento danni diretti e / o indiretti o di rimborso di costi dallo stesso sostenuti (quali costo di riprese, di assistenza tecnica, di richiamo, ecc.). Il Venditore anticiperà l'invio del prodotto in sostituzione, fatturandolo regolarmente, andando poi ad accreditare l'importo alla riconsegna del prodotto difettoso reso. Le spese di trasporto saranno a carico del Venditore. Qualora l'articolo oggetto del reso venisse riconsegnato in un imballo non originale inadeguato con conseguenti danni da trasporto, il Venditore non accrediterà al Compratore alcun importo e rinverrà al mittente, a sue spese il prodotto. Qualora il reso venisse effettuato per presunti vizi d'origine ma dopo il controllo effettuato dal Venditore lo stesso venisse ritenuto (i) infondato, per assenza di vizi; (ii) ulteriormente danneggiato da insufficiente imballaggio nel trasporto di ritorno (iii) viziato da manomissione posta in essere dal Compratore, verranno addebitati a quest'ultimo tutti i costi di trasporto nonché l'intero valore del prodotto. Eventuali difettosità o non conformità dei prodotti devono essere segnalate dal Compratore per iscritto al Venditore – a pena di decadenza – entro e non oltre 8 giorni dalla data di ricevimento della merce; eventuali difetti occulti devono essere segnalati dal Compratore per iscritto al Venditore – sempre a pena di decadenza – entro 8 giorni dalla relativa scoperta. Resta inteso che il Venditore non sarà responsabile per alcun vizio ancorché occulto, comunicato per iscritto, oltre 4 anni dalla consegna della merce. Ogni singolo prodotto riporta la marcatura CE e soddisfa i requisiti essenziali di tutte le direttive e normative cogenti all' interno dell'Unione Europea. I prodotti indicati con il marchio UL e / o ETL soddisfano i requisiti delle norme Nord Americane e sono stati valutati, ispezionati e certificati presso ente terzo preposto al rilascio del marchio.

Art. 7 Esclusione della Garanzia

La garanzia non opera in caso di:

- difetti imputabili a negligenza del Compratore e / o ad impiego dei prodotti non conforme con le informazioni e le spiegazioni in ogni caso fornite dal Venditore, alla documentazione tecnica, ad errata progettazione, applicazione, montaggio o fabbricazione delle strutture ove gli stessi sono installati;
- difetti causati dal contatto con il suolo, sostanze chimiche, fertilizzanti, acqua contenente agenti corrosivi e correnti elettriche vaganti;
- difetti estetici che non influiscono in maniera rilevante sull'utilizzo a cui è destinato il prodotto, ovvero cambiamenti di colore causati dall'esposizione a fenomeni atmosferici;
- errato magazzinaggio, movimentazione e trasporto, ad uso improprio od incauto, anche in caso di impianto elettrico e portata dello stesso non idonea;
- normale usura del prodotto o dei suoi componenti e / o normale peggioramento delle prestazioni a causa dell'utilizzo (es. sorgenti luminose, batterie e / o parti meccaniche);
- difetti del software installato nel prodotto;
- danni causati da mancata e / o cattiva manutenzione o tentativi di riparazione eseguiti da soggetti non qualificati e / o non preventivamente autorizzati dal Venditore e / o tramite pezzi di ricambio (inclusi alimentatori elettronici e drivers) non originali o comunque diversi da quelli indicati dal Venditore;
- danni provocati da agenti atmosferici, malfunzionamenti della rete di alimentazione, eventi di forza maggiore o comunque da circostanze che non possano ricollegarsi a difettosità o vizi di produzione da parte del Venditore.

In ogni caso la garanzia non copre:

- tutte le spese accessorie che scaturiscono in seguito alla riparazione del vizio (a titolo esemplificativo e non esaustivo: le spese di manodopera e di trasferta per smontaggio e rimontaggio, il costo del trasporto relativo al prodotto affetto da vizi e del prodotto riparato, i costi di smaltimento, ecc.). Tali spese saranno a carico del Cliente;
- i prodotti, con marchio di aziende diverse, che il Venditore commercializza.

Art. 8 Obblighi del Compratore

Il Compratore è tenuto a prendere immediatamente in consegna i prodotti affidati dal Venditore al vettore,

ovvero – se diversamente concordato – a puntualmente ritirarli presso lo stabilimento del Venditore alla data di comunicazione di merce pronta che potrà avvenire con ogni mezzo da parte del Venditore. Ove il Compratore ritardi il ritiro dei prodotti per un periodo superiore a 10 gg, oltre al pagamento del prezzo deve corrispondere al Venditore un adeguato compenso pari al 2% al giorno dell'importo fatturato per il magazzinaggio degli stessi. Il Compratore deve effettuare i pagamenti normalmente, con le modalità e nei termini precisati in fattura. Sui ritardati pagamenti decorreranno, di pieno diritto e senza necessità di costituzione in mora, gli interessi di cui al D.lgs. n. 231 / 2002. In caso di ritardo dei pagamenti il Venditore ha diritto a sospendere immediatamente ogni fornitura, anche se dipendente da altri contratti con lo stesso Compratore. Il mancato pagamento nei termini pattuiti comporta in ogni caso la decadenza del Compratore dal beneficio del termine.

Art. 9 Resi

In caso di reso commerciale o in caso di reso per errore del Compratore, il Venditore tratterà un importo pari al 20% minimo del totale a titolo di costo di ricondizionamento dell'articolo. Qualora l'articolo oggetto del reso fosse già stato utilizzato e / o venisse riconsegnato in un imballo non originale inadeguato, con conseguenti danni da trasporto, il Venditore non accrediterà al Compratore nessun importo e rinverrà al mittente, a sue spese, il reso. Verranno presi in considerazione solamente gli articoli presenti nel catalogo e nel listino in vigore al momento della richiesta. Le spese di trasporto sono sempre a carico del Compratore. I resi per riparazione vanno autorizzati solo se la causa del danno è diipesa dal Compratore che dopo aver accettato il costo di riparazione si occuperà a proprie spese di rispedire l'articolo danneggiato in sede e si accollerà poi i costi relativi al trasporto del prodotto riparato.

Art. 10 Forza maggiore

Qualora il Venditore sia impossibilitato a rispettare il contratto per cause di forza maggiore o comunque indipendenti dalla sua volontà, i termini previsti per l'esecuzione della fornitura sono automaticamente prorogati per un periodo equivalente al perdurare degli effetti di tali cause. Qualora la causa impeditiva continui per più di 6 mesi entrambe le parti possono chiedere la risoluzione del contratto ed in tal caso il Venditore restituisce al Compratore gli anticipi eventualmente ricevuti, con esclusione di ogni e qualsiasi onere ulteriore a suo carico.

Art. 11 Contratto

In caso di sottoscrizione di apposito contratto lo stesso con i suoi allegati contiene e riassume le obbligazioni validamente assunte dalle parti e per esse vincolanti. L'adempimento delle parti sarà oggetto di valutazione dell'effettiva esecuzione dei compiti e doveri contrattuali, da effettuarsi in buona fede, onestà e con equità. Le presenti Condizioni Generali di Vendita si applicheranno al contratto salvo deroga risultante da atto scritto o in esso contratto esplicitamente prevista.

Art. 12 Trattamento dei Dati Personali

Il Venditore utilizzerà i dati ricevuti dal Compratore conformemente alle disposizioni vigenti in materia di Privacy secondo l'art. 13 del Regolamento Europeo 2016 /679 (GDPR). Maggiori informazioni sono disponibili al seguente link www.lodes.com/it/privacy-policy.

Art. 13 Controversie

Qualora dovesse verificarsi una qualsivoglia controversia avente ad oggetto la formazione, validità, interpretazione, esecuzione, modifica e risoluzione del contratto o delle presenti Condizioni Generali di Vendita, questa sarà risolta secondo i principi e le regole indicate nell'articolo 14 che segue.

Art. 14 Foro competente e legge applicabile

Foro esclusivamente competente sarà quello di Milano con esplicita esclusione di ogni altro foro alternativamente competente, e la legge applicabile quella italiana.

Art. 15 Sito Web

Le presenti Condizioni Generali di Vendita, sono quelle risultanti sul sito web www.lodes.com e sono stampabili e riproducibili su supporto cartaceo. Il Venditore si impegna ad aggiornare il sito web www.lodes.com mediante la pubblicazione sullo stesso della versione di Condizioni Generali di Vendita di volta in volta modificata.
